Norbert,

I didn't know if you wanted to hear back from us as to what day might work better but I am only available on Aug 31. Of course, whatever is best for all is the best! I copied Leigh Ann on this as well!

Thanks,

Sallie

Subject: Question about Oakwood Tax Levy

Hi Norb,

I was curious about the timing of our request to put the levy on the ballot. Is it due in August? I have never paid attention to this list before, but I happened to be in the "Current Election" section of the Board's web site to look at the Candidate Lists for Kettering and Oakwood's School, Council, etc. spots, and I flipped over to the Issues list.

Oakwood's Levy is not listed on the July 23 report. Should I worry?

<https://www.montgomery.boe.ohio.gov/wp-content/uploads/2021/05/November-2-2021-Issues-List-7.23.2021.pdf>

Not complaining, just asking...

Thanks!

Anne

Subject: jayne's concerns

dear kristi, norb, and healy

thank you for responding to jayne, kristi and norb, and doing so well; i too responded to her, independently last evening, explaining, much as you did kristi, that the OIC is still a work in progress and we are still moving our way toward understanding how, in the particular case of the design work, how to set that in motion.

frankly, i was disappointed that she came out with such a guns blazing approach without first simply reaching out to me to ask about how things stand, etc. had she gone down the latter path, i could easily have communicated to her that we haven't officially rolled our visual image as an organization.

i'm hoping she'll call me and i'll be able to explain further where things stand. re. a press release, since we are aiming to use the logo first, publically, at the ice cream social, perhaps a press release before that point or timed to correspond with that point would be appropriate. such a press release could announce the new image of the OIC and celebrate its development by the UD students. your thoughts? yours, roger

Thanks Roger for trying to smooth things out. I believe it is better to wait until we are ready for the logo rollout rather than let the ice cream social flyer distribution drive the deadline. I think we need a flyer to publicize the Lane Stadium event....having the logo on the flyer isn't a game changer.

Subject: Re: Jessup

Hello Ethan,

I just spoke with the mason and he verified that the replacement stone will be manufactured next Tuesday. He hopes to take delivery by the end of next week. The cut limestone pieces are 2 to 3 weeks out. If our weather holds out the Rainscreen

cladding on the facade and the new roof should be complete by 7/23. The EFIS will follow after all the stone work is complete. Their install should take 1 week. Thanks for your understanding in these difficult times.

Hello, after a year's absence, The First Suburbs Consortium's networking event will resume this year. An invitation to the event is attached. The event will be held on Wednesday, August 4th starting with a summer barbeque dinner at 6:00 pm on the Frazee Pavilion Patio and a reserved seat for the 7:30 pm concert featuring the United States Air Force Band of Flight, Flight One. Details are contained in the Invitation. Please extend the invitation to each of your elected

officials and your City Manager or Township Administrator. Seating will be limited, so if you make a reservation and find you are unable to attend, please cancel so someone on the waiting list can come.

Thanks, Jack.

Thank you Norb! A great suggested addition. My Council is great and values me so I don't anticipate issues, but still I hesitate to request this significant change to my contract, especially when the City didn't cause the issue. Nonetheless, it is a large unanticipated expense. Would you make the same request or just pay it yourself? I appreciate your feedback!
Judy

On Jul 26, 2021, at 1:00 PM, Klopsch, Norbert S. <Klopsch@oakwood.oh.us> wrote:

Hi Judy,

Not knowing your relationship with city council, or anything about your financial arrangement with Germantown, it is a little hard for me to weigh in... and to anticipate how they will receive the memo.

That said, and assuming you have a strong relationship and they appreciate all that you do for the community in this part-time mode, I think the memo reads fine. It is detailed (which Norb likes 😊) and is easily understood.

Now that said, you might modify the end of paragraph 2 to read...

At some point I will retire again and will have access to the stipend fund, if it still exists, but the money can only be used for future medical costs, not costs that I've incurred while still working. So unfortunately the stipend does not help me. This pending change with the OPERS health care program catches me by surprise and is not something that I would have anticipated and planned for.

Just a thought.

Norb,

Jason Kershner would be the contact at Spectrum. His contact information is below. I'm still waiting to hear back from AT&T.

Jay,
The communication below and notification provided to the City of Kettering regarding its complimentary services were shared by mistake. At this time Kettering's complimentary services will continue.

I am happy to help with the resident issue in Oakwood. Could you please pass along their contact information so I can reach out?

Thank you.

Jason

Hi Jason,

Hope you are doing well and enjoying the summer.

Please review the note below from the city of Kettering along with the attached letter which Drew Miller indicates he never received. Is this something you can help us with?

On another note, I have a resident in Oakwood who is very unhappy with internet service. Is there a person at Spectrum I can refer him to for assistance?

Thanks.

