Hi Brandy -

Here's a first cut at an export file from Enumclaw's VersaTrans RP system.

We are using Other ID for the student id field. I went with your option 2 for the stop data (description and stop time) and will let you pre-populate Inbound/Outbound as you detailed in your last message. I also included both route codes and descriptions. The descriptions are not too descriptive in this year's route sets but have been more descriptive in past years.

Let us know how your testing goes and if I need to make any changes on our end.

Thanks,
Tricia Williams

YAY!

Student ID#
Last Name
First Name
Route 1 Code (AM)
Route 1 Type (I can prepopulate as To School or From School for PM – Route 2)
Route 1 Stop # (two choices below)

1. Bring in the stop numbers that have been generated by Versatrans. This field can be up to 9 characters.
2. Let Skyward generate. It will do this is you import the stop arrival times. It will put them order of time and the they will be numbered as 7.05 for example if your stop arrival time is 7:05 am.

Route 1 Stop Description

Route 1 Stop Type (I can prepopulate as pickup for AM and drop off for PM)

Route 1 Stop Arrival Time or Route 1 Stop Departure Time (most likely will be the same times)

And then repeat for Route 2 (PM).

Hi Brandy ~

Tricia is working on the download file from VersaTrans for import into Skyward. In your original email, you indicated that you would please the (required fields I’ll need from Versatrans I will put in red). However, there are no red indications were in your email. Will you please let us know exactly what fields you would like from VersaTrans?

Thank you!!

Jamie

Your data is now in a training account. I've got "possession" of it for 3 weeks. If you could send me the file today I can try and do some testing today and I'm out tomorrow but could work on it Monday or Tuesday next week.

Jaime -

So you guys are ready to try this? I'll first want to put your data in a training account to test this process. So, the earliest I could test this would probably be Wednesday.
