See below.

A statement from the Edmonds School District:

The COVID-19 pandemic has impacted the Edmonds School District in many ways since this spring. We are heartbroken that we will not be teaching and learning in-person as we start the 2020-21 school year. Not only does this cause stress and unknowns for students and their families, it also creates other challenges to our entire school system, including our Transportation Department.

Because we will not be transporting students on our school buses until in-person learning takes place, and because of associated reductions in state transportation funding, the district is forced to implement bus driver lay-offs. Funding for transportation is based on student ridership. When ridership falls, funding falls. And unfortunately until we can transport students again, funding to pay drivers is not an option.

None of us wanted this to happen, and we know this will be a very challenging time for our dedicated bus drivers. The district notified our bus drivers of the lay-offs on Friday, Aug. 14, 2020. The district is committed to providing each of them with information and directing them to different

resources throughout this difficult time.

We are thankful for all of the bus drivers and their service to our students.

We anxiously look forward to the day, hopefully soon, when our drivers can hit the road once again.

Hi Janice,

I will stop in and visit you on the first day of school at CPM.

Your first order is coming in on the 10th from US foods and Franz (buns to make chicken burgers).

For the first day you have the supplies to do the following.

1. Strawberries in fridge are thawed please cup up in 8 oz clear bowl and re-freezer.
2. Have your team make protein packs as well. Each protein pack now includes 1 garbanzo bean or seeds, cheese cubes and 1 cracker now that we are back on the summer menu plan.

I talked to Natalie last week and she told me that the courthouse is using the commons this week. I told her there is a pop up pantry outside on Wednesday the 15th. She said she was going to talk to a lady about the about the pantry. Then later on she told me that the pantry has been changed to the 22nd.

The pantry is for this Wednesday, the 15th?

We ran into Harmony's family in the street today. Got me thinking about:

1. How much I haven't made an effort to get to know people outside of Capital Projects
2. How I don't know REALLY know any Moms or families from the distinct office
3. How much my kiddo misses socializing - she even mentioned that to us today. She's an only child so it may be a little different.

I've also been thinking about how 2020 can bring positive change to our lives. I know we have mentioned it previously, but I really would like to do a playdate/family potluck maybe once this is over. I hope you are all doing well. I miss seeing everyone, even though it's usually just in passing!

I'd love to hear how you and your families are really holding up!

Take care,
Laura

Thanks Connie and Dave,

Here are the three delivery locations if we order once a month as I discussed on the phone with Dave. The schools have staff from 6am until 4pm to receive deliveries Mon-Friday. These schools all have a full height loading dock and manual pallet jack to unload. Given our inventory on hand this is what we will need to take us to the last week of September. At least 10 days before then we will order for October.

Edmonds Woodway High - 2500 boxes
7600 212th St SW
Edmonds, WA 98026

Meadowdale Middle - 2500 boxes
6500 168th St SW
Lynnwood, 98037

Mountlake Terrace High - 2500 boxes
21801 44th Ave W
Mountlake Terrace Wa 98043

We will reach out before the end of September to place an October order.

Dee in our office can get a PO set up to pay our invoice.

Reach out with further questions. Sorry for my delay the week before school is a busy time.

Subject: Re: [External] RFQ Edmonds Food & Nutrition Dept Lynwood WA

Thanks Connie.

I currently use 12x12x6 inch boxes for our summer kits so we can stick with that size or go a little smaller. We are looking to buy about 3000 boxes a week or a big order to get us through 6 weeks whichever works best for your company and gives us the best pricing.

Depending on pricing I may be able to just get quotes or might need to set up a formal contract.

Thanks!

You are so patient and kind.

Sally got me the flyers today so those will be packed in boxes next week for distribution

to students. We have 2000 flyers.

I still need to finish going through the list provided but have time blocked out tomorrow.

I will update the team soon.

On Thu, Jul 23, 2020, 1:01 PM Annette Thornhill <thornhilla@edmonds.wednet.edu> wrote:

Hi Meagan!

I know how swamped you are so I will be brief.

I am just looking to get an update on things you have been working on since our last meeting regarding how we identify our families that need internet connectivity and strategies we may employ to do this.

In our last meeting, we discussed you working with Sally and trying to gather some NSLP data without breaching privacy issues. Were you and Sally able to work this out?

As well, you had talked about possibly creating a flyer or handout to be able to give out to our families during meal pickups. Have you had any time in your incredibly busy schedule to draft something?

Look forward to hearing from you.

Enjoy your day!

Annette

Megan,

I have increased the daily and single transaction limit to \$4000 for the month of July.

I assume the funding for these purchases is Federal, but correct me if I am wrong. If the funds for all your planned p card purchases is not Federal funds, then ignore the rest of this and let me know.

