REC Members,

Bob Butts from OSPI is continuing to work on the teacher shortage issue. He is working on OSPI's educator shortage policy and recommendations and would like input on the DRAFT document that is attached. If you have any feedback, you can send me your input and I will compile the feedback and will send it on to Bob. I would need your input by this Friday, July 22. You can also contact Bob directly---his contact info is below. This is such an important issue.

Subject: 2017 OSPI Educator Shortage Legislative Policy and Budget Request

Happy Friday.

We are preparing 2017 Legislative Educator Shortage policy and budget recommendations for the Superintendent's consideration and, as we did last year, need your thoughts and ideas.

We've begun the process by reviewing that which was recommended to the Legislature last year, what was or was not achieved, and whether it makes sense to pursue it again. Also, we have added a new item or two.

It would be helpful if you would achieve the attached list and share your thoughts with us. Are there things that are missing? Do you concur with the draft recommendations for what should and should not be included? What will actually make a difference? Any new ideas?

I plan to spend time on this on July 25, so it would be great to get your thoughts by then. If you would rather talk about it, feel free to call me at 360 951-6234.

Also, please forward this on to others who you think might have thoughts about it. I am using the SB 6455 meeting invite email list and I am sure there are others who should be included.

Thanks very much.

Bob

REC Members,

See below and the attachments for information on OSPI's legislative budget and policy requests to address the teacher shortage and substitute teacher shortage that our state is experiencing. Bob Butts from OSPI has provided strong leadership on this endeavor and he has reached out to several groups, including the Rural Ed. Center, to get input on this very important issue. The summary document attached lists the nine specific budget and policy requests from OSPI. Several of these requests specifically mention rural or small districts and include:

\*providing signing bonuses of \$5,000 for om-state teachers hired in rural school districts, high poverty schools, and in schools with identified equity gaps; and...

\*providing recruiting and hiring assistance to smaller districts that will be provided be ESD's.  
 Stay tuned for updates on this very important issue!

 Subject: Teacher Shortage Legislation

Greetings. I hope you all had a restful holiday.

We met this morning with Superintendent Dorn and the OSPI Governmental Relations Team and shared draft legislation to implement the policy and budget teacher shortage recommendations that formed the basis of OSPI's budget decision package. After a spirited conversation, Randy approved the attached draft, which has been sent to the Code Revisor. We hope it will serve as a vehicle for the discussion of the critical teacher and substitute shortage problems faced by school districts and result in the Legislature successfully tackling the problem.

Also enclosed is a one-pager that summarizes the components of the bill and the OSPI budget request.

Thanks to many of you who helped craft the ideas and policies that have been incorporated into the legislation.

If you have questions, please do not hesitate to ask. Also, please share it with others who you think may be interested in this topic.

Bob

Bob Butts from OSPI has provided strong leadership on this endeavor and he has reached out to several groups, including the Rural Ed. Center, to get input on this very important issue. The summary document attached lists the nine specific budget and policy requests from OSPI. Several of these requests specifically mention rural or small districts and include:

\*providing signing bonuses of \$5,000 for om-state teachers hired in rural school districts, high poverty schools, and in schools with identified equity gaps; and...

\*providing recruiting and hiring assistance to smaller districts that will be provided be ESD's.  
 Stay tuned for updates on this very important issue!

Jim Kowalkowski, Director  
 Rural Education Center  
 housed at Davenport School District

 Subject: Teacher Shortage Legislation

Greetings. I hope you all had a restful holiday.

We met this morning with Superintendent Dorn and the OSPI Governmental Relations Team and shared draft legislation to implement the policy and budget teacher shortage recommendations that formed the basis of OSPI's budget decision package. After a spirited conversation, Randy approved the attached draft, which has been sent to the Code Revisor. We hope it will serve as a vehicle for the discussion of the critical teacher and substitute shortage problems faced by school districts and result in the Legislature successfully tackling the problem.

Also enclosed is a one-pager that summarizes the components of the bill and the OSPI budget request.

Thanks to many of you who helped craft the ideas and policies that have been incorporated into the legislation.

If you have questions, please do not hesitate to ask. Also, please share it with others who you think may be interested in this topic.

Bob

Robert Butts

Subject: 2017 OSPI Educator Shortage Legislative Policy and Budget Request

Attachments: [Summary 2017 OSPI Teacher Shortage Budget - Policy Request.docx](#)

---

Happy Friday.

We are preparing 2017 Legislative Educator Shortage policy and budget recommendations for the Superintendent's consideration and, as we did last year, need your thoughts and ideas.

We've begun the process by reviewing that which was recommended to the Legislature last year, what was or was not achieved, and whether it makes sense to pursue it again. Also, we have added a new item or two.

It would be helpful if you would achieve the attached list and share your thoughts with us. Are there things that are missing? Do you concur with the draft recommendations for what should and should not be included? What will actually make a difference? Any new ideas?

I plan to spend time on this on July 25, so it would be great to get your thoughts by then. If you would rather talk about it, feel free to call me at 360 951-6234.

Also, please forward this on to others who you think might have thoughts about it. I am using the SB 6455 meeting invite email list and I am sure there are others who should be included.

Thanks very much.

Subject: 2017 OSPI Educator Shortage Legislative Policy and Budget Request

Attachments: [Summary 2017 OSPI Teacher Shortage Budget - Policy Request.docx](#)

---

Happy Friday.

We are preparing 2017 Legislative Educator Shortage policy and budget recommendations for the Superintendent's consideration and, as we did last year, need your thoughts and ideas.

We've begun the process by reviewing that which was recommended to the Legislature last year, what was or was not achieved, and whether it makes sense to pursue it again. Also, we have added a new item or two.

It would be helpful if you would achieve the attached list and share your thoughts with us. Are there things that are missing? Do you concur with the draft recommendations for what should and should not be included? What will actually make a difference? Any new ideas?

I plan to spend time on this on July 25, so it would be great to get your thoughts by then. If you would rather talk about it, feel free to call me at 360 951-6234.

Also, please forward this on to others who you think might have thoughts about it. I am using the SB 6455 meeting invite email list and I am sure there are others who should be included.

Thanks very much.

Bob

Subject: 2017 OSPI Educator Shortage Legislative Policy and Budget Request

Attachments: [Summary 2017 OSPI Teacher Shortage Budget - Policy Request.docx](#)

---

Happy Friday.

We are preparing 2017 Legislative Educator Shortage policy and budget recommendations for the Superintendent's consideration and, as we did last year, need your thoughts and ideas.

We've begun the process by reviewing that which was recommended to the Legislature last year, what was or was not achieved, and whether it makes sense to pursue it again. Also, we have added a new item or two.

It would be helpful if you would achieve the attached list and share your thoughts with us. Are there things that are missing? Do you concur with the draft recommendations for what should and should not be included? What will actually make a difference? Any new ideas?

I plan to spend time on this on July 25, so it would be great to get your thoughts by then. If you would rather talk about it, feel free to call me at 360 951-6234.

Also, please forward this on to others who you think might have thoughts about it. I am using the SB 6455 meeting invite email list and I am sure there are others who should be included.

Thanks very much.

Bob

I've drafted some bullets for the WSPA conference.

I know you have notes and presentations on some of these points.

Let's go through these when we meet later and adjust whatever you think needs to be added or subtracted.

Your request was accepted.

Meeting Reminders:•Give the front desk receptionist at least 24 hours' notice prior to meetings with external guests. Include the number of guests you expect and their names.•If you are the organizer of the meeting, arrive a few minutes early to test your technology and set up. If you need help with technology (especially when video/web conferencing), arrive 10–15 minutes early and contact Tony Brownell 24–48 hours in advance to request in-room assistance.•Share safety information (including emergency exits, restroom locations, and evacuation procedure) with external guests in your meeting notice and again briefly at the beginning of your meeting. It is also wise to keep a sign-in sheet in case an evacuation is necessary. •Clean up the space when your meeting is over. If you will need additional trash and compost bins (for example, if you will have food) ask our agency support team ahead of time.[http://insideospi/sites/PoliciesForms/\\_layouts/15/WopiFrame.aspx?sourcedoc=/sites/PoliciesForms/Forms/OSPIAgencyMeetingNorms.docx&action=default](http://insideospi/sites/PoliciesForms/_layouts/15/WopiFrame.aspx?sourcedoc=/sites/PoliciesForms/Forms/OSPIAgencyMeetingNorms.docx&action=default)

Subject: Accepted: 2020 Annual WSPA Conference- Pre Planning for Event

---

Your request was accepted.

Meeting Reminders:•Give the front desk receptionist at least 24 hours' notice prior to meetings with external guests. Include the number of guests you expect and their names.•If you are the organizer of the meeting, arrive a few minutes early to test your technology and set up. If you need help with technology (especially when video/web conferencing), arrive 10–15 minutes early and contact Tony Brownell 24–48 hours in advance to request in-room assistance.•Share safety information (including emergency exits, restroom locations, and evacuation procedure) with external guests in your meeting notice and again briefly at the beginning of your meeting. It is also wise to keep a sign-in sheet in case an evacuation is necessary. •Clean up the space when your meeting is over. If you will need additional trash and compost bins (for example, if you will have food) ask our agency support team ahead of time.[http://insideospi/sites/PoliciesForms/\\_layouts/15/WopiFrame.aspx?sourcedoc=/sites/PoliciesForms/Forms/OSPIAgencyMeetingNorms.docx&action=default](http://insideospi/sites/PoliciesForms/_layouts/15/WopiFrame.aspx?sourcedoc=/sites/PoliciesForms/Forms/OSPIAgencyMeetingNorms.docx&action=default)

ACTION REQUIRED: Two days of professional development now required for all instructional paraeducators

School districts required to provide paraeducator training during 2019-20 school year

Two days of professional development now required for all instructional paraeducators  
May 8, 2019

BULLETIN NO. 01-2019

( X ) Action required

( X ) Informational

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon.We are attending the WSPA meeting on May 31, in Southcenter, to present on the

Paraeducator Certificate Program and how to implement it. Fundamental Course of Study “Train the Trainer” days will take place on the following days: June 24, 2019: ESD 101, Spokane, WA June 26, 2019: ESD 121, Renton, WA June 27, 2019: ESD 112, Vancouver, WA An Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts. Questions? We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ. Additional resources Learn more about the Paraeducator Certificate Program

ACTION REQUIRED: Two days of professional development now required for all instructional paraeducators

School districts required to provide paraeducator training during 2019-20 school year

Two days of professional development now required for all instructional paraeducators  
May 8, 2019

BULLETIN NO. 01-2019

( X ) Action required

( X ) Informational

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon.We are attending the WSPA meeting on May 31, in Southcenter, to present on the

To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon.We are attending the WSPA meeting on May 31, in Southcenter, to present on the

Paraeducator Certificate Program and how to implement it. Fundamental Course of Study “Train the Trainer” days will take place on the following days: June 24, 2019: ESD 101, Spokane, WA June 26, 2019: ESD 121, Renton, WA June 27, 2019: ESD 112, Vancouver, WA An Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts. Questions? We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ. ACTION REQUIRED: Two days of professional development now required for all instructional paraeducators

School districts required to provide paraeducator training during 2019-20 school year

Two days of professional development now required for all instructional paraeducators  
May 8, 2019

BULLETIN NO. 01-2019

( X ) Action required

( X ) Informational

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon.We are attending the WSPA meeting on May 31, in Southcenter, to present on the

Paraeducator Certificate Program and how to implement it. Fundamental Course of Study “Train the Trainer” days will take place on the following days: June 24, 2019: ESD 101, Spokane, WA June 26, 2019: ESD 121, Renton, WA June 27, 2019: ESD 112, Vancouver, WA An Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts. Questions? We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ. ACTION REQUIRED: Two days of professional development now required for all instructional paraeducators

School districts required to provide paraeducator training during 2019-20 school year

Two days of professional development now required for all instructional paraeducators  
May 8, 2019

BULLETIN NO. 01-2019

( X ) Action required

( X ) Informational

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon.We are attending the WSPA meeting on May 31, in Southcenter, to present on the

Paraeducator Certificate Program and how to implement it. Fundamental Course of Study “Train the Trainer” days will take place on the following days: June 24, 2019: ESD 101, Spokane, WA June 26, 2019: ESD 121, Renton, WA June 27, 2019: ESD 112, Vancouver, WA An Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts. Questions? We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ. ACTION REQUIRED: Two days of professional development now required for all instructional paraeducators  
School districts required to provide paraeducator professional development during 2019-20 school year

Two days of professional development now required for all instructional paraeducators  
May 8, 2019

BULLETIN NO. 01-2019

( X ) Action required

( X ) Informational

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced

soon. We are attending the WSPA meeting on May 31, in Southcenter, to present on the Paraeducator Certificate Program and how to implement it. Fundamental Course of Study "Train the Trainer" days will take place on the following days: June 24, 2019: ESD 101, Spokane, WA June 26, 2019: ESD 121, Renton, WA June 27, 2019: ESD 112, Vancouver, WA An Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts. Questions? We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ. Additional resources Learn more about the Paraeducator Certificate Program

ACTION REQUIRED: Two days of professional development now required for all instructional paraeducators

School districts required to provide paraeducator training during 2019-20 school year

Two days of professional development now required for all instructional paraeducators  
May 8, 2019

BULLETIN NO. 01-2019

( X ) Action required

( X ) Informational

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon.We are attending the WSPA meeting on May 31, in Southcenter, to present on the

Paraeducator Certificate Program and how to implement it. Fundamental Course of Study “Train the Trainer” days will take place on the following days: June 24, 2019: ESD 101, Spokane, WA June 26, 2019: ESD 121, Renton, WA June 27, 2019: ESD 112, Vancouver, WA An Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts. Questions? We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ. ---

ACTION REQUIRED: Two days of professional development now required for all instructional paraeducators

School districts required to provide paraeducator training during 2019-20 school year

Two days of professional development now required for all instructional paraeducators  
May 8, 2019

BULLETIN NO. 01-2019

( X ) Action required

( X ) Informational

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)?A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required?This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon.We are attending the WSPA meeting on May 31, in Southcenter, to present on the

Paraeducator Certificate Program and how to implement it. Fundamental Course of Study “Train the Trainer” days will take place on the following days: June 24, 2019: ESD 101, Spokane, WA June 26, 2019: ESD 121, Renton, WA June 27, 2019: ESD 112, Vancouver, WA An Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts. Questions? We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ. Additional resources Learn more about the Paraeducator Certificate Program

Hello Traci,

Please see attached list of approved clock hour providers.

