Rob and Ethan,

Please proceed with the meeting and deadline of 8 am on Monday, August 16. If you get a sense that Thom wants to argue about this, feel free to tell him that this action is supported by city leadership. I have no interest in speaking with him... if he brings that up.

Norb

Subject: Jessup Wealth Progress Review and Schedule -- Important

Fyi below. My patience and "we'll work with them" approach has run its course. Bottom line... this is an important public sidewalk and we need it reopened. I intend to have Rob Jacques and Ethan Kroger meet with Thom Shrader tomorrow afternoon and give him a date certain when the city requires him to reopen the sidewalk, no exceptions. Then it becomes the contractor's job to figure out a way to finish the project without the sidewalk closure.

Below is a bullet point from my April 2, 2021 CM Newsletter.

- Jessup Wealth Management: Construction on the Jessup Wealth Management building at 35 Park Avenue began at the beginning of February, and will last for about eight more weeks. The contractor closed a section of the sidewalk in front of the building yesterday. This closure is needed to facilitate what will be a major remodel of the building frontage. The closure is expected to last about 5-6 weeks, weather permitting. Enclosed are documents showing the closure area and sidewalk signage. Representatives from Jessup visited the businesses in the immediate area to explain the need for the sidewalk closure. This project represents a \$518,000 investment in the office building.

Looking at the Harman School calendar, below are three important dates:

Thursday, August 19: New Student Orientation
Monday, August 23: School Staff Reports
Wednesday, August 25: Students Report for Class

Unless I hear otherwise from you, I will direct Rob and Ethan to set the mandatory sidewalk reopening date for no later than 8 am on Monday, August 16.

Please let me know right away if you have any problems with this action.

Thanks, Norb

Norb,

Please see the email below. Obviously the proposed removal date of the fence is dangerously close to the first day of school which is the 25 of August I believe.

I have a pre-sale inspection at 4:00 and will be back in the office around 4:30 if you would like to talk about this.

Thank you.

Ethan.

Subject: Jessup Wealth Progress Review and Schedule

Hello Ethan,

Just a quick review and install schedule for the Jessup project. As of Friday 7-23 the stone pilasters and the Rainscreen facade covering were completed. This week the mason cleaned his work, completed the parging on the planters and removed his extra material. The limestone caps and stair treads were measured and ordered about 2 weeks ago with a lead time of 2 to 3 weeks. We were notified this week of an additional 2 week delay because of equipment breakdown at the quarry. This will delay our EFIS install until after the stone work is complete. The upside is that we may have our windows in that same time frame. We will have the awnings installed and the railings installed after the fence is removed. At this time the fence should come down the week of August 23.

Thanks.

Thom Shrader

Subject: Encourage Congress to Pass Infrastructure Funding that Invests in Communities

Send a letter to your senators with one easy click.

Dear NLC Member,

As you may know, the Senate is now considering the *Infrastructure Investment and Jobs Act*, with action expected over the weekend. This bipartisan infrastructure legislation includes \$550 billion in new federal investments in America's infrastructure and will add, on average, an estimated two million jobs per year to the national economy.

Based on what has been released of the bill so far, NLC is encouraging members to reach out to their congressional delegation to share support and final suggestions to make this deal work better for all local communities.

For example, draft text provides a significant boost to the Clean Water and Drinking Water State Revolving funds, as well as to address PFAS drinking water contamination and lead pipe replacement. However, only 49% of this funding would be in the form of grants to local governments, with the rest available through loans. NLC is advocating that 100% of the funding be available in the forms of grants.

Leaders in cities, towns, and villages helped make an infrastructure package possible in Washington after years of advocacy, and now is the time to push the *Infrastructure Investment and Jobs Act* over the finish line!

Subject: Water and Wastewater Infrastructure Grant Program Announcement

Water and Wastewater Infrastructure Grant Program Announcement

Division of Environmental and Financial Assistance

Helping communities and businesses access compliance, technical
and financial assistance for their environmental needs

Governor Mike DeWine today announced the launch of the Water and Wastewater Infrastructure Grant program to help fund important water and wastewater infrastructure projects throughout Ohio. The program will provide nearly \$250 million in grant funding to Ohio communities. The funds were made available by the Ohio General Assembly as part of House Bill 168 in June.

The application, program guidelines and a list of frequently asked questions can be found at InvestingInOhiosFuture.Ohio.Gov.

In addition to these materials, we anticipate that informational webinars will be scheduled within the next few weeks. The program funding will be an incredible opportunity to access grant funding for critical water and sewer infrastructure projects.

City and public safety leaders to take part in 'National Night Out' Aug. 3

Release date: Friday, July 30, 2021

Contact: Cara Zinski-Neace, Police Information Specialist, 937-333-1201

The City of Dayton's National Night Out celebration will kick off on Tuesday, Aug. 3, at 5 p.m. as city leaders and police and fire personnel visit five neighborhoods across the city.

National Night Out has been helping to build a sense of community for nearly 40 years. The special night happens on the first Tuesday in August and is celebrated across America, Canada, and in military installments worldwide.

National Night Out celebrations have grown over the years from just 'leaving a porch light on' to much bigger events like block parties and cookouts which allow citizens, law enforcement, and local government leaders to interact in a positive environment, build community, and send a message that they are prepared to prevent crime in their neighborhoods.

The Dayton Police Department will lead a neighborhood caravan tour which will make stops at these National Night Out community celebrations:

- 5:00 p.m. – Northwest Library – 2410 Philadelphia Dr.
- 5:35 p.m. – Oak & Ivy Park – 798 Anderson-Goodrich Ct.
- 6:20 p.m. – Edgemont Solar Gardens – 907 Miami Chapel Rd.
- 7:00 p.m. – Huffman Historic – East Third & June Streets
- 7:35 p.m. – Oregon District – Newcom Founders Park – Corner of Brown & Green Streets

From our federal partners:

President Biden has issued a call to action on school-located vaccine clinics – asking school districts nationwide to host at least one pop-up vaccination clinic over the coming weeks, and marshalling resources (including from the federal pharmacy program) to help make these pop-up clinics happen.

Your organizations have been key partners in helping make sure that young people have vaccine access, and we will continue to lean on you to help make school-located vaccine clinics happen. We are asking you to please:

1. **Proactively reach out to all the school districts in your state/county/local area and offer to partner with them** on school located vaccine clinics in the weeks lead up to and through the start of school;
2. **Host sessions to offer support and assistance** to school districts and health departments on how to run school-located vax clinics, and heavily encourage school/district and health department staff to attend (feel free to let us know if you would like to invite U.S. Government officials to be a part of these sessions too!);
