**Attachments:** [6-17 School Meals and Summer Programs Update Webinar - Slides.pdf](#)

---

Good Afternoon,

Thank you for signing up to attend the 6/17 COVID Update Webinar for School Meals and SFSP Sponsors. Whether you were able to attend live, or were unable to make it this past week, we want to ensure that you receive this important information.

### Presentation Materials

[You can watch the weekly call by using this link.](#) **NOTE:** You will have to register to watch the recording. Additionally, a copy of the slides from this week's presentation is attached to this email.

### ADDITIONAL INFORMATION

- [The P-EBT Communication Toolkit](#) is live. Schools play a key role in helping distribute this information to families. The resources in this toolkit will help you relay vital information about this program to families most affected by the coronavirus
- If you have changes to your SFSP or Seamless Summer Option (SSO) Meal Distribution Plan after you submit your Electronic Application Checklist, please submit these adjustments using the [Meal Distribution Plan & Waiver Updates Survey](#).
- Want to order SFSP Banners to promote your site? [Please submit your request here.](#)

**IMPORTANT NOTE:** We cannot deliver to PO Boxes and someone must be available for delivery, please keep this in mind when submitting your request.

- [Reopening Washington Schools 2020-21 Workgroup](#)
- **Annual Training is coming in August!** Now is the time to register before school is out. During this webinar, we will review the updates from this past year, things to expect for next year, Food Distribution updates, and more!

[Register Here](#)

**Date:** Tuesday, August 4, 2020

**Time:** 1 - 3 pm PT

If you have additional questions, please contact your program specialist, they will be the best person to assist you.

Thank you for all you do to serve the children of our state!

**Subject:** Benefit Eligible Employees Can Change Some SEBB Benefits in July  
**Date:** Wednesday, July 1, 2020 7:04:00 PM

---

## Change some of your SEBB benefits — this month only

The SEBB Program knows the COVID-19 pandemic may have changed your health care needs. That's why they are offering you a limited open enrollment to make some changes to your SEBB benefits. (Normally, you would need to have a life event, like a birth or marriage, to make these changes midyear.)

From July 1 through July 31, subscribers can make the changes below:

- Add an eligible dependent to your SEBB medical coverage.
- Enroll in medical coverage if you are currently enrolled only in dental and vision coverage.
- Raise or lower your 2020 Medical Flexible Spending Arrangement (FSA) or Dependent Care Assistance Program (DCAP) election amounts.
- Enroll in a Medical FSA or DCAP for the rest of the calendar year (if you're eligible for these benefits).

Any changes you make are effective on August 1, 2020. To learn more about this opportunity, including how to make these changes, visit the SEBB Program's [limited open enrollment webpage](#).

\*\*\*FACE SHIELDS\*\*\*

Hello,

My name is Justin Taylor from Genstar Technologies and we are a medical manufacturer in Chino California. Attached is our brochure for our Face Shields for the Covid 19 crisis.

Your cost is **only \$1.55 each** for any order over 1,000 and we currently have about 150,000 in stock and ready to ship from Chino, California.

(\$2.25 for Qty 100-500, \$1.95 for Qty of 500-1000). *Please contact me with questions or orders inquiries.*

*If you are not the person I should contact, I am sorry for taking your time, can you please forward to the correct person. Thank you.*

## Face Shield

## Simple and Easy to Use

## Features &amp; Benefits

- Protection against potential contamination from blood pathogen, body fluids or harmful chemical splashes
- Transparent face shield
- 180 degree full protection & Isolation
- Sterile forehead sponge, keep 3.5m distance from the head
- Elastic strap suitable for ascending the face shield on and off
- Can be worn with or without goggles for a convenient work experience
- Clear polycarbonate film with high heat resistance for superior use
- Resistant to fogging
- Thickness 0.18 mm
- Manufactured using the high-quality PET membrane, highly transparent, double-sided anti-scratch, ultra strong acid and alkali resistance
- Wear securely and reliable while bending
- The protective area is large and effective. The protective range can reach the entire face because of its economical and cost-effective features, it is well regarded by the majority of users

## Specifications

- **Product** - Face Shield
- **Features** - Anti-fog, dust-proof, anti-splash
- **Size** - 32 x 22 x 0.025 cm
- **Weight** - (39 ± 2) g
- **Material** - PET
- **Shading Effect** - Fully transparent
- **Ctn Size** - 70 x 36 x 42 cm
- **Ctn Quantity** - 200 pcs/ ctn
- **Ctn Gross Weight** - (8.7±0.5) kg
- **Certificate** - ROHS EN149 / CE EN166

Hope you all have a great week!!

## ***“Thriving with passion for what we do..”***

*Chef Wes gives us an inside look at how Lexington District I serves thousands of South Carolina students during COVID 19.*

As summer approaches, we look to our neighbors just 200 miles south of Brookwood HQ in a town just outside of the South Carolina capitol. We find ourselves in Lexington SC, School District 1.

The district currently has 31 schools and has been serving a little over 40,000 meals weekly since COVID 19 hit the area.

Since March, the ADP of the district is at 48%. “Every day seems to be a new challenge with COVID 19. Communication with our distributors, brokers, and manufacturers on a weekly if not daily basis has been a huge help to keep food coming in as we experience supply chain shortages. Attending focus groups and participating in social media groups of different districts across the country working together to not only plan what the future may look like and how to reopen schools, learn tips, tricks, and ideas that are successful for others is successful for all” said Wes Wilson, Chef of Lexington 1.

Chef Wes has been with the district since 2011 and is the Executive Chef Supervisor. When asked what's for lunch these days ... “Right now, our biggest focus is trying to make use of what we have on hand. We have created a menu of 6 different “tv” style dinners utilizing ovenable packaging that perform very nicely in the home. Some of these items are BWF BBQ pork over rice with veggies, Pollo fundido over rice, Herb roasted chicken with mac and cheese and veggies amongst other items.”

“We are always working on new things. With the uncertainty of how school year 20-21 will open our current plan is to focus on student favorites that will also offer some comfort.”

BBQ Pork Over Rice with Veggies

*The district continues to serve thousands of students on a weekly basis while staying true to their main focus, "Always remember it's not about me, it's not about you, but it's about providing the highest quality meals for our customers to enjoy and giving the best experience we can."*

*During the pandemic Lexington One is offering Brookwood Farms in three different applications. A BBQ sandwich, sweet mesquite BBQ sliders, and Carolina vinegar pulled pork over rice. All of these are being served with either fresh fruits and vegetables that are available through DOD produce, or commodity fruits and vegetables.*

USDA News Release

**USDA Extends Free Meals for Kids Through December  
31, 2020**

*Summer meal programs can continue operating as funding allows*

**(Washington, DC, August 31, 2020)** – Today, U.S. Secretary of Agriculture Sonny Perdue announced the U.S. Department of Agriculture (USDA) will extend several flexibilities through as late as December 31, 2020. The flexibilities allow summer meal program operators to continue serving free meals to all children into the fall months. This unprecedented move will help ensure – no matter what the situation is on-the-ground – children have access to nutritious food as the country recovers from the COVID-19 pandemic. USDA has been and continues to be committed to using the Congressionally appropriated funding that has been made available.

