

**FOIA Request - Kick**

<b>Final Disposition</b>	<b>Request Description</b>
Granted in Full	Marty, as you may know TNC is ramping up or work with the Midwest Row Crop Collaborative and exploring potential opportunities in the Middle Cedar. The MRCC is a collection of private companies within the Ag Supply Chain that have set sustainability goals. They have choose the Middle Cedar as one of three Midwest pilot project areas. The Nature Conservancy is conducting an analysis of current activities and future desired conditions to help identify where these companies can leverage local projects to achieve desired outcomes. As part of the analysis I am trying to determine the amount of funds in the watershed that was available for financial and technical assistance. After talking with John Bruene about the MRCC he suggested I reach out to you about getting some of this data from NRCS. Mainly I am looking to get the amount of financial assistance/cost share NRCS made available to producers in select counties and how much was certified/paid out to producers. I am looking for dollar amounts since 2012 for the counties of Linn, Black Hawk, Grundy, and Tama counties. Let me know if this data is available and what the best way to request it is.
Granted/Denied in Part	This is a formal request for complete and total original approved plans and blueprints for the bard and pit, any changes, modifications, additions before or during constructions, if and who approved the changes by NRCS in office field on site. Granted in Full	My name is Johanna Rosen. I work with Equity Trust, a small, national non-profit organization committed to keeping farmland affordable for farmers. I've been asked to look into land trusts that are working with farms in the Midwest so we have a better resource list to refer farmers to when they inquire with us. I was wondering if NRCS has a list of conservation organizations that have received FRPP funding for easements on farmland in your area. Please let me know if this is something you could share or if you'd suggest contacting someone else or tracking down the information some other way

Other Reasons - Request Withdrawn	<p>for data on the Conservation Reserve Program. I am a 3rd year Phd student in economics at Iowa State University, working with Professor Cathy Kling. As part of my dissertation, I am studying the effects of the CRP program on water quality in Iowa. We have very good data on water quality going back to 1998, but the only data on CRP acreage that is publicly available is at the county level. It would be really helpful to have acreage at a finer level- for example, it would make sense to have acreage by HUC8 or HUC10, since the study is related to water bodies. We would not need any private information on enrollment, just aggregated acreage.</p>
Granted/Denied in Part	<p>In accordance with the Freedom Of Information Act I would like to request the names of those participants enrolled into the CSP and EQIP programs. Would you please send them via email attachment?</p>
Granted/Denied in Part	<p>Requested a copy of the agreement between the Natural Resources Conservation Service and DuPont that addresses soil management and erosion control on lands used for stover harvest.</p>
Granted in Full	<p>My information request is simply to know which entities <u>currently hold FRPP easements in Iowa.</u></p>
Granted in Full	<p>I am requesting copies of conservation practices implemented in Iowa at the county or HUC 12 <u>watershed level from 2006-2014</u></p>
Granted in Full	<p>I will be processing your request for information in accordance with the Freedom of Information Act (FOIA). I will send you more information concerning your request in the near future. In the meantime, please feel free to call or email if you have questions about the process.</p>

Granted in Full	Could you provide specific numbers for oversubscription, such as how much money is going out versus demand by farmers? The oversubscription of the cost share program. I was informed that there is not enough money currently available in the program to meet farmers demand. Is this an accurate statement?
Other Reasons - No Response from Requester	Do you have any numbers of the adoption rates of farmers for CSP and EQIP? I am trying to get a sense of how widely those programs are used by farmers in IA.
Other Reasons - No Records	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am requesting complete copies of the file from Natural Resources Conservation Service of Howard County pertaining to David Myers, David Myers, d/b/a Myers Farm, David Myers, d/b/a Country Oaks Acres, David Myers, d/b/a Myers Trucking for farm years 2011-2014, including but not limited to financial inquiry of program payments.
Other Reasons - No Records	Find out information pertaining to Farm # 827 Tract # 1201 that was purchased September 7th, 2013 from Edwin and Carol Jean Brown Living Trust. Last spring this farm was pulled for a spot check to comply with conservation practices and I need to know who the whistleblower was on this mentioned property.
Granted in Full	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am requesting copies of the two following pieces of data: <ul style="list-style-type: none"> <li>• Numbers of farmers and the numbers of acres enrolled in EQIP and CSP in Iowa over the last 10 years.</li> <li>• Numbers of farmers in IA who are identified as young, beginning and/or small, and the number of acres farmed by those farmers over the last 10 years.</li> </ul> For fee purposes, I am a research requester and am willing to pay up to \$20.00 to process my request. If the fees are above the amount I am willing to pay, please notify me. If you deny all or any part of this request, please cite each specific exemption you think justifies your withholding of information. Notify me of appeal procedures available under the law. If you have any questions pertaining to my FOIA request, you may email me at <a href="mailto:dcorywatson@datoresearch.com">dcorywatson@datoresearch.com</a> or call me at (919) 973-1950
Other Reasons - Request Withdrawn	I am would like to request the list of applicants that have applied for grants or any other kind of governmental financial assistance in connection with wetlands, pond building or revamping of their existing pond over the last four years (2010 -2014). I would like to use these names for marketing purposes. My intention is to contact these people and notify them of our services associated with game fish stocking, products such aeration, fish feeders, etc. , as well the excavation services we offer at Kloubec Fisheries and Kloubec Earthworks

Other Reasons - No Records	I am requesting copies of Joel Kurtenbach's crop records for the 2010 growing season filed with the Farm Services Agency in Jones County, Iowa and the 2010 conservation plan for Joel Kurtenbach's property on file the Jones County NRCS. Joel Kurtenbach's FSA Farm Tract Number is 4834 and his NRCS Tract Number is 10796. All records will be kept in the FSA and NRCS office in Anamosa, Jones County, Iowa at 300 Chamber Dr., Anamosa, IA 52205. Joseph Wagner, the Jones County, Iowa NRCS Conservationist has the conservation plan and Chris, the FSA CED for Jones County has the 2010 crop records.

Granted/Denied in Part	Under the Iowa Open Records Law § 22.1 et seq., I am requesting an opportunity to obtain copies of public records related to all communications between you and the Clarke County Reservoir Commission ("Commission") from January 2003 to present. Please respond to this request by providing all communications, reports, minutes, and any other documentation related to all such communications between yourself and any member of the Clarke County Reservoir Commission. This also includes any person acting as a representative of the Clarke County Reservoir Commission, any communications with former members of the Commission, or any communications between yourself and this entity as a whole. I would like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute to the public's understanding of planning and future land use projects surrounding the Clarke County area. This information is not being sought for commercial purposes. The Iowa Open Records Law requires a response time within ten to twenty business days. Please respond to this request no later than Monday, April 6, 2015. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. (Date Range for Record Search: From 01/01/2003 To 03/19/2015)
Granted/Denied in Part	Info

Other Reasons - No Records	<p>I received a FOIA request for records you may have in your Field Office. The FOIA request is attached. The request is lengthy, but to summarize, it is essentially asking for any records we have pertaining to the "facilities" for the below entities: - Candon Finisher Farm - Lakin Finisher Farm I note that the request specifically mentions the facilities, and I'm assuming these are hog operations. If there are other farming operations outside of the "facilities" conducted by these entities for which we provided assistance, those other operations would not be subject to this request. This is a preliminary request for information from you, so I can determine how to best handle this FOIA request. Please respond to me with answers to the following: 1. Does your office have records of any type that pertain to the operations listed above? 2. If your office does have such records, do you know if any additional records would reside at the area or state office? 3. If your office does have such records, please give me an estimate of the amount of time it would take for you and/or employees in your office to search for and compile those records.</p>

WQL 07 – Split nitrogen application, 50% after the crop emergence WQL 11 – Precision application technology to apply nutrients WQL 25 – Split application of nitrogen based on a PSNT SQL 01 – Controlled traffic system
Other Reasons - No Records	I wanted to determine if there were new EQIP funds requested since my earlier FOIA – or really – any documents, correspondence, etc. as outlined in the FOIA request between the sites below and the NRCS. You are correct - the Dickinson County site is a new request. Marshall County – Pickard Brothers Mills County – DKH Facilities (DKH Mintle and DKH Edmonds) Floyd County - Brandon and Casey Wood (Candon Finisher Farm & Lakin Finisher Farm) Dickinson County – New Fashion Pork
Granted/Denied in Part	I am requesting, under The Freedom of Information Act, a copy of a Conservation Compliance Review done in the summer of 2015 by NRCS on a parcel of land (approximately 200 acres) located in the N1/2, sec. 31, Emmet twp., Emmet Co., Iowa. This parcel is owned by BWT Holdings Illc. The Compliance Review was done in response to a whistle blower complaint filed in February 2015 with Mark Schutt, Emmet County District Conservationist. I believe the documentation and result of this Compliance Review are under custodial care in the Emmet County NRCS Office. I believe my fee category is other
Granted in Full	Requesting copies of records pertaining to, Iowa National Resources Conservation Service's: Environmental Quality Incentives Program (EQIP). We are requesting the following for each fiscal year from 2013 to present: Iowa EQIP and list of eligible practices and payment schedule
Other Reasons - No Records	I am requesting access to the most recent available data showing the number of acres enrolled in conservation practices within Carroll County, Iowa. I am looking to compare current data with information from a previous report (attached). Specifically, I am looking for the number of acres within the county that use or are enrolled in conservation tillage, contour farming, terraces, stripcropping, buffer strips, grassed waterways, streamside filter strips, Conservation Reserve Program, and Wetland Reserve Program. In addition, I am looking for the total cropland and total land within Carroll County. This information likely would have been collected by the Carroll County Soil and Water Conservation District. If there are any fees charged for searching or duplication of records, please let me know before you fill my request.

