Hi all

The Mask Making Team is sewing masks but we're having a supply shortage. As we wait for some supply orders to be delivered can you check your homes for any of the following items?

1/4" elastic
3/16" clothesline
paracord
unused 36" shoelaces

If you have any of these items, please email me (not an all staff response) and we can arrange for pickup or delivery.

Our goal is to have masks ready before the library reopens but the supply chain is slowing us down a bit. Any help from you would be greatly appreciated.

Thank you - stay safe - stay healthy -

This is all I have. The jar of string hasn't been opened in two years or longer. If you can use this let me know?

It is my understanding that once you take off your mask, (and not touching the outside) for break or lunch or end of shift or whatever, you can't put it back on. Needs to go directly into the wash, and you have to put on a fresh one. Correct me if I am wrong. So we probably need a lot.

Yes, Gail. We're planning on sewing between 400 - 500 masks so we can switch out dirty masks for clean ones during our shifts.

Since you asked, Regina. here's a picture. Finn looks much older than just 2 weeks. Everyone is healthy and happy. Like all newborns, Finn sleeps all day and is up during the night. They're working on fixing that!

Hi Cheryl,

Thank you for spearheading this large and vital mask project. Finn is so cute.

I am looking forward to answering your emails remotely as our library building is closed due to covid-19.

Cheryl and team,

I wish I had some of these things to offer, but sadly I don't.
Thank you everyone for doing this.

Take care,

Kathy

I'm so sorry! All I have in my apartment is a shrinking pile of yarn. No cloth or elastic, etc... And I'm actually bewildered to realize that none of my shoes have laces... Where was I when I purchased these things?