“As our nation reopens and people return to work, it remains critical our children continue to receive safe, healthy, and nutritious food. During the COVID-19 pandemic, USDA has provided an unprecedented amount of flexibilities to help schools feed kids through the school meal programs, and today, we are also extending summer meal program flexibilities for as long as we can, legally and financially,” said Secretary Perdue. “We appreciate the incredible efforts by our school foodservice professionals year in and year out, but this year we have an unprecedented situation. This extension of summer program authority will employ summer program sponsors to ensure meals are reaching all children – whether they are learning in the classroom or virtually – so they are fed and ready to learn, even in new and ever-changing learning environments.”

“School Nutrition Association greatly appreciates USDA addressing the critical challenges shared by our members serving students on the frontlines these first weeks of school. These waivers will allow school nutrition professionals to focus on nourishing hungry children for success, rather than scrambling to process paperwork and verify eligibility in the midst of a pandemic,” said School Nutrition Association (SNA) President Reggie Ross, SNS. “We look forward to continuing our dialogue with USDA to ensure school meal programs are equipped to meet the future needs of America’s students.”

“Today’s announcement brings a huge relief to our school meal program and the community we serve,” said Lindsay Aguilar, RD, SNS, Director of Food Services for Tucson Unified School District, AZ. “Many of our families who might not qualify for free meals are still going through a tough time and are worried about how to keep food on the table. Now their children will have one less thing to worry about as they adjust to evolving in-school and remote learning scenarios. These waivers also eliminate a massive administrative burden for our school nutrition staff, allowing them to focus on feeding children.”

“These waivers will ensure every hungry child in the city of Cleveland has access to healthy school meals, while eliminating the burdensome, time consuming process of verifying and documenting enrollment,” said Chris Burkhardt, SNS, Executive Director of School Nutrition for Cleveland Metropolitan School District, OH. “Our school nutrition team had to develop and implement a bar code verification system this fall that has greatly complicated and slowed service. With these waivers, we’ll be able to speed up meal distribution for the safety of staff and families and ensure no student is denied access to healthy meals.”

**Background:**

USDA’s Food and Nutrition Service (FNS) is extending a suite of nationwide waivers for the Summer Food Service Program (SFSP) and Seamless Summer Option (SSO) through the end of 2020, or until available funding runs out. This includes:

- Allowing SFSP and SSO meals to be served in all areas and at no cost;
- Permitting meals to be served outside of the typically-required group settings and meal times;
- Waiving meal pattern requirements as necessary; and
- Allowing parents and guardians to pick-up meals for their children.

Collectively, these flexibilities ensure meal options for children continue to be available so children can access meals under all circumstances. USDA is taking this unprecedented action to respond to the needs of its stakeholders, who have shared concerns about continuing to reach those in need without enlisting the help of traditional summer sites located throughout communities across the US. While there have been some well-meaning people asking USDA to fund this through the entire 2020-2021 school year, we are obligated to not spend more than is appropriated by Congress.

Importantly, the summer meal program waiver extensions announced today are based on current data estimations. Over the past six months, partners across the country have stood up nearly 80,000 sites, handing out meals at a higher reimbursement rate than the traditional school year program. USDA has continuously recalculated remaining appropriated funds to determine how far we may be able to provide waivers into the future, as Congress did not authorize enough funding for the entire 2020-2021 school year. Reporting activities are delayed due to States responding to the pandemic; however based upon the April data we currently have available, FNS projects that it could offer this extension, contingent on funding, for the remaining months of 2020. USDA will continue to actively monitor this rapidly evolving situation and continue to keep Congress informed of our current abilities and limitations.

Since the start of the public health emergency, FNS has been maximizing existing program services and flexibilities to ensure those in need have access to food through our 15 federal nutrition assistance programs. To date, USDA has provided more than 3,000 flexibilities across these programs. USDA has also leveraged new and innovative approaches to feeding kids, including a [public-private partnership](#) that provided nearly 40 million meals directly to the doorsteps of low-income rural children. For more information on FNS’ response to COVID-19, visit [fns.usda.gov/coronavirus](https://fns.usda.gov/coronavirus).

Hi Megan,

A parent reached out asking if it was possible to request dairy free lunches for her kids. I translated the email for you. BTW this is the same parent that had emailed several times in the past.

*Good morning Karla,  
Here to ask you please help me again.  
You know that we have been picking up the weekly food for the children and 90% of the food has cheese.  
My children have an intolerance to cheese so they cannot eat it. Could you help me get the 2 weekly boxes WITHOUT CHEESE?  
I pick up the 2 boxes every TUESDAY from 10 to 10:30 am at ALDERWOOD BOYS AND GIRLS CLUB.  
Thank you Karla, I appreciate your help and that of the district in supporting us with food for my children. Regards.  
Silvia Sanjuan206 790 3990*

Thank you!!!

Buen día Karla,

Aqui para pedirte de favor nuevamente me ayudes.

Sabes que hemos estado recuperando la comida semanal para los niños y el 90% de la comida

es con queso.

Mis hijos tienen intolerancia al queso por lo cual no lo pueden comer. Podrías ayudarme a que me preparen las 2 cajas semanales SIN QUESO?

Yo paso a recuperar las 2 cajas todos los MARTES en el horario de 10 a 10:30 am en ALDERWOOD BOYS AND GIRLS CLUB.

Mil gracias Karla, agradezco tu ayuda y la del distrito al apoyarnos con la alimentación para mis hijos. Saludos.

Hola Karla,

Buenos días! Me podrás ayudar nuevamente?

Sabes que de nuevo se están equivocando con nuestras comidas (2 niños) el miércoles nos

mandaron hamburguesas de pollo super picantes mis niños son de 2 años y 7 años y la verdad era excesivo el picante, no lo pudieron comer, el jueves nos mandaron unos panecitos rellenos de queso, siendo que habíamos solocitado COMIDA CON NADA DE QUESO. El viernes nuevamente nos mandaron hamburguesas con picante, ademas de comida eggs and.dairy free (desconosco el por qué, dado que NOSOTROS SOLO SOLICITAMOS COMIDA SIN NADA DE QUESOS)

Te podría pedir de favor nuevamente si les recuerdas que para nuestro domicilio es comida SIN NADA DE PICANTE Y SIN NADA DE QUESO Y QUE SÍ PODEMOS EGGS AND DAIRY (A EXCEPCIÓN DEL QUESO). No entiendo porque la confusión si es el mismo domicilio y no hemos hecho cambios. Pero bueno quiero pensar que los voluntarios a veces se confunden y por lo mismo me gustaría les hicieras llegar nuestro mensaje.

Una pregunta siguen surtiendo despensas? Si es el caso podrías anotarnos de nuevo?

Te lo agradezco,

Silvia Sanjuan

---

Good Morning,

I hope this email finds you all well after the weekend.

Due to our current family circumstances and the change in my food services schedule due to Covid-19 I feel the best option for our family is for me to terminate my employment at Edmonds School District. I understand the options for me to take leave at a reduced pay rate with the possibility of return is a tremendous option but we have also decided to homeschool our ailing child which requires me to be home with her throughout the school year. With this and the unknown amount of time it may take for her continued recovery I am not sure if I would be able to return at all this coming school year. I also feel this may reduce a certain amount of stress from our circumstances.