Granted/Denied in Part	It is my understanding that you issued a Subpoena Duces Tecum addressed to "Lori Schnoor," requesting documents related to Thomas McDermott. The Subpoena was issued under state court authority to a Department of the United States. The United States Department of Agriculture ("the Department") is not a named party in this dispute. If the Department is not a named party, then we respectfully decline to comply with the Subpoena and, pursuant to our regulations, will handle this matter as a FOIA request. You are requesting, "Books, Documents, Electronically Stored Information, or Tangible Things or to Permit Inspection of Premises." Be advised that records retention, within the U.S. Department of Agriculture, is six (6) years.
Granted/Denied in Part	I am making a request under the Freedom of Information Act. I believe the following documents were created in 1987,2010. A wetland determination was done on some of the following parcels in 2010 by the NRCS Marion Iowa field office. Information requested: 1) Wetland determinations (for all years) 2) Highly erodible land determinations (for all years) 3) Wetland Mitigation documents (for 1987 to 2010) Information is requested on the following parcels: 1) Parcel number 05101-26002-00000 Plat map NW NE 10-85-8 GPS 42.195909, -91.763864 1 mi East of Center Point Iowa, Linn County 2) Parcel number 05101-01003-00000 Plat map NE NE 10-85-8 GPS 42.195671, -91.757534 1 mi East of Center Point Iowa, Linn County 3) Parcel number 05101-01002-00000 Plat map NE NE 10-85-8 GPS 42.197260, -91.759272 1 mi East of Center Point Iowa, Linn County 4) Parcel number 05101-76001-00000 Plat map SE NE 10-85-8 GPS 42.193000, -91.757470 1 mi East of Center Point Iowa, Linn County

Information the airport can be found at: <a href="http://scraaiowa.com">http://scraaiowa.com</a> Can you advise me on how I would find out whether a Farmland Conversion Impact Rating has been done and how I would be able to obtain a copy of the assessment?
Granted/Denied in Part	Requesting documents from the Jones County NRCS and FSA in Anamosa, Jones County, Iowa on behalf of client Innovative AG Services, Inc. 2007 to current. (Date Range for Record Search: From 01/01/2007 To 08/24/2016)
Granted/Denied in Part	Requesting list of the farmers/owners and the reporters for not actively applying an approved Conservation plan or conservation system for 2015 and 2016 that live in Tama County Iowa

Other Reasons - Duplicate Request	1) We want to expand our FOIA request to all engineering plans that pre-date Michael Terry Roberts's ownership of the tract. The wetland design was created long before Mr. Roberts ever owned the land. 2) We seek a greater explanation of the use of Exemption 3 where it is not related to costs involved in the project. From your letter, my take on your use of Exemption 3 is that all the information redacted contains information given to NRCS by a landowner or farmer of the land (which could be information related to conservation, crop production, or other information related to the Farm Bill). We seek a clarification or verification on that.
Granted in Full	This man requested 30 different farmer's FSA payments and 2 CSP payments.

Granted/Denied in Part	FDC Enterprises has been actively providing WRP services to landowner participants for the last 9 years. In an effort to contact more landowner to let them know about our services, I'm hoping you can help me out. I would like to make a request for names and addresses of WRP participants that have enrolled in the program but have not yet completed the restoration of their projects. If possible we would like the information to include first and last name, address, city, state, zip code, project location by county, number of acres and when they were enrolled in the program. If it's easier just to send all of their information and let us tease out the pertinent information we need that will work great too. Also, if you could provide it in Excel that would be great but any tab delimited file will be fine. We would like to mail them a letter and brochure regarding our service so they know there is a company out there that can take care of all of their WRP restoration needs.

Granted/Denied in Part	<p>This is a formal request for NRCS form CPA-52 for the purposes of a FEMA mandated environmental, historical, and cultural review for project number PDMC-PJ-08-CO-2015 under the Pre-Disaster Mitigation grant program. Colorado Division of Homeland Security and Emergency Management is requesting this form based on a Request for Information (RFI) form submitted by FEMA to the sub-applicant, Jefferson Conservation District. It is our understanding that a similar survey was completed in adjacent lands to acres being considered for treatment under this project. The project in question is located on Last Resort Creek Road near the unincorporated community of Foxton, Colorado in Jefferson County (mailing address is Conifer, Colorado 80433). The project can be accessed by heading west from SW Platte River Rd (on the North Fork of the Upper South Platte River) onto Last Resort Creek Road for 2 miles. Form CPA-52 previously completed for adjacent acres will aide in understanding the environmental and cultural considerations present in the area and what types of surveys are still needed.</p>

Granted/Denied in Part	On behalf of our Board, I am contacting you in request of copies of the previous 2 Grazing Plans for our communities Open Spaces. Our Developer secretly sold our Open Spaces and we are in the midst of a legal battle to return them to us. Our attorney requested that we garner the grazing plans to enter into evidence. Our rationale is that our covenants list our Association as the owner of Open Spaces. Attached here is a PDF of that section fro our Declaration: Also, prior to purchasing many many owners were told that purchasing also garnered them ownership into our 1100 acres of open space.

Other Reasons - No Records	Greetings Ms. Molinaro, My name is Daniel Studen. I represent the Bord of Directors for the Twin Butte Estates property owners association. Previously, you were extremely helpful to our homeowners association. We contacted you on behalf of our Board of Directors a few years ago (email below) to present a FOIA request to obtain any form of formal grazing plan that might have existed at that juncture. We find ourselves headed to trial on January 17th. Our attorney has requested we again submit a FOIA request to get the most current filings (as well as historical filings if possible) for any formal grazing plan that has been filed. We are indeed willing to pay any associated fee's to garner the requested grazing plans. We would prefer to cap our expenditures at \$50 if at all possible. Unfortunately, we have continued to have issues with severe over-grazing on our communities open spaces. The wheels of justice do indeed turn slowly. All of our contact information appears in the email message below. IF you require anything further, please let us know. Thank you again for your assistance. We hope this finds you well entering 2018. The Board of Twin Butte Estates Sincerely, Daniel Studen Laura Lasater Dennis Rowland Greg Jackson
Granted/Denied in Part	Request information concerning an irrigation pipeline project that was constructed with the assistance of the NRCS in Montezuma County, Colorado. It is my understanding that the project was constructed prior to 1980 and that the primary contact was Walter E. Ertel. The project delivers water from MVI at a point in the NW 1/4 of Section 31, T37N, R15W, NMPM (where there is a small collection pond), to lands south thereof. I am informed that the pipeline has 13 users, the largest of which is Ertel Ranches located in Section 12, T36N, R16W. I am looking for all construction documents, written proposals, and similar documentation. Specifically, my client is trying to determine the location of the pipeline that delivers its water and the terms upon which the NRCS assisted with the project. The Hay Meadows Subdivision is located in Section 7, T36N, R15W.

