Subject: 7th grade close readers

Hi Jeff. I need a little assistance. We kind of dropped the ball on ordering close readers for our students. He had plenty to use left over from last year for our 6th and 8th graders but I need to order about 200 of the close readers for our 7th graders. My Language arts department chair was not sure of the ISBN or FSBD code. Can you help me out?

Good afternoon Debby,

I'm researching this discrepancy. Did you have any overages to account for the shortages?

Thank you!

Good morning,

I was wondering about the status of the Order Discrepancy - #28365 for the two Latin 3 textbooks (951080) and the TE (951091). The teacher really needs her books and I am having to hold them until this is cleared up.

Subject: Jay Elementary School shipping charge question
Attachments: JayElementary_PO731088_Invoices.pdf

Good Afternoon,

I just received my final invoice for the shipping charges on PO #731088 and have a question about the amount. On Invoice #258667 we received 418 of the FL Consumable Worktext SS K-4th grades and the shipping amount was \$64.80. On Invoice #262757 we received 90 of the FL Consumable Worktext SS 5th grade and the shipping amount was \$91.05. Can you tell me why it cost so much more for these 90 books to be delivered? I usually do not question shipping charges because I use to work in shipping & receiving but this was such a big difference for a smaller number of books.

Thanks & Have a Great Day ●

Subject: Jay Elementary School shipping charge question

Good Afternoon,
I just received my final invoice for the shipping charges on PO #731088 and have a question about the amount. On Invoice #258667 we received 418 of the FL Consumable Worktext SS K-4th grades and the shipping amount was \$64.80. On Invoice #262757 we received 90 of the FL Consumable Worktext SS 5th grade and the shipping amount was \$91.05. Can you tell me why it cost so much more for these 90 books to be delivered? I usually do not question shipping charges because I use to work in shipping & receiving but this was such a big difference for a smaller number of books.

Thanks & Have a Great Day ●

Subject: Additional copies of teacher guides

Good Afternoon,
We would like to order additional copies of teacher guides for the math courses. The order number and number of copies are below. I believe the order number is correct, but I'm not sure about the charge. It looked to me like we should get a certain number free for our order, and I don't believe we "met/received" that amount when we initially ordered last year. I could not find an order number for JUST the teacher guide, and all the teacher guide packages had the same order number per course. If there is anything else you need please let me know. Thank you for your help!

81-233-2 7th grade teacher guide (3 additional copies)
81-243-2 8th grade teacher guide (2 additional copies)

Is it common for the PO to be higher than the invoice price? I am noticing that my invoices are lower than the original PO amount. Will I be getting additional invoices for these orders or are these the final totals?

Mr. Smith,

Good afternoon. Our Managers are placing stock orders for the upcoming ELA adoption. They asked me to reach out and see if you had any updates to share about the Santa Rosa County 6-12 ELA adoption. I know most Districts are still going through their selection process, but may have narrowed their possible Publisher choices. We are grateful for any updates that you are comfortable sharing with us. Any information that you provide will remain completely confidential. The first year of an adoption is always a challenge when trying to forecast stock levels. I appreciate your help. Take care.

Good Morning Jeff,

I attached PO #731868 that corresponds to FSB Order #186527 and the totals from below along with some additional assessment workbooks.

When you have a minute would you mind checking on our numbers for Florida Social Studies, Envision Math V1 & V2 and the additional practice book? We have such a short turn around this year I wanted to try and get a jump start if possible.

Please let me know if you have any questions or need anything further from my end.

Subject: Question

Hi Jeff,

This FSBD Code is no longer available, 062701. It is the Student Go Math for Kindergarten. Do you know what number replaced it? The ISBN is 978-0-544-50077-8.

I put that ISBN in and it brought up Go Math K \$28.45. The prior order was go math stu bndl K but it was just the student workbook for \$19.95.

Thanks for your guidance,

Cathy Lowery

Good afternoon. What would a School use to replace 062701? I believe that it is a 1 year product.

Thank you,

Subject: Question

Hi Jeff,

This FSBD Code is no longer available, 062701. It is the Student Go Math for Kindergarten. Do you know what number replaced it? The ISBN is 978-0-544-50077-8.

I put that ISBN in and it brought up Go Math K \$28.45. The prior order was go math stu bndl K but it was just the student workbook for \$19.95.

