Re: Response to Public Records Request, File No. 21-63

Dear Mr. Dodgen:

This letter is both an initial acknowledgement and final response to your request for public records referenced in two of your September 23, 2021 emails stating:

10:37am, September 23, 2021 "So please either answer the question out right or make it a public records request for verification that for each of the questions responded to my question and offer of being willing to do anything the district asks including taking classes, courses or paying for a private chaperone or anything else directly pertains to each of the questions answered in this public records request?"

I am asking for a reasonable, and professional response to clear up the confusion on this public records request as initially made. It was for responses to my offer and it seems the district has not responded to my offer to do anything they ask including taking classes, courses and or paying for a private chaperone or anything else that could be asked.

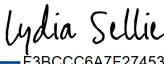

So I am asking for the official response to that offer and not the answers to all of the other questions that I did not ask about."

11:04am, September 23, 2021 " I would like to make a public records request for the school districts official response to my request for a letter stating they will never work with me or choose not to work with me for my educational goals or my daughter so that I may petition to have her removed from the Edmonds school district which has been made in an effort to remove myself and my daughter from an unpleasant situation in a reasonable, polite and appropriate manner. So I am asking for the official responses directly to that question as I seem to have missed them and cannot find them so please forward or send me under public records only the responses directly to that request.

Both requests in those two separate emails appear to be asking for the same thing so we are combining them in this response. We interpret your requests to mean that you want the district to produce "...a letter stating they will never work with me or choose not to work with me for my educational goals or my daughter..." We regret to inform you that we do not have any records responsive to your request. The Public Records Act is for the production of existing records; not to compel the creation of a record.

This completes our response to your request. Thank you for allowing us to assist you.

Sincerely,

DocuSigned by:
