Sergeant Manley,

I forwarded you the training invite that I received from Mr. Anthony Modestine in a previous email. In the forwarded email below, Mr. Modestine is inquiring if any other officers will be attending the training. Is it just going to be you and I?

Respectfully,

Detective Rivera

Great, I have just sent out a calendar invite so please be on the lookout for that as it contains the info on how to log into the webinar.

Can you please provide me all the contact information for the other LEOs that will be attending this meeting and which role they will be playing as a key stakeholder?

Thanks!

Neighbors by Ring
Memorandum of Understanding

This agreement is entered into this 3rd day of April, 2019 by and between Ring LLC ("Ring") and Glen Ridge Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Glen Ridge's ("Township") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
 - Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

- Make the Neighbors App available to Township residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

- Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

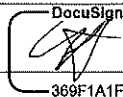

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.

Hi Det Sgt Manley and Det Rivera,

Thank you for connecting with me earlier for the Portal Onboarding! Recap below as promised:

1.

Portal Requirements

a) Account Provisioning

- Attached is an Excel doc outlining what's needed to provision users. Please add everyone that would potentially need an account and send it back so we can set up their accounts. Let me know if you have any questions on this!

b) Browser Compatibility

- Portal is compatible with Chrome or Firefox. Please refrain from using Internet Explorer or any others not listed above.

2.

Training Materials - Attached are Training Materials that you can distribute to users that are provisioned. These should help provide context and baseline knowledge for them to properly use Portal.

3. Welcome Message:

Here is an example of the "Welcome Message" you can post to your portal. It will show your community that your department is now able to send out real-time alerts to them.

Guy came by this morning while we were asleep. He didn't ring the bell but just knocked on the door. We thought he was a delivery guy dropping off a package. Later there was no package but reviewed our RING videos. Don't know him!

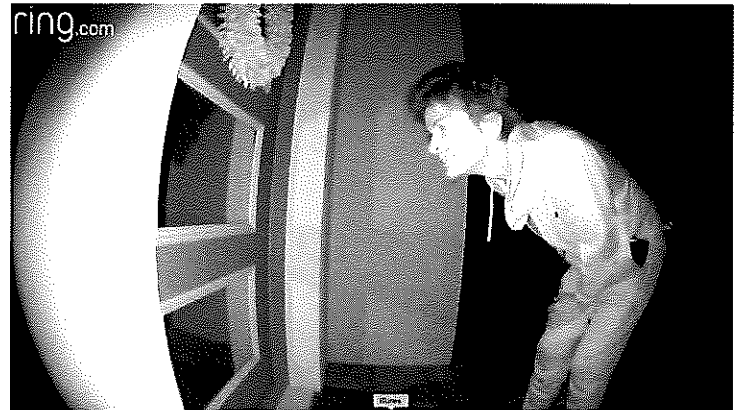

See how other departments around the country are successfully using portal!

1 Winter Park Police Department, Florida

Thanks to video evidence shared through the Neighbors Portal, a community in Florida has one less criminal on the street.

Christian Esteban Sepulveda was arrested on August 15 for suspected arson. Winter Park Police submitted a video request to the 2000 block of Middleton Avenue and within an hour they received video of the suspect stealing from a nearby home.

The video helped local police tack on an additional charge for theft. Now, Sepulveda is being held without bail on five counts of burglary, two counts of arson and five additional charges. All thanks to diligent police work, active citizens and the Neighbors Portal.

2 Tampa Police Department, Florida

Thanks to information gathered from the Neighbors App by Ring and the Neighbors Portal, the Tampa Police Department has arrested a suspect involved in a local grand theft case.

After a package was stolen from his porch, Chris, a doctor from Tampa, shared a video of the incident on the Neighbors App by Ring. This helped police realize that the suspect was involved in multiple cases throughout the community.

This is a classic example of law enforcement working closely with the public to make the city

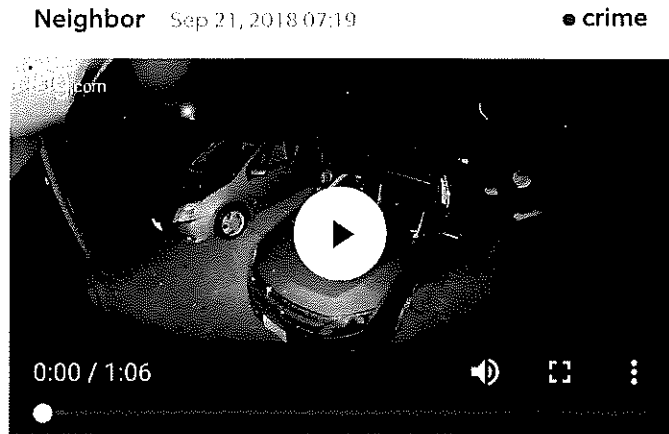

3 Green Bay Police Department, Wisconsin

Thanks to the community and their engagement in the Neighbors App, Neighbors have one less thief they need to worry about rummaging through their cars.

A neighbor posted this video to the Neighbors App on 9/21/2018. Another neighbor saw the video, recognized the suspect, and contacted the Green Bay Police Department with his name. The suspect was cited for two counts of theft.

This is the perfect scenario of a community taking a stand against crime. The Neighbors App allows users to see this video instantly to their phone after it was posted. Allowing one Neighbor to do their part and report this known suspect to the Green Bay Police Department resulting in an arrest.

4 Volusia County Sheriffs Office, Florida

Quick reaction from the Volusia County Sheriffs Office puts one man behind bars an hour after video was shared to the Neighbors App of a suspect trespassing on a neighbors property.

On September 26, Steven Ludwig received motion-activated notifications from his Ring Video Doorbell Pro and Floodlight Cam. What he saw when he opened those notifications was a man posing as an A/C technician trespassing on his property. He used the two-way talk feature on his Ring device to scare the man off. Steven Ludwig quickly shared the videos with the Neighbors app and local law enforcement. Volusia County Deputies were able to view the video in real-time thanks to the Neighbors Portal. Frank Johnson, the man captured in the footage, was located only an hour and a half later.

All thanks to the collective efforts of active citizens and local law enforcement, this Volusia County neighborhood is becoming a safer

Thank You for this post. The video clearly shows that if your doors are locked and your residence has some sort of security, in this case motion lighting, it will deter the criminals. Again thank you for the post. The Wolcott Police are investigating.

See how other departments around the country are successfully using portal!

1 Winter Park Police Department, Florida

Thanks to video evidence shared through the Neighbors Portal, a community in Florida has one less criminal on the street.

Christian Esteban Sepulveda was arrested on August 15 for suspected arson. Winter Park Police submitted a video request to the 2000 block of Middleton Avenue and within an hour they received video of the suspect stealing from a nearby home.

The video helped local police tack on an additional charge for theft. Now, Sepulveda is being held without bail on five counts of burglary, two counts of arson and five additional charges. All thanks to diligent police work, active citizens and the Neighbors Portal.

2 Tampa Police Department, Florida

Thanks to information gathered from the Neighbors App by Ring and the Neighbors Portal, the Tampa Police Department has arrested a suspect involved in a local grand theft case.

After a package was stolen from his porch, Chris, a doctor from Tampa, shared a video of the incident on the Neighbors App by Ring. This helped police realize that the suspect was involved in multiple cases throughout the community.

This is a classic example of law enforcement working closely with the public to make the city