Thanks for your guidance,

Cathy Lowery

Do you have a ballpark idea of what week we will receive our big Reading series order? I really need to plan ahead with my workload so I can "clear it" and be able to check the massive order shipment in when it arrives. I haven't been given the PO number(s) yet from the district who input the order so I can't check it that way. She said she would email us info. Thanks Jeff.

Thank you so much! Question...if you receive the Santa Rosa County reading order this week or next, approximately how long will the turn around time be to receive? I am going on vacation June 24 for 2 weeks so I'm concerned. We were told that we have to check in this huge shipment immediately when it arrives and alert the district to any shortages or damage. They are handling the order for all of the schools, which isn't typical. Thanks for your help.

Good Afternoon Sheri, I am sorry for my delay today in getting back to you. I am showing that PO's 731916, 731914 & 731915 are currently in our warehouse being prepared for shipment. These should go out within the next 24hours and will be shipping to you by UPS. PO 731908 will go to our warehouse tomorrow for picking and shipping along with 731909. I do show we have already shipped 731891 to your school. At this time I do not show that we have received the HMH Reading order from Santa Rosa yet.

Hi, since we have reached busy season it is hard to tell at this point how long it'll take to reach our warehouse and ship. However, I will do my best to have the Order Editor tell me it is here and I can put an priority of this order for you to so it'll go to our warehouse the next day for shipping so we can get it to you before your Vacation.

Thanks, Jennifer

The District put the orders in yesterday morning. Please check and advise an estimate of when they will ship out. Our **P.O # is 731955**. I'm crossing my fingers they come by the 21st. **I also need noted on our orders to not deliver on Fridays** as our Custodians aren't here and that is critical for this 60 year old, as they do most of the moving of boxes. THANK YOU Jennifer!

Hi Sheri, I talked to Jeff who edits the Santa Rosa orders and they have not yet come in. He did speak with Patti in the county late last week and she was working on them but as of today they have not been sent. You may want to give them a call to find out what their ETA on sending them in will be. I know they were working on getting PO's cut for them but not sure of the timeframe.

Thank you,

Hi, since we have reached busy season it is hard to tell at this point how long it'll take to reach our warehouse and ship. However, I will do my best to have the Order Editor tell me it is here and I can put an priority of this order for you to so it'll go to our warehouse the next day for shipping so we can get it to you before your Vacation.

Thanks, Jennifer

Thank you so much! Question...if you receive the Santa Rosa County reading order this week or next, approximately how long will the turn around time be to receive? I am going on vacation June 24 for 2 weeks so I'm concerned. We were told that we have to check in this huge shipment immediately when it arrives and alert the district to any shortages or damage. They are handling the order for all of the schools, which isn't typical. Thanks for your help.

Good Afternoon Sheri, I am sorry for my delay today in getting back to you. I am showing that PO's 731916, 731914 & 731915 are currently in our warehouse being prepared for shipment. These should go out within the next 24hours and will be shipping to you by UPS. PO 731908 will go to our warehouse tomorrow for picking and shipping along with 731909. I do show we have already shipped 731891 to your school. At this time I do not show that we have received the HMH Reading order from Santa Rosa yet.

Hi Sheri, I was typing out an email to you and then Poof yours pops up in my inbox. I was advised this morning your orders arrived and they are working on being keypunched at this time. We have added a Priority to your school orders so they will go out by the end of this week. I will also make sure the trucklines know not to deliver on Fridays.

Have a great day Sheri.

Thanks, Jennifer

Hi Sheri, I was typing out an email to you and then Poof yours pops up in my inbox. I was advised this morning your orders arrived and they are working on being keypunched at this time. We have added a Priority to your school orders so they will go out by the end of this week. I will also make sure the trucklines know not to deliver on Fridays.

Have a great day Sheri.

Thanks, Jennifer

The District put the orders in yesterday morning. Please check and advise an estimate of when they will ship out. Our **P.O # is 731955**. I'm crossing my fingers they come by the 21st. **I also need noted on our orders to not deliver on Fridays** as our Custodians aren't here and that is critical for this 60 year old, as they do most of the moving of boxes. THANK YOU Jennifer!

Hi Sheri, I talked to Jeff who edits the Santa Rosa orders and they have not yet come in. He did speak with Patti in the county late last week and she was working on them but as of today they have not been sent. You may want to give them a call to find out what their ETA on sending them in will be. I know they were working on getting PO's cut for them but not sure of the timeframe.

