John Lindsay-Poland

This is a response to your Public Records Act request received by the City of Mountain View. We have received your request for the following records:

1 - All documents constituting, reflecting, related to or that contain current use policies if any for each type of 1033-program controlled equipment, including situations or circumstances in which use is authorized or prohibited.

The Department has twenty rifle's that are part of this program and are handled as any other rifle the department has purchased with city funds. I have included Policy 312 that covers firearms. It is also posted publicly at <https://mvpdpublicrecords.org/> under Policy 312.

2- Records that list the dates, locations, suspected offense(s) or rationale for operation, controlled equipment deployed, arrests, and uses of force for each deployment of 1033-program controlled equipment since July 1st, 2019, specifically: firearms, armored vehicles, and night vision equipment.

- We have no responsive records to this request.

3- All records of complaints regarding the use and impact of 1033-program controlled equipment, including correspondence, visual or audio-visual materials, and responses to complaints.

- We have no responsive records to this request.

4- Documents that constitute, reflect, relate to or that contain rationales or criteria for acquisition of 1033-program controlled equipment, prior to its acquisition.

- Attached is the 2019 completed State of California Agreement and an amendment to that document. We do not have any other responsive records to this request.

If you have any further questions, please contact me at (650) 903-6730.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles Caldwell". The signature is fluid and cursive, with a large initial "C" and a long, sweeping underline.