My concern is about the Federal threshold when you are buying large amounts with a p card. Are you getting and documenting quotes from other vendors for each of your purchases? That would be the best way if using a vendor not on a piggyback contract/cooperative.

We need to make sure that no one vendor is paid Federal in excess of \$10k in the fiscal year (for goods -- unless on a piggyback contract) unless we can show competition.

If we meet or go over the threshold with one vendor, you will need to get quotes from other vendors to show competition even if the amount is small if you want to award to that one vendor who's at or above the \$10K threshold.

Perhaps you are purchasing mostly from vendors on some form of piggybacking contract/cooperative?

Update: The shoe reimbursement is **\$40.00** this year!!

On Thu, Sep 24, 2020 at 12:41 PM Megan de Vries <devriesm691@edmonds.wednet.edu> wrote:

First off, thank you for being such an awesome team. Yesterday I heard from multiple families how grateful they were that our team was out serving meals even in the rain. I know it was miserable weather. I too was soaked after meal service. Thanks for your understanding of the last minute switch today even though I haven't seen much lightning. :-)

To make future rainy day service better, the managers, assistant managers and office team came up with a few improvements.

- Debbie ordered ponchos to distribute to the kitchens.
- Peggy is purchasing some tarps to keep the boxes dry.
- Jill is working with custodians to see about adding any sides to the pop up tents.
- A supervisor or manager will visit each of the meal sites in the near future to check in. If you need anything before please contact us.
- Remember you have a \$35 shoe stipend so if you need better work shoes please send in the receipt to Dee with a completed reimbursement form to be compensated.

My boss, Lydia and the superintendent both thanked me this week for the positive work that the food and nutrition department is doing to feed kids. They both have bragged about our department serving over 600,000 meals since COVID hit. Additionally, yesterday the Snohomish County council recognized all Snohomish County schools nutrition professionals for going above and beyond to meet the needs of students. Many of the council members were brought to tears as they expressed how important school meals were for their own families either growing up or today. I am VERY PROUD of this team.

Finally I want to share some schedule updates for the fall so you can plan accordingly.

1. **Veterans day** Wednesday the 11th meal service times and locations will be moved to Tuesday November 10th (this includes the evening shift). No one will work on the 11th. Regular meal distribution will take place on Thursday the 12th as planned.

2. Thanksgiving break -

- Tuesday November 24th we will serve our usual Thursday sites.
- Wednesday November 25th we will serve our usual Wednesday meal sites, except evening meal service which will happen on Tuesday instead.
- Food and Nutrition staff will be off the following Monday November 30th to have a long weekend

3. **Winter break** - To help families who need meals and give our food and nutrition team

the opportunity to work extra hours, we want to hear from those interested in working Tuesday and/or Wednesday of winter break (Dec 22,23,29 and 30th). This is not required work and would be extra pay. Please let your manager know or email Debbie by October 2nd so we can decide if we are able to open any meal service locations. We are working with the foundation to add some holiday goodies to our kits.

As always call me [425-760-6506](tel:425-760-6506) or email me if you need anything. Continue to stay safe.

I just added the residents of Cypress House that are ESD students to the Meal site roster for EWH. When a new child moves in they will call us if the child is an ESD student.

They would like home delivery- thanks-

RE: COLLEGE PLACE ELEMENTARY SCH; EDMONDS SCHOOL DISTRICT 15

Dear Megan deVries,

Congratulations! On behalf of GENYOUTH, Washington State Dairy Council and our partnership with the Albertsons Companies Foundation, we are pleased to inform you that your school's application for the COVID-19 Emergency School Nutrition Funding has been approved! Based on the tremendous demand for this emergency funding, your school has

been approved for \$3000.

In your application, you elected to receive your funding via Electronic Funds Transfer (EFT). In order to process your funding please supply the following information for the school bank account in which this funding will be electronically deposited:

1. The bank account number
2. The bank routing number
3. The name on the account

YOUR NAME
1234 Main Street
Anywhere, OH 00000

DATE _____ 123

PAY TO THE ORDER OF _____ \$ _____

_____ DOLLARS

0044072324 000123456789 123

ROUTING NUMBER ACCOUNT NUMBER

Please provide the above information within the next two days via this link where your information will be encrypted and securely stored:

<https://covid-19.genyouthnow.org/fundscovid19/ach/DFE1C464-B98E-4D60-B4BB-A2432D02BB74>

NOTE: Your funding will not be processed until this information is received. Once received, please allow four weeks for the funding to be deposited into your account. If we do not receive this banking information within two weeks, we will convert your payment to a check, which will be mailed to your school district.

