MANCHESTER NH POLICE DEPARTMENT RESPONSE TO RESISTANCE REPORT

Case # 14-017992	Officer Jusza, Kevin A	Date: 11/28/2014	Time: 0224	Day: Friday
------------------	------------------------	------------------	------------	-------------

OIC Comment/Review:

On 11/28/14 I was the OIC on the midnight shift. At approx. 0200 hours Officer Jusza made an arrest of Samuel Sylvestre who was brought into booking to be processed. Subject had been placed into protective custody due to his intoxicated condition. Booking process took some time due to the subject being uncooperative and highly intoxicated. Officers had to remove his layers of clothing and jewelry for the subject to complete the booking process. Subject needed to remove his boots and socks, at which time officers sat him on the bench to assist.

While seated on the bench subject reached down and placed into his mouth what was believed to be a package of cocaine. Officers McDonald, Jusza and Kozowyk immediately attempted to stop subject from ingesting the item by grabbing the suspects jaw. Subject became combative and struck officers while failing to obey verbal commands. During the incident Officers used physical force to gain control of suspect and then utilized the taser in drive stun mode to gain compliance to reapply handcuffs. Officers did regain control of suspect and recovered several baggies of cocaine but where unable to recover the one ingested. As a result suspect was transported to the hospital for medical intervention.

The morning of the incident I responded to booking and arrived as officers were on the booking floor with subject prone attempting to gain control of his arms. After review of the Response to Resistance form, video, operating procedures and reports it appears that officers where justified in the amount of force used. The officers used the minimum amount of force necessary to gain control of the prisoner to prevent escape and prevent the further use of less lethal force against them. Subject was charged with felony falsifying physical evidence, resisiting detention, possession with intent to distribute and assault on a police officer.

I spoke with Officer Riley about this incident and reviewed the incident report. I find that Officer Riley's use of force was justified in that the subject was refusing to comply with verbal direction, the subject had pushed Officer Riley's hand away from him in an earlier attempt to gain control of the subject, and the subject was actively resisting arrest.

OIC Comment/Review:

I was working the day of the incident and have read all the reports concerning it. This was a case of a mentally unstable person who needed to be brought to a hospital for psychiatric care and evaluation. The female patient did not want to go and became involved in struggle with officers. Officer Mackey was forced to deploy her Tazer. She first attempted a drive stun which had a less than desired affect. She then fired her Tazer twice at the female subject who then complied with the officers request. The female subject was then transported to the Elliot Hopsital on an IEH. No criminal charges to follow. I find that the officers complied with NH RSA as well as MPD S.O.P.

Case # 14-017094	Officer: Boudreau, Nathan R	Date: 11/7/2014	Time: 1700	Day: Friday
------------------	-----------------------------	-----------------	------------	-------------

OIC Comment/Review:

On 11/7/14 at 1700 hours members of the Manchester NH Police Department SWAT Team conducted a SWAT callout in reference to a subject Roderick Murray who had been identified and an Arrest Warrant had been obtained for his involvement in a First Degree Assault, which involved the discharge of a firearm during an argument. Murray's address had been surveilled and after a perimeter had been established with SWAT personnel, which were requested by the Chief of Hooksett, NH Police Department Peter Bartlett, Crisis Unit Negotiators made telephone contact. They were later able to confirm that it was Murray they spoke with and established a dialogue with him. He had advised that he had barricaded himself inside his residence and would not come out. Later after a lengthy phone negotiations a single gunshot was heard and after no receiving a response from inside a volley of CS Gas was fired into the interior of the residence. A Recon Scout Robot later confirmed that Murray appeared to have suffered a single self-inflicted gun shot to the head. He was removed by SWAT personnel to the Elliot Hospital where he was pronounced dead. A review of the Officers reports and monitoring of radio traffic and of applicable department SOP's and NH RSA's were followed and the incident was handled correctly. Z-13 Sgt R Brennan

OIC Comment/Review:

I was the Officer in Charge on the day of this incident. I have read all the reports and was listening to the event live on the police radio. The suspect committed an armed robbery and was actively resisting arrest. Furthermore he attempted to access an officer's firearm. I find that the use of force was justified in this case and meets the requirements and standards of the NH RSA and MPD Standard Operating Procedures.