Thank you for choose Spectrum Enterprise,

I have attached a snippet of the letter that was sent in response to the ending agreement with FCC and Spectrum.

More information is followed below:

"As part of the FCC-621 franchise cleanup project, an official mailer has been sent to client accounts that have been identified as receiving complimentary services under a former agreement with the FCC. We expect clients will receive this letter ongoing throughout 2021. There will be no charges for unreturned equipment as a result of this process."

Please let us know if you have any questions.

Thank you,

Kiara

Cc: Kristi Hale; Klopsch, Norbert S.
Subject: Re: jayne's concerns

ciao healy

thanks for your note and wise counsel, per usual. kristi noted that we'll put the design package on the agenda for the next leadership team meeting. i like your suggestion of not rolling that visual program out at the ice cream social, on a single flyer, but rather have a dedicated visual roll out of our design at a later point, accompanied then with a press release that appropriately gives credit to the UD students. how does this sound? yours, roger

On Mon, Jul 26, 2021 at 2:04 PM Healy Jackson <healyjackson@gmail.com> wrote:

Thanks Roger for trying to smooth things out. I believe it is better to wait until we are ready for the logo rollout rather than let the ice cream social flyer distribution drive the deadline. I think we need a flyer to publicize the Lane Stadium event....having the logo on the flyer isn't a game changer.

Healy

On Jul 26, 2021, at 1:50 PM, Kristi Hale <hale@wrightlibrary.org> wrote:

Thanks Roger.

I think press release coinciding with Ice Cream Social timing makes sense, but I'd really like the website look updated before that. Josh has been terribly busy and has really fallen behind of OIC tasks. He hasn't even made basic content updates, let alone design updates. I have no skills in this area, so my hands are tied on this.

Subject: jayne's concerns

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

dear kristi, norb, and healy

thank you for responding to jayne, kristi and norb, and doing so well; i too responded to her, independently last evening, explaining, much as you did kristi, that the OIC is still a work in progress and we are still moving our way toward understanding how, in the particular case of the design work, how to set that in motion.

frankly, i was disappointed that she came out with such a guns blazing approach without first simply reaching out to me to ask about how things stand, etc. had she gone down the latter path, i could easily have communicated to her that we haven't officially rolled our visual image as an organization.

i'm hoping she'll call me and i'll be able to explain further where things stand. re. a press release, since we are aiming to use the logo first, publically, at the ice cream social, perhaps a

press release before that point or timed to correspond with that point would be appropriate. such a press release could announce the new image of the OIC and celebrate its development by the UD students. your thoughts? yours,
roger

Subject: Questions for DDN re: Oakwood payroll
Attachments: Oakwood2020PayrollFormatted.csv

The payroll data we pulled from the info you sent over is attached. I have a couple questions. Not sure who to direct them to.

1. Can you please explain how your "public safety officers" work. They are police officers. But what other kinds of calls do they respond to?
2. Who responds to fires in Oakwood?
3. The city of Oakwood paid 34 employees more than \$100,000 last year. This is more than most area governments, most of which have larger populations. Why is this?
4. What impact did incidents such as the pandemic and Black Lives Matter protests have on payroll costs for the city last year?
5. What is the staffing situation in the police and fire departments? Is the city able to fill positions as needed in those departments. What obstacles are you seeing, and how are you attempting to overcome them?
6. Is there anything else we should take into consideration when reporting on Xenia's payroll last year?

Thanks,

Josh Sweigart

OIC BIG READ FOR SUMMER 2021 (AUG)

Mon, Aug 02 Flyboy's Deli in Oakwood

Book Discussion Group of *Caste*, by Isabel Wilkerson

RSVP

Aug 02, 11:00 AM – 1:00 PM

The Oakwood Inclusion Coalition will host its third Big Read book discussion of Caste: The Origins of Our Discontents by Isabel Wilkerson in person on Monday, August 2, at 11:00 a.m. at Flyboys in Oakwood.

The first two book discussion groups in June and July were well attended with lively discussion. Copies of Caste are available in a variety of formats (hard copy, E-copy, and audiobook) at Wright Memorial Public Library and other local libraries.

If you wish to attend, please RSVP by clicking on the button below.

Subject: Request for August 2 Meeting

Norb,

Welcome back! I hope you had a ton of fun with the family. You have shown noticeable improvement in NOT doing work e-mails while on vacation. Hooray! I know from personal experience that one really bummed e-mail can almost ruin a vacation - bad things look worse on a phone.

Anyway, could we please keep doing our spread-out-at-the-dias configuration for the August 2 meeting? Carol mentioned that we would go back to our normal spacing in August. (I know that has been the plan for awhile).

But, I don't think we should act like things with Covid are improving at this point. I know that Rob and your other experts will give you updated numbers, but Montgomery County's situation has deteriorated more rapidly than Ohio's.