If you submitted applications for multiple schools in your district, you will receive individual notices for each school that is approved for funding. Since applications are being reviewed on a rolling basis, schools are being notified if they are approved for funding; all other submitted applications remain in consideration.

We realize your school feeding program may have changed/ceased since you applied for this funding. You may use this funding to reimburse your school for expenses related to equipment and supplies needed for feeding your students during the pandemic. Or it may be applied to equipment and supplies needed for feeding your students this coming school year. Note that the funding may not be used to buy food—either as a reimbursement or this coming school year.

GENYOUTH would love to see how your funding is being used! Please post on social media and share images, showing us how you're using your equipment, and remember to include the hashtag #ForSchoolsSake.

We commend you and your staff for all that you are doing to provide nutritious meals for your students and community during this extreme time of need. Thank you!

Be safe!

Sincerely,

Funds Administration Office

Hi Megan,

I can provide the bank information on the link that they provided so they can start the EFT process.

Is this grant specifically for College Place Elementary? Should we use the same responsibility code we used for the Share Our Strength grant (7301), and just create a new grant code?

Thanks!

Megan,

The budget transfers have posted to set up all your summer grants.

I have attached a budget report for 7306 - Summer Meals for June. The revenue for "No Kid Hungry" was originally credited to 7301 - FNS Grants in program 9800. We will reclassify that revenue here as well. So while it's been received, you won't see that revenue reflected here until July closes.

This is the account code for the GENYOUth grant:
10 R 960 8900 25 2500 0000 7306 1917 1

Be Well,
Ashley

NOTE: Your funding will not be processed until this information is received. Once received, please allow four weeks for the funding to be deposited into your account. If we do not receive this banking information within two weeks, we will convert your payment to a check, which will be mailed to your school district.

If you submitted applications for multiple schools in your district, you will receive individual notices for each school that is approved for funding. Since applications are being reviewed on a rolling basis, schools are being notified if they are approved for funding; all other submitted applications remain in consideration.

We realize your school feeding program may have changed/ceased since you applied for this funding. You may use this funding to reimburse your school for expenses related to equipment and supplies needed for feeding your students during the pandemic. Or it may be applied to equipment and supplies needed for feeding your students this coming school year. Note that the funding may not be used to buy food—either as a reimbursement or this coming school year.

GENYOUth would love to see how your funding is being used! Please post on social media and share images, showing us how you're using your equipment, and remember to include the hashtag #ForSchoolsSake.

We commend you and your staff for all that you are doing to provide nutritious meals for your students and community during this extreme time of need. Thank you!

Be safe!

Sincerely,

Funds Administration Office

fundsadminoffice@mmseducation.com

GENYOUth has contracted with [MMS Education](#) to serve as the Funds Administration Office in administering the COVID-19 Emergency School Nutrition Funding grants.

Hey Megan!

I'm hoping not, I'm working on getting more people signed up. I am talking to someone from Premera about a team of 8 coming for one or two of the parties, plus some of our church partners have signed up.

We're seeing a decline in volunteer involvement at the moment so I will have to pull from more volunteer pools. I'll let you know by Monday who's available for next week.

Hello everyone!

Here is the pick up schedule for the volunteers doing deliveries:

Wednesday:

9am: Phil - Route 16
9:30am: Casey - Route 1
10:30am: Brent - Route 19
10:30am - Dave Z - Route 10
11:15am - Brandie - Route 3

Thursday:

9am: Keith - route 6
9:10am: Alec - Route 13
9:20am: Kristen - Route 15
9:30am: Nancy - Route 5
10am: Bonnie - Route 2
10:10am: Megan - Route 11
10:20am: Fran - Route 14
10:30am: Dave T - Route 9
10:40am: Sarah - Route 4
11am: Rebeca - Route 17
11:10am: Amy - Route 8
11:20am: Dick - Route 20
11:20am: Renee - Route 7

I'll be there at 9am on Thursday to hand off items to the volunteers.

I had a volunteer for route 18 but he has just let me know that he has been injured. I'm waiting to see if there is a replacement, if not, then Thame or myself will deliver the items.

Thanks so much!

Subject: Re: Delivery capacity for Fall
Date: Tuesday, August 18, 2020 9:28:12 AM

Morning Everyone!

A few questions:

Do we anticipate 400 out of the gate or will it be a gradual ramp-up?
What week do we anticipate starting home deliveries?
I know this is a silly question, but these are unduplicated numbers, right?
This is for weekly breakfast/lunch deliveries plus our weekend meals kits?
Were we expecting the numbers to drop at the beginning of school?

We are currently delivering to 312. We have capacity to do more. Please let Thame, Andrew and I to confer, and get back to you on capacity.

Warmly,

Deborah Brandi

Hello Nourishing Network team,

Sally and I are starting to plan how we create our list for fall home deliveries. I am wondering what the Nourishing Network capacity is for home deliveries? This summer the number was no more than 400 home deliveries. Who we add to the list will be limited if we need to keep the delivery list to 400 or less.

Will the Nourishing Network be able to do more deliveries this fall? Let us know your number.

Hello Administrators for EWH home delivery,

Another new procedure is popping up this week, recording employee temperatures!

Here is the sheet that we are using. This is VERY simple. Kathi and/or Janice from EWH kitchen will add a clipboard out at the loading dock with this sheet. If employees took their temperature already at home all they do is report their name and temperature for our records. For those who do not have access to a thermometer, disposable or non-contact thermometers will be available from the kitchen. Any employee with a temperature above 100.4 should not report to work.

Temperature log for employees during COVID-19

Sorry this is an ever changing situation but we are so grateful to our school nurses and the department of health for continuing to update us on better practices each week. If you have ideas on how to make this easier please reach out! We are trying to procure non-contact thermometers but those will take a couple weeks so right now we just have disposable.

Many thanks for all you are doing! Be well,

Hi Megan,

As of March 31st, there is a do not travel advisory from Wa DOH and the Department of State and a Global 4 health advisory not to travel. From the CDC note below:

For information about travel within the United States, visit [Coronavirus and Travel in the United States](#)

If you recently returned from travel within the United States

- Stay home for 14 days after returning, monitor your health, and practice [social distancing](#)
- Avoid contact with sick people
- Cover your mouth and nose with a tissue when coughing or sneezing
- [Wash your hands](#) often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer that contains at least 60% alcohol

Jill, Peggy, and Megan,

I've asked Gilbert to program the MTR gate on Peggy Halbakken and Patty Rudeen's key fobs.

Attached is a "Food Service Employee" reference sheet to logging into Key Fob Manager to review/accept the Access Control policy and to establish a 7-digit PIN. I'm suggesting they request the ESC as their location, so I get the email alerting me that they've signed in. I can activate a keyfob for those that need one, plus I will add the requested "exception" access to everyone you've listed below.

Please let me know if you have questions or suggestions on how to improve the reference sheet.

Peggy, I've added the building exception status to all of the employees on your list, including those that still need fobs. The exception process may need overnight to process, so their access should be functioning tomorrow, 9/3.

July Astengo- Cedar Way Elem. and Lynnwood Elem -- turns out she already accepted the policy & is listed as having a fob

Need Fobs - Will you send them the attached form, so they can log into Key Fob Manager? I can activate key fobs for them on Thurs, 9/3 and leave them in your area in mini manila envelopes for you to distribute once they've signed on to the Key Fob Manager. (I plan to be off on Friday, 9/4.)

Cindy Hestekind - Alderwood Middle

Jacqueline Lee - Alderwood Middle

Sheila Nonace - Martha Lake and Westgate (WG is listed as Sheila's work location, so no exception needed for WG)

Maria Octavia - Meadowdale Middle

Shanika Samarakoon - Lynnwood Elem

Shawna Sammons -ESC

Hi All -

Here is more info:

(1) After the applicant completes the document (called an envelope by DocuSign), an email will be sent to the person (I am assuming Dee Moran) who will review it and enter the information on the bottom of the application. For this test, they are coming to me. The applicant can download a PDF of the application they sent it. I attached the application that "Cynthia Anderson" just filled out.

- I did get an email around 6:10 pm tonight, but the form was blank. Megan - Did you open the link, then close it? I think we can change a setting so that Dee will not get an email whenever anyone opens the PowerForm

(2) Dee would then need to complete the bottom portion. Once she is done, another email will get sent to her. She can download and/or print the final document. I thought that a final copy would also be sent to the applicant, but that did not happen. With the paper forms, do you send back a copy of the form with the info on whether or not it was approved or denied? If so, you could print and mail back or email the PDF. If needed, I can look into why the completed document did not get sent to the applicant.

(3) We started with the 2017-18 form because that is what we found on the district website. I did notice that it has been updated. We can make PowerForms with those (English and Spanish). I think we can have the instructions that you see when you click on the link in Spanish (or other languages) depending on the PowerForm you use. I will work on the Spanish version to test this. Do we have PDFs of the application in other languages?

(4) As for public records requests, our 6235P Procedures for Electronic Signatures says that "Electronically signed records are subject to the same records retention schedules as non-electronic records. They must be retained for the required retention period." It doesn't mention public records requests, but my assumption is that they will be treated the same way as the paper forms. So, if the paper forms are not available for people to ask to see, then these PDFs will also not be available. Megan - I would suggest you check with Lydia and Manny to make sure.

(5) I did try completing the form on my mobile phone. It was not a good experience. It would take a bit of work to make a version of the form for small screens. At least all students have Chromebooks so their parents can use them to complete the applications.

That's it for now. I don't have meetings tomorrow, so I will see what I can do.

Cynthia

Right now I'm building my menu in a google doc; I haven't figured out the best way to put it into HMP. I'm focusing on the split A/B schedule, I already have a menu if the majority of the kids are onsite daily.

Some of the things I'm pondering at this moment:

How do I distribute the take home meals for days when students aren't on site?

How do I get meals to families that may choose to keep their kids home all the time?

Do I only offer one choice for take home meals or do I need to always have a vegetarian option?

How many options do I offer at a secondary level? I want to keep kids coming but don't want to have too many choices that slows down the line?

Subject: Fall orders must be in our system by July 2nd

To:

We need to have your orders in the system by July 2, 2020 to be able to have inventory for you to start school. If you do not have a plan, I would suggest that you start the school year with the products that you ended the school year with for the first month. That way, you will have time to produce a plan that will work under the new conditions.

It is very important that you enter your order by July 2nd. There are a lot of vendor shortages and we want to make sure that we can secure products.

Once you have entered your order, please let me or your account executive know.

Thank you,

Peggy, I've confirmed the "exception access" is set for all of the Food Service Staff at the bottom of your list, including Julie Martin's access to LH. As you mentioned, some were already set-up.

I've been working with Debbie Croutworst to get Shawna Sammons set-up with ESC access. Kayla Harris has accepted the policy (in the past sometime), so I can move forward with assigning her a key fob the next time I'm at the ESC (tomorrow or Thurs).

I'm waiting for the rest of the staff on the upper list below, to sign-on to review/accept the Access Control policy. It would be helpful if they have a printout of the attached reference sheet to refer to when they are trying to sign-in.

I met with Cynthia today and we were discussing a conversation I had with Megan DeVries in Food Service.

Beginning in September, Megan needs to have their POS terminal that is located on their food truck on the district network in order to be able to track all food/drink that is distributed.

Megan would like some technical assistance in determining what is the best option for Food Service to pursue.

I do have a document that she provided me of the buildings, dates, times and actual locations at each site that they will be locating the food truck.

I would like to discuss this at our next team meeting tomorrow as we will need to have a solution for her by September.

Thoughts?

Thanks for all

Annette

Good evening Megan,

Thank you for your response and stopping by at MTH.

Thank you for offering me the ability to check my daughter but, today was my last day at MTH. I was scheduled until June 26 but Barb told me my last day would be today.

Barb apologized to me how I felt about all of this. I really appreciated that. Barb also conveyed to the employee who goes home on her break time to check on her son who takes more than 15 minutes that she needs to report extra time at home to Barb and stay longer at work. However the coworker said I never check the time and I don't know what time I come back. That was her answer.

Have a nice summer.

Hiroe

On Tuesday, June 23, 2020, Megan de Vries <devriesm691@edmonds.wednet.edu> wrote:
Hi Hiroe,

First, I want to say thank you for bringing your concerns to us. It is our goal to be consistent in our communication and leadership of the department, it takes intentional efforts during regular school and I still fall short sometimes so I know this pandemic has definitely posed plenty of challenges without much time for Peggy, Jill and I to consult with each other.

May 4th was the last communication I had about you wanting to check on your daughter, Barb called to ask me if you could leave at 10am. I approved it because we are all trying to balance work and parenting responsibilities with kids out of school. I sent an email to Peggy who was going to talk to you about how you could shift your schedule to make time to check on your daughter. I am sorry if you have not been checking on your daughter as I thought you were and I am even more sorry we are finding out about it in the last week of our meal program. If you want to leave at 10am from MTH for the remainder of the week you may.

This answers question number 2. Selected employees do not get permission to leave. All employees can leave for their break if they choose. During this pandemic we have been trying to maintain flexibility while still getting the work done. Regarding other employees,

we know of a few who take a break to check on their child by phone or if needed in person sometimes that is on unpaid time. Are you sure this employee is taking paid time over their entitled 15 minute break? I will investigate what is happening.

Your other question is around kitchen safety. You are correct during the regular school program children cannot come to work with us. During this pandemic, we haven't allowed kids to work in the kitchen. In the middle of June is when we started allowing other staff and volunteers to assist in our meal preparations for summer. Up until this point we have even been strict keeping the bus drivers and paras out of the kitchen. Mieke did ask us if her daughter could come help pack boxes in the kitchen. I did approve this as we are currently allowing other outside groups to assist us getting ready for summer but I see how that comes across as unfair to the other parents in our department. I may have misunderstood her request if her daughter is doing more than summer preparations which would be 1 or 2 days this week. I will also follow up with her and Barb to clarify the tasks being completed.