Granted/Denied in Part	This FOIA request is for a certain Farm and Ranchlands Protection Program application, supporting documents, email, correspondence, and approval notifications related to the resulting grant and exchanged between the USDA, NRCS offices, representatives of the City of Dover, NH, the Strafford Rivers Conservancy, Inc. and William C. Hunt between 2005 and the end of 2007. The \$500,000 grant was used to purchase a conservation easement on Hickory Hill Farm, located on Back Road in Dover, NH in July, 2007. The \$500,000 grant was channeled through the Strafford Rivers Conservancy, Inc. and added to \$625,000 approved by the city council of Dover, New Hampshire in May of 2007. The total purchase value of the conservation easement was \$1,125,000. The TIN for Strafford Rivers Conservancy, Inc. is 02-0430387. It is my understanding that the FRPP application was first submitted to Mr. Steven Hundley, FRPP Program Manager in the NRCS NH state office located in Durham, NH in early 2006, and then passed through the NRCS review and approval process. Please also indicate the reviewing and approving offices that were part of this process. (Date Range for Record Search: From 01/01/2005 To 07/31/2007)

Other Reasons - No Records	Hi Shari, Thank you for your message, I hope the conference was someplace warm and sunny!! I'm attaching to separate request letters. The order of preference would be: 1. The first one is related to a letter sent to Noreen McDonald in April – May, 2006 and any reply or related correspondence she may have written related to it. 2. The second one is related to the May 3, 2004 FRPP application that was forwarded from the City of Dover to the NRCS and any email, documents or correspondence related to it during 2004. I think that both of these requests are fairly narrow and hopefully won't be too involved to research. Please let me know if you need me to drop off the original signed copies of the request for your file. Thank you and have a great day, the sun is out! Greg

Granted in Full	Request for information re: "monies paid him or his agents pertaining to land in Gilsum and Alstead NH or <u>any other land owned by him.</u>
-	From Bart Cushing: Please send me the financial information you can legally send, that would be helpful so we can determine the size of the project. I understand legally you can not send more. So my request is amended to the monies paid for work on this project since work began on this property that was/is under NRCS oversight. The reason for the request is the project, or parts abutting the project, have some concerns by abutters and was brought to our attention of the group I am on, the Gilsum Conservation Committee. We are getting information about the project prior to our meeting later this month. Steve Pytlik has been very helpful in letting me know the program and how it operates. Thank you, Bart Cushing. Granted/Denied in Part	<p>Bob Larsell rlarsell@aol.com Dear Mr. Larsell: This is a response to your request for information to the Natural Resources Conservation Service (NRCS) under the Freedom of Information Act (FOIA), 5 U.S.C. 552. You requested: 1. Disclosure of CSP contract signed by Sharron Sharp, TTE, Larsell Family Trust and Robert Larsell Revocable Trust relating to Farm 474 and Lester E. Lindell. 2. Pertinent information: payments made and pending; and contractual obligations relative to the CSP contract. Response: NRCS is unable to release this information as it is exempted from release under the Freedom of Information Act, as amended by Exemption (b)(3), prohibiting disclosure of information exempted by other statutes. In this case, Section 1619 of the Food, Conservation and Energy Act of 2008 prohibits disclosure of the information requested by the U.S. Department of Agriculture (USDA) and its cooperators. In the event that you are not satisfied with the denial of the information you have requested, you have the right to file an appeal within 45 days of the date of this letter to: Chief, USDA – Natural Resources Conservation Service, P.O. Box 2890, Washington, D.C. 20013. Please be sure to write clearly on the front of the envelope "FOIA APPEAL." If you have any questions, please feel free to contact me at 503-414-3211. Granted in Full	<p>From: Johnny Sundstrom [mailto:siwash@pioneer.net]  Sent: Tuesday, January 08, 2013 11:13 AM To: Aaron, Tim - NRCS, Portland, OR Subject: easement Hello Tim, And Happy New Year. I was told that we could get the information on the appraisal that went into the easement, etc. once it was completed. We may need this for tax purposes and land valuation matters. Is it available? Also, we had designed the payments for 3 annuals. Can we get the 2013 sooner rather than later in the year. We hadn't intended them to be exactly one year apart, just in separate calendar years. Thanks, Johnny</p>

I realized after Mr. Willett called back that the program that might be funding the Sanborns may actually be a grant instead of a loan. Would you mind looking into your various grant programs as well? My neighbor called the FSA office in Oregon and spoke with the case officer for this program by the name of Michelle(?) Ko. Ms. Ko was familiar with Sanborn and said he was funded via a program for socially disadvantaged or low income farmers (maybe beginner farms) and were subsidized by up to \$20,000 in funding each year, with the provision that they need to prove sales of farm goods of at least \$1000. She also mentioned that there was an inspector with FSA who was tasked with verification of the farm site, but I do not have their name. As mentioned earlier, some of us neighbors have an issue with Sanborn cutting down most all the trees on the property (without a permit), overgrazing the steeply sloped land to create a 3.9-acre mud pit (with ODEQ</p>

Denied in Full	<p>In preparation for criminal litigation in United States v. William Case., you and your organization have been identified as subject to the Government's discovery obligations. As such, you and your organization are obligated to search for and produce records in your control. The Federal Rules of Criminal Procedure and applicable rules of professional conduct, together with U.S. Department of Justice policy directives, have taken a very expansive view of potential sources of discoverable materials for purposes of satisfying the government's obligations in a criminal proceeding. The criminal, civil and/or administrative nature of your investigative or enforcement efforts does not insulate your materials from discovery for a criminal prosecution. Any exculpatory (i.e. information that tends to vindicate or exonerate the accused) or impeachment information must be produced, regardless of who maintains the record. To ensure all discovery records are delivered, please distribute this formal request to anyone in your organization holding responsive records. Enclosed with this letter is a Guideline Sheet describing the types of records you and your agency must designate and provide to the U.S. Attorney's Office. This Guideline Sheet is intended to serve as a procedural aid. Failure to conduct a thorough search and produce responsive materials could result in sanctions imposed on the government, including dismissal of the government's case. Production of the materials identified on the enclosure does not necessarily mean all of those materials will be produced to the defendant. Certain categories of information and items are protected from disclosure or Heather Saucedá May 23, 2014 Letter - Page 2 must be disclosed in a restricted manner. The U.S. Attorney's Office will decide whether any particular item or category of information is released to the defendant consistent with the government's obligations. Any questions concerning the scope of this request should be addressed to your agency's legal counsel. Please advise your legal counsel to contact me with any questions All responsive materials must be produced to the U.S. Attorney's Office no later than June 15, 2014. We appreciate your continued assistance in prosecuting this case.</p>

<p>Granted in Full</p>	<p>The Army Corp contact said that it is Corp# NWP-1997-1105 with a permit acknowledging the installation of three rock barbs and five log revetments on the left bank of the Molalla River at mile 18. The property owner is/was John Coles (15021 S. Macksburg Rd., Molalla, OR) with the work done by Clackamas SWCD. When Steve Trask (the fish biologist), his tech, and I surveyed that area on August 23rd, 2016, the house at the address was for sale. I recently contacted Clackamas SWCD and they said that they were fiscal (pass through) agents on these projects after the 1996 floods and couldn't find any information after looking through board meeting minutes from 1996 to 1997. They believe that the work might have been an NRCS Emergency Watershed Protection project. We'd appreciate any additional information on this project. We are particularly interested in looking at the design drawing or as built drawing sets for that project. We are also interested in contacting the person in charge of the work to make sure we understand what their intentions were for the project before Steve Trask makes his recommendations for retrofit or alteration.</p>

Granted/Denied in Part	Under the Freedom of Information Act I hereby request any and all documents in your possession regarding the Sniption Canyon Ranch, (State Code 41, County Code 021 Farm # 407) specifically including but not limited to: all correspondence with Patrick Boyer, Tricia Tydeman, Luke Boyer, Zachary Boyer, Tara Halko, Boyer Legacy, LLC, (Tax ID number 46-2660147), Tritazu Investments, LLC (Tax ID number 46-2660147), maps, photographs, correspondence, reports, payment eligibility forms, adjusted gross income certification forms, HELC and WC certification forms, farm operating plans, crop-revenue plans, conservation reserve enhancement programs/contracts, conservation reserve programs/contracts, Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) programs, farm operating plans, ACH Vendor Payment forms, whether contained in a physical or electronic format related to the above mentioned farm.
Granted/Denied in Part	I am requesting a FOIA to obtain information regarding any and all grants released for forest protection/preservation involving the real estate designated by address: 4781 Footh Creek Rd, Gold Hill, OR 97525. This information is being requested because I am a joint land owner of this property. The grant was privatized and my entitled portion for said projects as a joint owner was imbezzled unlawfully by the applicant. My legal claim to a portion of these funds as well as a say in their application to the land is based on my position as a joint owner. Funds were privatized, damage was done, and I now seek restoration which demands compensation and legal suit. It is my strong conviction that documents were falsified or plagiarized in the application to justify my exclusion. Appropriately, David Leon Garcia ~owner

Granted in Full	Requesting elevations of the spillway of the "W" pond on the WRP property of Amason, Batchelor, Batchelor, & Batchelor property.