Hi, since we have reached busy season it is hard to tell at this point how long it'll take to reach our warehouse and ship. However, I will do my best to have the Order Editor tell me it is here and I can put an priority of this order for you to so it'll go to our warehouse the next day for shipping so we can get it to you before your Vacation.

Thanks, Jennifer

Thank you so much! Question...if you receive the Santa Rosa County reading order this week or next, approximately how long will the turn around time be to receive? I am going on vacation June 24 for 2 weeks so I'm concerned. We were told that we have to check in this huge shipment immediately when it arrives and alert the district to any shortages or damage. They are handling the order for all of the schools, which isn't typical. Thanks for your help.

Good Afternoon Sheri, I am sorry for my delay today in getting back to you. I am showing that PO's 731916, 731914 & 731915 are currently in our warehouse being prepared for shipment. These should go out within the next 24hours and will be shipping to you by UPS. PO 731908 will go to our warehouse tomorrow for picking and shipping along with 731909. I do show we have already shipped 731891 to your school. At this time I do not show that we have received the HMH Reading order from Santa Rosa yet.

Hi, since we have reached busy season it is hard to tell at this point how long it'll take to reach our warehouse and ship. However, I will do my best to have the Order Editor tell me it is here and I can put an priority of this order for you to so it'll go to our warehouse the next day for shipping so we can get it to you before your Vacation.

Thanks, Jennifer

Thank you so much! Question...if you receive the Santa Rosa County reading order this week or next, approximately how long will the turn around time be to receive? I am going on vacation June 24 for 2 weeks so I'm concerned. We were told that we have to check in this huge shipment immediately when it arrives and alert the district to any shortages or damage. They are handling the order for all of the schools, which isn't typical. Thanks for your help.

Good Afternoon Sheri, I am sorry for my delay today in getting back to you. I am showing that PO's 731916, 731914 & 731915 are currently in our warehouse being prepared for shipment. These should go out within the next 24hours and will be shipping to you by UPS. PO 731908 will go to our warehouse tomorrow for picking and shipping along with 731909. I do show we have already shipped 731891 to your school. At this time I do not show that we have received the HMH Reading order from Santa Rosa yet.

Hi Sheri, I was typing out an email to you and then Poof yours pops up in my inbox. I was advised this morning your orders arrived and they are working on being keypunched at this time. We have added a Priority to your school orders so they will go out by the end of this week. I will also make sure the trucklines know not to deliver on Fridays.

Have a great day Sheri.

Thanks, Jennifer

The District put the orders in yesterday morning. Please check and advise an estimate of when they will ship out. Our **P.O # is 731955**. I'm crossing my fingers they come by the 21st. I also need noted on our orders to not deliver on Fridays as our Custodians aren't here and that is critical for this 60 year old, as they do most of the moving of boxes. THANK YOU Jennifer!

Hi Sheri, I talked to Jeff who edits the Santa Rosa orders and they have not yet come in. He did speak with Patti in the county late last week and she was working on them but as of today they have not been sent. You may want to give them a call to find out what their ETA on sending them in will be. I know they were working on getting PO's cut for them but not sure of the timeframe.

Hi Sheri, I was typing out an email to you and then Poof yours pops up in my inbox. I was advised this morning your orders arrived and they are working on being keypunched at this time. We have added a Priority to your school orders so they will go out by the end of this week. I will also make sure the trucklines know not to deliver on Fridays.

Have a great day Sheri.

Thanks, Jennifer

The District put the orders in yesterday morning. Please check and advise an estimate of when they will ship out. Our **P.O # is 731955**. I'm crossing my fingers they come by the 21st. I also need noted on our orders to not deliver on Fridays as our Custodians aren't here and that is critical for this 60 year old, as they do most of the moving of boxes. THANK YOU Jennifer!

Hi Sheri, I talked to Jeff who edits the Santa Rosa orders and they have not yet come in. He did speak with Patti in the county late last week and she was working on them but as of today they have not been sent. You may want to give them a call to find out what their ETA on sending them in will be. I know they were working on getting PO's cut for them but not sure of the timeframe.

Hi, since we have reached busy season it is hard to tell at this point how long it'll take to reach our warehouse and ship. However, I will do my best to have the Order Editor tell me it is here and I can put an priority of this order for you to so it'll go to our warehouse the next day for shipping so we can get it to you before your Vacation.

