To: All Staff <staff@dglibrary.org>

Hi All,

With COVID cases in our area continuing to rise, I wanted to send out a reminder to please contact me if you discover you've been in close contact with someone who has tested positive for COVID. This pertains to all staff, regardless of vaccination status. As a reminder, close contact is defined as being within six feet of an infected individual for at least 15 minutes, over a period of 24 hours.

If you learn that you have been exposed to COVID, please contact me as soon as you can and we will discuss the next steps to take, if any. If you have any questions or need further clarification, please do not hesitate to contact me!

It's been a very long 17 months (🙄) and I appreciate everyone's assistance and cooperation. Your diligence in notifying me when exposures arise has helped keep staff COVID issues to a minimum. Thank you, all!

Katelyn
