Re: Response to Public Records Request, File No. 21-57

Dear Mr. Dodgen:

This letter is both an initial acknowledgement and final response to your request for public records, received in your September 15, 2021 email, seeking the following:

“any and all occurrences of the school district notifying me of the Washington administrative codes pertaining to background checks specifically when I asked what law they are operating under to deny me as a volunteer and or anytime I asked for clarification, well really anytime at all that the district notified me of the Washington administrative codes pertaining to background checks? I will say it now because I am a human and I miss things especially when I am dealing with paper arousal issues from fear. If the school district did one or two times notify me of the Washington administrative codes why did they not willingly remind me of them when I continued to ask about them?”

The District currently estimates providing you with the response to your records request by October 22, 2021. The time required to respond to your request is based upon the need to locate and assemble the requested information, to notify third persons affected by your request, if any, and/or to determine whether any of the requested information is exempt from public disclosure. If that estimate needs to be revised, we will let you know.

Thank you for the opportunity to assist you.

Sincerely,

DocuSigned by:
