Re: Summary Discipline

Date: April 2, 2021

Officer Lloyd,

I am in receipt of a paperwork from your immediate Supervisor which includes a Counseling Memo which you signed for on January 21st, 2021 regarding a complaint at [REDACTED] due to Substandard Work. I am also in receipt of paperwork regarding a Motor Vehicle Accident/DWI Investigation which was investigated by you on [REDACTED] in the City.

After reviewing the paperwork and watching the Body Worn Camera footage from the Motor Vehicle Accident/DWI Investigation which was approximately 4 hours' worth of video, I made several observations. Upon arrival at the scene, you were approached by an involved party whose vehicle was struck. The male stated he believed the operator was not sober. Your response was that you would handle that. You did not ascertain as to why this person came to this conclusion or ask him to explain why he thought this. The male was a potential witness and came forward immediately to let you know what his observation was.

During the incident, you made remarks that contradict themselves regarding who was helping or not helping you during this incident. You stated at one point when dispatch was sorting out what vehicles were going to need to be towed, "Too many hands in the pot". Then, when it came to doing photographs of the scene, you inquired with both PO Wagner and PO Resendiz if they were photography certified. After finding out they were not, and one of them advising you to ask the Sergeant to respond to do photos, you stated "I'm the only one doing everything" and "I can't order the Sergeant to take photos". However, you never asked or inquired with the Sergeant if he could come back to the scene to take photographs for you.

When the Sergeant inquired about the driver being intoxicated, you stated that she had not admitted to drinking. In your report, you state that the operator, [REDACTED] was talking

rapidly, and had bloodshot and watery eyes. These are indicators of an operator who has been drinking or may be intoxicated which are laid out in our current General Order.

PO Resendiz came to you and stated he was going to run [REDACTED] through SFST's after speaking to the operator and her admitting to having one drink. You stated that he could take the arrest, if he did arrest her and you would handle the accident report. Once the Sergeant intervened due to the conflict of you initially stating there was no intoxication involved, PO Resendiz advised you that Sergeant Nolin wanted you to administer the SFST's to [REDACTED]. You then waited 23 minutes after being told this to start your SFST's. While administering the SFST's your procedure, directions and test names were not in line with Geneva Police Department training on the performance of SFST's. After administering the SFST's you had the operator sit back in her vehicle and then conversed with PO Wagner. You stated to PO Wagner that [REDACTED] passed or did well for the most part on your tests (excluding the HGN) however you notate on your report several ques for each of the tests you administered and state she failed the Alphabet test. In your incident report you also report that you gave [REDACTED] "the benefit of the doubt" on the tests. You arrested the operator, [REDACTED] over one hour after initially getting on scene. Eventually, [REDACTED] BAC result was .21%. These issues that have been raised could become problematic if/when this arrest ever ends up in court for hearings/proceedings.

Furthermore, the Geneva Police Department held an in-service training on December 2nd, 2020 at the Armory on Main Street in which you participated and signed a roster of your attendance. This in-service training included TASER, MEB and DWI Refresher. The Department decided to do this DWI refresher as we had seen a departmental need for a refresher in the area of conducting DWI Investigations and directing operators on the SFST's.

During this incident on [REDACTED] the following General Orders were violated as they currently stand:

1. GO 305 III (11)A under Rules of Conduct
2. GO 605 IV (B) 1 under Motor Vehicle Accident Investigations
3. GO 605 V (C) 1 under Motor Vehicle Accident Investigations
4. GO 605 VII (B) 2 under Motor Vehicle Accident Investigations
5. GO 615 III (a) 3, 4 b-h and 7b under Alcohol and Drug Related Traffic Enforcement
6. GO 615 IV (A) 3 under Alcohol and Drug Related Traffic Enforcement
7. GO 705 VI (C) 4 under Crime Scene and Evidence Procedures

The Geneva Police Department has taken informal disciplinary measures against you in an attempt to correct your work and allow you to begin performing as expected as a Police Officer for the City of Geneva Police Department. Informal discipline is a measure taken to correct work behaviors that are substandard or violate Department General Orders.

As the Chief of Police part of my responsibility is to ensure all officers of the Geneva Police Department are operating in their capacity while conforming to all standing Geneva Police

Department General Orders. Your failure to correct your performance when informal disciplinary measures were taken against you has brought us to this point today.

Disciplinary action is based on and in accordance with current Geneva Police Officer's contract language, specifically Article 19.

Conclusion of Disciplinary Action: I am offering Summary Discipline amounting to three (3) full days without pay and future violations of this type may result in further or more progressive discipline. Please respond to my office by the end of the business day (4:00pm) on April 9th, 2021 regarding your decision consistent with contract language in Article 19.2 of the Geneva Police Officer's current contract.

Respectfully,

Greg,

I have received your response on behalf of PO Lloyd. One day every other pay period until the three days are fulfilled will work as we discussed over the phone that I would be willing to work with PO Lloyd due to the financial impact on her and her family. I will discuss this with Lieutenant Potter for payroll purposes moving forward so that he is aware. I am directing that PO Lloyd contact Lieutenant Potter and set a time up to meet with him to go over the calendar and get the three days scheduled ahead of time. I will be putting a copy of this letter with the file as proof of acceptance of the offered discipline.

Thank you

EMPLOYEE COUNSELING MEMO

TO: Police Officer Jennifer Lloyd

FROM: Sergeant Patrick Nolin

RE: MVA/DWI Arrest [REDACTED]

On [REDACTED] at about 02:16 hours you responded to a reported motor vehicle accident involving a single motor vehicle being operated by an intoxicated subject that struck multiple parked motor vehicles on [REDACTED] in the City of Geneva. Upon the arrival of Sergeant Patrick Nolin to the incident scene to access resources needed you were asked by him via police radio if the operator was intoxicated. You reported back via police radio that the operator was not since you did not smell anything. However witnesses and other officers on scene reported to you that the operator was intoxicated. One officer also reported to Sergeant Nolin that the operator was intoxicated.

You filed a New York State Incident report [REDACTED] related to the investigation and subsequent arrest of the operator of the vehicle involved in the accident. In this incident report you listed clues of potential intoxication of "talking rapidly, had bloodshot watery eyes". This information is noted during your first contact with the suspect in your incident report. However, you advised Sergeant Nolin that you did not smell anything and failed to advise him of the other potential clues of intoxication or to request his assistance..

In addition to this your MVA-104 and incident report filed were reviewed and had to be sent back for multiple corrections. You were offered an extended amount of time to complete the initial report and additional time to correct the errors. In addition to this an email dated February 25, 2021 from Lieutenant Valenti reported that you had entered evidence incorrectly. Lieutenant Valenti also mentioned that you are an Evidence Technician and that these types of simple errors should not be made by Evidence Technicians.

Upon review of the body worn camera recordings of the investigation on scene there was a clear denial that you made with officers that the suspect was not intoxicated. You also performed the Standardized Field Sobriety Tests not in accordance with the inservice training provided with this department and of the appropriate developing authority of such tests. In addition you clearly listed in the report as giving the suspect the benefit of the doubt in some clues exhibited. You were in denial with other officers with less experience than you that the suspect was in fact intoxicated.

Officer Lloyd over the past couple of years this type of unsatisfactory work performance has been a constant. It leaves your supervisors perplexed on how to assist you to become a better officer and remediate these issues.

EMPLOYEE COUNSELING MEMO

You must understand that this counseling memo is being completed so that you may take immediate corrective measures so it does not happen again. You must take precautions as stated in GO 305 Rules of Conduct Section III. 11a Unsatisfactory performance and GO 305 Rules of Conduct Section III. 42a. Truthfulness, so that this type of situation does not occur again.

As you may or may not be aware, further violation of this General Order may result in disciplinary action taken against you.

My signature acknowledges that I have read and received a copy of this counseling memorandum. It does not mean I agree or disagree with the contents. I know I have the right to attach a rebuttal.

MEMORANDUM

TO: Lieutenant Potter

CC:

FROM: Sergeant Nolin

DATE: February 26, 2021

SUBJECT: [REDACTED]

Lieutenant Potter,

On [REDACTED] at about 02:18 hours Officer Lloyd (Beat 1) and Wagner (Beat 2) responded to a reported property damage motor vehicle accident in the area of [REDACTED] in the area of [REDACTED]. When the call was dispatched the East (PO Resendiz), West (PO Baskin) and myself were on the scene of a reported overdose at [REDACTED] in the City of Geneva [REDACTED]. Shortly after determining that the overdose was non-fatal and the scene was safe Officer Resendiz and I cleared from the incident and responded to the property damage accident on [REDACTED]. Officer Baskin responded to the accident once he cleared from the overdose incident.

On my arrival it was determined that a single vehicle operated by [REDACTED] was the cause of the accident. A total of three legally parked vehicles were damaged by the vehicle operated by [REDACTED]. Based on my professional experience and training this type of accident is usually the result of an intoxicated motor vehicle operator. While assessing the scene for potential resources needed, I observed Officer Lloyd interviewing [REDACTED]. After assessing the scene, I began to coordinating efforts to remove the damage vehicles from the highway. I also contacted Officer Lloyd by police radio to inquire if the operator was intoxicated. Officer Lloyd responded that the operator was not intoxicated and that she could not smell anything. I made a request via police radio to police dispatch for an ambulance to respond to the accident scene to conducted a check over of [REDACTED].

After Officer Lloyd reported that she did not suspect [REDACTED] was intoxicated I determined that Officer Lloyd and Officer Wagner could investigate the accident and I had requested Officer Resendiz and Officer Baskin to clear from the accident via police radio. I cleared from the incident.

After clearing from the incident, I heard Officer Resendiz report via police radio that he was going to conduct field sobriety tests on the operator [REDACTED]. Generally other officers do not get involved in other officers' investigations. I also was suspicious on why Officer Resendiz was going to conduct field sobriety tests on [REDACTED] since Officer Lloyd reported to me that she was not intoxicated. I requested Officer Resendiz to not conduct the field sobriety tests and to contact me by cell phone. I asked him why he suspected [REDACTED] of being intoxicated. He reported to me that [REDACTED] had bloodshot eyes, she smelled of alcohol and admitted to consuming alcoholic beverages. I advised Officer Resendiz that he needs to advise Officer Lloyd of this and she needs to be conducting the field tests. Officer Resendiz followed the directive. I also advised Officer Lloyd via

police radio she would discuss this with Officer Resendiz and she would be conducting the field tests. Officer Lloyd acknowledged the directive. I responded back to the area of south of the accident scene and was standing by in case there was a need for further assistance or intervention that needed to be made by a supervisor. As a result of the investigation [REDACTED] was arrested for DWI by Officer Lloyd. [REDACTED] submitted to a breath test resulting in a positive blood alcohol count of .21. After learning of the high blood alcohol content, I grew suspicious of what exactly happened that an officer would not be able to identify the signs of an intoxicated driver. I emailed Lieutenant Potter of this matter and that I would be reviewing the body worn camera video of this incident investigation.

Upon review of the body worn camera video I noticed several issues with how Officer Lloyd conducted the investigation of this incident. I have listed the observed issues from Officer Lloyd's body worn camera footage. The time is the playback time on the video not the actual timer the video was recorded:

00:27:

[REDACTED] bystander "I don't think she is sober"

PO Lloyd: "Okay I will deal with that"

01:24:

[REDACTED] has slurred speech when talking to PO Lloyd. Also stays near car (possibly guarding balance)

01:48:

PO Lloyd: "Any drugs or alcohol tonight" (stated twice)

[REDACTED] stated "no"

02:26:

PO Lloyd: You had nothing to drink tonight"

[REDACTED] "no"

02:38:

[REDACTED] exhibits emotional imbalance

03:40:

[REDACTED] reactions to questions are not consistent with a sober person. [REDACTED] is guarding her balance by staying near her car.

07:36

PO Lloyd: "There was no drugs or alcohol tonight?"