I think I may have misunderstood you on the phone, we do not have a list of the online schools in Washington, as most of them are partnered with school districts around the state or they themselves are private schools. Because OSPI does not get involved in the hiring process nor salary (legislature sets salary schedule), we do not have a list of available positions or even districts with available positions. The best resource we have to help you find positions is this page: <http://www.k12.wa.us/employment/K12opportunities.aspx>

If you have any other questions, need further clarification or would like to provide us with more details to your situation, do not hesitate to contact our office again.

Hello Tami,

Please find the list of approved clock hour providers attached.

You mentioned attending a university for credits, it may be less expensive to attend a community college online. Just make sure the college is regionally accredited and the courses are freshman-level or higher.

If you have any other questions, need further clarification or would like to provide us with more details to your situation, do not hesitate to contact our office again.

 Preview of Certified Automation Technician Certification, Release of CCD White Paper- Career Readiness for All and more!

## MSSC Updates

### Release of CCD White Paper

The Coalition for Career Development (CCD) (MSSC was a driving force in creating the CCD and Leo Reddy is co-chair of the Founders Council) released its White Paper on Career Readiness For All at a briefing at the nation's Capitol on April 3.

The event included remarks endorsing the paper and its vision that career readiness is the first priority of American education from Rep. Virginia Foxx, ranking member of the House Committee on Education and Labor, and Steve Womack, ranking member of the House Budget Committee. The briefing also included endorsements from speakers representing MSSC, NGA, CCSSO, NAWB and NCDA.

The White Paper and the media release can be downloaded from the CCD website at [www.coalitionforcareerdevelopment.org](http://www.coalitionforcareerdevelopment.org)

## MSSC to Preview Certified Automation Technician (CAT)

MSSC Chair, Leo Reddy, and Amatrol, President, Paul Perkins, will lead a workshop in Chicago on April 8 to give a progress report on a new "CAT" education and certification program. The workshop will take place as part of a Symposium in Chicago organized by the NSF-supported National Center for Supply Chain Automation. MSSC is developing this in collaboration with the National Center, Material Handling Industry and Amatrol.

## MSSC Prison Programs Align with President Trump's Goals

In his State of the Union address, President Trump reiterated his support for criminal justice reform, citing the First Step Act that "will give inmates a second chance." MSSC's rapidly growing programs in 32 federal and state prisons offer a national model for providing pre-release populations with nationally portable industry certifications. These programs are seeing recidivism rates as low as 12% vs. national average of 77%, putting these individuals on a career pathway with strong wage growth opportunities. For an example, see item below on MSSC's work at the Madison, IN correctional facility.

## Community News

### Neil Reddy, CEO, MSSC presents at Madison Correctional Facility Women's Graduation Ceremony

MSSC CEO, Neil Reddy, had the honor to speak at a graduation ceremony at the Madison Correctional Facility in Madison, IN for the dedicated and hard-working women who have earned our Certified Production Technician (CPT) Certification.

Through a partnership with Ivy Tech Community College- Madison Campus, 30 women have earned the CPT certification through this program. Neil shed light on the current state of the workforce and what the women with these advanced skill sets can make in terms of wages upon release, "You're learning how to program, maintain and operate those machines for an average \$16.50 hourly wage. "It's not uncommon to start between \$12-\$14 and be making \$18-\$20 per hour by the third year."

See more about the inspirational words from the graduates as they share how the certification has affected their lives from an article in the Herald Tribune, follow this [link](#) to read more.

Jefferson State Community College offering MSSC Certification Program to prepare workforce for new Amazon Fulfillment Center

With the delay in the construction of the new Amazon fulfillment center in Bessemer, AL comes an opportunity for future employees to earn our nationally portable, industry recognized credentials per the news report on WBRC Channel 6.

"We understand the demand is here in our area, but what we're lacking is the qualified trained candidates," said Dr. Tamara Payne, Director of Career and Learning Services at Jefferson State Community College. "[The delay] gives them time to prepare themselves for the jobs when the jobs are open," Payne said.

For the television news report, click the link.

HCC and the US Department of Labor Join Forces for Manufacturing Apprenticeships

In mid March MSSC Center, Houston Community College (HCC) held a signing ceremony with the United States Department of Labor -Office of Apprenticeship. This influential event made HCC's Advanced Manufacturing Center of Excellence a registered apprenticeship center.

By working directly with employers, the center creates a qualified workforce with HCC students. "With a state-of-the-art campus, highly qualified faculty and accreditation from industry-recognized bodies, such as the Manufacturing Skills Standards Council (MSSC) and National Institute for Metalworking Skills (NIMS), Houston Community College is the perfect partner to serve local employers to create a talent pipeline and up skill incumbent workers," says Interim Dean Ritu Raju. For more information, follow this link.

