Hi Sue,

There are 3 hot springs within the coastal plain area, does SAE plan to conduct seismic over the hot springs areas?

They are:

Hulahula River Hot Springs which has a withdrawal order covering it and it has been selected by the village corporation (U-5N, 32E).

Sadlerochit Hot Springs which has a withdrawal order (U-4N, 31E).

Okerokovik River Hot Springs which has a withdrawal order and has been selected by the village corporation (U-4N, 36E)

I have not reviewed the withdrawal orders yet, but will if SAE intends to conduct seismic there.

Thank-you,
DonnaDonna L Wixon
