Subject: Fwd: issue with mold and habitability at the Madison

Good morning Michael - I got the email below from the County, asking that I call the housing dept code enforcement team regarding your property at 423 E. 7th Street. I would prefer to report that your team will be doing an assessment of the issues. Can you please look into this complaint and either you or someone on your team get back to me?

thanks,
Jenna

Good afternoon Jenna I hope this email finds you well.

Please meet [REDACTED], who works for HHCLA in Skid Row and lives at the Madison, which is an affordable permanent SRO AHF HHF building on 7th st in Skid Row. He was sharing with me (along with several tenants that live there) that there is mold all over the building and that the building is in terrible and unlivable conditions. I am hoping you can chat with him and send inspectors out. There are several very vulnerable folks living there.

Thanks so much,

Sieglinde (626) 354-0127