Hiroe we value the work you have put into continuing to feed your Seaview students at Lynndale during this closure. Mountlake Terrace High needed more hands at the beginning of May and we appreciate you stepping into work there. I apologize that you feel like we have held you to a higher standard than your peers and reading your email I understand why you feel that way. I will plan to stop by Lynndale tomorrow to follow up with you on these concerns.

Talk to you soon,
Megan

On Mon, Jun 22, 2020 at 9:14 PM Hiroe Ball <ballh@edmonds.wednet.edu> wrote:

June 22, 2020

Hello Megan,

I have been working at Mountlake Terrace High School (MTHS) kitchen since May 4th. When I started working at MTHS, I asked Peggy if I could bring my daughter who is 11 years old to work to assure her wellness, but she said "NO". So, I requested permission for using my 15 minutes break to check on my daughter's wellness who is staying home alone just before starting my second shift at Lynndale Elementary School. However, I was again denied by you and Peggy. Barb explained to me that the 15- minute break requires you to stay at the job site to get paid. Consequently, I have not been taking my earned 15-minute breaks except going to the restroom for maybe 3 minutes while working 5.5 hours per day five days per week. However, a coworker of mine is going home to check on her son who is 11 years old on her break every single day. It

seems like whenever she wants to go check on her child she is allowed so and with pay. A lot of times, she is gone for way more than 15 minutes.

Today, June 22, 2020 another coworker brought her daughter who is about my daughter's age to work. Her daughter was in the kitchen working alongside us. This is a legitimate safety issue! Why is this tolerated?

My questions to you are as follows:

1. Do select employees have your permission to bring their child to work within the kitchen?
2. Do select employees have your permission to leave work on extended breaks to check on their child's welfare?

If so, why am I not allowed to check on my child's welfare?

I understand my coworker's being concerned about their child's welfare, but why am I singled out and not allowed to check on my child? I am disappointed with this unfairness. Others have to work extra hard while these employee's get a pass to either leave work on extended breaks or to bring their child into the kitchen.

I hope you can offer some insights to this injustice. Thank you for your assistance.

If we could wait to meet until next week then I'll have the May numbers as well. I can see now that we had a good deposit for the emergency food program in May.

Is it actually called Community Meals?

On Mon, Jun 8, 2020 at 2:23 PM Megan de Vries <devriesm691@edmonds.wednet.edu> wrote:

Thanks Ashley. I will look this over. Want to connect via Zoom this week? I have a few adjustments that will improve these numbers.

Be well,
Megan

On Sat, Jun 6, 2020 at 4:45 PM Ashley Crawford <crawforda@edmonds.wednet.edu> wrote:

Megan,

I updated the workbook for February, March and April. I also reviewed and touched up the formulas from the previous months.

Starting in March I added a Covid Supplies line in 42 food section. This also includes some supplies activity 44, but I thought it was good to keep it to one summary line. I can show this with more detail if you prefer or simply note the amounts in the usual food and supply categories, disregarding the 5090.

For April I added the 8900-6198 revenue that I'm calling "Emergency Food Program". At some point we may want to separate program 8900 revenues and expenses. For now I thought it was best to balance the department as a whole.

In April I also adjusted the forecasts for the rest of the year based on March and April numbers. The sheet does not include the Summer Food program in any way, so let me know what you think. We'll need a better way to identify program 8900 - I may setup a separate table at the bottom of the page.

Overall it looks better by month than I thought it might. If we incorporate estimates for the Summer Meals program the ending number will improve. I'll also get your grants on the report for May.

Hope you are having a good weekend!
Ashley

Good Afternoon Megan,

This is a very good question. In my experience, a district would normally require at least a driving abstract and a copy of the driver's license. I am not finding a requirement to that effect here, so I am working with Mr. Juzon in Risk Management to clarify requirements. We will let you know as soon as we have an answer.

Regards,

Ben

We can discuss both.

Home deliveries has a capacity of 400 with current staff and volunteers. We should discuss if it goes above this number FS staff being brought in to conduct home deliveries.

For total 5 day meal kits we are hoping to serve about 3000 students a week including the 400 home deliveries. This is a hard number to predict because school is not in session and it will only be free to qualifying students. I will send an invite for Wednesday which we can adjust if needed.

Hi Deb,

I can connect tomorrow from 12-1pm or next Wednesday morning from 8-12. Send me an invite that works for you.