Pictured Left to Right- Dr. John Hansen & Dr. Pretta VanDible Stallworth, HCC Board Trustees; Dr. Carolyn Evans-Shabazz, HCC Board Chair; James Carnes, US Department of Labor - Office of Apprenticeship; Cesar Maldonado, Ph.D, P.E., HCC Chancellor; Dr. Madeline Burrillo- Hopkins, President of HCC Southwest

Local schools receive grant for 'career pathway' from Appalachian Regional Commission  
Exciting news released by the Appalachian Regional Commission on local schools receiving grant funds to create career pathways with the opportunity to earn MSSC Credentials!

The partnership features Muskingum Valley Educational Service Center, Mid-East Career and Technology Centers, Ohio Valley Educational Service Center, West Muskingum Local Schools, Crooksville Exempted Village Schools, Noble Local Schools and Cambridge City Schools.

This group's goal is to create a manufacturing pathway within high school course offerings to provide at least 120 local high school students with the opportunity to earn the nationally recognized Manufacturing Skills Standard Council (MSSC) Certified Production Technician credential and work-based learning experience in the manufacturing field. Click the link to read more.

## Policy & Trends

### Higher Education Bills Introduced in Senate

Two bills introduced in the Senate will help working students advance in their careers. The JOBS Act is a bi-partisan bill that makes Pell grants available to hard-working Americans who want to pursue quality short-term training programs.

The College Transparency Act arms students, policymakers, and businesses with data they need on industries on the rise, the skills needed to land a job, and institutions and programs that will help them reach their career goals. Together, these bills give students, parents, employers, and policymakers peace of mind when it comes to ensuring access and quality of post-secondary programs. To learn more follow the link.

### Survey reveals employers want soft skills

A survey finds 80% of hiring managers say soft skills, such as the ability to collaborate with a team, think critically and attend to details, are vital to getting hired, writes Nadine El-Bawab. A candidate can exhibit some of these skills during an interview by how they treat support staff, speak of past colleagues and show up on time. Click here for additional information on this survey.

2/21/2020

## White House Releases Proposal for Higher Education Reform

On March 18, the Trump administration released its Principles For Reauthorization of the Higher Education Act (HEA), led by Ivanka Trump, Advisor to the President. The administration seeks to "increase access to affordable, flexible, and innovative post-secondary education and skills attainment." Eight (8) goals are outlined in the proposal. Click the link for more information on the proposal.

## Education Commission of the States Report on Education Priorities

Each year, the Education Commission of the States' policy team tracks and analyzes governors' State of the State addresses and, to date, every governor who has given their 2019 address has mentioned an accomplishment or a proposal related to education. A signature report, Governors' Top Education Priorities in 2019 State of the State Addresses identifies the top six education priorities and includes state highlights for each issue area. Click here for the full report.

## More than Twice As Many States Counting Career Readiness than in 2014

A new report from Advance CTE, Achieve, Education Strategy Group and the Council of Chief State School Officers through the New Skills for Youth initiative examines state and federal accountability systems to see how states are measuring college and career readiness. The report, called Making Career Readiness Count 3.0 finds that the number of states with career readiness metrics in their systems has more than doubled from 17 in 2014 to 40 in 2019. Follow this link for the full report.

## 136,000 Manufacturing Jobs Reshored in 2018

Preliminary results from the Reshoring Initiative database show more than 136,000 new manufacturing jobs announced in 2018 as a result of reshoring and FDI (foreign direct investment) - second highest only to 2017. The full report will be available soon at [www.reshorenw.org](http://www.reshorenw.org)

Greetings!

Thank you for your email! I will be working part time through the end of April and then returning full time May 2nd. While it is always my goal to respond to email within 1-2 business days, with a limited schedule there's a chance that might not happen. If you have not heard back from me within 2-3 days, or if your question is urgent, please feel free to resend emails if needed to help ensure they do not get lost as I am currently receiving a high volume of messages and each one is very important to me.

Thank you for your patience and proactive communication!

Academic Advisor Christean Jenkins will also be available for advising assistance during this time:

Christean Jenkins

Mallory Torimino2:22 PM:

Yello!!

Casey Biggs2:22 PM:

Green

Mallory Torimino2:22 PM:

Lol!!

Should I think about re-scheduling the webinar for the 5th so I can attend the WSPA training on the 4th??

Casey Biggs2:23 PM:

I think that would be a good idea. Otherwise we would have to not make it to their WSPA training that we requested to come to.

Mallory Torimino2:23 PM:

LoL!!

Ok. I will make arrangements and then let Tony B know.

Casey Biggs2:24 PM:

Thanks Mallory!

Mallory Torimino2:26 PM:

That was easy. A space was available the same time and place, just the next day. I will let Tony know of the change, and if you would like to let them know I can attend that would be great. Just tell them to let us know to tell us of any particular topics they would like covered so I can adjust the presentation.

Casey Biggs2:28 PM:

I will! Thank you so much for accommodating them!

