RE: Marlborough Police Department Right to Know Request

To whom it may concern:

This letter is in response to your request dated April 27, 2021, a copy is attached for your convenience.

Annual budget and funding data can be found in the Town Reports, three years are available on our website and the others are available by appointment at the Town Office.

Town Reports also provide employee listings per department. The Town is of the opinion that disclosing specifics such as age, race and gender would constitute invasion of privacy as stated in RSA 91-A:5, IV.

Thank you,

Ellen M. Smith, CPA
Town Administrator