Here are my questions for the foundation:

- August 26th & 27th there is not a bus driver available to delivery to the daily sites. I asked Deb if she wanted to coordinate pick up or if she would prefer I schedule an additional food service driver those two days. Please advise.
- Starting September 9th we hope to switch to our fall schedule. Since transportation is not available this fall to assist in delivery I am hoping the Foundation would be willing to coordinate volunteers to continue assisting in weekly meal deliveries to our students who cannot make it to a pick up location like your team has done this summer. Sally's family support team is willing to continue receiving and processing the delivery requests.
- At this time USDA does not plan to fully fund meals for all students. Each student will be processed at the rate they qualify (free, reduced or full pay). The reduced students need to pay \$2.00 per week. I have been told I cannot cover this with my funds so I am wondering if you or someone you have worked with before would

be willing to consider picking up that fee this fall? We have 1201 reduced students in grades 4-12 that would need to pay \$2.00 per week for their meals. I imagine only about 1/3 of these students would collect meals so we will need about \$800 a week to cover the cost of the reduced student co-pay. There is legislation to try to pick this fee up but I am not sure it will come through.

- Volunteers for packing parties. Are there no more volunteers? CPM has only had 2-4 volunteers the past few weeks even though we requested 10 and EWH also has had a small team. We are on the home stretch to make it to our last serving day of August 27th. Let me know if we are out of volunteers so I can try to recruit more.

I look forward to connecting with you soon! Have a great day!

- August 26th & 27th there is not a bus driver available to delivery to the daily sites. I asked Deb if she wanted to coordinate pick up or if she would prefer I schedule an additional food service driver those two days. Please advise.
- Starting September 9th we hope to switch to our fall schedule. Since transportation is not available this fall to assist in delivery I am hoping the Foundation would be willing to coordinate volunteers to continue assisting in weekly meal deliveries to our students who cannot make it to a pick up location like your team has done this summer. Sally's family support team is willing to continue receiving and processing the delivery requests.
- At this time USDA does not plan to fully fund meals for all students. Each student will be processed at the rate they qualify (free, reduced or full pay). The reduced students need to pay \$2.00 per week. I have been told I cannot cover this with my funds so I am wondering if you or someone you have worked with before would be willing to consider picking up that fee this fall? We have 1201 reduced students in grades 4-12 that would need to pay \$2.00 per week for their meals. I imagine only about 1/3 of these students would collect meals so we will need about \$800 a week to cover the cost of the reduced student co-pay. There is legislation to try to pick this fee up but I am not sure it will come through.
- Volunteers for packing parties. Are there no more volunteers? CPM has only had 2-4 volunteers the past few weeks even though we requested 10 and EWH also has had a small team. We are on the home stretch to make it to our last serving day of August 27th. Let me know if we are out of volunteers so I can try to recruit more.

I look forward to connecting with you soon! Have a great day!

Megan,

Thanks for the quick response.

Here are the next steps:

1. OPSI CNS contacts iGrants to activate your 2019-20 NSLP EAG application.
2. We issue preliminary award approval.
3. iGrants uploads \$8,058 into budget calculator.
4. You enter your iGrants budget for \$8,058 for the two milk coolers.
5. OSPI CNS reviews and approves the application and budget.
6. We send you final award notification.

Let me know if you have any questions.

Thank you.

Hi Chris,

Sorry if I wasn't clear on the call but three days is probably going to be a stretch for our fs driver team and warehouse only has one driver who is not on leave. I was not in support of 5 days of mail runs. If I understand you correctly your team doesn't feel that if teachers know mail is only three days a week that they could plan accordingly? In the past the district has not paid for mail unless it was to a site not receiving food deliveries. Does business services want to budget for additional mail runs? I was thinking we would want to par our mail runs down to the workers we are already required to pay?

Give me a call if you want to chat more. Sorry I am coming across as a dream crusher.

On Thu, Aug 13, 2020 at 3:31 PM Chris Cullison <cullisonc@edmonds.wednet.edu> wrote:

I got some feedback from my team, and it seems like we would be best off doing 5 days a week for the start of the school year.

If we are sending out curricular packets to students, Tina made a good point by saying:

- Under 3 day a week I/O mail, teachers may prepare packets Monday (after their school's pickup), then they wouldn't be picked up until Wednesday, then depending on volume in the mail room, they may not go out until Thursday / Friday.

I say we start the year with Monday - Friday, then re-evaluate later in the fall if the

volume starts to drop off.

Let me know what you think!

Thanks,

Date: Friday, August 28, 2020 1:15:25 PM

I copied Megan's comment for the DLT, and we're letting people know that interoffice mail will run 4 days per week starting on the 9th. Should we say that this will be performed by warehouse staff instead of FS staff?

Do we have a schedule that I should include in the message or is that published elsewhere?