I would like to thank you for the opportunity to not only serve the district but all the Big Dogs of Beverly Elementary. I consider myself enriched by the opportunity and am sad that I have to leave. Thank you for your kindness and willingness to work with my family's circumstances this spring during the unknown of the Covid-19 season. I pray all the best for the district moving forward in the upcoming school year.

Please let me know when & where I can drop off my badge.

Thank You,  
Justin Westmoreland

**Subject:** MMS Food Service through June 26  
**Date:** Friday, June 5, 2020 7:51:51 PM  
**Attachments:** [image.png](#)

---

Happy Friday Everyone-

First - thank you so much for all of your time and effort providing food to our students and families over the past 3 months. It has been an amazing effort that is much appreciated throughout our community!

We will be providing food service through Friday, June 26. I know the last day of school for students is now June 19, and for staff it is June 22. Per the Covid MOU, classified staff have been asked to complete 10 hours of work between June 22 and August 31. Obviously - any time you spend at MMS assisting with food service will count toward these 10 hours.

Below is the schedule as I have it now. I am not sure if it is still accurate. Please let me know if you will not be able to help out from June 23-26, or if the schedule does not accurately reflect the current reality. Thanks again!

Role	Mondays	Tuesdays	Wednesdays	Thursdays	Fridays	
Bus #1 10:00-1:00	Jack Stavros	Jack Stavros	Jonathan H.	Jonathan H.	Siggi Jensen	
Bus #2 10:00-1:00	Karla Busch	Karla Busch	Sage Kendrick	Kellie Shanahan	Monica Cook	
Bus #2 10:00-1:00	Kellie Shanahan	Cyndi Hansen	shannan G.	Kim Blanchard	Cyndi Hansen	
School Distribution 9:30-11:00	Bonnie Galus	shannan G.	Bonnie Galus	Sage Kendrick	Bonnie Galus/Carolyn Landry	
School Distribution 9:30-11:00	Annette Porter	Annette Porter	Judy Burdin	Judy Burdin	Melissa Duits	
School Distribution 9:30-11:00	Jose Aguiniga	Backup can fill	Paula Perez	Backup can fill	Backup can fill	
Backup #1 - need one listed every day 9:30-10:00	Leon Johnson	Siggi Jensen	Melani Miller	Jack Stavros		
Backup #2			Monica Cook	Leon Johnson

**Subject:** Question about Sign Up to Feed Edmonds Kids  
**Date:** Friday, June 12, 2020 8:34:45 AM

---

Hi Megan - My name is Jill Perander and I am the SInC @ Seaview. I was wondering if it is possible to volunteer to do this? My Prof Tech contract ends 6/22, but I would be willing to fill in if needed.

On a side note regarding food service for this coming fall I was wondering if the chip system would stay in place? I tried to have the chip system discontinued at Seaview prior to COVID due to the germiness of chips (they were no longer chips, they were laminated paper) and Hiroe was encouraged to continue using the chips and received poker chips from someone in foodservice at the district. I believe she had to sanitize the chips daily. I'm just curious if this procedure will stay in place or if we will discontinue it. I have worked at other schools where they do not use a chip system. Thank you for whatever information you can share.

Please let me know if I can volunteer and I will sign up.

Warmly,

Hi Lambert,

As discussed on the phone,

1. The back color match is much better. Thank you. (Pic attached)
2. They did re- wrap around the lights and grill but it is still bubbled and split which is disappointing because the wrap won't last with these issues. I attached 3 pictures of the front for you to see.
3. The third issue we hoped would be fixed was bubbles around bolts. It looks like tried to flatten some bubbles above the serving line which has resulted in it looking worse no with tool marks and scratches. Also the bolts near the generator were not cut out our replaced so around that bolt the wrap is pulling up which started before the first estimator came out. Attached Pic. .

Call me back for further clarification. Thank you for your commitment to fixing this. Be well,

Megan

Hi Megan,

I was informed the truck was repaired.

Please confirm everything looks great.

Thanks

**Subject:** Re: Edmonds Truck Wrap

Hi Lambert,

As discussed on the phone,

1. The back color match is much better. Thank you. (Pic attached)
2. They did re- wrap around the lights and grill but it is still bubbled and split which is disappointing because the wrap won't last with these issues. I attached 3 pictures of the front for you to see.
3. The third issue we hoped would be fixed was bubbles around bolts. It looks like tried to flatten some bubbles above the serving line which has resulted in it looking worse no with tool marks and scratches. Also the bolts near the generator were not cut out our replaced so around that bolt the wrap is pulling up which started before the first estimator came out. Attached Pic. .

Call me back for further clarification. Thank you for your commitment to fixing this. Be well,

Megan

Hi Megan,

The facility would need the truck for 2 full days.

Please let me know which 2 days you can leave the truck with them between the days you mentioned that you have free below.

Once I have those dates, I can confirm 100% that those dates will work after I speak to them.

They would be removing / replacing the areas that need to be corrected.

Regarding the bubbles around the bolts, they will need to assess that once the truck is in their possession to determine the best course of action.

Thanks

Hi Megan,

We will be removing and re-wrapping the affected areas.

Regarding the bubbles around the screws, they will need to assess that in person.

Yes, we can drop off the truck on the 1st. Thank you for arranging.

Can you share what exactly they will be doing to fix the wrap issues? Is it having panels re-wrapped or how will they be fixing it so it lasts?

Thanks,

Hi Megan,

The facility would need the truck for 2 full days.

Please let me know which 2 days you can leave the truck with them between the days you mentioned that you have free below.

Once I have those dates, I can confirm 100% that those dates will work after I speak to them.

They would be removing / replacing the areas that need to be corrected.

Regarding the bubbles around the bolts, they will need to assess that once the truck is in their possession to determine the best course of action.

Thanks

How long will they need it to make repairs? Our last day of meal service is 8/27 then we start again on September 9th. Could it be fixed during that gap?

Thank you. Also what with the work entail?

Hi Megan,

I think you may have been typing fast when you sent this 😊😊 I am having a bit of a hard time putting it together, so correct me if I am wrong.

Feeder schools is something, that basically, we were doing incorrectly. The school site would need to qualify for CACFP. I don't believe census data or attendance area works for supper, but I will double check.

There would need to be an education or enrichment program.

- Sites offering non-congregate meals to children may be eligible, however, there still must be regularly scheduled enrichment or educational activities provided in a structured environment.
  - Offered activities may be through a regularly scheduled virtual skype call, a zoom group call, or by a phone call from staff.
    - This must be in addition to what is being required for "remote learning" and counting as school instruction/school work.
    - Activities must go above and beyond what is offered to the general student population and include contact with or outreach to the child.

For the non-school days, are these days that are not recognized as a school day by OSPI?

At risk supper:

<https://www.k12.wa.us/sites/default/files/public/childnutrition/programs/nslbp/pubdocs/At-RiskAfterschoolMealsNSLPReferenceSheet.pdf>

Area eligibility:

<https://www.k12.wa.us/sites/default/files/public/childnutrition/pubdocs/areaeligibilitycnsreferencesheet.pdf>

**To:** Kari Lund <Kari.Lund@k12.wa.us>  
**Subject:** [External]Afterschool Supper

Hi Kari,

In talking with LeAnne and Wendy I would like to consider adding At risk after school supper program this fall.

