No worries! Outside of the parking data and other Great Hwy closure texts, do you have other information you think you would need for tomorrow? I want to make sure we have things at the ready for a productive conversation.

Thanks, see you then,  
Rachelle

Thanks for letting me know, Rachelle. It's too bad but we need to move this along so we will just need to catch up with him after.

Too bad Marla can't make it either.

Thanks for setting this up!

Hi Kelli,

Unfortunately, Joe is out of town. I will share the invite with Marla. The invite should be in your inbox shortly.

Rachelle, that is great for me.

I appreciate we can get it on the calendar so soon! It would be really great to have the whole group available if possible, including Joe and the new person, Marla. But I understand if this is too short notice.

I'll follow up with an email to you and mark about some requests for clarity.

Thank you!

Hi Kelli,

Thanks for reaching out and making sure the ball moves forward on this.

We are happy to have the meeting and review background information here at our office (1500 Sansome Street) on Wednesday 7/31 at 3:00 PM.

Please let me know if that works, and I will confirm with a calendar invite.

Best,  
Rachelle

Hi Mark,

Do any of these times work for you to meet this week about the Zoo:

Wed, 7/31 - any time after 1pm

Thurs, 8/1 - any time

Fri, 8/2 any time after noon

I want to make sure I have all of the background and then we can move forward with coordination with the larger project team.

I definitely want to understand the number of existing parking spots and the number of parking spots that are removed with the options.

Thanks,  
Kelli
