Between the thin red line and the thin blue lies the thinnest gold line. The gold line represents those that are rarely seen but mostly heard. The calm voice in the dark night. Dispatchers. The glue that holds it all together.

As we wrap up National Public Safety Telecommunicators Week we would like to say a special thank you to our San Ramon Valley Dispatchers for all their hard work and dedication. We appreciate everything you do to serve our community and without you we could not do our job. ❤️
