Fri, Nov 13, 2020 at 2:56 PM

Good Afternoon,

I wanted to reach out to everyone that I will be recommending Sue Nicholas to be placed on a probationary elementary common branch tenure track for the Board of Education at their next Regular Meeting on Dec 3.

Sue has been with us throughout this "new normal" and quickly became part of our family! We are excited for her now to call Heatly her home! Grateful to have her! Congratulations Sue

TGIF

Tue, Sep 22, 2020 at 6:09 PM

Hi Mat and Nicole,

I want to apologize for my delay in relaying information to staff. I am usually extremely private about health related concerns, pride I suppose, but my absence is being felt and I think I need to display vulnerability so that folks don't think I am not following the same rules and guidelines. Especially since I had hoped to roll out telework on Monday.

Below is a draft email that I would like to send to staff tonight, but want to make sure we are on the same page. Please, please correct me if I have made an error before sending. I am not firing on all 4 cylinders and want to make sure that I haven't missed anything. After reviewing, let me know and I will forward to staff. Thank you for your support as I recuperate.

Good Evening my Healty Herosi

Some of you may have noticed that I have not been in the building so far this week. I usually take a very private approach to any health conditions, but feel that I should be more vulnerable to you all so that you will understand my absence as well as why I am late to share some exciting news about the option of being able to telework.

First, I am not suffering symptoms of COVID. I fell ill this weekend and have been unable to sustain any simple task. Over the weekend, I woke up and was taken by ambulance with the concern that I may have had a stroke. I lost all facilities to sit, stand or walk. I lost my ability to speak coherently and muscle control. It was very frightening for me and my husband. All scans came back clear of no stroke. They are treating me for acute Vertigo with possible Menieres. I have been to the doctor today and if my symptoms subside, then I can drive and return to work. As you can imagine, this is incredibly embarrassing for me simply because I pride myself to be strong mentally, emotionally and physically. This experience has humbled me for sure.

I am disappointed that I have to share this with you all in a email, but I was incredibly excited to share with you on Monday. Collaborating with GITA, the Board of education and the administrative team, we would like to roll out the opportunity for staff to be able to "telework" on special occasions. I have to be honest, the subject was brought up several weeks ago and I was hesitant because of concerns that we wouldn't have enough staff in the building. But I allowed my heart and mind to the possibility. I have encouraged each and every one of you to think outside the box, reimagine education, reimagine how we move forward and I think it is important that I embrace the same philosophy. With that being said, I believe that each and every one of you as professionals and we all need to design our new normal.

So, in short, if you have to be out, depending on the circumstance, you may be eligible to "telework" your classes at home. There are many nuances that we have to consider, but one example would be, if your child is sent home from school because they have a runny nose and you need to have them get a COVID test, you could telework from home for the couple days until you receive the test results. It would be different if you refuse your child a test and they are out of school for 10 days. GITA has agreed that this would be a case by case benefit. Obviously having you in the building is what is best for kids, but we are hopeful some flexibility will allow for you to be a parent first.

There are couple things we will need from everyone, because this will have to be a team approach.

1. Mazz will need your explicit schedule. When remote, when hybrid. We will work with all staff, even if no remote classes. She needs access to your Google Classroom
2. We will need everyone to pitch hit if someone is out. Our secondary teachers currently do not have a full load of 5 sections. So you may be asked to help a colleague one day and cover a class, without remuneration. I know this may be of concern for many, but in return, you most likely will rely on your colleagues if you ever need to telework. We will not ask a secondary teacher to cover elementary and vice versa (unless of course you are willing). If we can not cover each other, then we will move to TA coverage.

1/4/23, 2:43 PM

Green Island Union Free School District Mail - draft email to staff

3. We will establish a special form if you are requesting to "telework". Mazz has already made an electronic absence sheet. It is critical that you fill out this form and let Mazz know either the night before or before 6:45 am. If you can not get a hold of Mazz, Angela is next in line and then me. Communication will be key.
 4. If your request to telework is granted, it will be required that you are "on" the entire instructional period(s). You will not be meeting your students for a few minutes than assigning asynchronous independent work. You will also be required to attend all meetings after 1 pm.
 5. If you are sick, and can not meet these criterias, then you should just put in for a sick day. For example, I have been able to field a few questions here and there, but I am putting in for sick days because I am not full access. I am sure you have a million questions. Since Mat, Nicole and Tiff have the same information, I encourage you to field questions to them until I can return and get up to snuff.
- I hope this provides some relief to you all. It would have been much better for me to speak to you in person about this. I am hopefully I will be back in the building by Thursday. I want you to know I care about each and everyone of you and want to do right by you all and support our new normal. Deep breath, we've got this. We will figure it out as we go.
- Hope to see you all very soon.

Kim
I hope you are feeling better and back in action soon.

Not to nipick or by a wise guy, but other than a few typos in your email to staff, I don't see any problems with it. I don't feel that you missed anything or misspoke.

MM

Tue, Sep 22, 2020 at 6:40 PM

Yes.
I copied your text into a Google doc.

1/4/23, 2:43 PM

Green Island Union Free School District Mail - draft email to staff

I made simple grammar/spelling edits.

I typed in all caps and bold a couple of spots where I think different wording works but that is strictly my opinion -- not saying that I am right. Do what you want in those spots.

Finally, at the bottom of the doc I typed a few suggestions. Again, use or don't -- just thoughts.

I will share the doc with you and Nicole now.

M

Describe one positive thing that is occurring in your classroom.

- The students are doing a great job with their masks and are really staying focused during learning time.

Kids are aware they are being held accountable through google classroom and go guardian, and doing more work and staying up on things. communicating better. only a few stragglers/outliers
 The students seem to be positive about the year and I can still get them to laugh which is good!
 Behavior

for the most part the kids are very well behaved
 TEAMWORK

Kids doing their work! Actively trying to learn.

Students are doing work on IN Person days!!

Some students are being flexible with the adjustment to the new normal in the classroom.

The children are doing an excellent job wearing their masks!
 students are happy

I really am enjoying seeing the relationship build with our virtual learners and how they are becoming more comfortable learning virtually. I do hope they come back though.
 Students are doing great using Google Classroom and completing the majority of their work online
 Kids seem happy to be back

Student cooperation in general and patience for the most part with tech issues.
 Acclimation to rules and procedures, relationship building.

This week, the technology has mostly worked.

Students being helpful and kind. Also, students learning how to work independent.

Our students have been kind and helpful towards each other.

I'm incorporating music first junior into every class at this time.
 Children are very happy.

For the most part, they know what is expected and follow the new protocol.

I am getting into a groove with teaching virtually and collaborating with the classroom teachers.

My Geometry kiddos that were scared to have me are starting to open up and learn from me.

There are not as many disruptions with my classes being in the classrooms assigned for each grade.

Not classroom, but position related... Finding out that our students didn't regress as much as we feared that they would have since January. A majority stayed the same.

We have a great daily routine!
 The students working hard!

Happy to be here

Greetings Board Members,

I wanted to run something by you prior to our meeting on Tuesday. A neighboring district has built in a "practice remote day" to trouble shoot our new normal for all students in the event we have to have an emergency closing day. I spoke with my administrative team and they are all on the same page and think it is a great idea.

Now you may be thinking, they had last spring to "practice" but the biggest shift this year is the expectation is synchronous (live) instruction versus last year was asynchronous (pre-recorded or independent learning). This year teachers are preparing for live instruction for a longer period of time. K-5 Elementary is 8:30-11:15 and 6-12 is 8:00 - 12:45. Attendance will still be taken and students need to practice "following their schedule". We still have several K-2 without devices (on back order)We are looking to shift some grant funds to purchase tablets for our K-2 students. If we can not support technology for K-2, we will come up with a solid plan. I just would like some feedback from the Board so that I can include a resolution and then let families and teachers know so we can plan.

Good evening,

I want to apologize about my tardiness with my weekly update. I had a bit of a health scare this weekend and still recouping. Long story short, I woke up Sunday morning and had to be taken to Ellis hospital by ambulance. They were concerned that I may have had a stroke. My MRI came clean, thank heavens, but for some odd reason I am suffering an acute case of Vertigo or possibly Meniere's. I continue to be bed ridden and can not move an inch without falling or fainting. I continue to need support to get up and walk across the room. I would have shared this earlier with the Board, but was hoping it would pass in a day or two. I went to the Dr. today and have to return on Friday. This is TERRIBLE timing and I feel frustrated and embarrassed. The administrative team is aware and being extremely supportive. Even though I am out, the ship must continue to sail. So I wanted to update the Board on two items.

1. Even though our hearts were broken with the postponement of soccer season, I asked Brian Ford to see if any kids would be interested in running Cross Country. Brian is an avid runner and certainly could coach them. He was pleasantly surprised that 10 students came to a meeting today and are interested. I would like to proceed with a Board resolution next week, establishing a team for this year.
2. Working with the admin team and GITA, I think we are able to allow staff to telework from home if need be. The goal is to eliminate substitutes and many of our staff have young children at home who are being sent home due to the COVID symptoms. They are not ill, but need to ride out till their child's test comes back. I came to consensus with GITA about anyone who may "abuse" this benefit and they are fully agreeable with the parameters. If anyone has objections, please let me know. When I am back to firing on all cylinders, I will outline the discussion and parameters to the Board. But I think we can make this work AND be supportive of our new normal.

