RE: Public Records Request – Louisiana Public Records Law Request: sUAS,
Part 107, and "drone" records

Dear Sir:

Relative to your Muckrock.com request entitled "Louisiana Public Records Law Request: sUAS, Part 107, and "drone" records" I can offer the following response.

With respect to Item #1, "all records" would include criminal complaints as well as such documents like a written policy from the policy and procedure manual. Making that assumption I ran a query in our records management system for four (4) key words listed in your item #1. This query produced the following:

- Drone – 8 complaints
- Helicopter – 12 complaints
- Multicopter – 0 complaint
- Aircraft – 4 complaints

Three (3) of these incident reports are duplicates and more than one key word is in those incident reports. If you wish a copy of the remaining twenty-one (21) incident reports our fee is \$5 per incident for a total of \$105.00 for this item of your request.

With respect to Item #2 I am assuming you are requesting a copy of correspondence with the Federal Aviation Administration relative to the drone owned by the Lincoln Parish Sheriff's Office. I have been able to locate four (4) emails and one (1) attachment relative to registering our drone. Copies of these documents would be an additional \$5.00

With regard to Item #3, the Lincoln Parish Sheriff's Office does not have a written policy "relating to 'shooting down'" drones or aircraft.

If you wish to proceed with your request or have questions please contact me at your convenience.

Sincerely,
