Re: Public Records Request Received February 23, 2022

Dear Ms. Morasch:

This letter is in response to your public records request submitted through Muchrock.com received via email dated February 23, 2022.

Below are your requests and the city's responses:

1. *All body camera footage of all responding officers to the incident*

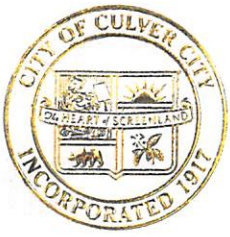

CCPD Response: These records are exempt from release per Government Code 6254(f). Government Code § 6254(f) applies broadly to investigative records, including those of a local police agency, regardless of whether an investigation has concluded. Haynie v. Superior Court, 26 Cal.4<sup>th</sup> 1061 (2001). As the California Supreme Court articulated in Haynie, "Here, the investigation that included the decision to stop Haynie and the stop itself was for the purpose of discovering whether a violation of law had occurred and, if so, the circumstances of its commission. Records relating to that investigation are exempt from disclosure by section 6254(f)." The statutory guidelines of Government Code §6254(f)(4) pertain only to audio or video of a "critical incident", as defined in Government Code § 6254(f)(4)(C). If the events do not qualify as a "critical incident", (neither a discharge of a firearm nor a use of force causing great bodily injury or death), then audio or video are exempt.

2. *All dash camera footage of all responding officers to the incident. This includes dash camera footage starting 30 seconds before any radio call to the incident.*

CCPD Response: See above response.

3. *All audio files of radio traffic concerning the incident*

CCPD Response: See above response for the first request.