Mallory Torimino2:29 PM:

Not a problem. I actually do not mind going to these trainings. The HR's really appreciate our attention to them and then I get a chance to go over all cert and implementation changes. I benefit everyone.

Casey Biggs2:30 PM:

You benefit everyone?!? LOL

Mallory Torimino2:31 PM:

I meant "It" benefits everyone!!!! LoL!! I don't thinkTHAT highly of myself.....

Casey Biggs2:33 PM:

(rofl)

Should I think about re-scheduling the webinar for the 5th so I can attend the WSPA training on the 4th??

Casey Biggs2:23 PM:

I think that would be a good idea. Otherwise we would have to not make it to their WSPA training that we requested to come to.

Mallory Torimino2:23 PM:

LoL!!

Ok. I will make arrangements and then let Tony B know.

Casey Biggs2:24 PM:

Thanks Mallory!

Mallory Torimino2:26 PM:

That was easy. A space was available the same time and place, just the next day. I will let Tony know of the change, and if you would like to let them know I can attend that would be great. Just tell them to let us know to tell us of any particular topics they would like covered so I can adjust the presentation.

ACTION REQUIRED: Two days of professional development now required for all instructional paraeducators

School districts required to provide paraeducator training during 2019-20 school year

This is a courtesy copy of an email bulletin sent by Erin Peck.

This bulletin was sent to the following groups of people:

Subscribers of PESB General Newsletter, Paraeducator Board News, Pathways News and Information, or Washington State HR- Updated May 2018, (5093 recipients)

Two days of professional development now required for all instructional paraeducators  
May 8, 2019

BULLETIN NO. 01-2019

( X ) Action required

( X ) Informational

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded?The legislative session came to an end on April 28, revealing an allocated amount

of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

**What is the Fundamental Course of Study (FCS)?**A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

**What action is required?**This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

**Training and preparation for school districts?**We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon. We are attending the WSPA meeting on May 31, in Southcenter, to present on the Paraeducator Certificate Program and how to implement it. Fundamental Course of Study “Train the Trainer” days will take place on the following days: June 24, 2019: ESD 101, Spokane, WA June 26, 2019: ESD 121, Renton, WA June 27, 2019: ESD 112, Vancouver, WA An Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts. **Questions?**We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ. **Additional resources** Learn more about the Paraeducator Certificate Program

The certificate program was developed to offer statewide, standards-based professional development for

all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

**What was funded?**The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

**What is the Fundamental Course of Study (FCS)?**A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

**What action is required?**This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20 school year.

**Training and preparation for school districts?**We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon. We are attending the WSPA meeting on May 31, in Southcenter, to present on the Paraeducator Certificate Program and how to implement it. Fundamental Course of Study “Train the Trainer” days will take place on the following days: June 24, 2019: ESD 101, Spokane, WA June 26, 2019: ESD 121, Renton, WA June 27, 2019: ESD 112, Vancouver, WA An Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts. **Questions?**We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ. **Additional resources** Learn more about the Paraeducator Certificate Program

Two days of professional development now required for all instructional paraeducators  
May 8, 2019

BULLETIN NO. 01-2019

( X ) Action required

( X ) Informational

Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for

all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

**What was funded?**The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

**What is the Fundamental Course of Study (FCS)?**A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

Inventory of Time Students Spent Testing for the 2015–16 School Year

Bulletin 028-16 Inventory of Time Students Spent Testing for the 2015–16 School Year

Action Required: October 15, 2016

Summary: By October 15, each school district must report to the Office of Superintendent of Public Instruction (OSPI) the amount of student time that is spent taking state and district mandated tests for the 2015–16 school year. OSPI is required to report information to the Legislature by December 15, to meet state reporting requirements of Section 28 of the 2016 Budget Proviso. Assessments given in the 2015–16 school year are to be reported at the district level, by grade spans (i.e., elementary, middle, high). OSPI has created an online survey to collect this information: Inventory of Time Students Spent Testing for the 2015–16 School Year.

Of Notable Interest

Literature on Recruiting, Selecting and Retaining Teachers

TO: WashingtonState School Districts

FROM: Jennifer Wallace, Executive Director,PESB

Bill Keim, Executive Director, WASA

Greetings! TheProfessional Educator Standards Board (PESB), in partnership with theWashington Association of School Administrators (WASA), is pleased to provideyou the attached copy of a review of the literature on Recruiting, Selecting and Retaining Teachers. The consultant firmof Scontrino-Powell, Inc. under contract with the PESB, produced this documentas the first phase of developing a comprehensive training for school districtHuman Resource (HR) personnel and other administrators, with the goal ofproviding knowledge and skills in hiring best practices.

The literaturereview provides us with clear indications of what other HR departments indistricts across the nation do successfully. The training will be designed toaddress the unique conditions that districts face in a complex workforce andimprove outcomes in hiring with a focus on retaining great teachers in theclassroom. The second phase of the contract will produce a districtself-assessment document so that districts can rate their own processes andneeds to raise their practices. The third phase is the design of the trainingand the development of a delivery strategy with the target for projectcompletion September 2016.

