Copies of Records

The District has determined that calculating the actual costs of providing records in response to requests would be unduly burdensome because it would deprive its students of essential educational resources which support the District's mission. The District, therefore, is using the statutory default fees for providing copies of records, which are as follows:

• 15 cents per paper page

- 10 cents a page scanned into electronic format
- 5 cents for 4 files or attachments and provided by electronic delivery
- 10 cents for a gigabyte of electronic records transmission
- The actual costs of storage media, container, envelop, postage and delivery
- Charges can be combined if more than one type of charge applies
