Re: Response to Public Records Request, File No. 21-60

Dear Mr. Dodgen:

This letter is both an initial acknowledgement and final response to your request for public records, received in your September 15, 2021 email, stating in part:

“my public records request and clarify it for any documented occurrences of the district making offers to work with me on any level?... my public records request is specifically or any offers the district made to work with me and ask me at the same time to communicate reasonably. In fact for all of the times that I made offers to the district I would like any responses the district made to me as technology has glitches and maybe I didn't receive them? So under public records request please send me any responses the district made to work with me on my goals for my daughter's education and involvement. So my records request is for any offers of compromise, plans to move forward towards me being a volunteer, or any other recognition from the district of any issues I brought forth where they validate or confirm that I have concerns or fear and that they want to work through them for a positive outcome?”

The District currently estimates providing you with records responsive to your request, if there are any, by October 15, 2021. The time required to respond to your request is based upon the need to locate and assemble the requested information, to notify third persons affected by your request, if any, and/or to determine whether any of the requested information is exempt from public disclosure. If this estimate needs to be revised, we will let you know.

Thank you for the opportunity to assist you.

Sincerely,

DocuSigned by:
