Dear Mr. Welsh and/or MuckRock News,

Upon receiving your request, our office has been working with our IT Department in an effort to establish the volume of responsive information given your request for “All emails sent from the public email account of Brenna Bird, County Attorney for Guthrie County, Iowa, from January 1, 2021 to January 1, 2023”.

Our IT Director has established that your request would involve the review of approximately 71,000 emails. All of these items would require review given the nature of our office to ensure that no items were provided that qualified as confidential records. If there is a particular record that you believe exists, more specific information would be required to locate that. Without any specifics, per our office’s public records fee policy, it’s expected that to fulfill this request would cost approximately \$7,450.73 and would take approximately 6 months. If you would like us to proceed with processing this request as is, we require payment prior to processing the request. If you have a revised request, should the approximate costs exceed \$25.00, we will require payment prior to processing that request as well.

Unless we hear from you with more specific information, we will consider your request closed at this time due to the volume of potentially responsive items involved.

Sincerely,

/s

Dana R. Minter