Granted in Full	<p>A copy of the WRPO that was agreed upon at the time before Earl Morgan closed on the wetland owned by Batchelor/Amason. Documentation from NRCS on whether the WRPO was signed before closure of the WRP property with Earl Morgan. Documentation from NRCS to Taoreed Badmus of BDS designs that his designs were flawed and would no longer be used. Documentation on why it took 5 years to make a determination concerning the re-routing of the water from a ditch by Clay Farris that killed mature oak timber. What is the reasoning behind the Batchelor/Amason tract not having the wetlands initiated / or completed since 2004? If you review all of the properties placed into the WRP program since 2004 to present they have almost all been completed except for this tract. Properties enrolled in 2010 have been completed. For years the documents by NRCS report that the engineering design was complete, but for years shows that the local NRCS office was waiting on the state NRCS approval. Why did this take so long and eventually never happen? Were all the designs by BDS design flawed on this particular tract? Are you following the WRPO assigned for this property? Are the property owners receiving equal or greater value of restorative and economic value as the original plans have changed? Is this NRCS policy?</p>

Granted in Full	e-mail request for How many acres of Montana ranchland are enrolled in the SGI? How many ranchers are involved? How much money remains available to ranchers? Is funding for the program in jeopardy? Is sod-busting still going on in the state. If so, where and to what extent? Does federal protection for the birds still loom in 2015 and if the bird is listed will the program end?
Granted/Denied in Part	Rocky Infanger FOIA requesting information on location and participants of USDA forestry practices.

Granted/Denied in Part	Pranikoff FOIA requesting the file containing any and all information relating to the EQIP contract between Ty Sammons, Sammons Excavation, Inc. and Janet and Leon Mickelson, of the Hansen Ranch which is located in Carbon County, Montana.
Granted/Denied in Part	Haas FOIA request for information on contract of neighboring producer as outlined in the attached request.
Granted/Denied in Part	Nord FOIA request for any and all information related to Amen EQIP contract as noted in attached request.
Other Reasons - Duplicate Request	FOIA request for a copy of the NRCS contract let to Mike and Nancy Masten for the installation of an alternative pipeline / waterline within or adjacent to the NRCS wetland on their property.
Granted in Full	I am requesting all USDA payments (Conservation, Commodity, and all other) related to our Borrower, Coulee Hill Ranch Inc. I am specifically interested in any payments received during 2013 and so far in 2014. Coulee Hill Ranch, Inc. is located in Golden Valley County, Ryegate, Montana 59074. Payments that were made in 2013 and 2014 to Tony Zinne and/or Martin Zinne are also being requested. These individuals are also located in Golden Valley County, Ryegate, Montana. (Date Range for Record Search: From 01/01/2013 To 05/15/2014) (Date Range for Record Search: From 01/01/2013 To 05/15/2014)
Granted/Denied in Part	Bart, Pursuant to FOA, 5 USC 552, I am requesting, on behalf of Cesar Hernandez, copies of the project file for the wetland easement NRCS purchased on the Masten property in Heron, Montana. This request specifically includes a request for the contract between NRCS and the Mastens for construction of the alternative water line around the easement. For fee purposes, my client is categorized as an other requester (neither commercial, scholarly, scientific, or news media). My client is willing to pay \$25 for this search, noting of course that he may not be charged for the first two hours and 100 pages of duplication and that he may not be charged if the cost of processing a fee waiver request would exceed the cost of search and duplication (I note that Bart already possesses the file and contract, so there should be no cost for the file search). If you deny all or any part of this request, please cite each specific exemption you think justifies your withholding of information. Notify me of appeal procedures available under the law. If you have any questions pertaining to my FOIA request, you may email me. Please provide a Vaughn index identifying any documents withheld from this request, if any.
Granted/Denied in Part	I am requesting the e-mails of the Carbon Conservation District employee Mabel Darlene Schwend. Her e-mail address is mabel.schewend@mt.nacdn.net. Thank you for your time. (Date Range for Record Search: From 01/01/2014 To 06/14/2014)
Granted/Denied in Part	Obtain copies of public records pertaining to the Rock Creek corridor (channel and flood plain) on the properties identified as 35 E. Rock Creek, Roberts, Carbon County, Montana ("Karina property") and 45 E. Carbon Avenue, Roberts, Carbon County, Montana ("Hornberger property").

Other Reasons - No Records	Phone request for records that was to be followed up by written request (not received as of 10/28/14). The requester would like any and all records regarding an easement for a pipeline that was installed in Lake County. Requester was unsure of the potential contract holder with NRCS but asked for information on a piece of property; Section 29 Township 21, Range 19. He asked for records we had that referred or showed the main pipeline for Paul Metzger or Dick Lindsey. He also wanted any records that described outlets from said mainline or any information in records regarding easement that were granted or communications regarding easement changes, etc.
Granted in Full	1) Operation and Maintenance Agreement for Structural Measures, August 13, 1973. 2) Operation and Maintenance Agreement for Three Mile Farm Irrigation Measure, July 1, 1982. 3) Operation and Maintenance Plan for Three Mile Farm Irrigation Measure, July 1983. 4) All documents relating to the Soil Conservation Service's financing of the Three Mile Farm Irrigation Measure. 5) All correspondence between the BRID Board of Commissioners and the National (Natural) Resource Conservation Service / Soil Conservation Service relating to the Three Mile Farm Irrigation Measure. 6) Any other documents relating to the Three Mile Farm Irrigation Measure. (Date Range for Record Search: From 08/13/1973 To 12/01/2015)
Granted in Full	Dear Ms. Higgs: Hello, my name is Velvet Rominger and I work for Dave Markette and Dustin Chouinard, attorneys here in Hamilton. We represent the Bitter Root Irrigation District (BRID) in the case of Citizens for Fair Water, Inc. v. BRID, Cause No. DV-15-382. At this time we are trying to gather any information pertaining to the establishment, operation and maintenance of the Three Mile Irrigation System, which was built over 30 years ago here in Ravalli Co. We are hoping the NRCS may have additional documents, aside from what we have already received from the BRID office, that I could review sometime next week. Can you help me with this matter or direct me to the person that can? I would really appreciate any help since we are under some time constraints. Thank you for your attention to this matter, and I hope to hear from you soon. Feel free to call me as well. Velvet Rominger Legal Assistant (406) 370-5221
Granted/Denied in Part	Three-part request: 1) Name of landowners or property description of private lands enrolled in Ten Mile/South Hills Project in 2015 and 2016. 2) Financial assistance awarded to each of those properties through this program, listed by landowner or individual property description. 3) Total acres involved in the program and amount of funding expended or contracted in this project area by year (2014, 2015, 2016). Other Reasons - No Records	the Department have any records regarding underground or aboveground storage tanks, storage / reporting of hazardous material and petroleum products, emergency response to spills of hazardous materials or petroleum products, records of any slumps, pits, oil/water separators, city environmental permits, and any city environmental inspections, violations, or complaints, for the following property located at 2101 Murray Street, Sioux City, IA 51111, Woodbury County Parcel # 884824101015.
Granted in Full	TNC has been tasked with helping to identify how best the MRCC can contribute and add value to the efforts already underway in the Middle Cedar and throughout the Midwest (NE, IA, IL). I am currently conducting some scoping work to help the MRCC inventory initial efforts and get feedback from local partners and stakeholders. As we discussed on the phone it would be great to compare practice adoption rates in areas with watershed based projects to others with no watershed projects. I would like to get data on practice implementation/adoption in the Counties of the Middle Cedar. Particularly I am interested in the field management practices of: Cover Crops (340), tillage (373 and 375), nutrient management (590) and Nutrient Management Plan (CNMP 102 and 104). I would like to know the number of acres enrolled and implemented and total federal cost-share in each county starting in 2011 for each practice. Summary data from EQIP and maybe CSP would be adequate. I would like data from the middle cedar watershed but I doubt data can be filtered by watersheds so data for the following counties would be adequate (Linn, Tama, Benton, Grundy, Black Hawk). If required please consider this my Freedom of Information Act request Any help you can offer would be greatly appreciated. (Date Range for Record Search: From 1/1/2011 To 4/5/2017)
Other Reasons - Request Withdrawn	Can you provide information on NRCS-SGI Sponsored Studies in Montana? I am looking for the grant information and any other information on these studies. (Date Range for Record Search: From 1/1/2010 To 4/4/2017)

