If you could change one thing about this school, what would it be and why?

The Principal Mrs Pettioni is useless to deal with, has no passion for her job or the children, and does not treat all students with the same rules/expectations/disciplinary actions. I'm thrilled Dr Snyder has stepped into her role & look forward to her forward progress to come. However, Mrs P is dead weight in the administration & lacks effort, positivity, and fairness. Replacing the principal would be my vote for change.

**Q14**

If you could change one thing about this school, what would it be and why?

Nepotism...having multiple immediate family members employed in such a small district gives the illusion of having an imbalance in fairness & equality to students and families who DON'T have family members employed by the District. It gives the appearance of a family-run business rather than a publicly-funded entity.

**Q14**

If you could change one thing about this school, what would it be and why?

There are a lot of things wrong with this school and staff. They don't contact parents with certain issues, you have to hear it from your child first instead of the adults responsible. They do NOTHING for the constant and repetitive harassment that come from the same kids every single year. Punishments should NOT depend on if the offender plays a sport for Heatley. When things do occur in this school often the excuse is the teacher wasn't there, or else the teacher was on the other side of the room, at the same time you boast about small classroom sizes. If you all know of an ongoing problem between 2 students, common sense would tell anyone to keep them away from each other, OR do your job and pay attention to the students if they have to be in close proximity. Bullying is a huge issue in this school and I'm surprised you all need a survey to tell you this. Administration does not follow their own rules of conduct and punishment. Rules should be followed all day not just at certain times and in certain classrooms. Rules should be BLACK AND WHITE for children. Grey areas cause trouble and confusion. I can go on and on.. even have email evidence of the issues in this place. To the point where I have removed one child from your institution and my 5th grader will not be coming back next year. We are home owners, not very practical for us to just pick up and move. We've invested in this village but it won't be at the expense of my children's happiness and education. Test scores in this school are atrocious, some of the lowest in NYS! On top of that, the lack extracurricular activities in this district don't leave very many options for these children besides running the streets, bullying and causing trouble. I use to participate in everything that I could when my daughter was little. Slowly this school has disgusted me with their behavior. It was never like this with DR Mugits.

**Q14**

If you could change one thing about this school, what would it be and why?

I would change the fact that when another child is bullying that there are consequences. EVERY time! No matter how big or small the bullying is. Name calling, rude remarks, physical harassment. It needs to be taken seriously. I would also reach out to parents of all parties and hold meetings with students and parents to come together to fix the issues causing the bullying. This school just puts bullying on the back burner and that is not okay.

**Q14**

If you could change one thing about this school, what would it be and why?

Students were held accountable for their bad behaviors and repeat offenders were expelled rather than suspended over and over. Teachers, Admin and staff would work around parents schedules when it comes to meetings, even if it means they have to stay after normal school hours to address important issues and concerns.

If you could change one thing about this school, what would it be and why?

To form a better solution for bullying and make people see what is going on in the community. Have parents more active in their kids lives, teachers, and staff. Don't always suspend kids for remarks and comments when you could find a better alternative way to resolve things than kick them out of their education where they fall behind. Be more proactive!

**Q14**

If you could change one thing about this school, what would it be and why?

Just one...really?? But I guess to find a way to get the kids focused on the importance of an education. We always score poorly on state testing, and wonder, if my children were in a different school would they have gotten better individual grades. Sometimes I wish I could just move out of the area to give them a better chance and see if I'm right.

If you could change one thing about this school, what would it be and why?

The school's food. It's terrible and put microwave back in the lunch area. . Also high schoolers to have at least one study hall. It would help them to have a period to get extra help in their math class. If teachers aren't willing to stay after school what other options do kids have?
