I would like to request any documented report of racism at briar elementary and in the Edmonds school district for the last ten years.

No matter who those reports are made by I would like to know what they are. Obviously names will have to be redacted but ethnicity should not be redacted as that is vital information as I would particularly like to know how many ethnic minority parents and or students have made formal complaints of racism at briar elementary and or in the Edmonds school district. But I want you to know of each and every incident for the last decade.

Any and all official complaints of racism by staff, students, parents and or volunteers for the last decade just like the one that I've read in the emails about a teacher wanting to know what resources are available to deal with a young racist elementary School student but I did not see any notification of the parent? Especially since principal Stewart has chosen to not answer my question as to what the school and the districts reaction to these issues are.

I guess you would call this me ratcheting it up? It's sad that you think a parent wanting public records on anything is an issue but it shows how much you support the system and oppose parental rights and the law.