Here are the thoughts on where I could add that which I would like your approval:

- 1) Cedar Valley elementary will have enrichment/homework help for students in the afternoons (post official school day); This is
- 2) A secondary school to be determined where McKinney Vento students would be located to receive additional services and academic "catch up" help. In Everett, I think we were able to qualify a high school based on the free and reduced rate at the schools in the feeding pattern. My High Schools are all in that 35-40% range but have elementary's feeding into them with over 50% F&R.

Additionally, since our district is trying to do more wrap around services if we schedule programming on a non-school day I want to confirm after school supper may be eligible to be served at those occasions?

Thanks Kari,

**Megan de Vries, MS, RDN, SNS**

Hi Megan,

I believe it should count students that have access to meals. A students free/reduced application is only processed if they have access to school meals, if these students have access to school meals and their applications were processed, I think they should be eligible. Have any of these households reached out?

I have included the P-EBT inbox on here so they can correct me if I am off track 😊

Hi guys-

I also thought all these kids should be covered; a lot of these kids come to school for 1 - 2 classes and some do eat on those days when they are at school. Since I have had so many conflicting answers to P-EBT questions I wonder if there is one person who we can get definitive answers from on these questions. I do have the name and number of the Lead person at DSHS - Mario Paduano 425-223-2657 - I have left at least three messages and had no response - but maybe someone else wants to try?

Two Cents;  
Dee

Hi all-

Since we were talking about milk yesterday I thought I would share the spreadsheet I've been working on to figure out whether to stick with cartons or go with something different. After looking at this I'm leaning toward sticking with cartons, but we're doing two day a week pick up not one day pick up.

Ok, if Hannah discussed it with Megan and you all have it figured out, I will take your word for it ☺ It sounds to me like Edmonds Woodway should have been a site, but Hannah knows her stuff, so if all of this has already been discussed and decided I think we are good to go.

**Subject:** Re: [External]Re: July Claim

Hi Kari,

We are using Edmonds Woodway as a staging area where the boxes are assembled. I put all the home deliveries under College Place Middle on the claim. I can separate them back out if need be.

Thanks

dee

I did organize the daily papers, they should be in order.

The boxes did come last week. Thankfully Shagay and Patty were still there, because they had to restack them. I believe they didn't get done with work until almost 5pm.

I just sent an email about the week of August 3rd....I need 2 days off, sorry, it's a Wednesday and Thursday.

Kathi

Hey Jill and Kathi,

A few updates

1. I am NOT placing an order for CPM Monday from US food because the drivers were able to bring so much over to CPM already. I did place an order for the 3rd.
2. The walk in at EWH is full, sorry - you'll want someone to start on washing and re-bagging carrots right all day Monday.
3. I brought over a box of 2000 flyers to EWH that advertised the low cost internet with comcast. For this week's packing party can you put one sheet in each box?

4. For Wednesday's packing party - Do you need more boxes? Did the boxes from Office depot ever arrive? We also have 5000 coming from P&R paper. Or do we want to skip packing boxes this week and have the volunteers make protein packs, pizza boxes and bag up produce?
5. The disposable masks showed up to EWH so we can push out the instructions to our kitchen staff at CPM and EWH to start using disposable masks while preparing food in the kitchen.
6. Transportation thinks the food truck is all good to go so I will pick it up Monday around noon to bring over to EWH so we can load it. (fingers crossed)
7. Jill - Kathi and I didn't enter the counts from last Wed and Thursday on the spreadsheet so can you do that. Pretty please.
8. Attached is the staffing plan for this week. Toss the papers from Peggy. I can send you a list like this each week.
9. On the staffing for the 8/3 week can you confirm shannon is off? If Mieko is available have her work where ever shannon would have.
10. I scheduled the following packing parties. I asked the foundation to send volunteers.
11.
  - Meadowdale Middle School - 7/28 10am to 1pm packing produce (Cody, rebecca, cindy & Jackie)
  - Mountlake Terrace High - 7/30 8am - noon packing produce (Cody, Terra & jackie, we will keep sun.) I wrote a note for Sun that on Thursday's she does NOT need to come back to EWH after MTH.
  - CPM 8/11 & 8/18 from 8am to noon 10-12 people no kids. They will be packaging up 7 days of frozen entrees.
  - EWH - 8/12 and 8/19 8am- 12 packing boxes, produce and other shelf stable entrees

Cool, that is one on my new list of priority systems. That sounds great. I have some updates and questions. I was going to call you but e-mail will give you a chance to think. Sorry to unload on you guys.

-Are we still looking at taking MDM walk-in's offline for servicing?

-I have completed the MDHS walk-in's. The Freezer had multiple issues as I dug in. It is running great now. Almost every control/switch had failed. I still would like to replace/make new door sweep gaskets for it. I also ordered a back up fan motor for the roof top unit that serves both the walk-in frig. and freezer. It is in the Kitchen office on the top shelf.

-I received a work order from the Custodian at CPE for a milk cooler in his gym that was leaking. I cleaned the unit and it seems to be working fine. The unit is originally from MDHS (I think it was in the serving line near the cashiers). It does need new door gaskets. I wanted to ask if you guys wanted me to spend any money on it as it is 20+ years old. A new gasket set will cost \$200+. It's twin is still at MDHS and it's gaskets look fine (it was equally dirty).

I really appreciate you guys and I have been looking forward to taking over the North-West part of our District.

Thank you for your time and please do not hesitate to call me @ 425 328-6214 if you guys need anything.

Hi Jordan,

We have worked the CPM freezer hard this summer. It has had more than one work order. There is quite a bit of ice build up so I am hoping we could do a defrost. We can empty out the CPM freezer so it is easier to service August 26th to September 2nd. Let us know if that would work for you.

On Sept 3rd we have staff in the building so could move food over but if that doesn't work we could wait until September 9th to have the freezer back up.

Thank you for all your work behind the scenes! We appreciate you so much!

Good Morning All,  
MDM freezer is up and running strong. As I was leaving the delivery truck was arriving. I could not remember how the shelves were arranged. I offered to put them back but the Kitchen Staff said they would put them back (they are all in the freezer). We repaired/replaced a leaking component on the roof top unit, replaced some faulty controllers in the walk in unit, and put the system in a super vacuum. I also asked Patrick to repair some of the light fixtures (they were hanging). I am still going to replace some pipe insulation on the indoor and outdoor units. Getting the parts kinda slowed me down but it all worked out.

Ok, now on to CPM. What are your plans? Are we working on the one closer to the door? Then the other one? Let me know what you would like.

Also would you Guys please pass on my thank you to everyone involved in all of these projects. I know they are becoming inconvenient but, I am very hopeful that they will pay off later.

Thank you all,  
Jordan

Hello Megan,

Sorry to leave you hanging. It's been a wild week. Tim and I got the unit back together and running yesterday. It was at 20 when I left yesterday. I am off today (I need to use my personal day). Tim is going to check it today to make sure everything is cool. John the Custodian said he was going to check it and "e-mail Carol, my cook about it." I have tried to call him but no answer.

We replaced a bunch of failed components and repaired a leak on the rooftop unit.

I will check it first thing Monday morning and let you know what I find out.

Jordan

Cool, that is one on my new list of priority systems. That sounds great. I have some updates and questions. I was going to call you but e-mail will give you a chance to think. Sorry to unload on you guys.

-Are we still looking at taking MDM walk-in's offline for servicing?

-I have completed the MDHS walk-in's. The Freezer had multiple issues as I dug in. It is running great now. Almost every control/switch had failed. I still would like to replace/make new door sweep gaskets for it. I also ordered a back up fan motor for the roof top unit that serves both the walk-in frig. and freezer. It is in the Kitchen office on the top shelf.

-I received a work order from the Custodian at CPE for a milk cooler in his gym that was leaking. I cleaned the unit and it seems to be working fine. The unit is originally from MDHS (I think it was in the serving line near the cashiers). It does need new door gaskets. I wanted to ask if you guys wanted me to spend any money on it as it is 20+ years old. A new gasket set will cost \$200+. It's twin is still at MDHS and it's gaskets look fine (it was equally dirty).

I really appreciate you guys and I have been looking forward to taking over the North-West part of our District.

Thank you for your time and please do not hesitate to call me @ 425 328-6214 if you guys need anything.

Jordan

Cool, that is one on my new list of priority systems. That sounds great. I have some updates and questions. I was going to call you but e-mail will give you a chance to think. Sorry to unload on you guys.

-Are we still looking at taking MDM walk-in's offline for servicing?

-I have completed the MDHS walk-in's. The Freezer had multiple issues as I dug in. It is running great now. Almost every control/switch had failed. I still would like to replace/make new door sweep gaskets for it. I also ordered a back up fan motor for the roof top unit that serves both the walk-in frig. and freezer. It is in the Kitchen office on the top shelf.

-I received a work order from the Custodian at CPE for a milk cooler in his gym that was leaking. I cleaned the unit and it seems to be working fine. The unit is originally from MDHS (I think it was in the serving line near the cashiers). It does need new door gaskets. I wanted to ask if you guys wanted me to spend any money on it as it is 20+ years old. A new gasket set will cost \$200+. It's twin is still at MDHS and it's gaskets look fine (it was equally dirty).

I really appreciate you guys and I have been looking forward to taking over the North-West part of our District.

Thank you for your time and please do not hesitate to call me @ 425 328-6214 if you guys need anything.

Jordan

Hi Jordan,

We have worked the CPM freezer hard this summer. It has had more than one work order. There is quite a bit of ice build up so I am hoping we could do a defrost. We can empty out the CPM freezer so it is easier to service August 26th to September 2nd. Let us know if that would work for you.

On Sept 3rd we have staff in the building so could move food over but if that doesn't work we could wait until September 9th to have the freezer back up.

Thank you for all your work behind the scenes! We appreciate you so much!

Hello All,

That is really funny, I was just wrapping up my investigation of both freezers at CPM when I received your email. It's looking good so far. The smaller freezer had an issue with the drain pan not draining properly and is low on refrigerant. I have not found any leaks yet. The Bigger unit had a small leak that I have repaired and the defrost switches have failed. I will have the parts

tomorrow (under \$100 this time). Both units drain into one pipe and then go to the floor drain. That drain was plugged. I have cleared it. I hope to have them back online tomorrow. I will not have time to clean the insides of them. It has been crazy busy lately. All the ice is almost gone from the insides of the boxes. I hope this update helps>

Sincerely,  
Jordan

Kathi,

As we discussed on the phone here is what we need in DOD order for Tuesday.

1. Whatever daily produce you and Jill need. :-)
2. A couple cases of romaine salad mix so you can keep helping us use up salad dressing around the district. :-)
3. We will have about 1000 produce kits between MTH and MDM for Jill for next week. So you need to the following produce to all EWH to build 1000 more kits.
  1. Apples - 40 cases coming from MDH (don't order more apples)
  2. vegetable - whole cucumber or package of 1# carrots (35 cases = 1000+ servings) or radishes (2 bags per kit) ORDER A VEG
  3. Fruit - you pick if you want to include 3 pears or 3 oranges, a package of blueberries or stone fruit in the meal kits. ORDER A FRESH FRUIT

Jill - I have corn and fruit cocktails cupped up at CPM. If we want to use those up before September, I can add those to our entree kits which means we would have less Fresh to add? How do you want me to do that? Should I add fruit cocktail next week then corn the following week? Let me know. It will also last fine in the freezer if we want to keep it on hand for emergencies.

Hi All,

This is a final call to take a look at the demo model for UMC's small (foot pump version) of the hand washing station. They will pick it up early next week, so take a look at it today or tomorrow. It's located in the OHE gym.

Please pass the message along to anyone who might be interested.

FYI - we have not purchased any of these or the other viesion.

Regards,  
Laura

Hi Megan,

Yes, I believe your success coach Renelle Leinbach can help you with that. She has some great ideas of how this can work, and is a wonderful resource for you to get help with anything you need in Health-e Pro. I have included her in this email and she will reach out to you shortly. Also, here is a [link to her calendar](#), feel free to schedule some time with her when it's convenient for you.

Hi Megan,

I just want to clarify that you are asking for details on how to make a group menu in the pre-ordering software, not HMP menu planning software, correct?

If you are looking for the pre-ordering software, yes we can make grouped or bulk menus in there. It is very flexible since it is not nutrient analysis software. We would go over in detail how you would want it set up and then we would set up the first six weeks for you. Hope this helps. Please let me know if you have any other questions.

Hi Lambert,

As discussed on the phone,

1. The back color match is much better. Thank you. (Pic attached)
2. They did re- wrap around the lights and grill but it is still bubbled and split which is disappointing because the wrap won't last with these issues. I attached 3 pictures of the front for you to see.
3. The third issue we hoped would be fixed was bubbles around bolts. It looks like tried to flatten some bubbles above the serving line which has resulted in it looking worse no with tool marks and scratches. Also the bolts near the generator were not cut out our replaced so around that bolt the wrap is pulling up which started before the first estimator came out. Attached Pic. .

Call me back for further clarification. Thank you for your commitment to fixing this. Be well,  
Megan

**Subject:** Re: Edmonds Truck Wrap

Hi Lambert,

As discussed on the phone,

1. The back color match is much better. Thank you. (Pic attached)
2. They did re- wrap around the lights and grill but it is still bubbled and split which is disappointing because the wrap won't last with these issues. I attached 3 pictures of the front for you to see.
3. The third issue we hoped would be fixed was bubbles around bolts. It looks like tried to flatten some bubbles above the serving line which has resulted in it looking worse now with tool marks and scratches. Also the bolts near the generator were not cut out our replaced so around that bolt the wrap is pulling up which started before the first estimator came out. Attached Pic. .

Call me back for further clarification. Thank you for your commitment to fixing this.  
Be well,

Megan

Thanks ladies!!!! Love seeing / learning all the tips.  
I noticed the comments about 7 or 5 meal service days. Based on the fall program rules under NLSP/SBP, I thought only meals could be claimed weekly for up to 5 meals per week. You can only claim school/operating days. Right?

Jessica,  
(I added mollie and Joanna in case they wanted info)  
Here are the answers to your questions about the boxes.

1.) How did you ship the boxes (pallets)? How many were you able to get on a pallet/how high did you stack? -

We stacked them 6 -8 high. A pallet was easier to load on our trucks but they do not fit at elementary schools so I am considering this fall not unloading but having the truck pull up with meal kits and the kitchen staff only pull out the milk to the curb for service. Otherwise it is time consuming to delivery boxes.

The other option is I can have schools assemble their own boxes so I do not need to transport them.

2.) How did you pack the boxes, were you putting all 7 days of food in each box including milk?

Yes 7 days of food fit but not the milk. If I go down to 5 day kits I may be able to fit the milk. We are thinking about just giving gallons because i don't want to count out 10 little cartons and the quarts are more expensive than gallons.

3.) How long did it take to pack each box, load boxes into transport vehicles?

We pack about 2500 boxes in three hours with 10 people. Then to transport them depends on how many stops. Usually two drivers on Monday could easily delivery those to the 9 schools needed them in a couple hours.

4.) Tips on how to keep the boxes cold?

This summer I packed all shelf stable items in the box. Made a bag of produce that is stored in the fridge and only used entrees that could be frozen or shelf stable. This was WAY better on our storage space than all the items needing to fit in the fridge.

4.) Any other advice or things you learned?

Not that I can think of.

Hi Team,

One more point of clarification. I believe that handheld graphing calculators are still often used in our highest level math classes such as AP Statistics and AP Calculus. For the math classes up through Algebra 2 and Pre-Calculus, I believe that the online graphing calculator Desmos (free) is sufficient. This means that we would want to focus on a much more specific group of students for this resource.

Thank You,

Hi All,

I did a quick data run on the students that took Calculus and Statistics last year. Only about 3% of the 277 students were in the FRL program. Obviously this raises a different issue in terms of representation in advanced math classes, but in terms of getting calculators to students, it supports Megan's approach of reaching out to teachers once we get started to find out who needs this tool. There are district owned graphing calculators at all/most schools that students could check out for use as well. Let the team know what you think. Teresa could reach out to teachers once things are started to see what the need is.

Kim,

With that information. I wonder if rather than targeting Free and reduced students we should just pose it to the teachers if they have students who do not have the tools to be successful in class then your team could distribute these directly to those students? It is an expensive tool to provide if it is not needed.

One more point of clarification. I believe that handheld graphing calculators are still often used in our highest level math classes such as AP Statistics and AP Calculus. For the math classes up through Algebra 2 and Pre-Calculus, I believe that the online graphing calculator Desmos (free) is sufficient. This means that we would want to focus on a much more specific group of students for this resource.

Thanks for reaching out Tom.

I can't see who all is in advanced math classes but I know about half our MKV students are in secondary grades so that is about 300 students. If you would like to make a donation we could take those and send them home with the meal delivery to those students in September and keep some on hand for family support to distribute as they see fit.

Thank you for your generosity. Kids LOVED the craft kits donated by Washington Kids in Transition at our meal sites this week and last week.

Good Morning Teresa and Kim.

My wife Kim Gorney is the founder and CEO of Washington Kids In Transition. Her foundation provides for the homeless students in the Edmonds School District. One of the things she would like to do is get graphing calculators for the students who would need them for advanced math classes and will not have access to the classroom loaners.

Is there a list of high school students on free or reduced lunch we could get to see how many calculators we would need to provide?

Thank you Tom Gorney

Good Morning,

I hope this email finds you all well after the weekend.

Due to our current family circumstances and the change in my food services schedule due to Covid-19 I feel the best option for our family is for me to terminate my employment at Edmonds School District. I understand the options for me to take leave at a reduced pay rate with the possibility of return is a tremendous option but we have also decided to homeschool our ailing child which requires me to be home with her throughout the school year. With this and the unknown amount of time it may take for her continued recovery I am not sure if I would be able to return at all this coming school year. I also feel this may reduce a certain amount of stress from our circumstances.

I would like to thank you for the opportunity to not only serve the district but all the Big Dogs of Beverly Elementary. I consider myself enriched by the opportunity and am sad that I have to leave. Thank you for your kindness and willingness to work with my family's circumstances this spring during the unknown of the Covid-19 season. I pray all the best for the district moving forward in the upcoming school year.

Please let me know when & where I can drop off my badge.

Thank You,  
Justin Westmoreland

Yes, we got some really good information back from our survey, it was so worth it! Here are the summary results that we got back from both the English and Spanish participants.

English: <https://www.surveymonkey.com/results/SM-QVVMFTSB7/>

Spanish: <https://www.surveymonkey.com/results/SM-5KKD3TSB7/>

The results helped us determine our final times for pick-up windows and put the nail in for us that we definitely need to provide the home delivered option for a portion of our kids.

We launched this page yesterday, but won't be sending out anything official until Monday. Free and reduced families were sent a survey earlier this week, they have a good idea what the program will be like from taking the survey. I just found out today that school offices aren't open to the public (they're supposed to be opening Monday), which means everything I've sent out directing families to turn their f/r forms into school offices as one of the turn in options is wrong. I thought we could put a sign on the door of the school with the office phone number, but then got told that the District can't make an office manager report to their office and have office hours.

I'm sure all of this will be resolved tomorrow in the one hour bargaining session food services has been allowed .

Hello Megan,

I have been going through the walk-ins at MDHS. All is looking fairly good. Everything except the fan control for the freezer and temperature display are not working. I have ordered the fan control. As for the temperature display, is an analog dial type display ok or would you like an electronic version? The Frig. has an analog one. I could make them match. I am also going to replace the door sweep gasket on both units. That is what mainly caused the "snow" build up at the door.

Thanks,

Hi Joe,

I need maintenance to verify if they are disconnected or not. Does warehouse to do tear out? These ovens will need to be broken down into pieces to remove.

Thanks, Megan

Hi Elizabeth and Joe,

We had a new oven put in at MTH and we are wondering if it is feasible to remove some of the old deck ovens? I believe the gas was disabled from them this past school year. This would give us additional space but if maintenance feels this is not possible then we can deal with keeping them installed and disabled as is.

Do you have an estimate on this cost as well? Thank you!

That is a good question. Prior to 2020 our suppliers always had very similar items to substitute. This year with a pandemic, wild fires and frequent changes sometimes I need to get more creative. For example instead of being able to purchase different cereal this week I had to buy whole grain graham crackers or frozen entrees.

Be well, megan

On Mon, Sep 21, 2020, 11:32 AM [REDACTED] wrote:

Dear Ms. Megan,  
Thank you for the information!  
Do you find it difficult when suppliers do substitutes on you?

On Sun, Sep 20, 2020 at 11:35 AM Megan de Vries  
<[devriesm691@edmonds.wednet.edu](mailto:devriesm691@edmonds.wednet.edu)> wrote:

Yes, I do use the food guidelines for Americans.

Here is the guidelines we are following for our grab and go meals.

Breakfast = 8 ounces of milk, whole grain item like cereal or crackers, and 1/2 cup fruit or 100% juice.