09:02:

PO Lloyd asks security for [REDACTED] information after she claimed to provide it to security. Never asked [REDACTED] her name and date of birth.

12:00:

PO Lloyd bases everything on smell and no other factors.

14:09:

PO Lloyd asked PO Wagner to get [REDACTED] information from her.

43:00:

PO Lloyd asks PO Wagner if he is photo certified. Po Wagner tells her not and that the sergeant is. PO Lloyd States to PO Wagner: "I can't order a sergeant to take photos especially if I'm doing everything"

47:22:

PO Lloyd asks PO Resendiz if he is photo certified.

55:50:

PO Lloyd asks [REDACTED] "how long ago did you have your last drink".

56:08:

PO Lloyd: "Have you ever been run through standardized field operating tests for drinking while driving"

56:37:

[REDACTED] can be observed on video swaying back and forth.

57:16:

[REDACTED] emotional reactions are not consistent with a sober person

59:49:

PO Lloyd refers to the Walk and Turn Test as "nine heel to toe step test"

01:04:

PO Lloyd States to PO Wagner that [REDACTED] Passed for the most part

Sobriety tests had several issues such as lack of clear instructions. Standard medical questions were not asked. Alphabet test only gave a starting point and not an ending point.

Officer Wagner's body worn Camera footage shows Hobart and William Smith Campus Safety Officer [REDACTED] telling Officer Wagner that [REDACTED] is intoxicated. On February 26, 2021 Officer Wagner was detailed to secure a supporting deposition from [REDACTED] detailing the information related to the incident. Officer Wagner also states in his video that he agrees that [REDACTED] is intoxicated and that she had bloodshot eyes. He makes reference that Officer Lloyd couldn't smell anything. Officer Wagner also tells Officer Lloyd that he would arrest her. This occurs when Officer Lloyd tells him that she doesn't think [REDACTED] is drunk.

Officer Resendiz body worn camera footage shows him taking the investigative skills related to the investigation of an impaired driver. He even identifies [REDACTED] by asking her name.

After reviewing body worn camera video footage, I reviewed Officer Lloyds motor vehicle accident report (NYS DMV Form MV-104A). There were several errors such as listing one of the parked vehicles as the vehicle that [REDACTED] was operating. This information also showed up as a

validation error in TraCS and could not be successfully submitted to me for review. I had to advise Officer Lloyd of the error a second time when she made corrections to the report.

I reviewed the New York State Incident Report filed by Officer Lloyd. There were several errors in the incident report. The majority of the issues were related to the narrative of the report. She starts the narrative with nonsensical information about her activities prior to the call. It also appears that she wrote it as Officer Wagner was the only Officer Responding; and that he directed her to respond. It is written in the narrative that [REDACTED] told her that [REDACTED] was under the influence of something. However, does not identify this [REDACTED] or have another officer assist her. She notes in a paragraph of what television show [REDACTED] was watching [REDACTED]. This information is somewhat nonsensical; because there isn't an issue of an alibi of a suspect. On page 2 of the incident report, she notes that [REDACTED] was talking rapidly, had blood shot watery eyes. However, Officer Lloyd could not smell alcohol; because of wearing her mask and gives a nonsensical dissertation of the reasons for wearing a mask. Odor of an alcoholic beverage is only one sign of intoxication. She also told me that [REDACTED] was not intoxicated and she could not smell anything. She also documents that she had delegated Officer Resendiz to conduct field sobriety tests for her. I intervened in this matter and it is also referenced in the narrative of her report. Officer Lloyd wrote that she gave [REDACTED] the benefit of doubt on some of the clues on the sobriety tests. She does not justify any reasoning for this. This could prove to be an issue if the case was to be challenged at any point in the adjudication process.

On February 23, 2021 Sergeant Bielowicz informed me that Officer Lloyd had complained to him that I'm being mean to her. She stated this to him on February 20, 2021 on my days off. Officer Bielowicz did not go into further detail if there was more information, she stated to him by Officer Lloyd. This is an ongoing course of behavior of Officer Lloyd to make complaints about me when she is has a conflict with authority of a superior ranking officer.