Granted/Denied in Part	Hi heather, My daughter Diane Spoklie spoke to you today. I am needing a copy of a agreement I signed for Patrick Hackley to get CSP payments. I believe it is called a copy of the control and concurrence form and anything that pertains to it. I am being sued by Patrick for the amount of these payments. Is this a legal document saying that? I understood it was an agreement that I knew he was doing it. It was starting in 2014 I believe. He said it was for years 2014-2018 which I don't have a lease with his dad or him for 2017-2018. I hope you can help out. Please expedite this process due to impending court case. Thank you for your help. If you need anything else please let me know. Sincerely, William L Hackley
Granted/Denied in Part	Provide a list of all individuals in the State Of Iowa who are in the emergency wetland reserve program.
Denied in Full	I am requesting names of persons that have Incomplete Conservation Practices for fencing in Montana for the years from 2015 to 2017 and any that are forth coming. I thank you again for your time and efforts in helping me get things accomplished. (Date Range for Record Search: From 1/1/2015 To 6/6/2017)
Granted/Denied in Part	We are requesting the following information just for the property we own (I have attached the warranty deed for verification of our ownership): *EQIP application and contract along with details about spring development/fence installation from 1997-2012. Things like the engineered designs, maps, costs to install/payments associated with the work etc. (one lessee who had an EQIP contract lived in Blaine County Montana - so we are unsure of where all the information resides - may be in both Hill and Blaine Counties). *Name of who was considered the operator for our property during those same years (1997-2012) - essentially who had the authorization to enroll the property in the EQIP or other programs during those years (and it may be different for that time frame - we are not sure). *Any other programs or payments associated with the property during 1997 - 2012? This is not a very specific request - due to being absentee landowners and not living in the area during those years we have very little knowledge if there were any other program enrollments or payments associated with the property. (Date Range for Record Search: From 1/1/1997 To 12/31/2012)
Other Reasons - No Records	FOIA Referral from FSA Control Number: 30-079-2017-000002 for: Request includes 156 EZ, Field Maps, 578 Producer Reports and any an all CRP & CSP Contracts for Eric Albus and Jarred Albus of Albus Farms, LLC.

Other Reasons - Duplicate Request	<p>We would like copies and details on the following: *EQIP application and contract along with the details about spring development/fence installation from 1997-2012. *Operator information for our property during those same years (1997-2012) - who was considered the operator during that time. I would assume the lessee's had to complete the same form as we just did. *Any other programs or payments associated with the property during 1997-2012. I know there are some personal identifiable information that you are not able to sent (SS #'s birthdate etc.) - so if any of that information is on those documents are you able to just remove it and send the remaining information? You can just let me know and we can go from there. I may be out in the field for work this afternoon, but will reply as soon as I can with any questions you might have. I have cc'ed Elgin on this email so you can also contact him via email or phone. (Date Range for Record Search: From 1/1/1997 To 12/31/2012)</p>
Granted in Full	<p>On behalf of my husband Otis Stevens - St. Croix, Virgin Islands, I hereby request all records from his NRCS - St. Croix Virgin Islands file under the Freedom of Information Act. All records from NRCS St. Croix Virgin Islands office. My husband is a land leaser who applied for one of your programs. There should be his application and any other document pertaining to the program. Attached, please find Otis Stevens authorization for me to handle this matter.</p>
Granted/Denied in Part	<p>Any and all records; including but not limited to all contracts, agreements, grants, or any and all documentation related thereto regarding the River Partners' proposed Dos Rios Ranch Restoration Project to be constructed near the confluence of the San Joaquin River and Tuolumne River in Stanislaus County.</p>
Denied in Full	<p>Request for names of fire victims Sue, I would like to request a list of names of the ranches that have signed up for assistance to receive aid for fencing if possible. Thank you, Larry Feight</p>
Granted/Denied in Part	<p>Any and all producer farm data reports, field soil slope reports, eligible cropping rotations and/or conservation plan maps with corresponding owner and producer information for Christopher Tyree Tuck. (Date Range for Record Search: From 1/1/2012 To 9/1/2017)</p>

Granted/Denied in Part	<p>This is the official request for information from a jointly funded project that included EQIP. The project location was Cottonwood Creek near Wilsall, MT (Township 2N, Range 9E, Section 12 of Park County). The water user / project applicant was Bruce L Arthun, 1855 Highway 89 North, Wilsall MT 59086; (406) 686-4679. The NRCS office involved was the Livingston Service Center. Ron Hoagland was the local office contact. The purpose of the project was to replace the existing irrigation structure with a check board diversion, headgate, and fish ladder. Oasis Environmental did the design (TSP), and referenced a project number 504-001, Cottonwood Creek Diversion Structure. Our records show that \$5000 was paid to Bruce Arthun on 2/24/2009 to fulfill the Future Fisheries Improvement Program grant. Those funds were intended for the purchase and installation of the headgate and fish ladder. The correspondence indicated that the fish ladder would be installed after the stream became ice free. Monitoring in September 2017 showed that neither a headgate or fish ladder had been installed. On 9/14/2017, Bruce Arthun confirmed he neither purchased nor installed those items. As part of our investigation into the use of State Funds, I respectfully request documentation from NRCS regarding the EQIP project. If available, I am interested in information regarding project development, completion, payment, monitoring, and compliance. I request a fee waiver given that the investigation is in the best interest of the public as it involves the proper use of public funding, and it is not in any commercial interest of the requestor.</p>
Other Reasons - No Response from Requester	<p>I would a copy of all the times I have been audited, check up on or what ever by FSA and Soil Conservation. (Date Range for Record Search: From 1/1/2007 To 9/13/2017)</p>
Other Reasons - Request Withdrawn	<p>I apologize for the late response. I wanted to talk to my boss about this before proceeding with the FOIA request. I am looking for EQIP data for FY2016 or FY2017 if that's available. The data I'm interested in would include the total EQIP payments made to each county in Montana, as well as a detailed break down of how these payment were divided up in each county for different conservation practices (crop management, water quality management, etc.). Please let me know if I would be able to obtain such data. (Date Range for Record Search: From 10/1/2015 To 9/15/2017)</p>
Granted/Denied in Part	<p>Under the Freedom of Information Act, I am requesting an inventory of all NRC cost-share payouts to landowners within a fifteen-mile radius of the Plains Field Office for the past ten years. These payouts to included fuel-abatement / pine-beetle treatment / erosion control / fencing / knap-weed control / bird habitation (bird houses) etc. (all pay-outs). If you or your authority finds this request lacking in "language" or that you require I make my request more specific, please respond ASAP. (Date Range for Record Search: From 9/25/2007 To 9/25/2017)</p>

Other Reasons - Not Agency Record	<p>The Yooper Fire started July 20, 2017, and burned approximately 7,800 acres of pasture in Richland County. Jamie of the Sidney office suggested I contact you regarding the Yooper Fire or people getting assistance for emergency fencing and additional grazing. Our company, Farmers Mutual Fire Ins. Co., is working on the claim. There may be another insurance company involved, but what I am trying to do is get all of the losses, expenses, and compensations to determine the total amount of the claim. It is not known if the losses will exceed the policy limit. When we have all the information it will bring the claims settlement process closer to being determined for the company/ies and people involved. This is brief and if you have any questions, please reply or call. What I would like to know is the name and amount paid to the individuals involved, so payment isn't duplicated. (Date Range for Record Search: From 7/20/2017 To 11/1/2017)</p>
Granted in Full	<p>I am working on putting together an inventory of natural resources on the Blackfeet Reservation in order to provide that information to our ARMP Inter Disciplinary Team. I was hoping to get some total number from NRCS about different conservation projects that have been implemented in measurable units from the past and current projects. I understand there could be some issues with privacy laws but I would just be looking for total numbers and if at all possible for them to be divided by watershed with no personal info attached. Please let me know if this is possibly info to attain.</p>
Granted in Full	<p>All documents related to the Wetland Reserve Project for John Kopp in the vicinity of US Hwy 2 and the Spokane County/Pend Oreille County line, administered out of the NRCS Pend Oreille County Field Office.</p>
Granted in Full	<p>Two counties each divided out: 1) # of NRCS contracts within Glacier County for all producers and # of contracts with Blackfeet tribal members. 2) # of NRCS contracts within Pondera County for all producers and # of contracts with Blackfeet tribal members. • Amount spent annually by NRCS on these contracts in the area defined above. • Total # of acres improved through NRCS contracts in the area defined above. • Different programs funded in the area defined above vs. the state of MT • An Aggregate total of contracts in the past 5 years by year • Timeframe of 2007 to 2017 (Date Range for Record Search: From 1/1/2007 To 12/31/2017)</p>
Other Reasons - No Records	<p>I am writing to request FOIA information for my grandmother's estate with an address of 9201 Dublin Road in Walkersville, MD. 21793. Attached please find my letter of administration and pdf of the family farm. Please be advised that I seek all records and payment information from 2003-2018 for cover crop, etc. I need all financial information, reimbursements, etc., for this property because half is in the family trust fund and half is in her Estate. The relevant years are at least 2003-2017. (Date Range for Record Search: From 1/1/2003 To 1/29/2018)</p>

