Good afternoon, Bree

Please see attached. We summarized the expenditures by grant, location and object for the 2 fiscal years (see the first 2 tabs)

The detail tabs show how the funds were spent. The object segment of the account code would specify whether they were for salaries, supplies, etc. and the Vendor / Description columns would give additional information.

As far as the fund sources:

- ESSER I is a Federal grant authorized by the Coronavirus Aid, Relief, and Economic Security (CARES) Act
- ESSER II is a Federal grant authorized by Section 313 of the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, 2021
- The FEMA grant is from the WA State Military Department and the Federal Emergency Management Agency
- The K-12 Internet Access Program is a Federal grant authorized by the CARES Act, Award #S425D200015
- The Coronavirus Relief Early Learning Services is a subgrant from the Federal CARES Act through the Snohomish County Human Services

Please let us know if this additional information provides you with the information you are seeking.

Manny Juzon