Lunch = 2 ounces of lean protein, 1-2 ounces whole grains, 3/4 cup fresh fruits and veggies, and 8 ounces of milk.

The menu probably won't be published until October online since our suppliers have made lots of substitutes.

Be well,  
Megan

Hello Mrs. Megan

I am looking for the upcoming menu. At home, I have been following the Healthy Plate guidelines. I am trying to figure out what is supposed to be eaten together to make a healthy meal each day.

I would love to learn how you plan the menu. Do you use the Healthy Plate or food pyramid? I hope you have a great weekend

Hi,

I am a 6th grader at Madrona Edmonds K-8. During quarantine, I have been learning about healthy eating and meal prep. My family just started picking up the food boxes the district is providing. My brother and I have been practicing proper portion sizes and food groups at home and would like to continue to do so with the food boxes.

May I have the meal plan?

**Subject:** Online order form

Hey Melissa! This is Rob Dunn at Meridian SD. I had heard that you had an online order form for the beginning of school. Would you be so kind and send me what you're using? I've been talking with our IT and I want to be able to show him what I'm thinking.

Thank you in advance for your help.

Yes you may volunteer for future shift but please send an email to your principal an email and copy me so we have a written record that you signed up without the intent of being paid.

Regarding the tokens, a lot of things will be different this year. I agree tokens will be to risky at this time. More to come on that.

On Fri, Jun 12, 2020, 8:34 AM Jill Perander <[peranderj@edmonds.wednet.edu](mailto:peranderj@edmonds.wednet.edu)> wrote:

Hi Megan - My name is Jill Perander and I am the SInC @ Seaview. I was wondering if it is possible to volunteer to do this? My Prof Tech contract ends 6/22, but I would be willing to fill in if needed.

On a side note regarding food service for this coming fall I was wondering if the chip system would stay in place? I tried to have the chip system discontinued at Seaview prior to COVID due to the germiness of chips (they were no longer chips, they were laminated paper) and Hiroe was encouraged to continue using the chips and received poker chips from someone in foodservice at the district. I believe she had to sanitize the chips daily. I'm just curious if this procedure will stay in place or if we will discontinue it. I have

worked at other schools where they do not use a chip system. Thank you for whatever information you can share.

Please let me know if I can volunteer and I will sign up.

Warmly,

Hi Andrea,

We want to add the sites you provided to us to our delivery stops, but it looks like the Tameran Apt on Admiralty Way are in the Everett School District. Do you think it would be better for us to add these students to our home deliveries through the Nourishing Network? They deliver the same meals to homes on Wednesdays.

If you think this will work, can you help us reach out to the students who live there and find out if they would like meals delivered?

Thank you,

Jill

Hi Andrea,

You have a unique student body who often rely on meal service. I am wondering how you want us to connect with your students this year?

Do you want us to give your students an option to sign up for home deliveries? Do you feel there are any areas I should plan to add as community pick up sites? I am adding about 15 apartment complexes as pick up locations and am happy to add more if you see a need.

Let us know how we can support SLH this fall. It is a priority for us to connect with your students especially those who qualify for free or reduced meals.

Thanks for your input on meal service.

Cool, I will get ready. I think it would be a drain or defrost issue. Both are way easier to work on with it off. Let me know as soon as it is empty. I will put it on high priority.

Wow, thanks for the quick response guys. I would like to get MDHS all fixed up then, would it be possible to get MDM walk in frig. and freezer emptied to do the same thing? I would like to have MDHS running/operational before MDM goes offline. I am super hopeful that doing all of the Preventative work will pay off.

I did ask the Head Custodian at MDM to put in a hauling order for the Blue Door. Maybe I should have asked you guys.

Is there any other issues on the West side of hwy 99 you would like me to work on?

Don't hesitate to call me or put in a work order if you think of something.

Jordan

<[devriesm691@edmonds.wednet.edu](mailto:devriesm691@edmonds.wednet.edu)> wrote:

Thank you Jordan. At MDH I am not sure if the freezer door is the issue because it had a "snow drift" against it when I opened it yesterday which is why we put in this work order.

Jill - can you have the driver double check nothing is in the fridge at MDH and pull anything when they pick up the freezer items? Then Jordan should be able to have both units down.

All those updates sound great. We will NOT be purchasing another blue door for MDM. They can get by without it. I saw it on the loading dock ready for surplus. Thanks. Does Jill need to do a hauling order or did you?

MDM freezer had a significant amount of ice around the fans when I was in there yesterday. Is that a freezer that needs to be serviced soon? Let us know if you need to service any other fridges as we will have our lowest inventory the middle of August until the 31st when we get more orders.

Thank you for the updates! We so appreciate you keeping our equipment running!

<[heighwayjo@edmonds.wednet.edu](mailto:heighwayjo@edmonds.wednet.edu)> wrote:

You guys must have read my mind. I just started looking at MDHS. I already did a super cleaning job on the rooftop unit. It was really dirty. I have already ordered some parts for the freezer (new wall mounted temperature dial and a backup rooftop fan motor). I was going to ask you guys if I could do this work. Can the Walk in Frig. be offline for the same time? I would love to get into both of them, defrost them, clean the indoor fans and scrub the insides of them.

While I am thinking about it I have been wanting to give you all an update on some of the issues I have been working on.

EE single door Frig. - I repaired a small leak. It is holding temp and running good.

MWC single door Freezer - I repaired a small leak. It is holding temp and running good.

MDM walk in Frig. - I replaced one of the two fans in the rooftop unit. I also have a back up motor for this unit. It seems to be working better.

MDHS pass through Frig. - Unit has a bad thermostat. I have a replacement on order.

MHM Blue Door Frig. - I decommissioned it. I don't know if you would like to replace it?

Thank you guys for all that you do,

Jordan

EWB we need some signage...more...so people know where to go. I can talk with Jill tomorrow.

We served about 50 tonight. People were SOOOOO appreciative!

On Wed, Sep 9, 2020 at 4:57 PM Megan de Vries <[devriesm691@edmonds.wednet.edu](mailto:devriesm691@edmonds.wednet.edu)> wrote:

I hope you all survived the first day! Any hiccups I heard about were minor so thank you for working so hard to feed kids today.

When you have time (maybe the end of the day tomorrow or Friday morning), please enter your counts from your schools on the [claiming form](#). Then you can send the complete count form into the office as back up documentation.

Dee uses this information to claim for reimbursement at the end of the month. Debbie also wants to get the counts entered so she can notify the dairy of what sites might need increased milk deliveries for next week.

Thanks for rolling with the punches. I have started a manager meeting agenda for Friday so if there are any topics you want added let any of us on the COS team know at any time. I hope you get some rest tonight and that tomorrow goes well.

Hello,

I ordered additional boxes and tape for each of you to arrive at your school tomorrow. This is a one time delivery from Uline. The end of next week you will receive a larger order of boxes to cover the rest of September. I know you went through a lot of supplies and need more boxes for next week.

MDM - 800

MTH - 800

EWB - 1000 boxes

On Friday if you do not have enough boxes built and ready to ship out to school reach out to EWB they can share some of their pre-made mealkit boxes until your kitchen catches up.

We would live craft kits for our kids.

How many kits do you have,  
then I will recommend a site.

Most of our schools serve 100 to 160 students.

Hi Megan,

Washington Kids in Transition has been passing out craft bags to families at the Food Pop up pantries this summer. We have quite a few small activities/crafts left and we were wondering if we could pass some out at a few of the daily distribution sites.

For us, the best day to do this would be Thursday, we could also make Wednesday work. Is there a specific site that you would recommend? Can you give me an idea of how many families generally attend the daily sites?

We would like to distribute to a site each week.

Kindest Regards,  
Kim Gorney

Hello Sally and Megan,

Okay, we are planning to send an email to all families in the next couple days asking them to access and check their Skyward accounts. Instead of short paragraphs, we are instead thinking about having buttons at the bottom of this communication about internet access and food benefits. Then they would each link to the district website areas with more information.

What do you think about this text for the buttons (which we hope will include Spanish)

- Internet support options - Spanish (computer image)
- Free & reduced meal benefits - Spanish (small F&N services logo image)

Would we want any accompanying text?

Thanks,  
Amanda

Hi Joe,

Before I place a work order I want to tell you what I need help with.

L&I wants pictures of our electrical set up in the new food truck and I believe the wiring is behind metal sheet walls so I need someone to help me pull the metal off so I can take pictures then we will put it right back on.

Also I need to brainstorm access to the switch from shore power to generator in case a shorter staff member needs to reach it. I do not want them falling down the steps.

Is there someone on your team who can help me with this? If so let me know what details you want me to include in the work order.

Thanks,

Mollie, if you are concerned about efficiency, weekly meal packs is the way to go! Especially if your staff will be delivering the home meals. You could break them up throughout the week so that each home gets a once a week delivery.

I have gotten mixed messages from my admin and have point-blank asked what my financial parameters are, and have gotten no answer... from anybody. Even after giving my deficit prediction for 3 levels of participation. Crickets... Now we are going live on the webpage this week for the whole back to school plan and the food service page basically says, "we are still working on a plan". UGH!

Hi Ladies,  
I am deep in this planning right now too. I met with my superintendent and boss yesterday face to face to hear their direction on staffing considerations and gather facts so I can come back to them (by this Friday) and make my recommendations for my fall staffing and distribution plan.

I am basically modeling all of my numbers of the host sites we have had and using

the lower end numbers we experienced at those sites, because I think that will be more realistic. I also will be adding a new prep site only at Cavelero (because of capacity and to keep social distancing) to make meals for a new elementary we are opening up for the first time (and possibly one more school), to even out our points of distribution around the lake that has many homes close by and great walkability. It was also determined in my meeting that it will be a food services job to deliver the meals that families order for home delivery **if** we start that up again, which we will probably do to meet the needs of the community. I am trying to anticipate how my staff would feel about that assignment, but at this point I am hoping they just want hours and a job. Thoughts?

Today I plan to go back to the original list for home deliveries in the spring (we had 190 home student deliveries per day) to see if the kids are F/R eligible so I can estimate if those families will participate again, if we don't have Universal Meals. Also, Heidi and I are needing to decide if now is the time to bring in the 5 day boxes for home deliveries or any other sites. We have been doing daily sacks this entire time.

I am also struggling with FS department hours. We have 200 total food service daily hours to allocate (not counting the nutrition office which is 30 daily hours) for our fall program. We know based on one summer site we can serve 250-300 meals with 3 staff members for 15 hours to tackle prep and service, so it is going to get interesting as I hash out the plan or few scenarios that efficiently utilizes my crew. I did receive direction to not worry about breaking even, but to just come up with a solid plan that makes the most sense for this period of time we are in.

A reduction of hours is also something being considered. Our staff have a wide range of "shifts" over time... 3.75, 4.25, 5.25, 6, 7, etc. For ease of scheduling, I am considering making all kitchen managers 5.00 hours and all other staff 3.0 or 2.0 hour shifts for consistency and scheduling purposes as we move around folks.

Heavy sigh,  
Mollie

I think targeted messaging to F/R families is a great idea and going to be necessary. I already did a targeted mailing with our summer meal sites but still obviously am not reaching everyone.

By adding an evening time and expanding meal delivery I hope to reach more.

I recommend the 5 day meal kits. We get a lot more "bang for our buck" by serving the 10 meals at once than trying to reach families daily. We will be doing 5 day meal kits because the 7 day kits went over really well this summer. Are you planning the same Juliana?

**Subject:** number of sites for fall

Ladies,

I have been crunching numbers and need to triple the number of meals I am serving right now to meet my budget. Jessica you said every time you added a site this spring 100 more kids showed up. With that in mind how many sites are you planning on opening out of our total schools?

How about the rest of you? I am considering adding a few more locations to provide pick up of 5 day meal kits this fall. If I do not then I won't have enough work for my food service workers.

Hope you are well... just thinking out loud. I can't be at the North end meeting tomorrow so let me know what I miss. :-)

**USF 8907818** - Beef Pepperoni Pizza #595M

**USF 8907834** - Turkey Ham & Cheese #970M

STUFFWICH® cooking instructions:

Oven Instructions are on the attached POS. We added microwave instructions below during COVID-19 service changes.

**Microwave Oven:**

Place unwrapped frozen STUFFWICH® on microwave safe plate.

Microwave on High 2 minutes 30 seconds. NOTE: Microwave ovens below 1100 watt may require additional cook time to reach proper temperature.

Let stand for 2 minutes. CAUTION: PRODUCT WILL BE HOT.

Check that STUFFWICH® is cooked thoroughly. Enjoy!

NOTE: Cook to an internal temperature of 165°F as measured by a food thermometer.

---

Megan,

We wanted to share this helpful resource discussing ideas and potential feeding solutions from the School Nutrition Association. We know that are many unknowns right now, but there is a lot to do before Fall. We also have information attached on Cambro's School Feeding Solutions that features products that will be beneficial even after COVID-19. If you have any questions on feeding solutions, please feel free to reach out to us. Our concern is that everyone will wait until the last minute and we won't be able to meet the demand, so we highly suggest you contact us sooner rather than later to start planning. We hope this ["Thought Starters" Document](#) from SNA and [Cambro School Essentials Brochure](#) is helpful and that you and your team are staying healthy.

Take Care,

**Subject:** Thermometer?  
**Date:** Tuesday, July 14, 2020 3:13:05 PM

---

Hey Megan,

Hope you are doing well,

I am writing to ask if your department has extra thermometer's. The DEO team is establishing a staggered schedule to allow for different members to be on-site different days and it was brought up that we should be checking our temperatures when arriving to ensure we are taking all the necessary precautions to prevent Covid-19 transmission.

Would you happen to have a thermometer we could use?

Thank you for your help.

Hi Megan - Thank you for getting back to me. I have cc'd my principal as you requested to have a record that I do not expect payment for the following shifts.

The two shifts I would like to volunteer for are (I have signed up on the spreadsheets as well):  
MDM 6/24 from 10:00 - 1:30  
CPM 6/26 7:30 - 11:30

I will be working another shift, but that is during my normal work hours. Thank you. Please contact me if you have any questions.
