Thank you for the response,

So the only offers of resolution to my fears were being told to do the thing I said brings me fear.

It is documented that I said I have fear of meeting with the principal anywhere in her office or on school property because of what the district has done and continues to do to me.

So I would like a public records request for any offers made by the district to alleviate my fears that do not include meeting on district property or having to directly deal with principal Stewart.

I would also like the official response for when I complained and question about the safety of a volunteer who is a known drug addict and alcoholic that was allowed access to my daughter after I said I didn't want that. What is the district's official response to that?

Respectfully,

Dwayne Dodgen
