Q6

We've had to do a number of things differently this year because of the pandemic. Is there anything we did that you think should be continued next school? If so, please explain.

Get rid of the masks, start teaching aggressively, to lient

Q7

What are you worried about for next school year?

That kids are not learning to their potential or being challenged to push themselves.

Q8

Is there anything else you'd like to tell us?

I think we have a good group of teachers BUT I don't think they push the kids to learn to strive for more and just settle for average or just passing. This is for their future and have rewarding lives for themselves.

Q9

b'Please indicate which grade/s your child/children are currently enrolled.'

I really appreciated when a Mrs. Boker took the time to reach out to me due to my child was missing assignments or declining grades. I know we have the resource of looking at the parent portal but also was helpful to hear from the teacher.

Q7

What are you worried about for next school year?

I'm worried that they might still have to wear a mask. My opinion is the masks are not needed and it affects the mental well-being of our children.

Q8

Is there anything else you'd like to tell us?

I would like to thank all the teachers for their extra efforts during this difficult time.

We've had to do a number of things differently this year because of the pandemic. Is there anything we did that you think should be continued next school? If so, please explain.

Q7

What are you worried about for next school year?

I'm very worried about kids moving on to the next grade level when their teachers didn't even get through all the material for this year, and never mind ensuring students achieved proficiency. Students could end up with gaps that compound year over year. That's scary.

Q5 **Met expectations**

Overall, how would you rate Green Island UFSD's response to the COVID-19 pandemic?

Q6

We've had to do a number of things differently this year because of the pandemic. Is there anything we did that you think should be continued next school? If so, please explain.

Giving the children outside time was nice and I'm not referring to gym.

Q7

What are you worried about for next school year?

School should be in person and they should go to school full time .Due to the decrease of student presence in the school and shortened days, students have suffered academically . Most students need to attended summer school due to this. Online classes do not work for younger children.Some parents have to work and babysitters can't understand the material or know how to help.

I'm worried about my child having to miss school due to a simple cold. The more my child is out, the less my child will learn and will fall behind the rest of their classmates.

Q8

Is there anything else you'd like to tell us?

We should not be required to do the at home screening prior to entering the school.

Water fountains should be turned back on.

Parking needs to be addressed. I know this has been attempted many times but parents still double park and block other cars from passing or leaving. This is also very unsafe for the children because they are walking in between these vehicles. The schools solution was to block the parents from parking in front of the school to the end and to have police patrol the area. This is not a solution. It's a big problem and needs to be addressed.

Q9
