Hi all,

You may have heard that a number of libraries are canceling all programs and a few have actually closed to the public. Those are generally in areas with confirmed cases of COVID-19 in their county or community. **There are NO confirmed cases of coronavirus in DuPage County.** We continue to follow the advice of the CDC, IDPH, DCHD, and work with our other local units of government on community response and information.

The Management Team is meeting at 10am to discuss the situation and plan for next steps.

I totally support all you are doing, including keeping the library open to our customers as long as it is safe to do so. .
Thank you!

Peace, Dave

FTR - my biggest concern at the moment is cleaning supplies. We are going through what little stock we have very quickly.

FYI - my biggest concern at the moment is a dwindling supply of hand sanitizer and disinfecting wipes.

Not sure there's much I can do, but if you think of something, I'll try. Village? County? GFS store? My church?
