Re: Response to Public Records Request, File No. 21-81

Dear Mr. Dodgen:

This letter is both an initial acknowledgement and final response to your request for public records referenced in your October 15 and 17, 2021 email requesting:

“Since the school district legal counsel claims the district research things from public records I would like the receipts that should be on record for pain for the copies of those public records under the freedom of information act please. I would also like the records that were obtained whether it be electronic or paper copies and if it's paper copies I would like to know under freedom of information act who was sent to get them? I would imagine it would have been discussed in email or that most likely School legal counsel would have been the person to pay for them and get them so I would like those records please under freedom of information act.”

This is basically an addendum to my records request or the proof that the school district went and obtained public records as Ms Gillespie claims in her letter from 2017 I believe it is?

I requested the digital proof and or receipts that the district went and investigated and obtained public records that they used to make a decision rather than the official watch report.

If the district was investigating the charge that is on my record then in their possession they would have the information on that charge and not the one that was dismissed.

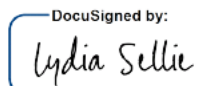

So I would like any public records the district is in possession of pertaining to the rendering criminal assistance charge on my record. Even though it's only there for a couple more weeks I would like to know what the district researched about me.

Since the district has often quoted only documents related to the dismissed conviction that security expert Erdman says cannot count against me I would like to know what public records you obtained about me?

I would like those public records and all receipts and/or electronic copies verifying when they were obtained.

Records responsive to your request are attached to the email providing this response. This completes our response to your records request. Thank you for allowing us to assist you.

Sincerely,

DocuSigned by:
