the sense of purpose that one would normally have while walking to their car or other specific destination. thought that the subject was possibly "hanging around" the parking lot for the purpose of soliciting money from restaurant patrons. said that he didn't see if the subject had actually looked at him as he drove into the lot. parked his car in the northern most parking stall (taking up two spaces) in the center row of spaces in the north parking lot. exited the car and walked into the Sizzler restaurant for their meal.
Approximately thirty minutes later, existence with existence of the restaurant into the north parking lot, and began walking toward their parked car. As they were walking in a northerly direction on the west side and at the north end of the parking lot, saw the same subject (the suspect) he had seen prior to going into the restaurant. Saw that the subject had walked out from behind one of the large concrete freeway support columns (third one south from the north end) that are located at the far west side of the north parking lot, near the fence line bordering the west side of the lot. As was walking (with this side to the right/east), he saw the suspect walk up behind him. This thinking that the subject was possibly going to solicit money from him, stopped while continued to walk toward the car (the parked car was approximately twenty to thirty feet from where stopped). The electronically unlocked the car with his remote control, and entered the front passenger seat, closing the door behind her (when I later interviewed she said that she had not seen the suspect approach at this point).
As a first stopped, the suspect stated, "Give me the keys to the car". In not yet aware that the suspect was armed, began to walk away from the suspect toward the driver's door of his car. As a walked, he had his head turned partially to the rear so that he could watch the suspect. After walking only a few feet, saw the suspect place his right hand into his (suspect's) right jacket pocket, and then remove it holding a medium sized pistol. The suspect held the pistol in his right hand down by his waist area and pointed it at the back of sestimated that the suspect was approximately five feet away (behind) him. It told me that he immediately thought that the suspect was going to shoot him if he failed to comply with his demands or in any way irritated him.
The suspect ordered "Start up your car. Start up your truck. You better not run or I'll kill you". fearing that he would be shot if he failed to comply, went into the driver's seat of his car, sat down, and started the engine of the car. did not say anything to but just got out of the driver's door of the car. began to walk in a southerly direction from the car toward the Sizzler restaurant. Within seconds, he was joined by and they walked together to the restaurant. Said that he heard his car's engine being accelerated while the car was still stationary, leading him to believe that the suspect was having difficulty getting the vehicle into the "Drive" gear. Within seconds, heard the car being driven away and he turned to watch. Saw his car being driven northbound out of the parking lot into the north-south alley that provides access to the gas service station located on the south-west corner of Slauson Ave.and Sepulveda Bl. The car was driven out of view as it entered the alley.
Residence Address:  The cashier  called 9-1-1 and handed the phone to spoke to a female dispatcher, and briefly explained what had happened.  couldn't remember exactly what he told the dispatcher, but remembered that he told her that he had been carjacked in the parking lot of the Sizzler restaurant by a man with a gun.  also gave the dispatcher a description of the suspect as well as of his vehicle.  couldn't remember the license plate number, but provided the dispatcher was able to determine the license plate number via a police computer check.
was instructed to wait at the Sizzler until a police officer arrived to take the report

who related essentially the same account of the incident to me as with the following exceptions: spoke with never saw the suspect until he had entered the driver's seat of second car. As the suspect sat in the car, he never looked at but simply looked straight ahead through the windshield. As the suspect sat in the driver's seat, he told "Get out". thinking that the suspect was carjacking the vehicle, and fearing for her safety, immediately fled from the car and ran toward then went into the Sizzler restaurant and notified the police. and stated that they had never seen the suspect prior to this incident. Both Officer Cisneros and I went inside of the Sizzler restaurant and located the manager and the cashier us essentially the same thing as with regard to notifying the police of the incident. and said that they had not witnessed any portion of the incident, nor had they seen anyone fitting the description of the suspect before or after the incident. Attempts to locate any additional witnesses in or around the restaurant were unsuccessful. Officer Cisneros I determined that the Sizzler restaurant had a video recorder in the restaurant, believed to be in operation at the time of said that he was fairly new to this location, but did not believe that the tape would show the area of the incident.

However, believing that the tape may show part of the incident or other material of an evidentiary value, I seized the tape from the

recorder as evidence. Officer Cisneros booked the tape into evidence at CCPD.

## Carjacking/Pursuit/OIS-Suspect in Custody

About 1900 hours an armed carjacking occurred in the 5800 block of Sepulveda Blvd. Officer Irwin and Officer Ferrier checked likely avenues of escape and located the stolen vehicle travelling eastbound out of the city.

When they attempted to stop the vehicle, the suspect refused to yield and a short pursuit ensued. They were joined by Officer Eccles and Officer Lai who broadcast the pursuit. The suspect collided with a parked vehicle in the 4300 block of Normandie and fled on foot. There was an Officer Involved Shooting at the pursuit's termination.

Officer Rulon, Sgt. Bailey and Sgt. Webb arrived on scene and met with LAPD units who set up a perimeter. Their Metro arrest team found the suspect hiding at a nearby residence.

The suspect was transported, in custody, to County USC Medical Center with unknown injuries. Officer Irwin suffered an injury to his right foot and was treated at Brotman ER and released. Unit 1720 was damaged in this incident.

Sgt. Bailey transported the OIS officers involved to the station and they received peer support from Officer Andy Gulcher.

	ar or other specific destination. It thought that the subject was possibly "hanging around" the rking lot for the purpose of soliciting money from restaurant patrons. It said that he didn't see if the subject had actually looked at him as he drove into the lot. It parked his car in the northern most parking stall (taking up two spaces) in the center row of spaces in the north parking lot. It and exited the car and walked into the Sizzler restaurant for their meal.
	Approximately thirty minutes later, and exited the restaurant into the north parking lot, and began walking toward their parked car. As they were walking in a northerly direction on the west side and at the north end of the parking lot, saw the same subject (the suspect) he had seen prior to going into the restaurant. Saw that the subject had walked out from behind one of the large concrete freeway support columns (third one south from the north end) that are located at the far west side of the north parking lot, near the fence line bordering the west side of the lot. As was walking (with at his side to the right/east), he saw the suspect walk up behind him. Thinking that the subject was possibly going to solicit money from him, stopped while continued to walk toward the car (the parked car was approximately twenty to thirty feet from where stopped). Stopped). Selectronically unlocked the car with his remote control, and select the front passenger seat, closing the door behind her (when I later interviewed see said that she had not seen the suspect approach at this point).
	As a first stopped, the suspect stated, "Give me the keys to the car". In one of yet aware that the suspect was armed, began to walk away from the suspect toward the driver's door of his car. As walked, he had his head turned partially to the rear so that he could watch the suspect. After walking only a few feet, saw the suspect place his right hand into his (suspect's) right jacket pocket, and then remove it holding a medium sized pistol. The suspect held the pistol in his right hand down by his waist area and pointed it at the back of set was approximately five feet away (behind) him. It told me that he immediately thought that the suspect was going to shoot him if failed to comply with his demands or in any way irritated him.
	The suspect ordered , "Start up your car. Start up your truck. You better not run or I'll kill you". fearing that he would be shot if he failed to comply, went into the driver's seat of his car, sat down, and started the engine of the car. did did not say anything to began to walk in a southerly direction from the car toward the Sizzler restaurant. Within seconds, he was joined by and they walked together to the restaurant. Said that he heard his car's engine being accelerated while the car was still stationary, leading him said to believe that the suspect was having difficulty getting the vehicle into the "Drive" gear. Within seconds, heard the car being driven away and he turned to watch. Saw his car being driven northbound out of the parking lot into the north-south alley that provides access to the gas service station located on the south-west corner of Slauson Ave.and Sepulveda BI. The car was driven out of Smith's view as it entered the alley.
Į	entered the Sizzler restaurant and immediately contacted the restaurant manager
	told that he had been carjacked in the parking lot by an armed man and needed to phone the police immediately. It is directed to the telephone located at the front cashier's area. The cashier called 9-1-1 and handed the phone to spoke to a female dispatcher, and briefly explained what had happened. Couldn't remember exactly what he told the dispatcher, but remembered that he told her that he had been carjacked in the parking lot of the restaurant by a man with a gun. So gave the dispatcher a description of the suspect as well as of his vehicle. Could not remember the license plate number, but provided the dispatcher with the registered owner information (the car is actually registered to mother, although it was a police imputer check.
	was instructed to wait at the Sizzler until a police officer arrived to take the report. telephoned his father, who drove to the restaurant within a few minutes. CCPD unit 1L63 (Officer Loken #833) arrived on scene at about 2015 hrs, and instructed all three subjects to follow him to the CCPD station. Once at

the station, all three waited in the lobby until I contacted them. who related essentially the same account of the incident to me as with the following exceptions: never saw the suspect until he had entered the driver's seat of car. As the suspect sat in the car, he never looked at but simply looked straight ahead through the windshield. As the suspect sat in the driver's seat, he told "Get out". The thinking that the suspect was carjacking the vehicle, and fearing for her safety, immediately fled from the car and ran toward then went into the Sizzler restaurant and notified the police. Both stated that they had never seen the suspect prior to this incident. Officer Cisneros and I went inside of the Sizzler restaurant and located the manager Both of them told us essentially the same thing as with regard to notifying the said that they had not witnessed any portion of the incident, police of the incident. nor had they seen anyone fitting the description of the suspect before or after the incident. Attempts to locate any additional witnesses in or around the restaurant were unsuccessful. Officer Cisneros I determined that the Sizzler restaurant had a video recorder in the restaurant, believed to be in operation at the time of the incident. said that he was fairly new to this location, but did not believe that the tape would show the area of the incident. However, believing that the tape may show part

of the incident or other material of an evidentiary value, I seized the tape from the recorder as evidence.

On above date and time Victim 1 and 2 uniformed Culver City Police Officers in a marked black and white police vehicle and Victims 3 and 4 uniformed Los Angeles Police Officers also in a marked black and white police vehicle were in pursuit of suspect wanted for a carjacking in Culver City just minutes before.

Officers were following the suspect northbound Normandie Avenue when he negotiated an eastbound turn on Vernon Avenue. The suspect's vehicle spun a u-turn and was directly facing the Culver City unit. Suspects vehicle had come to a complete stop momentarily then accelerated forward and intentionally rammed the Culver City black and white police vehicle. Again the suspect stopped and then accelerated and this time rammed the Los Angeles Police unit which had stopped behind the Culver City unit. The impact on the Los Angeles Police unit pushed the unit backwards approximately 10 to 15 feet. At this time an Officer-Involved-Shooting occurred.

The suspect continued in a northbound direction striking and knocking over the tri-signal on the northeast corner of Vernon Ave. and Normandie Ave. The suspect now north on Normandie Ave struck several parked vehicles on both sides of the street and finally came to rest on the west side of Normandie Ave in the oncoming traffic lanes.

Suspect exited his vehicle and simultaneously discarded a 9mm semi-automatic handgun along the curb adjacent to the driver's door. Suspective was taken into custody a short distance away as he attempted to conceal himself inside an abandoned vehicle to the rear of 4268 Brighton Ave.

He then said that he didn't know if he was shot before he rammed the police cars or after he rammed the cars. He said the reason he didn't back the truck up to get away was because he didn't know how to put it in reverse. He remembers hitting a light pole and parked cars.								ar ha

He did not know where he got the gun from, saying, "they, (guns), float around like that" and admitted it was a "hood" gun. He did not have the gun in the mall with him prior to the robbery but had it stashed outside. He described it as a nine millimeter.

He walked the male victim to the truck and forced him to get in and start it. He then told him to get out. As he got into the truck there was a female getting into the passenger side. He said, "could you

please step away from the truck" The reason he said it so nicely is because he is "polite to women".

He said while walking up to the victims to rob them he thought to himself that he could ask the male victim if he could give him a ride or just rob him, making the latter choice.

After taking the truck he drove for home and believes he put his gun on the passenger seat or the floor. According to him the gun probably fell onto the ground where the truck came to rest while he tried to get out of the vehicle and run away. He cited being panicked, getting caught in the seatbelt and getting shot for the reasons the gun fell. He said he did not shoot at the officers.

He described the clothing he was wearing, white shoes, black jeans, black beanie and admitted to removing his clothes after running from the truck.

He also admitted to belonging to "66 East Coast Crips" gang.

After firing two (2) cartridges the slide locked rearward with the firing pin protruding from the rear of the slide, not allowing a third cartridge to chamber. The firing pin was returned to the normal position by removing the magazine, pulling the slide rearward then allowing it to move forward to firing position, and pulling the trigger on an empty chamber.