On February 25, 2021 I was copied into an email from Lieutenant Valenti to Officer Lloyd in reference to evidence that related to the case that was entered improperly. This email will be attached to this memorandum.

Based on my review of body worn camera footage, incident reports and supplemental reports related to PO Jennifer Lloyd's actions on this incident investigations. I have found that PO Lloyd has potentially violated the following sections of Geneva Police Department General Order Sections:

1. GO 305 Rules of conduct
 - a. III. 11a. Unsatisfactory performance.
 - b. III. 42a. Truthfulness
2. GO 605 Motor Vehicle Accident Investigations
 - a. IV. General Procedures
 - i. B. 1. Investigative Responsibilities Preliminary Motor Vehicle Accident Investigations
 - b. V. Accident Investigation Procedures
 - i. C. 1. Interview all involved parties and witnesses.
 - c. VII. Enforcement Actions
 - i. B. 2. Obtaining Statement of witnesses
3. GO 615 Alcohol and Drug Related Enforcement
 - a. III DWI Investigations

- i. A. Detecting the Impaired Driver
 - 1. 3. Confirming the identity of the operator.
 - 2. 4. Indications of intoxication
 - a. subsections b through h.
 - 3. 7b. Questioning witnesses at the scene.
 - b. IV. DWI/DWAI Drug Arrest Procedures
 - i. A3. Vehicle Search
- 4. GO 705 Crime Scene and Evidence Procedures
 - a. VI. Crime Scene Procedures
 - i. C. Duties of First Responding Officers
 - 1. 4. Identify witnesses

Some of the violations of the General Orders overlap each other. However, it is clear after review that PO Lloyd has had prior incidents for unsatisfactory performance related to driving while intoxicated arrests. Specifically, incident numbers [REDACTED] Based on the amount of training and work experience of Officer Lloyd this is clearly substandard work. She is one of the most senior officers on the overnight shift; and is setting the example for junior officers to not work to the fullest extent of their ability. I have attached all supporting documentation related to this incident for review.

NARRATIVE	<p>Geneva Fire Department and Finger Lakes Ambulance were pulling up to the scene.</p> <p>This officer advised, [REDACTED] that this officer would be back, this officer collected the rest of the other vehicles information and completed the MVA exchange form for the other owners of the vehicles so they could return back to their residences and their vehicles could get towed. While completing this task, PO Resendiz approached this officer in her patrol vehicle and advised this officer that he spoke with [REDACTED] who admitted to him that she had a white claw earlier, at around 4 or 5 [REDACTED] than told PO Resendiz that it was probably 730-800 and that she only had 1. This officer asked PO Resendiz since she made omissions to him if he wouldn't mind following up with conducting the Standardized Field Sobriety Test's. PO Resendiz called out stating that he was going to start one for tests, Sgt. Nolin came across the radio and asked for PO Resendiz to contact him via cell phone. Sgt. Nolin then advised this officer over the radio to conduct the standardized field sobriety test. This officer acknowledged.</p> <p>This officer handed the MVA exchange slips out to the other vehicle owners. Officers were unable to contact the registered owner of the [REDACTED] at the time of the incident, but was advised a voicemail was left with them. This officer asked one of the Geneva Fireman if they could turn off the emergency lights so this officer could conduct a standard field sobriety</p>

NARRATIVE

[REDACTED] I was assisting with the motor vehicle crash that had occurred on [REDACTED]. At about 2:50 in the morning, I spoke with [REDACTED] (DVR) and began asking her what had happen. As I was speaking with [REDACTED], I could see that she had bloodshot eyes and an odor of an alcoholic beverage was present with [REDACTED]. I asked [REDACTED] what she had to drink if any and how many drinks she had drank, along with about what time she drank, where and with who.

[REDACTED] responded first that she was trying to find a parking spot and was trying to parallel park since she had received a message about the winter parking enforcement. Then she stated that she was drinking with her [REDACTED]. [REDACTED] stated that she only had one white claw at about 4pm or 5pm.

