Mr. Juzon,

I apologize that I was not more detailed in my original request so I will clarify. I would like copies of the background checks done in 2016 and 2017 by the Edmonds School district concerning me.

I am very curious that Lydia Sellie has made defamatory liablese remarks accusing me of having been convicted of a crime against a child as the reason I am not allowed to be a volunteer at Brier elementary.

Interestingly as this is documented in email, the background check that you sent me today shows that I have no crimes against children on my record and that the only thing on my record is a non-violent victimless crime against evidence.

So not only am I submitting another public records request for the other background checks that were supposed to have been done I am also requesting an explanation as to the inappropriate comments made against me by Edmonds School district staff in publicly available records?

I absolutely have never committed a crime against a child and that is what this background check shows.

So I'm hoping that you choose to be cooperative and return with positive and appropriate answers for the character assassination remarks made by an Edmonds School district employee in their official capacity and why the Edmonds School district is choosing to continue to hold a crime against me that does not appear on my record and cannot be held against me because of that?

I will quote the current superintendent from one of his emails that he is upholding the original decision against me which includes the district holding a crime against me that does not appear on my record which is I understand it is the only way it can be held against me?

It is interesting that the district chooses to hold a non-violent crime against evidence against someone who had their life threatened which is documented?

Respectfully,

Dwayne Dodgen