Thanks, Jennifer

Thank you so much! Question...if you receive the Santa Rosa County reading order this week or next, approximately how long will the turn around time be to receive? I am going on vacation June 24 for 2 weeks so I'm concerned. We were told that we have to check in this huge shipment immediately when it arrives and alert the district to any shortages or damage. They are handling the order for all of the schools, which isn't typical. Thanks for your help.

Good Afternoon Sheri, I am sorry for my delay today in getting back to you. I am showing that PO's 731916, 731914 & 731915 are currently in our warehouse being prepared for shipment. These should go out within the next 24hours and will be shipping to you by UPS. PO 731908 will go to our warehouse tomorrow for picking and shipping along with 731909. I do show we have already shipped 731891 to your school. At this time I do not show that we have received the HMH Reading order from Santa Rosa yet.

Thank you and thank you so much for going the extra mile for us in making this delivery a priority. **It is very much appreciated!!** Would it be possible for me to get some **contact information for SAIA along with my SAIA freight pickup number (or similar name)** so I could call them about our delivery? I really need to make contact with them and plan some extra help here the exact day and time window (AM or PM) they are coming, if it turns out it is next week and not this Friday. Our entire staff (except for me and the Administration) leaves after work on Monday for the Summer and I will be here manning the front office, phones plus doing my bookkeeping job starting on Tuesday (front Secretary is going on a week- long vacation Monday). Therefore, I probably will need to coordinate some extra volunteer help the day they will arrive. Thank you so very much, Jennifer!

Hi, since we have reached busy season it is hard to tell at this point how long it'll take to reach our warehouse and ship. However, I will do my best to have the Order Editor tell me it is here and I can put an priority of this order for you to so it'll go to our warehouse the next day for shipping so we can get it to you before your Vacation.

Thanks, Jennifer

Thank you so much! Question...if you receive the Santa Rosa County reading order this week or next, approximately how long will the turn around time be to receive? I am going on vacation June 24 for 2 weeks so I'm concerned. We were told that we have to check in this huge shipment immediately when it arrives and alert the district to any shortages or damage. They are handling the order for all of the schools, which isn't typical. Thanks for your help.

Good Afternoon Sheri, I am sorry for my delay today in getting back to you. I am showing that PO's 731916, 731914 & 731915 are currently in our warehouse being prepared for shipment. These should go out within the next 24 hours and will be shipping to you by UPS. PO 731908 will go to our warehouse tomorrow for picking and shipping along with 731909. I do show we have already shipped 731891 to your school. At this time I do not show that we have received the HMH Reading order from Santa Rosa yet.

Good Afternoon Ms. Lancaster, I do apologize for our delay. Our warehouse is currently running behind at this time with getting shipments out due to the Volume of early orders we have seen this year. We are working 6 days a week to make up for the back log at this time. I expect based on when your order was placed with FSBD it should go to our Warehouse for picking by the end of this week and should ship out early to mid-next week.

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Afternoon Ms. Lancaster, I do apologize for our delay. Our warehouse is currently running behind at this time with getting shipments out due to the Volume of early orders we have seen this year. We are working 6 days a week to make up for the back log at this time. I expect based on when your order was placed with FSBD it should go to our Warehouse for picking by the end of this week and should ship out early to mid-next week.

Thank you,
Jennifer O'Donnell

Hi Jeff,

When you have a spare minute can you check on the status of PO 731955? This is for the new ELA Adoption. I was just curious if there was a ship date for HNI yet?

Thanks,

Subject: Status of SAIA - PRO #10506238870 textbook shipment

Importance: High

I hadn't heard back from you yet, but I realize you are extremely busy. Per the email you received on our behalf from Jennifer O'Donnell, Manager of District Services with the Florida School Book Depository, this is just a very important reminder that we require a 24 to 48 hour advance notice before you will deliver the large shipment we're expecting. Mrs. O'Donnell indicated the shipment was picked up by SAIA from them last Tuesday, June 8 and that she anticipated us receiving the order the first half of this week. As is the case all around the nation, we are short handed so I must have adequate advance notice of when the shipment will arrive at our school so that I can ensure we have some able bodied men/volunteers here to receive the order. They/us will need a pretty good time window so that we can have them here, but not waiting for hours needlessly, if it can be helped. Our main male custodian left our employment unexpectedly last week so that is behind my urgent communication here.

Thank you so much for your attention and understanding to our situation.