Again, please let me know if you have any concerns with either of these items. I will provide a more thorough weekly report when up to snuff. Please don't forget the Capital Project team is meeting Thursday at 5:30. The ship must sail and if need be, Chris can steer the meeting if I am not back in. Off the top of my head, I know that Don and Elijah are on this committee. We will have the stakeholder team present as well for feedback on the scope of the project.

Hi Don,

Can you share some of your concerns with cross country? I admit I don't know much about cross country, but it seems like it's a good sport during COVID bc it allows for social distancing. And it would give kids who haven't played any sports since last winter and aren't even receiving tutorial PE an opportunity for avarice

Green Island Union Free School District Mail - Parent Survey

Kimberly Ross <kross@greenisland.org>

Parent Survey

6 messages

Kimberly Ross <kross@greenisland.org>
To: kross@greenisland.org

Wed, Aug 12, 2020 at 9:44 AM

Good Morning my Healty families!

In an effort to make sure all our families are familiar with the district Reopening Plan, there are four more live stream community forums scheduled. Our next session is today at 11 am! If you have a specific question or comment during the live stream, please use the link below the YouTube live stream. You also can ask questions by emailing reopening@greenisland.org

You can find information to access the live stream on our website: www.greenisland.org and click on the Parents tab.

Also, I would like to invite all families to complete our parent survey that is included on the Parent Tab on the website.. (<https://www.surveymonkey.com/r/KPGDSCG>) Completing this survey will be critical for us to finalize our Reopening Plan. This survey also will give us information if you prefer for your child to participate in the Full Remote Learning model or in-person/hybrid model. Please, complete this survey for each of your children. If you do not complete the survey by Tuesday August 18, we will have your child enrolled as the in-person/hybrid model. Any student who is enrolled in the Full Remote Learning model, must remain enrolled for the entire marking period.

If you prefer a survey mailed to your home, please email reopening@greenisland.org.

As always, thank you for your continued support and patience as we work through this new normal as a team!

Warmest Regards,
K

Subject: Parent Survey

Good Morning my Healty families!

In an effort to make sure all our families are familiar with the district Reopening Plan, there are four more live stream community forums scheduled. Our next session is today at 11 am! If you have a specific question or comment during the live stream, please use the link below the YouTube live stream. You also can ask questions by emailing reopening@greenisland.org

You can find information to access the live stream on our website: www.greenisland.org and click on the Parents tab.

Also, I would like to invite all families to complete our parent survey that is included on the Parent Tab on the website. (<https://www.surveymonkey.com/r/KPGDSCG>) Completing this survey will be critical for us to finalize our Reopening Plan. This survey also will give us information if you prefer for your child to participate in the Full Remote Learning model or in-person/hybrid model. Please, complete this survey for each of your children. If you do not complete the survey by Tuesday August 18, we will have your child enrolled as the in-person/hybrid model. Any student who is enrolled in the Full Remote Learning model, must remain enrolled for the entire marking period.

If you prefer a survey mailed to your home, please email reopening@greenisland.org.

As always, thank you for your continued support and patience as we work through this new normal as a team!

Warmest Regards,

Hi Mrs. Ross,

I wanted to be sure that I did the survey correctly and to make sure there was not anything else I needed to fill out for Ian O'Donnell to do remote learning from home. I was a little confused because I received the survey to fill out which I did but then I noticed another form. Any information you can provide will be greatly appreciated.

Thank You
Laurie O'Donnell

Hi, Could you please verify what the first day of school is? I had checked the reopening plan before and it had said Sept 14th. I did not see on the new reopening plan a start date listed and the calendar says Sept 8th. Thank you for your time in advance

Nina Evans

Hi Nina,

We will stagger students in Sept 10 & 11th to get them use to the "new normal". The staggered start schedule should be out at the end of next week. We will resume the established schedule on Sept 14.

Please let me know if you have any other questions after we post the schedule for the 10th and 11th.

Stay well,

K

tonights questions so far...

1 message

Tiffany Dzembo <tdzembo@greenisland.org>
To: Kimberly Ross <kross@greenisland.org>

Wed, Jul 29, 2020 at 1:18 PM

Will the kids be required to quarantine two weeks before school starts? Will they required to get tested? Temperature checks upon arrival ? Will seniors be required to Fill their schedules ? Gym classes being held in school? Will there be an Online option for first half of the year and in school in January?

