1. Overview

SDSU Georgia Public Private Partnership Fund (PPPF) was established to generate resources to make internationally accredited STEM programs affordable for successful, socially disadvantaged or other vulnerable students in the country. The official launching event of the Public Private Partnership fund (PPPF) took place on November 16, 2016. The event was attended by leading Georgian public and private organizations. Several business partners awarded SDSU Georgia students with scholarships during the event.

Prior to the launching event, negotiations were held with one of the leading Georgian banks, TBC bank, to set up the PPPF account in partnership with TBC's charity foundation. SDSU in Georgia has adopted the Campanile Foundation's gift and donation agreement templates in processing all scholarship donations to date, and each agreement has been approved by the Campanile Foundation (TCF) and SDSU's local legal consultant prior to final signature. Donations can be transferred directly to Campanile Foundation or through TBC Bank. The following payment process was agreed for donations:

- The donor is matched with SDSU-Georgia student(s)/scholar(s)
- Donor agreement is negotiated and signed with the donor and the intermediary Foundation (or with the Foundation directly)
- Grant agreement is signed with donor, student(s) and the intermediary Foundation (or with the Foundation in case the Foundation stands as a donator)
- SDSU Georgia submits the payment request¹ for tuition according the agreed schedule
- Donor wires scholarship funds to TCF, Tree of Life Foundation or TBC Fund per payment request
- SDSU Georgia submits request to the relevant intermediary Foundation

2. Main Communication Channels

A special strategy was developed to raise the awareness of the target audience on PPPF, establish good working relations with leading public and private organizations, and attract donations.

The main communication channels and tools used for PPPF included:

- Advisory Board
- One-to-one meetings
- Special Events (*Special events w/high level officials, AmCham, IWA, Georgia days in San Diego, meeting w/construction companies, etc.*)
- MoUs w/public and private partners
- Annual Internship Fair
- Trainings & Guest Speakers
- Publicity materials: Student success stories, special info packages, case for support, etc.
- Targeted media coverage (*Forbes, Investor.ge, Georgia Today, Business morning, etc.*)
- Working group meetings (*MCC, MCA-G, SDSU-G*)
- Contacts database and tracking sheet

¹ Or the Donor transfers directly the sum as per the agreed schedule, without a reminder from the University.

- Master and Individual Donor Stewardship plans(for more information please refer to the **Annex 1: Master Stewardship plan**)

3. Main Events and Activities Implemented

SDSU Georgia implements numerous activities and events to identify new donors and partnership opportunities as well as keep existing partners informed and committed. Prior to the official Launching event of the PPPF, targeted one-to-one meetings with the CEOs of leading business organizations in Georgia were held. Special Invitation for Partnership letter and PPPF one-pagers were prepared and shared/delivered with 150 public and private sector companies. In addition several special high level events and presentations were organized including dinner at U.S. Ambassador's residence and presentation at American Chamber of Commerce (AmCham).

The following activities were implemented during the reporting period:

3.1 One-to-one meetings

One-to-one meetings are ongoing with the CEO's of top public and private organizations in Georgia.

3.3 MoUs w/public and private partners

MoUs were signed with leading public and private partners including Ministry of Finance, leading Georgian Energy companies, and other public or private organizations to support student employment, research, internship as well as scholarship opportunities.

SDSU Georgia continues negotiations with Public and Private sector on future cooperation and MoU opportunities. MoU with Anaklia Development Consortium (ADC) was signed in June 2018.

3.4 Annual Job and Internship Fair

During the reporting period two internship and job fairs were organized in Tbilisi; 45 companies participated in the first internship fair in 2016 and 56 companies participated in internship fair in 2017. More than 40% of students (freshmen and sophomore) participating in the internship fair were able to find part time jobs or internships in these companies. Next internship fair is planned for June 7, 2018.

It should be noted that SDSU Georgia students undergo a special CV writing and job interviewing techniques training before the annual internship fair so that they are prepared for their first job and internship searching opportunity. In 2018 SDSU Georgia plans to establish a special career center to prepare seniors for their future career and equip them with all necessary skills.
