Yeah! I'm in!

I don't want to go a day without my WSPA membership!

Thanks Jennifer for your quick response.

Hi Stephanie,

My apologies – we had a bit of technical issue this morning I am just working out!

I do show that your membership is current for the 2016-2017 school year.

I have also reset your username and password for you:

username is your email address

Password is "wsa" (all lower case)

Please let me know if you are able to login. If not, I will do a little more digging into the issue!

Please accept my apologies for the trouble and inconvenience.

Thank you,

Jennifer

Subject: WSPA account

Hi Chris,

I received the email today that my WSPA account expired. Barb Puhl did our joint PO and registered for both of us earlier in August but, my account shows expired and Barb's does not.

I tried the "I forgot my password" tool but, the system is not recognizing my email. I think we messed up on the registration!

Can you help? Thanks so much!!
