The **PACT Act** is a new law that expands VA health care and benefits for Veterans exposed to burn pits, Agent Orange, and other toxic substances. The PACT Act adds to the list of health conditions that we assume (or “presume”) are caused by exposure to these substances. This law helps us provide generations of Veterans—and their survivors—with the care and benefits they’ve earned and deserve. For assistance visit [VA.gov/PACT](https://www.va.gov/PACT), call 1-800-MyVA411 (800-698-2411 (TTY: 711)), ask a specific question [online](#), schedule an online or in-person appointment with a [VA benefits specialist](#), or [find a Veteran Service Organization](#) to assist you.