Other Reasons - Request Withdrawn	I'm requesting information regarding Blake and Nancy Smith, Chris Smith, Alan Smith and/or Smart MVP Holdings, LLC., PO Box 664 Beaver UT 84713 from the Beaver Utah USDA Service Center Office. Specifically, the "Last Chance" property located 3 miles east of Manderfield, Utah. I am requesting copies of contacts regarding federal funds for the juniper clearing (chaining), seeding (revegetation), grazing rest schedule, corral, fencing, culverts, road reroute and water developments on the property, especially any wells. This information is being FOIAed to be utilized by citizens of Beaver, Manderfield, and North Creek in response to a proposed commercial hog operation. I am specifically requesting contracts depicting cost reimbursements through EQUIP/WHIP or any other funds from NRCS/Farm Services used in the past 10 year ONLY for the Last Chance Property. (Date Range for Record Search: From 1/1/2008 To 1/30/2018)
Granted/Denied in Part	It is my understanding that certain government documents may be available without going through the formal FOIA request process. ( Electronic Freedom of Information Act Amendments of 1996 (E-FOIA).) In July of 2016 NRCS employees were asked to provide input on the High Tunnel Program through a survey questionnaire. The results of the survey have not been released to field office employees. I did not see it in the NRCS FOIA Reading Room. To maintain transparency within the organization and the public, I am requesting that a copy of the survey questionnaire and the results of the survey be made available...to the best of my recollection the survey was sent out by the Chief of the NRCS in the summer of 2016, I believe it was in July. (Date Range for Record Search: From 7/1/2016 To 7/31/2016)
Other Reasons - No Records	My name is Sanjeanette Harrell. I'm a former employee of NRCS who left the agency in October 2017. I am requesting a copy of my performance appraisal for the period ending 10/2017. I've contacted my former supervisor and team lead and haven't received a response for either.
Other Reasons - No Response from Requester	My name is Tom Clark with Montana Farmers Union. I was given your contact information from Jennifer Cole and I was wondering if you could get me the last 5 years of CSP in Montana info including acres and numbers of contracts. As well as the number of dollars associated with them. (Date Range for Record Search: From 1/1/2013 To 2/22/2018)

Other Reasons - Improper FOIA Request for Other Reason	Per the Freedom of Information Act, I request NRCS agency records or information related to the NRCS Supervisory District Conservationist position in the Helena Field Office, overseen by the Bozeman Area Office in Montana. The requested information includes answers to the following questions: 1) What GS level does this position require? 2) What is the official NRCS duty station for this position? 3) Does this position (or duty station) require regular travel and work outside Montana? 4) If so, what states and counties are included in the position's regular scope of work? 5) Is this a permanent full-time position or part-time, seasonal, temporary, or contracted position? 6) What is the normal work-week schedule for this position? 7) Is a full-time permanent employee in this position expected to satisfy Montana state residency requirements? 8) If not, under what circumstances are exceptions to Montana state residency requirements permitted for employees in this position? I believe this information is subject to public disclosure. If not, please let me know. Also, please let me know if I should send this request to the NRCS Montana State Office.
Granted in Full	Request for contact information of farmers enrolled in Conservation Stewardship Program in the state of Montana (Date Range for Record Search: From 01/01/2016 To 04/16/2018)
Other Reasons - Improper FOIA Request for Other Reason	Information related to a timber trespass, timber theft, and the sale of saw-logs harvested from private property the night of September 2, 2017. (Date Range for Record Search: From 9/2/2017 To 4/16/2018)
Granted in Full	My sister and I recently inherited our Mother, Ada Elliot's property located on 6540 Amsterdam Rd., Amsterdam, MT. I understand that we had a Low Line gravity pipeline project for our farmland that NRCS helped to fund in 2004 and 2005. I am interested to know the details of that pipeline project, Justin. I recently spoke with Carl Vandermelon of the Low Line Canal, and he recommended that I contact NRCS for the details. He told me the pipeline project was probably listed using the name Vandermolen-Vandyken. My mother's property was inherited from her brother, Ray Ecton. The property name was Ray Ecton Ranch. Is it possible that you can help me locate records for this project since the NRCS shared the costs with us? I am also hoping to learn how much the NRCS funded us, as well as when the project was started and finished? I would very much appreciate having your assistance in my learning these details surrounding the Lowline gravity pipeline project. (Date Range for Record Search: From 1/1/2004 To 12/31/2005)

<p>Other Reasons - Improper FOIA Request for Other Reason</p>	<p>I am conducting research on the location, design, construction, and maintenance of a ditch with water rights coming off a Cottonwood Creek located in Park County, Montana. It is my understanding that your Department administers the funding for state natural resource and conservancy organizations and related conservancy districts. I'm researching, the Park County conservancy district and how it receives federal funding. A source told me part of their funding comes through the "Farm Bill" is distributed to each state which in turn allocates funds to each of its conservancy districts. Is this correct? If not, please clarify how federal funds are distributed to the various state conservancy districts (CDs). Is there a uniform methodology nationwide? It is my understanding these funds provide only basic resources for the CDs. Is this correct? Is it possible you could clarify, the nature of the work scope that is paid for at the CD level? Could you provide any insights into the nature of the oversight process your Department utilizes? Is there an auditing process in place? Are there reports I could obtain through FOI requests?</p>
<p>Granted/Denied in Part</p>	<p>This is a request under the Freedom of Information Act (5 U.S.C. 552). I would like to request for an opportunity to inspect or obtain copies of all the FOIA requests your agency received last year. I am looking for a copy of the FOIA request received by all USDA agencies. (Date Range for Record Search: From 10/1/2016 To 9/29/2017)</p>
<p>Granted/Denied in Part</p>	<p>I'm writing to submit the following FOIA request: A copy of your log listing all FOIA requests submitted to the USDA and its offices from Jan. 1, 2017, through present. This log may be known internally by another name, but whatever nomenclature is used, I am seeking a copy of the record that would show when the request's original received date, the closed date (when the information was released), the identification or tracking number that your agency gave to the request, the name of the requestor and the affiliation of the requestor (employer or organization name), the description of the request (details on the specific information sought), which office the request was addressed/routed to, disposition of the request and exemptions applied. I am not at this time requesting copies of any released records. If possible, I would appreciate getting this information in the form of an Excel spreadsheet. (Date Range for Record Search: From 1/1/2017 To 4/30/2018)</p>

Granted/Denied in Part	Please also consider this as a public records request for all documentation related to this issue and a snapshot of applications filed by Monica Jones for this fiscal year. I am requesting overall numbers (contacted, filed, awarded along with numbers) and statistics (demographics including separation between recurring contracts vs. new requests approved) for the CHRP/CSPP program throughout Monica Jones' tenure and 3 years prior. I am also requesting the same information for the last two years for all neighboring counties (Marion, Putnam, Bradford, Union, Columbia, Gilchrist, and Levy). If Monica Jones serves those counties, then what I am looking for is the next region(s) out that is covered by another representative. (Date Range for Record Search: From 6/6/2010 To 5/2/2018)

Granted in Full	This is a request under the Freedom of Information Act. I request [that] a copy of the following documents: Any letters, e mails, or other communications concerning or related to the Avalanche Irrigation District or any plan to divert Canyon Ferry water for irrigation, including: The MT DNRC RRGL loan and grant application; Bureau of Reclamation contract and EA; Broadwater Conservation District sponsorship of the DNRC applications, mail or e mails or other conversations, phones calls, meetings, or other communications with any of the following: Montana Office of the USDA NRCS; Big Belt Watershed Coalition or members thereof; Rep. Kelly Flynn; Members or employees of the Broadwater Conservation District; Ms. Vicky Sullivan; any other person or organization concerning the Avalanche Irrigation District or Canyon Ferry water for irrigation. Date, times and locations of any public or non public meetings that you or any NRCS or BCD employees attended where the Avalanche Irrigation District or related matters were concerned or discussed. All other materials relating to the diversion and use of Bureau of Reclamation or local surface, creek or groundwater for irrigation in the area around the Avalanche Irrigation District, as proposed. Please let me know what charge there will be for this information and when I can expect to receive this information. Thank you for your consideration of this request. (Date Range for Record Search: From 2/1/2016 To 6/1/2018)

