Hello WSPA Community,

We have a lot to share today: our website has been updated to a mobile-friendly site with several new features (some exciting, some behind the scenes) designed to make your experience easier and more comprehensive.

We also have several events open for registration today - Annual Conference, 21st Century Bargaining Workshop, and our Career Fairs

I will be sharing more about our website in the coming days, but here are some of the highlights for you:

1. Updated Job Board

- Found on the main menu at the top of the website and also under "Quick Links"
- Direct link: <https://waspa.mcjobboard.net/jobs>
- Members may now personalize their job postings with district logos, additional job information, and application directions.
- *Please note: when completing a job posting you will come to a payment page - WSPA does not charge for job postings* so please just consider this your confirmation page. I am still working with the vendor to see if I can change the language to "confirmation" but in the meantime I appreciate your understanding.

2. Registration Forms and Membership

- There will now be a *single registration page* for registering yourself or other members of your team - including those who are not members. I am hopeful this will make the registration process more streamlined and efficient for our members.
- We will now be able to offer automatic annual renewals for our memberships making the process and the membership year transition easier and more streamlined.

3. Member Portal

- The link to your member portal may be found under "Quick Links"
- Going forward, I will be able to add the clock hour forms directly to your member portal for your records under "continuing education." I am working with our webhost to be able to add those forms for all events this year, but I'm hopeful you will extend a little grace at that will most likely be an ongoing project

4. Member Request Forum

- We will continue with our new "Member Request Community Forum" - the link may be found under "Quick Links"

Thank you all for your patience and flexibility as we make this transition to the new site. Please let me know if you encounter any issues with accessing your account, discover any broken links, or have any questions that I may address. I appreciate your feedback and understanding regarding any issues that may arise!

Hello WSPA Community,

We have a lot to share today: our website has been updated to a mobile-friendly site with several new features (some exciting, some behind the scenes) designed to make your experience easier and more comprehensive.

We also have several events open for registration today - Annual Conference, 21st Century Bargaining Workshop, and our Career Fairs

I will be sharing more about our website in the coming days, but here are some of the highlights for you:

1. Updated Job Board

- Found on the main menu at the top of the website and also under "Quick Links"
- Direct link: <https://waspa.mcjobboard.net/jobs>
- Members may now personalize their job postings with district logos, additional job information, and application directions.
- **Please note: when completing a job posting you will come to a payment page - WSPA does not charge for job postings** so please just consider this your confirmation page. I am still working with the vendor to see if I can change the language to "confirmation" but in the meantime I appreciate your understanding.

2. Registration Forms and Membership

- There will now be a **single registration page** for registering yourself or other members of your team - including those who are not members. I am hopeful this will make the registration process more streamlined and efficient for our members.
- We will now be able to offer automatic annual renewals for our memberships making the process and the membership year transition easier and more streamlined.

3. Member Portal

- The link to your member portal may be found under "Quick Links"
- Going forward, I will be able to add the clock hour forms directly to your member portal for your records under "continuing education." I am working with our webhost to be able to add those forms for all events this year, but I'm hopeful you will extend a little grace at that will most likely be an ongoing project

4. Member Request Forum

- We will continue with our new "Member Request Community Forum" - the link may be found under "Quick Links"

Thank you all for your patience and flexibility as we make this transition to the new site. Please let me know if you encounter any issues with accessing your account, discover any broken links, or have any questions that I may address. I appreciate your feedback and understanding regarding any issues that may arise!

Thank you,

Jennifer Tottenham

Hello WSPA Community,

We have a lot to share today: our website has been updated to a mobile-friendly site with several new features (some exciting, some behind the scenes) designed to make your experience easier and more comprehensive.

We also have several events open for registration today - Annual Conference, 21st Century Bargaining Workshop, and our Career Fairs

I will be sharing more about our website in the coming days, but here are some of the highlights for you:

1. Updated Job Board

- Found on the main menu at the top of the website and also under "Quick Links"
- Direct link: <https://waspa.mcjobboard.net/jobs>
- Members may now personalize their job postings with district logos, additional job information, and application directions.
- **Please note: when completing a job posting you will come to a payment page - WSPA does not charge for job postings** so please just consider this your confirmation page. I am still working with the vendor to see if I can change the language to "confirmation" but in the meantime I appreciate your understanding.

2. Registration Forms and Membership

- There will now be a **single registration page** for registering yourself or other members of your team - including those who are not members. I am hopeful this will make the registration process more streamlined and efficient for our members.
- We will now be able to offer automatic annual renewals for our memberships making the process and the membership year transition easier and more streamlined.

3. Member Portal

- The link to your member portal may be found under "Quick Links"
- Going forward, I will be able to add the clock hour forms directly to your member portal for your records under "continuing education." I am working with our webhost to be able to add those forms for all events this year, but I'm hopeful you will extend a little grace at that will most likely be an ongoing project

4. Member Request Forum

- We will continue with our new "Member Request Community Forum" - the link may be found under "Quick Links"

Thank you all for your patience and flexibility as we make this transition to the new site. Please let me know if you encounter any issues with accessing your account, discover any broken links, or have any questions that I may address. I appreciate your feedback and understanding regarding any issues that may arise!

Thank you,

Jennifer Tottenham