PESB and WASAreognize the significant challenges to human resource activities withinschools, particularly during this time of critical shortages. The training willbe designed to address the unique differences in districts, both the variety ofdifferent sizes of districts, as well as their close relationships to parentsand the community as a whole.

As the training is developed, we will test the self-assessment, seek support from the Washington School Personnel Association and the Superintendent of Public Instruction Federal Title II office to develop delivery models and seek additional feedback from the field. We have received helpful feedback from the Washington Association of School Principals, Washington Association of School Business Officers, Washington Education Association, Educational Service Districts, School board members and the Washington State School Directors Association.

We encourage you to read the attached document and contact PESB with questions or concerns.

Inventory of Time Students Spent Testing for the 2015–16 School Year

Bulletin 028-16 Inventory of Time Students Spent Testing for the 2015–16 School Year

Action Required: October 15, 2016

Summary: By October 15, each school district must report to the Office of Superintendent of Public Instruction (OSPI) the amount of student time that is spent taking state and district mandated tests for the 2015–16 school year. OSPI is required to report information to the Legislature by December 15, to meet state reporting requirements of Section 28 of the 2016 Budget Proviso. Assessments given in the 2015–16 school year are to be reported at the district level, by grade spans (i.e., elementary, middle, high). OSPI has created an online survey to collect this information: Inventory of Time Students Spent Testing for the 2015–16 School Year.

Literature on Recruiting, Selecting and Retaining Teachers

TO: WashingtonState School Districts

FROM: Jennifer Wallace, Executive Director,PESB

Bill Keim, Executive Director, WASA

Greetings! TheProfessional Educator Standards Board (PESB), in partnership with theWashington Association of School Administrators (WASA), is pleased to provideyou the attached copy of a review of the literature on Recruiting, Selecting and Retaining Teachers. The consultant firmof Scontrino-Powell, Inc. under contract with the PESB, produced this documentas the first phase of developing a comprehensive training for school districtHuman Resource (HR) personnel and other administrators, with the goal ofproviding knowledge and skills in hiring best practices.

The literaturereview provides us with clear indications of what other HR departments indistricts across the nation do successfully. The training will be designed toaddress the unique conditions that districts face in a complex workforce andimprove outcomes in hiring with a focus on retaining great teachers in theclassroom. The second phase of the contract will produce a districtself-assessment document so that districts can rate their own processes andneeds to raise their practices. The third phase is the design of the trainingand the development of a delivery strategy with the target for projectcompletion September 2016.

PESB and WASAreognize the significant challenges to human resource activities withinschools, particularly during this time of critical shortages. The training willbe designed to address the unique differences in districts, both the variety ofdifferent sizes of districts, as well as their close relationships to parentsand the community as a whole.

As the training is developed, we will test the self-assessment, seek support from the Washington School Personnel Association and the Superintendent of Public Instruction Federal Title II office to develop delivery models and seek additional feedback from the field. We have received helpful feedback from the Washington Association of School Principals, Washington Association of School Business Officers, Washington Education Association, Educational Service Districts, School board members and the Washington State School Directors Association.

We encourage you to read the attached document and contact PESB with questions or concerns.

### Continuing Education Requirements for Traffic Safety Instructors

Summary: Public and private schools intending to offer Traffic Safety Education (TSE) are required, under Washington Administrative Code (WAC) 392-153-014, to apply annually to the Office of Superintendent of Public Instruction (OSPI) for program approval. Programs must be approved by OSPI in order to enter valid completion information into the Department of Licensing's (DOL) License Express for Business.

Key Audiences: Educational Service District Superintendents, Chief School District Superintendents, Selected Administrators of Private Schools, Traffic Safety Education Coordinators

### Flag Lowering 5-15-19 (Peace Officers Memorial Day)

Governor Inslee hereby directs that Washington State and United States flags at all state agency facilities be lowered to half-staff on Wednesday, May 15, 2019, in recognition of the annual Peace Officers Memorial Day.

Flags should remain at half-staff until close of business or sunset on May 15, 2019.

### Of Notable Interest

Two days of professional development now required for all instructional paraeducators Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded? The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)? A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required? This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20

school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon.We are attending the WSPA meeting on May 31, in Southcenter, to present on the Paraeducator Certificate Program and how to implement it.Fundamental Course of Study “Train the Trainer” days will take place on the following days:June 24, 2019: ESD 101, Spokane, WAJune 26, 2019: ESD 121, Renton, WAJune 27, 2019: ESD 112, Vancouver, WAAAn Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts.Questions?We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ.Additional resourcesLearn more about the Paraeducator Certificate Program

BulletinsThis week's bulletins:Directory changes to schools for the 2019-20 school yearExpedited  
Waivers of Assessment Graduation Requirements Extended for Class of 2019K-4 Literacy  
Requirements and ExpectationsTraffic Safety Education Program Approval Application

Bulletin 024-19

Action Required: June 3, 2019

Re: Directory changes to schools for the 2019-20 school year

Summary: The Office of the Superintendent of Public Instruction (OSPI) is responsible for establishing a numbering and classification scheme used to identify each school in our state. These

directory data are the cornerstone for all state and federal reporting and attention to their accuracy and timely notification of changes to directory information are vital.