Granted in Full	I am requesting any documentation relating to agreements and/ or design information relative to the Richtmyer, Kirscher, and Bieber irrigation project. This project is located in T7NR2E Sections 10 & 11 and would have been installed in the early 1980. I purchased property that was owned by Kirscher and is serviced by this project.
Granted in Full	I am completing a report from the FOIA requests and what I need now for it to be complete is the data from 2007 to 2012 like you gave me for 2013 to 2017 for Montana. (Date Range for Record Search: From 1/1/2007 To 12/31/2012)
Other Reasons - Records sought are currently available at a USDA site.	Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I am making separate and independent requests for the names and email addresses for all employees of your department. If there are any fees for providing the requested information, please inform me before filling my request. In this regard, I request a waiver of all fees for this request since the disclosure of the information I seek is not primarily in my commercial interest and is likely to contribute significantly to public understanding of the operations or activities of the government, making the disclosure a matter of public interest. Should you deny my request, or any part of the request, please state in writing the basis for the denial, including the exact statutory citation authorizing the denial as required by s. 119.07(1)(d), F.S. Please contact me if you have any questions. Thank you
Granted in Full	Would you please provide data on SGI programs in Montana. Project description and dollars expended or committed to date since inception. I am a member of the MSGOT. (Date Range for Record Search: From 1/1/2010 To 10/3/2018)
Other Reasons - Request Withdrawn	Natural Resources Conservation Service 1400 Independence Avenue, S.W. RM 4242-S Washington, District of Columbia, 20250 United States October 8, 2018 Dear FOIA Requester Service Center Officer: This is a request under the Freedom of Information Act (5 U.S.C 552). I request that a copy of the following information be provided to me: Email addresses and obligation amounts of farmers currently enrolled in the Conservation Stewardship Program in the state of Montana. I am graduate student at the University of Montana and I am doing a study on the experiences of farmers enrolled in the Conservation Stewardship Program. I would be using the contact information to reach out to farmers, and for those who are willing, interview them about their experiences with the program. All contact information of the farmers would be kept confidential. In order to help you determine my status for the purpose of assessing fees, you should know that I am affiliated with an education institution, and this request is made for a scholarly study and not for commercial use. I also include a telephone number at which I can be contacted if necessary to discuss any aspect of my request. Sincerely, Mary Ellis MS Candidate, University of Montana 633 S. 5th St. E. Missoula, MT 59801 712-371-3540 Mary1.ellis@umontana.edu (Date Range for Record Search: From 01/01/2017 To 10/08/2018)

Granted/Denied in Part	Can you tell me if Ryhal Rowland, Big Horn city., has been paid for NRCS project. We have \$4365.00 owing for water well drilled 7/11/18 (Date Range for Record Search: From 7/11/2018 To 10/24/2018)
Granted/Denied in Part	Request for contact information of farmers enrolled in Conservation Stewardship Program in the state of Montana (Date Range for Record Search: From 01/01/2013 To 01/1/2016) (Date Range for Record Search: From 01/01/2013 To 01/01/2016)
Other Reasons - Fee-Related Reason	I am looking for what NRCS conservation practices have been funded in the Big Spring Creek 10-digit HUC (1004010307) and Cottonwood Creek watersheds between 2005 and 2018 that may have reduced nitrogen, phosphorus, or sediment. In addition to what specific practices, the amount of funding, and the units of measure, for example: acreage, linear feet, number of water gaps, off-stream water sources, etc. I was hoping to get this information to include in my "Big Spring Creek TMDL Implementation Evaluation", which I would like to get in draft form for review and comment in January. (Date Range for Record Search: From 1/1/2005 To 12/31/2018)
Granted/Denied in Part	Due to the Freedom of Information Act, I am requesting the following information concerning the Conservation Stewardship Program that my husband, Lyndon Plemmons, (from whom I am separated) and I, Ivadell Plemmons, are enrolled, with the contract being in Lynson's name. Information I am requesting is if payment on the contract has been made for 2018 and if so, the amount of payment. (Date Range for Record Search: From 1/1/2018 To 12/31/2018)
Granted/Denied in Part	Please consider this request for all documentation that the Chouteau Co. NRCS office has that supported the determination to terminate the CSP contract for me. Include the LTP-9 facts request for conservation contract termination. (Date Range for Record Search: From 10/1/2017 To 1/15/2019)
Other Reasons - No Records	I confirm my request for all documents on file relating or pertaining to properties I own in Madison and Beaverhead Counties from 2005 onward, specifically including those relating to Farm Units 30-57-1120 and 20-57-2323. I have included the legal descriptions of the properties below. Please include all U.S. Department of Agriculture and the Farm Services Agency records, including FSA, NRCS, and CCC program documents (including DCP and ACRE programs). Please include, without limiting the foregoing, all maps, acreage reports, correspondence, applications, contracts (including written and cash leases), and payment data. (Date Range for Record Search: From 1/1/2005 To 1/31/2019)
Granted in Full	Request for geospatial data on Cory Schieffer's property.
Other Reasons - No Records	Pursuant to the land on the letter, can you please let us know if any of the lands are enrolled into the CSP program, and if so, we need to know which ones and we were hoping we could get copies of the contracts.

<p>Granted in Full</p>	<p>The Goss Farm is located at 251 Harbor Rd. in Rye, NH. An easement in favor of the United States, and the Rockingham County Conservation District was granted on November 10, 2010 as recorded at Book 5164, Page 375 at the Rockingham County, NH Registry of Deeds ("RCRD"). A copy of the first page of the deed is attached. Immediately after the easement was recorded, the fee was transferred to the Town of Rye, Book 5164, page 401, RCRD. It is my understanding that approximately 50 percent of the \$1.3 million cost was paid by the Town and the other approximately 50 percent was paid by the United States through the Farm and Ranchland Protection Program. As a taxpayer in Rye, I have an interest in knowing the appraised value of this property.</p>

This document refers to a cattle fence that has been installed on property in North Hollow, Rochester, VT which is owned by Lewis, Susan, and my wife, Barbara and myself. Lewis had been using a portion of the property for two years. We attempted to stop construction of this fence. The position of it is cutting off a lot of the pasture that we intended to enhance to improve the land. The fence has been completed and paid for by the USDA. We will be asking the agency to remove sections of this fence to allow us to restore the use of the pasture as it was 50 years ago. Thank you for your attention. Sincerely, Marvin C. Harvey</p>

Other Reasons - Request Withdrawn	(1) Would you share with us general information about how EQIP's High Tunnels Initiative is going in Indiana? Specifically: • How many farms have participated in the high tunnels cost share (since the program began – was that in 2010? – ideally broken down by year) • The county distribution of these farms • The mean/median dollar amount EQIP has given per farm to help with HT purchases, maintenance, etc. (2) If we get this study off the ground (which may be contingent on funding from the state Department of Agriculture), then we will prepare to learn directly from farms that have participated in the EQIP HTI. We could like to reach out to these farms for data collection purposes only. We would follow research procedures overseen by IU and Purdue ethics review boards to maintain confidentiality of farms and any information they share. In order to learn from the farms, we will request your FOIA officer to share the following information: • Name of farm contact • Farm physical address Farm mailing address • Farm email address, as available

Granted/Denied in Part	As provided in the freedom of information act, I am requesting information regarding waterway, drainage, tile or any other projects in the area surrounding and or affecting my farm through the USDA. Specifically the projects in Clifty Township, Bartholomew Co, Indiana in the vicinity of County road 1125 E. These are to include the projects on the property of Jim and Cindy Cramer, and Jim and Jerilyn Brewer, both on 1125 E. Also include any other projects that involved co-operation and or cost share through your office, within 1/2 mile in any direction of my farm completed in the last 10 years. The information I am requesting should include a copy of the application, environmental compliance and improvements, engineering work and drawings, completion dates, contractor(s) involved, and cost share information, including all payments made. I also need the criteria used in project selection and information regarding the application process including the dates available to apply for these projects, and how this information is made available to landowners.
Granted/Denied in Part	Request for names and contact information on participants in the following programs? (327) Conservation Cover, (340) Cover crops, and (512) Forage & Biomass. Granted/Denied in Part	<p>Mr. McLoughlin, I am requesting information on an unannounced project that was conducted immediately North, upstream, and adjacent to my property. The project started on May 28, 2014 and I believe was finished in the October/November 2014 timeframe. I learned of the local NRCS involvement on November 13, 2017. Author of Application/Request for Project would be Jim and/or Tammy Gleber, Property Owners. Documentation made in coordination with John South P.E. CPESC Soil and Water Conservation District, Hamilton County. John South designed and managed the waterway project. Responsible Agency: NRCS, 801 W. Pearl St., Lebanon, IN, Angie Garrison, District Conservationist. I am requesting copies of the initial application/request, the apparent approval, the basis for the approval and the amount of funds expended on this project. If there is any logical reason for the execution of this project, I would greatly appreciate receiving that information. I do not need calculations, maps, and/or drawings of the project. I request a waiver of any fees for the FOIA information. I believe the cost of this information will be minimal and may be sent electronically. In addition, the project was physically extended onto my property altering my land to become part of this project. As such, surely now is the time to finally share information on this stealth/unannounced project. Sincerely, George Felter</p>