I followed up with the questions of, if she drank anything else such as wine or different beer. [REDACTED] again stated that she only drank one white claw and that her [REDACTED] had more drinks than her. [REDACTED] responded that she drank the white claw at about 7:30pm or 8:00pm, changing her original time she had mentioned before.

I then advised dispatched that I would be taking out the driver out for SFST's, at that time Sgt. Nolin called over the radio and asked if I could give him call. Sgt. Nolin explained that I should discuss my findings with PO Lloyd and have her do the SFST's since she was the primary on the case. I discussed my findings with PO Lloyd and she took over the tests.

I cleared from the scene and filled out the 710/30 paperwork for PO Lloyd's DWI case. Nothing further to report.

Officer Lloyd,

I left the evidence from the above CR in the ID Room again for you. This time you put the zero in front of 2021. The zero needs to go after the dash in the CR number in order to make the number a 5 digit number, ex. 2021-0 [REDACTED] I deleted this tag and you will have to make a new tag with the correct number.

As an Evidence Technician I should not have to be kicking evidence back to you for these simple mistakes. If you have any questions or need a review please reach out. Thank you.

Respectfully,

STATE OF NEW YORK : COUNTY OF ONTARIO
CITY COURT : CITY OF GENEVA

The People of the State of New York

SUPPORTING DEPOSITION
GENERAL

Defendant

██████████ employed at Hobart William Smith Colleges, 300 Pulteney St, Geneva, NY, by this Supporting Deposition, makes the following allegations of fact in connection with an accusatory instrument filed, or to be filed, with this Court against the above named defendant(s):

On ██████████ at about 2:15am I was conducting property checks of the Hobart William Smith campus when I observed a ██████████ that had been involved in an accident on the ██████████. The vehicle was facing south bound in the north bound lane and had struck a ██████████ which pushed the ██████████ into a ██████████. ██████████ was standing between the front driver door, which was open, and the car so I asked her if it was her car and she replied yes. ██████████ did not have her driver's license on her at the time so I asked for ██████████. ██████████ was very belligerent with me and was yelling "what's the big deal". When ██████████ was talking to me, I could smell the odor of an alcoholic beverage on her breath, so I lowered my mask to get a better smell and confirmed that it was an odor of an alcoholic beverage. After I spoke with ██████████ I noticed a third vehicle parked alongside the south bound lane that had been damaged and grooves caused by ██████████ front flat tire leading directly to her car. I did advise my dispatch to call 911.

The foregoing factual allegations are based upon personal knowledge of the deponent (and upon information and belief, the sources of deponent's information and belief being, direct involvement).

False statements made in the foregoing instrument are punishable as a Class A misdemeanor pursuant to section 210.45 of the Penal Law. Accordingly and with notice of the foregoing, I hereby affirm that the foregoing statements of facts are true, under penalty of perjury, this 02/26/2021.

Subscribed and Sworn to before me on February 26, 2021.

EMPLOYEE COUNSELING MEMO

TO: Officer Lloyd
FROM: Sergeant Nicholas Bielowicz
RE: Suspicious Condition at [REDACTED]
DATE: [REDACTED]

Officer Lloyd responded to [REDACTED] around 11:15pm on [REDACTED]. The clerk inquired to Officer Lloyd that a vehicle had been sitting in the parking lot running for some time. Officer Lloyd found the vehicle running and the doors unlocked. Officer Lloyd asked the dispatcher to contact the owner, in which they left a message. Officer Lloyd did not follow-up any further and left the vehicle running, unlocked in the [REDACTED] parking lot.

Officer Lloyd violated G.O. 415 Post Assignments and Patrol Procedures III C 1 by not conducting a vigorous and thorough investigation when information had been brought to her attention.

Officer Lloyd violated G.O. 305 Rules of Conduct III 11 by unsatisfactory performance when officers shall maintain sufficient competency to properly perform their duties and assume the responsibilities of their positions. Officers shall perform their duties in a manner which will maintain the highest standards of efficiency in carrying out the functions and objectives of the department. Unsatisfactory performance may be demonstrated by a lack of knowledge of the application of laws required to be enforced; an unwillingness or inability to perform assigned tasks; the failure to conform to work standards established for the officer's rank, grade, or position; the failure to take appropriate action, the occasion of a crime, disorder, or other condition deserving police attention.

