Re: Records Request to the City of San Rafael

Dear Mr. Lindsay-Poland:

Your July 28, 2021 Public Records Act request emailed to the San Rafael Police Department has been forwarded to my office for response. You asked for the following records relating to the deployment and use of controlled equipment obtained through the 1033 Program of the Department of Defense:

1. All Documents constituting, reflecting, relating to or that contain current use policies if any for each type of 1033-program controlled equipment, including situations or circumstances in which use is authorized or prohibited.
2. Records that list the dates, locations, suspected offense(s) or rationale for operation, controlled equipment deployed, arrests, and uses of force for each deployment of 1033-program controlled equipment since July 1st, 2019, specifically: firearms, armored vehicles, and night vision equipment.
3. All records of complaints regarding the use and impact of 1033-program controlled equipment, including correspondence, visual or audio-visual materials, and responses to complaints.
4. Documents that constitute, reflect, relate to or that contain rationales or criteria for acquisition of 1033-program equipment, prior to its acquisition.

Please be advised that the San Rafael Police Department currently has no 1033-program controlled equipment, nor does the City have any records that are responsive to your requests.

Very truly yours,

LISA A. GOLDFIEN
Assistant City Attorney