This bulletin is to inform you of the process to notify OSPI of school changes to directory information contained within the Education Data System for the 2019–20 school year. All requests are due to OSPI no later than June 3 to take effect in the system by July 15.

Key Audiences: Educational Service District Superintendents, School District Superintendents, School District Business Managers, School Building Principals, District Data Business Managers, Tribal School Administrators, State-Tribal Education Compact School Administrators, Charter School Administrators, State Charter School Commission Director

Bulletin 025-19

Informational

Re: Expedited Waivers of Assessment Graduation Requirements Extended for Class of 2019

Summary: Given the passage of House Bill 1599, students in the Class of 2019 may now be eligible to have their assessment graduation requirements waived via the Expedited Assessment Appeal.

Key Audiences: Educational Service District Superintendents, School District Superintendents, School Building Principals, School District Business Managers, School District Assessment Coordinators, School District Special Education Directors, Educational Service District Special Education Directors

Bulletin 026-19

Action Required: June 28, 2019

Re: K-4 Literacy Requirements and Expectations

Summary: The purpose of this bulletin is to review the required expectations in Engrossed Substitute Senate Bill 5946 (2013)—Strengthening Student Educational Outcomes (SSEO) and amended by Substitute Senate Bill 5803 (2015). For your reference, the codified RCWs are provided for each requirement below.

Key Audiences: Educational Service District Superintendents, School District Superintendents, School Building Principals, School District Business Managers, School District Curriculum Directors

Bulletin 027-18attachment 1

2/21/2020

Action Required: June 28, 2019

Re: Traffic Safety Education Program Approval Application, Form SPI/TSE M-365 (Rev. 5/19), DOL form DTS-661-026 OSPI School District/Instructor Registration

### Continuing Education Requirements for Traffic Safety Instructors

Summary: Public and private schools intending to offer Traffic Safety Education (TSE) are required, under Washington Administrative Code (WAC) 392-153-014, to apply annually to the Office of Superintendent of Public Instruction (OSPI) for program approval. Programs must be approved by OSPI in order to enter valid completion information into the Department of Licensing's (DOL) License Express for Business.

Key Audiences: Educational Service District Superintendents, Chief School District Superintendents, Selected Administrators of Private Schools, Traffic Safety Education Coordinators

### Flag Lowering 5-15-19 (Peace Officers Memorial Day)

Governor Inslee hereby directs that Washington State and United States flags at all state agency facilities be lowered to half-staff on Wednesday, May 15, 2019, in recognition of the annual Peace Officers Memorial Day.

Flags should remain at half-staff until close of business or sunset on May 15, 2019.

### Of Notable Interest

Two days of professional development now required for all instructional paraeducators Washington State is heavily invested in ensuring all instructional paraeducators receive professional development to support our most diverse and vulnerable student populations. To support this commitment, during the 2019 legislative session, the Professional Educator Standards Board requested \$25.5 million per school year to fully fund the Paraeducator Certificate Program. The certificate program was developed to offer statewide, standards-based professional development for all paraeducators, and to support a career growth ladder for those who wish to pursue a teaching profession.

What was funded? The legislative session came to an end on April 28, revealing an allocated amount of \$12,001,000 for Washington school districts to provide two days of training (14 hours) to their paraeducators on the Fundamental Course of Study during school year 2019-20.

What is the Fundamental Course of Study (FCS)? A four day (28 hour) curriculum, the FCS is the core training all paraeducators must receive before working with students and their families, or at a minimum, by established deadlines. Learn more about the FCS.

What action is required? This new legislative funding decision means school districts are now required to provide two days of training on the FCS to all instructional paraeducators during the 2019-20

school year.

Training and preparation for school districts?We will host an informational webinar on June 6, from 12 to 1:30 p.m., to share new updates, and answer any questions you may have. This webinar is intended for school districts but is open to the public. Registration information will be announced soon.We are attending the WSPA meeting on May 31, in Southcenter, to present on the Paraeducator Certificate Program and how to implement it.Fundamental Course of Study “Train the Trainer” days will take place on the following days:June 24, 2019: ESD 101, Spokane, WAJune 26, 2019: ESD 121, Renton, WAJune 27, 2019: ESD 112, Vancouver, WAAn Implementation Toolkit will be available for districts by July 1, 2019. This toolkit will include resources used and created by Paraeducator Pilot grantees, which can be used as guidance for school districts.Questions?We have created an FAQ document with additional details and guidance on program requirements, implementation, and reimbursement. View the FAQ.Additional resourcesLearn more about the Paraeducator Certificate Program