You must understand that this counseling memo is being completed so that you may take immediate corrective measures so it does not happen again.

As you may or may not be aware, further violation of this General Order may result in disciplinary action taken against you.

On Friday [REDACTED] at about 2320hours this officer (PO J. Lloyd #823) was assigned to beat2 in the City of Geneva in marked patrol unit GV11. This officer, PO Eveland, and PO Baskin were at [REDACTED] located at [REDACTED] in the City of Geneva getting a beverage. While inside the female clerk that was working stated that there was a [REDACTED] in the parking lot that had been running for a little bit. PO Baskin and PO Eveland were in front of this officer in line when the clerk advised them. I did not hear their response. The female clerk told me when I was at the register to check out as well. The clerk stated that she didn't care that the vehicle was there, but just wanted to know what she could do. I advised her that the vehicle was on private property that if she wanted to, she could have it towed.

This officer took it upon herself and went outside and located a [REDACTED] next to the air pump legally parked between 2 marked yellow lines distinguishing it to be a parking spot. The vehicle was unoccupied and running. This officer ran the LP bearing [REDACTED] to make sure it did not come back as stolen. It came back to a VALID [REDACTED] that was registered to [REDACTED] City of Geneva. This officer walked around the vehicle and observed no criminal activity, nothing disturbed inside the vehicle, and while looking in from the passenger's side front window the vehicle was unlocked with the keys in the ignition.

This officer went back to the patrol vehicle and looked up in PD manager for the RO's phone number, no phone number was listed. This officer radioed dispatch and asked if he could find a phone number for the RO bearing [REDACTED] and inquire why the vehicle was parked at [REDACTED]

Dispatch around the same time dispatched PO Eveland to respond back to [REDACTED] for a possible domestic with the female returning back to the location. This officer was their earlier and responded to that incident as I already dealt with both parties prior to PO Eveland reporting for duty.

Dispatch while enroute to the other incident or shortly thereafter notified this officer and advised that he left a voicemail for the RO. I stated OK, thanks. I never heard anything more of the vehicle for the rest of the shift.

This officer figured the RO was in the area (across the street in the apartments or on [REDACTED] and just left his vehicle running there. There was no criminal activity observed at any point while this officer was with the vehicle. No CR was made as there was no complaint nor anything observed as being suspicious. This officer did make the attempt to contact the RO through the dispatcher.

This officer was called at about 9:49am by Lt. Potter inquiring about the [REDACTED] This officer informed Lt. Potter of the above. Lt. Potter inquired if Sgt. Bielowicz was informed, this officer stated no as there was nothing to report to the Sgt about.

Lt. Potter informed this officer that the RO [REDACTED] called 911 to report that his vehicle was stolen. However, this officer wouldn't have known this as the vehicle was showing VALID at time it was RUN through Police Mobile and the officer made the attempt to contact the RO of said vehicle with no luck.

Upon reporting for duty on 1/1/2021, this officer read PO Peters incident report [REDACTED] that stated the RO drove his vehicle with the keys to [REDACTED] at 1858hrs and upon leaving the store, walked towards his residence. The RO was shown on camera returning to the store again at 1910 on foot and leaving his vehicle and store on foot for a second time walking back towards his residence. This makes me think that the RO was too impaired to even drive if he could not even remember that he drove to the store upon exiting the store not once but twice in one night. The report continues to state that the RO confirmed that there was no criminal activity. RO drove the vehicle back home and the incident was closed by PO Peters. NO crime was committed.