Yes, I do anticipate money bags. I assume food service collections will be coming to the ESC this way, and buildings may be receiving checks in the mail. I agree, with remote learning, I am not sure what else cash wise would be coming in. I will check with my team that has been counting cash to see what they are receiving.

Bob - I will work on getting you and your team instructions for transferring possession of the money bags.

On Fri, Aug 28, 2020 at 1:06 PM Megan de Vries <devriesm691@edmonds.wednet.edu> wrote:

Sorry.. I am not following. As long as Chris knows what to expect he is putting the mail blurb in the DLT.

Chris - will there be some money coming in so they need to pick that up but it won't be much since students are not at school.

Warehouse is going to take over the red bin inter district mail delivery starting the first day of school Sept 9th.

It has been a while since the warehouse crew operated the mail run . Are their cash bags involved ? If yes, can you review the process. If yes ,with no on site in person education, no music ,no athletics and no community usage where would cash be coming from?

Hi Megan, Jill, & Kathi,

I just want to take a moment to introduce you to my replacement as Nourishing Network Manager, Andrew Brokaw.

Over the next few weeks, I'll be transitioning into the part time communications role with the Foundation I've previously mentioned and Andrew will be taking up duties as NN Manager. We're currently in the training process but come September, volunteer inquiries and other NN business can be directed to Andrew. Please feel free to copy me on any correspondence during September as I help Andrew get to know our volunteers and how everything works.

If you have any questions, please let me know. I'm confident Andrew is going to do a

great job and I look forward to everyone getting to know each other!

Kind regards,

Hey Megan,

While you are in your meeting could you please ask all the managers if they have any inventories that would reflect the end of year balances in their kitchens. I realize that for EWHS we won't have anything close to 6/30/20, but the others should have something. If we do not have any current inventories we should do one prior to the start date of September 9.

Also, ask them to send me a copy of their first FSA order for the new school year as soon as that order is placed.

Thank you!

Subject: Re: June Spreadsheet
Date: Wednesday, July 29, 2020 12:42:25 PM
Attachments: [2019-20 FS Monthly.xlsx](#)

I've updated the spreadsheet with those revenues and expenses. July and August claims are both noted in August, since we will accrue back any receipt in September.

Do you have a figure for ending meal account balances? I was thinking families may have withdrawn or spent down their balances. I've removed both deferred revenue and accounts receivable from the year end section of revenue. The other option is to project deferred revenue equal to the start of the year so that it's a wash for now.

I also realized that I forgot to add all your new grants in the revenue section. I added the budgets and projected to claim them in August, as well as projecting the expenses.

This looks much better! Let me know if you see anything else that needs updating.
Ashley

On Wed, Jul 29, 2020 at 11:46 AM Megan de Vries <devriesm691@edmonds.wednet.edu> wrote:

Ashley,

Thanks for sharing this in advance of our meeting.

For revenue:

The June claim will be paid in July - it is \$427,231

July Claim is going to be about \$650,000

August Claim should be about \$600,000

We are serving about 28,000 meals a week this summer so we should be recovering some revenue to hopefully end in the black. Fingers crossed.

We also will have grocery expenses this summer similar to June for July and August that will draw down that revenue a little more.

Thank you for your time on this. "see you" this afternoon.

On Wed, Jul 29, 2020 at 11:28 AM Ashley Crawford <crawforda@edmonds.wednet.edu> wrote:

Megan,

I updated the spreadsheet to include 8900 revenue and expenses. I debated about incorporating it or having 8900 separate.

I opted to combine it with the existing spreadsheet and balance the programs below. We can expand on this or do it differently after you review it.

I went back and added the expenses from April and May for 8900. I didn't go back to the prior month sheets and revise though, I think we'll just take it moving forward.

Let me know if we have some expected revenue that I can add to the projections. We can also adjust the expense projections to see the end of the year balance.

Best,
Ashley

Hi Megan -

Two questions:

Do you need any support from me or school staff for the Wednesday meal distributions at Cedar Way?

My guess is that we still want families reregistering for Free/Reduced Meals. I can send links out to the page that has the applications but is there any way for families to submit this electronically? Hard copy submissions will greatly reduce the number of returns. Maybe there are plans in the works that I missed?

Thanks!
Chris

For sure as Beverly is literally just a block down the street. I just tossed out Meadowdale apartments since you specifically asked for complexes. I would think Beverly would be best as that way it is on school district property. Thanks so much for asking for input!

Hello Megan,

I am not sure of the apartment complex name, but it served by Bus 63, transportation should have the specific info. Over 1/2 the students on the bus get off at this stop and live in the apartment complex. I hope this is enough information. Cedar Valley students also live in this complex.

Brian
