Hi, Everyone,

Today, the CDC released new guidelines that say masks are no longer recommended for people who have been fully vaccinated. Further, Governor Pritzker stated that he **will** revise his executive orders to coincide with the new CDC guidelines on mask wearing by fully vaccinated individuals.

Okay. We are still going to require masks until further notice and will be looking at the Governor's revised executive orders to inform our next steps. PR has updated our website and social media with this information.

Please proceed in the same exact manner: enforce proper mask-wearing in the building. The same rules still apply.

Thank you all so much.

Jen

FTR - the library's COVID Response plan includes mask-wearing and social distancing until Restore Illinois Phase 5, which the Governor has said will begin June 11 at the earliest.

If you haven't yet, I encourage you to get vaccinated asap (if you can). The Management Team will be discussing our reopening next steps at our meeting on Wednesday.

Presumably we can still wear masks if we wish?

I'm sorry. I meant when Restore Illinois Phase 5 hits and we update again. If we choose to take down the plexis, etc.
