Yes Carolyn we have shared our thoughts with Keith  
We continue to support NY specific resources in NY  
Calling a national number and being transferred to a state number then being transferred to us is just too many steps for a client  
Seems in the best interest of people in need of help for the industry to create NY specific ads to be broadcast in NYS

I think the steady progress being made by the National Council to expand this national helpline number in lieu of individual state-sponsored referral lines may be something we want to address as a group given its potential impact on our collective investments in the HOPELINE. Thoughts? Has OASAS or the NY Council been approached by the National Council to discuss?

“Since its inception in 1995, the National Problem Gambling Helpline has seen exponential growth in calls, texts and chat messages for help from individuals across the country as gambling has continued to expand,” said **Keith Whyte, NCPG Executive Director**. “**The Modernization Project will allow us to make significant improvements to the operations, technology and infrastructure of the network to keep up with the ever-growing need for problem gambling resources.**”

**The current National Problem Gambling Helpline Network number ([1-800-522-4700](tel:1-800-522-4700)) and 1-800-GAMBLER® will continue to operate uninterrupted as will the current routing of helpline calls.
