Hi Harold,

Whether you want to build your business or brand with a book...

Are looking to build a full-time income as an author...

Or simply have a message you feel the world needs right now...

Then I think you'll love this free LIVE workshop I'm hosting with my friend Chandler Bolt on **How To Write and Publish Your Book in 90 Days...** and consistently grow your passive income as an author.

Chandler went from college dropout to six-figure business owner and bestselling author in just a year. He published his SEVENTH bestseller and hit seven figures in his second year!

In his training, he's revealing the exact system that took him there—raw, live, and in-depth.

Chandler has been featured in Business Insider and hosted the Self-Publishing Summit, which featured Pat Flynn, Joseph Michael, Ryan Deiss, Jeff Goins, Joanna Penn, Michael Port, Russell Brunson, and lots more.

In other words, he knows a thing or two about the writing and business sides of becoming a bestselling author.

And during this exclusive presentation, he'll cover everything you need to know to discover your book idea and become a published author in 2022.

[Sign up for this free workshop happening on Monday, November 7th at 4 pm ET.](#)