Other Reasons - Duplicate Request	<p>Dear Ms. Jones: I am requesting public record(s) under the Freedom of Information Act (FOIA). Specifically, the public records I am requesting, related to the IRMA-BRA 01 grant to Bradford County, FL for approximately \$2.5 million, are: 1. a copy of the completed NRCS-PDM-20 form to authorize the grant and 2. a copy of documents generated by or provided to your office as background information, including information that may have been used to prepare the NRCS-PDM-20 form or otherwise evaluate or authorize the grant. Our organization is a non-profit organization and the disclosure of the requested information is in the public interest because it is likely to contribute significantly to the public understanding of the operations and activities of the government. We will be sharing this information with our members, the public, and our elected, appointed and other officials. The disclosure of the requested information is not in the commercial interest of our organization or members, because we have no commercial interests. The request for these records is not on my behalf as an individual, but on behalf of our organization. Therefore, this FOIA request should qualify for a fee-waiver, based solely on a general public interest basis. Please notify me, using the email provided below, when these documents are available in your office for me to review and copy. I look forward to receiving your response, at my email address provided below.</p>

Granted in Full	Per our conversation this morning, would you please be able to provide me with any information on the amount(s) of NRCS benefits Mr. Marvin Warner has received to date?
Granted/Denied in Part	The list of roofed feeding pads that NRCS cost shared on in WV for the past 5 years. Need the county and the amount with no names. I called and left you a message on 4/24/2018 to seek clarification of your request. I called again on 5/3/2018 to seek clarification: As we discussed on the phone I can pull a report from Protracts for all programs for conservation practice standard 367 Roofs and Covers. This will include all rigid, semirigid, or flexible manufactured membrane, composite material, or roof structure placed over a waste management facility, agrichemical handling facility, or an on-farm secondary containment facility. I explained that after the first hour of work there would be a cost assessed, you said to stop at one hour. You updated your request to only provide the roofs and covers that have been planned or installed within the last 3 years. This will be for fiscal years 2018, 2017 and 2016. (Date Range for Record Search: From 10/1/2015 To 5/3/2018)
Other Reasons - No Records	Are there any "interior tract" fences listed as "Exclusion Fence, Mountain site" in anybody's 2014, 2015, 2016, 2017 EQIP contract located in the Philippi Field Office? (Date Range for Record Search: From 10/1/2013 To 9/30/2017)
Granted/Denied in Part	see attached letter (Date Range for Record Search: From 1/1/2010 To 2/21/2019)

Granted in Full	<p>As attorney for Defendants David Perkins and Martha Perkins, husband and wife; I am attaching copy of Warranty Easement Deed from Bell Living Trust to USA dated 6-29-98, recorded 6-30-98 at Book 450, page 318, Mississippi County, Mo. The Perkins acquired title to the same real estate by Warranty Deed in 2006 and their Deed and ownership was and remains subject to restrictions and covenants set out in the Wetland Reserve Easement. As requested, please obtain and provide copies of existing Plats or Maps to reflect the "Wetlands" and the "Uplands" the subject of this 1998 Warranty Easement Deed. The Peters family as Plaintiff's are in the process of getting Court Order to allow a surveyor on the Perkins real estate the subject of the Wetland Reserve Easement, to survey the location of a requested and proposed access road or roadway for ingress and egress by the Peters to other lands adjacent to the Perkins land but without access to state or public road. My clients are not in agreement to consent to the requested access road nor do they intend on granting "easement" for access across the Easement without express written approval by the USDA-NRCS. My clients believe any "easement" or "roadway" will violate the terms and conditions of Restrictions set out in the 1998 Warranty Easement Deed. Also, can you provide copy of any Surveys of the legal used in the Warranty Easement Deed. The purpose of requesting the Maps, Plats and Survey; and upon my supplying description and location of the "easement-roadway" requested by the Peters, is to confirm from your office any objections to same and a release of my clients, Mr. and Ms. Perkins, from any allegations of a violation of authorized use of the easement.</p>

Granted in Full	Request for application for enrollment in WRP.

Other Reasons - No Response from Requester	I would like to submit a Freedom of Information Act request for information on conservation easements, stewardships or any agreements on the land that are directed towards the improvement of habitat for Collier county, in South Florida...I would also like to include information about the efforts that private landowners have done on habitat protection/management (conservation easements or other conservation agreements). To better assess the influence of conservation easements, I would need information on the location, the date a contract started, the date it ended, what area encompassed, what type of resource is protecting, what type of management strategy has been applied, and what is the ultimate land use of the area under the agreement. Then, such information would be processed to obtain more general descriptors summarized in 25 square kilometer areas, such as the proportion of land under conservation easements (according to the active contracts each year), the predominant land use, and the management tools used. Only those variables would be incorporated in the analysis, and results would later be published on my thesis and a potential journal article. No details about conservation easements would not be published. (Date Range for Record Search: From 1/1/2006 To 12/31/2017)

Granted/Denied in Part	I would like to make a FOIA request to view please. My soon to be ex husband Forest Pae had received grants through the US Department of Agriculture back in 2013. I was unaware of this being taxable money. When I filed my taxes I was supposed to get a refund back of \$979.00. I called the IRS to see why I hadn't received this money and was told it was due to those grants, and my refund will continue to be held until paid off. Which there is about \$2,300.00 more remaining. I am not on these contracts.

Granted in Full	I compiled a list of items I am looking for an I hope they are specific enough to fulfill my request. Again, I want to reiterate I am not looking for information that would require sensitive/private information (landowner information) be identified, rather just generic statistics. The following items are those I am requesting for Mahoning and Trumbull Counties only: • # of producers who receive EQIP funds (dollar amounts received in Mahoning and Trumbull County via EQIP) • # of producers receiving funding for: o Cover Crops o grazing practices o High Tunnels o Manure management practices o Easements • # of producers enrolled in CSP o Practices employed by those producers enrolled in CSP I took your advice and looked at the NRCS Reading Room for the answers to my questions above, but was not successful. I placed a call into a Mr. Phillip Buchan , hi name and number was listed to call for assistance with the site. I have not received a call back yet. Please let me know if this request is adequate and if it provides you with enough information int what I am looking for. If not, please feel free to contact me at (234) 254-1520 or simply though this email. Thank you for your time an attention to my request.
Granted in Full	I'm working on a renewal proposal for a multistate regional project on crop diversification. The project, which includes Ohio, involves high tunnel production research. Granted/Denied in Part	<p>RE: Freedom of Information Act (FOIA) Request for the IRMA-BRA-01 grant to Bradford County, FL Dear Mr. Mixson: Thank you for taking my call about the NRCS IRMA-BRA-01 grant to Bradford County this morning and letting me know that I need to make a FOIA request for any of that information. Based on that, I am requesting public record(s) under the Freedom of Information Act (FOIA). Specifically, the public records I am requesting, related to the IRMA-BRA-01 grant to Bradford County, FL for approximately \$2.5 million, are listed as follows: 1. a copy of the completed NRCS-PDM-20 form to authorize the grant and 2. a copy of documents generated by or provided to your Administrative Area 2 Office as background information, including information that may have been used to prepare the NRCS-PDM-20 form or otherwise evaluate or authorize the grant. Our organization is a non-profit organization and the disclosure of the requested information is in the public interest because it is likely to contribute significantly to the public understanding of the operations and activities of the government. We will be sharing this information with our members, the public, and our elected, appointed and other officials. The disclosure of the requested information is not in the commercial interest of our organization or members, because we have no commercial interests. The request for these records is not on my behalf as an individual, but on behalf of our organization. Therefore, this FOIA request should qualify for a fee-waiver based solely on a general public-interest basis. Please notify me, using the email provided below, when these documents are available in your office for me to review and copy. I look forward to receiving your response, at my email address provided below. Carol Burton, President gatorburton@icloud.com (Date Range for Record Search: From 1/1/2018 To 6/25/2018)</p>
