We will address at the next RPP meeting...the idea is to ask OASAS and the Council to reach out to their provider networks to ask why they would advise a client to consider VSE. What do they consider to be benefits of VSE? The replies can be used to develop the VSE signage necessary to meet the requirements of the racing, parimutuel wagering and breeding law §111 as amended in November of last year.

Hi Carolyn. I've sent the quote request to Communications. Can you fill me in on the following excerpt?

“New York currently has more than 2,600 individuals enrolled in its statewide VSE program. The RPP is currently collaborating with members of the state’s prevention, treatment and recovery communities on a new public service initiative aimed at increasing awareness of VSE and the many benefits it provides to individuals along the problem gambling spectrum.”

Thanks, Brigette

We haven't submitted it yet. Our Communications Office is going to work on it. Maybe they (the Governor's Office) will speed it up if they know it's collaborative? Maybe that is wishful thinking. Let me know your thoughts.

Carolyn,

Would the Gaming Commission be interested in pairing the proclamation and press release?

Thank you. What a great idea. Kudos to you all. We are working on an RPP release. I hope to have to you for quotes tomorrow. We have approved quotes from Keith Whyte and Rob. We plan to send the RPP version out on March 1.