What if we don't feel comfortable no matter the what the plan may promise? Our son has asthma and has had issues of fever with it this summer. We don't want him sent home every 14 days! We feel he will do better at home.

What is the return plan for elementary and high school.

what are the plans for social distancing and wear a mask for students grades k-6.

Are students required to wear a mask and if so how are they going to hear the teachers and understand the muffled responses . What are the checking temp regulations . Why limits and changes are the kids going to have due to Covid 19. What is the statistics in when one person in the class becomes positive home many will contract the virus. What is the new normal for health school . In an event of a spike what are the schools plans. Parents are in and out of the school for pick-up is there any changes? How will the school know the difference between allergies , cold, and covid ? If kids are remote do we have the option of paper work information than computer work . Last year was a disaster. My child spent most of his time trying to understand how a computer or lap top works then actually doing the criteria. Are the kids lost part of the school year and learning remotely caused my child to be behind. Will you be reteaching some of the things that should have been taught or will you continue with the next grade standards. When will the rooms and supplies be cleaned such as main areas like gym art library common area , cozy corner , pencil sharpener . How will lunch go, How long will you guy take to inform us about an possible outbreak . The same day or 3-5 days later.

Hello,

In the spirit of all things Corona-virus, social distancing, the new normal, unprecedented time (and all of the other overused terms I'm tired of hearing 🙄), let's give Erin a farewell drive-by parade.

I've reached out to Vic and a couple of other people for best availability, and we will go with **Thursday 6/25 at 10 a.m.**

Ang tells me that when you get off the exit of 90 where Erin lives, there is a Dunkin Donuts right there. Let's plan to meet there at 10:00 a.m. and we will make our way!

Her address is:

Green Island Union Free School District Mail - Re: Farewell parade

She's not on this email...it's a secret! If anything changes, I will let you know.

ALSO, there is no possible way that I got everybody. Please share this. There was no ill intent to exclude anybody, so please make sure to pass this along to anybody I may have missed but would love to join.

Thanks all!

Dana

Please forward if complete...

Kim's Report:

1. Thank you and Happy Teacher Appreciation Week
2. We are closed for the rest of the year.

3. We are working on the "new normal". A rotating staff for secretarial work and custodial work will be created. Custodians will bag up the contents of each individual locker to be picked up by parents.

4. A sign-up will be created for teachers to come in and pack up individual classrooms for the end of the year. If there is a wall that needs to be touched up, or painting that needs to occur, please take down any posters, etc. Take as many things off the floor as possible - this will help the custodians and help keep your materials safe over the summer. We will stagger everyone so that we maintain social distancing. You must wear a mask and leave by 1PM so that the room you were working in can be disinfected and cleaned. Please do not sign up for more than three slots total, no more than 1 slot per week. If you need more, we will find time for you. We don't anticipate classroom changes but more information on that to come. Another schedule will be created to prepare for September. Kim will follow up with Scott on the availability for boxes. Look for the sign-up in an email from Chris.

5. Graduation/Moving Up - We are going to have a ceremony on June 26th, most likely outside. No final decision will be made until we get closer to June. A decision regarding teacher attendance (per the contract) will be made later as well. No Elementary Moving Up. Something will be worked out to recognize the 6th graders. Senior Class Night could be recorded but we will not be encouraging people to gather.

6. Last day of school - Kim will estimate when the last contractual day is and report back to us.

Tiffany's Report

1. Please see the website for our updated guidelines for Quarter 4. The big change is in participation - in order to get More guidance on final course grades will be coming soon. We will use the same process as we did for Quarter 4.

Principals Report

1. Happy Teacher Appreciation Week! No faculty meetings the rest of the week. Please come to our Faculty Meeting Teacher Appreciation Party on Friday at 1PM. The theme is "Hats Off to Teachers" so be sure to wear your best hat. We'll have games, prizes, and more planned.

Good of the Order

1. Mrs. Bokor thanked everyone for the senior messages. They loved them.

With Laurie not being able to put pressure on her foot, could Matt Manning and I pack Laurie's room up together? I wasn't sure if that would be OK.

Nicole

To: Kimberly Ross <kross@greenisland.org>

Mon, May 4, 2020 at 6:39 PM

No, she was having problems with her foot for a while. She took advantage of the chance to have a long foot injury addressed.

I'm sorry... I wasn't trying to pry, was just worried.
How long will she be laid up?
Would it be better when she is released for her to come back to the building?
[Quoted text hidden]

Mon, May 4, 2020 at 6:47 PM

No worries, at all. I just thought that you knew. She's doing really well! Home and relaxing!! I don't think she'll be laid up that long. I was just thinking ahead and didn't want her to have to worry about it.

Nicole
