OIC Comment/Review:

I reviewed the Response to Resistance Report and found the report and paperwork to be complete. The subject was uncooperative and taken to the Elliot Hospital for a couple of stitches. Officers were unable to take a booking photo or finger prints due to the subject's agitated state. I have reviewed the video recording from the booking cameras and attached it to the Response to Resistance Report. I did not observe any misconduct by either of the officers.

The suspect in this case ran from officers after being seen behind houses. He also refused to come out from some bushes after being found. The K9 was used to ensure a safe apprehension. There is no wrong doing on the part of Officer Tyler. Use of the K9 was appropriate in this case.

Case # 14-9203	Officer Delorey, Andrew J	Date: 6/22/2014	Time: 0028	Day: Sunday
----------------	---------------------------	-----------------	------------	-------------

OIC Comment/Review:

I reviewed all of the reports related to this case and find that Officer Delorey used appropriate force when he deployed his Taser. Giordano and a second suspect were actively assaulting the victim, who was on the ground, when Officer Delorey intervened. Giordano fell on his back and then became immediately compliant upon being Tasered. The injury to Giordano's right eye, which can be seen in the booking photo, was suffered while Giordano was fighting and not during the course of his arrest.
