Hi all,

Just a quick update on where we stand re: COVID-19 and the library's plans.

Assistant Director Jen Ryjewski has drafted a pandemic response plan that the management team is currently commenting on. We hope to get that out, at least in draft form, by Friday.

DGPL will follow the recommendations and orders of the DuPage County Health Department and local authorities such as the Village of Downers Grove. At this time, suspension/modification of some library services have begun, as several local senior facilities are no longer allowing outside visitors. No programs have been canceled.

Both ILA and ALA have compiled resources on informational webpages:

<https://www.ila.org/advocacy/coronavirus-resources><http://www.ala.org/tools/atoz/pandemic-preparedness>

The CDC's website remains the primary source for information about COVID-19:

<https://www.cdc.gov/coronavirus/2019-nCoV/index.html>

The main recommendations remain the same from the past few days:

- wash hands frequently
- avoid close contact in public areas
- cover your face when you cough or sneeze

Thank you all for practicing these recommendations. We are doing our best to stay up-to-date on information and incorporating the latest recommendations into our plan.

Thanks Julie. Would you say a talking point would be: **sanitize and wait**: We are continuing with our prescribed daily cleaning and waiting for a different instructions from the village/county/state?

Yes, that's a good way to put it.

Sharon H had a great way to phrase this to the public: **sanitize and wait**. We are continuing with our prescribed daily cleaning and waiting for a different instructions from the village/county/state