RE:

ON [REDACTED] AT APPROXIMATELY 12:30 AM THIS OFFICER WENT INTO [REDACTED] TO PURCHASE TEA AND GUM. THIS OFFICER ASKED THE CLERK IF THERE WERE ANY ISSUES AND SHE TOLD THIS OFFICER NO. I ADVISED HER THAT IF SHE NEEDED ANYTHING TO CALL. THIS OFFICER LEFT BUT FORGOT TO ENTER THE PROPERTY CHECK INTO THE COMPUTER. THIS OFFICER REALIZED LATER IN HIS SHIFT AT APPROXIMATELY 2:20 AM THAT HE DID NOT ENTER THE JOB INTO THE COMPUTER. SO I DECIDED TO DRIVE THROUGH THE [REDACTED] AGAIN AND THEN ENTERED THE PROPERTY CHECK INTO THE SYSTEM. THERE WERE NOT MANY VEHICLES IN THE PARKING LOT. SO THIS OFFICER DROVE THROUGH THE LOT SLOWLY, LOOKED INTO THE STORE AND SAW THE SAME CLERK HE SPOKE TO EARLIER STANDING BEHIND THE COUNTER, NEXT TO THE REGISTER. NO ONE APPEARED TO BE IN DISTRESSED OR NEEDING HELP, SO THIS OFFICER CONTINUED THROUGH, AND COMPLETED HIS CHECK. BY THE END OF HIS PATROL, THIS OFFICER HAD COMPLETED TWO PROPERTY CHECKS AT THIS LOCATION, AT TWO DIFFERENT TIMES. DURING THESE TWO CHECKS, AT NO TIME DID ANYONE INFORM OR MAKE A COMPLAINT TO THIS OFFICER THAT ANYONE NEEDED ASSISTANCE OR HELP.

On [REDACTED] I was on duty and assigned to patrol the East. After roll call, around 2300 hours or so, Officer Baskin and myself went to [REDACTED] to purchase a beverage. As we were walking in, Officer Lloyd showed up as well. I grabbed my preferred beverage and I walked over to the cashier to pay for my drink. I completed my transaction and I walked over to the doors to exit [REDACTED]. I waited for Officer Baskin to finish his transaction as well. As Officer Baskin and I were exiting [REDACTED] Officer Baskin made a comment that Officer Lloyd was going to go into full detail to the cashier about towing a vehicle from their property. I walked over to my patrol vehicle which was parked on the far Eastern corner of the parking lot next to Officer Baskin's. I did not have any conversation whatsoever with any [REDACTED] employee about a vehicle that was parked on their property.

Respectfully,

A handwritten signature in blue ink, appearing to read "K E 845", is written over the printed name "Officer Eveland".

Officer Eveland

Sergeant Bielowicz,

I am writing this memo in reference to the events at the [REDACTED] on the night of [REDACTED]. At about 11:30 PM, I had contacted Officer Eveland about meeting at the [REDACTED] for some refreshments. I was posted in the west for this shift. Officer Lloyd also came to the store. I made a purchase, and as I was taking my items the clerk made mention about [REDACTED] in the parking lot that was running, unoccupied and had been there for some time. As I was walking towards the door, Officer Lloyd started answering the clerk as she was behind me and paying for her items. I exited the store, and told Officer Eveland that Officer Lloyd was talking to the clerk about all the options the store could take.

I entered my patrol vehicle, and so did Officer Eveland. At this time, we left.

RE: [REDACTED]

Dear Sgt. Bielowicz & Chief Passalacqua,

I am writing to you in regards to rebutting the counseling memo and the Geneva Police Department Employee warning record regarding a vehicle being parked running at [REDACTED]
[REDACTED]

I have read and understand the General Orders 415 III C1 and 305 III 11. However, the clerk did not wish to file a complaint or be a subject of a complaint. The Clerk was just inquiring legally what her options were. Based on the conversation had with the clerk she had no intentions of even calling 911.

This officer, advised the clerk what she could do legally in that case as the vehicle was legally parked on private property was to have it towed at the company expense. I then walked out of the store. However, I went further out of my own curiosity and ran the plate in Police Mobile to see if it had any wants, warrants, or was stolen. The vehicle came back as VALID. I asked the dispatcher to contact the Registered Owner to inquire why it was parked at the [REDACTED] Per the dispatcher a voicemail was left with the registered owner.

At no time did I think that a citizen asking a simple question while in to purchase a beverage in a convenient store would have led to this. In the future any contact that I have with the public I will fill out a complaint.

Respectfully,
