This is why you let someone know you are leaving early on Saturday June 1st.. Per the Body Camera you drove by Midland Hill at 6:44pm and never stop to solve this problem. No entry was logged into SJS on this complaint and no Shift Sheet was completed to verify the complaint. Then I receive this F***** letter from the Mayor with no knowledge of this complaint. This called again on Saturday at 9:13pm yelling nothing was done with this party going on that lasted up to 2:30am.

Chief RN

Rich,

Yes an individual did approach me and asked if I would keep an eye on the house next to his. I drove up there with my windows down and they were not being loud what so ever. Had some light music playing. At this time they were doing nothing wrong. As far as the sheriff's department goes, I called out of service when I got sick! They should at handle complaint.