The 200+ number from Rob's attached report is now (July 24th) in the upper 700s. (Rob is using 7 day numbers, while some use 14. I have multiplied or divided in appropriate places and added the daily numbers to fill in where the weekly numbers end).

Here's the CDC assessment of Montgomery County's current risk level (It has gone from "Low" to "Moderate" to "Substantial" in the last several days).

I am just asking for physical distancing at the meeting - not masks or anything else.

Many thanks!

Anne

Subject: RE: Questions for DDN re: Oakwood payroll

Josh:

1. Can you please explain how your "public safety officers" work. They are police officers. But what other kinds of calls do they respond to? All Oakwood public safety command staff and officers are fully cross-trained and state certified as police officers, fire fighters, and paramedics/emergency medical technicians. Each officer is engaged as needed in providing police, fire, and emergency medical services during every work shift.
2. Who responds to fires in Oakwood? Oakwood public safety command staff and officers.
3. The city of Oakwood paid 34 employees more than \$100,000 last year. This is more than most area governments, most of which have larger populations. Why is this? Aside from the city manager, six department heads, and two public safety captains (all salaried employees) all of the 34 employees are safety department command staff and officers whose annual pay is a combination of regular pay and overtime pay for extra hours worked. No other local governments in Ohio operate a fully consolidated safety department like Oakwood where each command staff and officer is trained and certified in all three disciplines. Operating a fully consolidated safety department in Oakwood provides for the extremely swift and comprehensive response to any emergency. The amount paid to employees is not related to population but rather education, skill sets, and job responsibilities.
4. What impact did incidents such as the pandemic and Black Lives Matter protests have on payroll costs for the city last year? These incidents caused overtime events that the safety department did not experience in prior years.
5. What is the staffing situation in the police and fire departments? Is the city able to fill positions as needed in those departments. What obstacles are you seeing, and how are you attempting to overcome them? The Oakwood Public Safety Department consists of 34 fulltime employees, 29 of which are state certified as police officers, fire fighters, and paramedics/emergency medical technicians. The city has been able to continue to attract strong candidates as job openings become available.
6. Is there anything else we should take into consideration when reporting on Xenia's payroll last year? No

Best,

Cindy

Subject: Questions for DDN re: Oakwood payroll

The payroll data we pulled from the info you sent over is attached. I have a couple questions. Not sure who to direct them to.

1. Can you please explain how your "public safety officers" work. They are police officers. But what other kinds of calls do they respond to?
2. Who responds to fires in Oakwood?
3. The city of Oakwood paid 34 employees more than \$100,000 last year. This is more than most area governments, most of which have larger populations. Why is this?
4. What impact did incidents such as the pandemic and Black Lives Matter protests have on payroll costs for the city last year?
5. What is the staffing situation in the police and fire departments? Is the city able to fill positions as needed in those departments. What obstacles are you seeing, and how are you attempting to overcome them?
6. Is there anything else we should take into consideration when reporting on Xenia's payroll last year?

Thanks,

Josh Sweigart

Subject: Residential complaint

Norb - Sorry to bother you, yet again. We had a call from a resident on Kramer about a utility contractor trimming trees in the neighborhood. I know she called the city office, too. She claims the company is severely damaging the trees, to the point that she thinks her trees will be lost because of the extent of the damage. Do you have any information as to what contractor was authorized to work in the neighborhood, was it an AES contractor or other utility, and does the city provide any guidance or oversight to the contractors on the extent or standard of tree trimming permitted. She said she complained to the contractor on site and was told that they were not her trees. Does the city own the trees between the street and the sidewalk? Or the property owner? She's also complaining that it will impact her home value. Do you have any comments or response to her complaints regarding the tree trimming on Kramer?

Thanks - Brian, Oakwood Register

Subject: Re: Question about Oakwood Tax Levy

Norb,

Thanks! That part of the election process is new (or newly interesting) to me. Very good to know.

See you soon.

Best,

Anne

Anne,

The authorizing resolution is due to the BOE by August 2. Knowing Lori, I am quite certain that she submitted it last week after council approved it... but will confirm that with her tomorrow. She is out sick today.

Subject: Question about Oakwood Tax Levy

Hi Norb,

I was curious about the timing of our request to put the levy on the ballot. Is it due in August? I have never paid attention to this list before, but I happened to be in the "Current Election" section of the Board's web site to look at the Candidate Lists for Kettering and Oakwood's School, Council, etc. spots, and I flipped over to the Issues list.

Oakwood's Levy is not listed on the July 23 report. Should I worry?

<https://www.montgomery.boe.ohio.gov/wp-content/uploads/2021/05/November-2-2021-Issues-List-7.23.2021.pdf>

Not complaining, just asking...

Thanks!

Anne

Ethan,
Wednesday or Friday afternoon at 1:30 would be convenient for both my wife and I if that works for you.
