Q16

If you could change one thing about this school, what would it be and why?

If I could change one thing it would be the time high school is allowed in the building. With it getting colder no one wants to have to wait outside to be let in to go to class or sit in the cafeteria. (excluding people who actually eat) The time we get in only leaves us five minutes to get to class. Some people need more than that or they feel rushed because they leave home at the last minute so they don't have to wait outside.

Q16

If you could change one thing about this school, what would it be and why?

I would change the rules. If one kid goes to the office and complains of another student bullying them, the office checks the cameras and if it doesn't look like anything serious they just go off the cameras. And I don't believe that if a kid gets a threat, or gets hit, etc., that they wrongdoer should go unpunished.

Q16

If you could change one thing about this school, what would it be and why?

Well, I would change the way the school is put together and by that I mean make another school for higher grades because having lower grades and higher grades just makes a higher chance of bullying because higher grades like to feel that they are better than younger kids which they aren't because they used to be younger too. But having higher and lower grades together is just asking for people to get bullied. This school is too small for anyone to really get along with anyone and it's sad because it just seems no one could get along with anyone anymore. Being a teenager in this school is exhausting and maybe you could understand why.

Q16

If you could change one thing about this school, what would it be and why?

The administration does not take into consideration what is fair in terms of study halls, and or mentoring. Most of the students that attend this school have after school activities, jobs, and a busy schedule, so they have no time for homework, and a study hall or mentoring would help.

Q16

If you could change one thing about this school, what would it be and why?

I would change the way this school deals with bullying issues. I, my sister, few others have tried speaking out; these problems have not been fixed/even remotely looked at by adults of this school. It does not matter if you do not see it. Just because you, yourself do not see the event occur, does not mean it did not happen. A lot of kids feel these teachers do not believe them, so they stop telling them. Our principal doesn't do much about these problems either. Kids need you to believe, not reject.

Q16

If you could change one thing about this school, what would it be and why?

i would change the way staff members treat certain situations towards students. i feel like they dont do enough to fix problems. also the teachers are way too harsh on some students with school work especially the ones that have extra curricular activities almost every student that i have seen has been extremely drained emotionally and physically because of this school. but to be honest there are too many things about this school that needs to be fixed but if you want to try and fix it start with the classrooms