Sheri, I'm working with SAIA behind the scenes. Unfortunately they are facing Freight backups as well. My Rep is pushing them today to get this moving your way as it is still in the Jacksonville Terminal.

Importance: High

I hadn't heard back from you yet, but I realize you are extremely busy. Per the email you received on our behalf from Jennifer O'Donnell, Manager of District Services with the Florida School Book Depository, this is just a very important reminder that we require a 24 to 48 hour advance notice before you will deliver the large shipment we're expecting. Mrs. O'Donnell indicated the shipment was picked up by SAIA from them last Tuesday, June 8 and that she anticipated us receiving the order the first half of this week. As is the case all around the nation, we are short handed so I must have adequate advance notice of when the shipment will arrive at our school so that I can ensure we have some able bodied men/volunteers here to receive the order. They/us will need a pretty good time window so that we can have them here, but not waiting for hours needlessly, if it can be helped. Our main male custodian left our employment unexpectedly last week so that is behind my urgent communication here.

Thank you so much for your attention and understanding to our situation.

Thank you Keilah! I'm assuming this one RMA number is good for each of the four boxes that are being returned? Will UPS have four labels then with this RMA number? I want to make sure I handle this correctly and communicate properly with our front Secretary. Thanks.

Paula,

The three emails that you sent to us for Math, Science and Social Studies did not include the "Official" Santa Rosa County PO. I believe you just sent a "Requisition" form. I cannot process any Santa Rosa County order without the "Official" Purchase Order that goes along with it. Are you able to forward the "Official" PO's for Math, Science and Social Studies to me? I apologize for the inconvenience and any confusion that I may have caused. Please feel free to call me if you need further explanation or support.

Hi Mrs. O'Donnell,

I was hoping you could help me or possibly send me in the correct direction. We did not receive any of our 3rd Grade Teacher Editions, however, they were listed on the packing slip. We were slated to receive 20 of ISBN 9780358516934. What do I need to do next? Any guidance is appreciated. ●

Good Afternoon Ms. Lancaster, I do apologize for our delay. Our warehouse is currently running behind at this time with getting shipments out due to the Volume of early orders we have seen this year. We are working 6 days a week to make up for the back log at this time. I expect based on when your order was placed with FSBD it should go to our Warehouse for picking by the end of this week and should ship out early to mid-next week.

Thank you,

Hi Jeff,

When you have a spare minute can you check on the status of PO 731955? This is for the new ELA Adoption. I was just curious if there was a ship date for HNI yet?

Thanks,

Good Morning Ms. Lancaster, at this time we will need for the school to file a Report Order Discrepancy Form via our website at www.fsbd.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

Hi Jeff. I guess its that time of year again. I need to order consumables for Hobbs Middle School.

Can you help me with our consumables for Civivs?

As I am placing my orders, for the shipping option, do I choose the rate of \$880 or the flat rate of 5%.

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Morning Ms. Wells, at this time we will need for the school to file a Report Order Discrepancy Form via our website at www.fsb.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

Good Afternoon Becky, At this time FSBD is currently about 2 weeks behind in fulfilling orders. Our Warehouse is currently working 6 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

I would estimate the order will fall to our Warehouse for processing and shipping by early next week. Again, we appreciate your patience during this busy time as we work through getting all orders out as quickly as possible

Thank you for helping me through all the processes. You have been so helpful and kind! Have a great weekend! Paula Dees

Good afternoon Paula,

We apologize for any issues you may have and look forward to helping you resolve them. The missing pallet would need to be reported by filling out a discrepancy form via our website at www.fsbd.com.

Go to Customer Service and click on **Report an Issue with an Order**. From there you will need to log in with a username and password. If you do not currently have one please go ahead and register.

Once you are logged in you will need the Invoice Number/PO Number you were to receive the Materials on.

***REPORT AN ORDER DISCREPANCY** for short/over (PLEASE PUT OVERAGES AND SHORTAGES ON THE SAME FORM),
****Note**, if you are missing full cartons they must be noted on the Proof of Delivery at the time of delivery (SAIA shipments only, UPS is scanned by each carton and signed for) It's the schools responsibility to report any carton shortage before the driver leaves on the POD so we may hold the shipping company accountable for the missing cartons. (Cartons are sent to us whole from the publisher and we do not break them apart).** - IF WHAT YOU ARE REPORTING SHORT OR OVER IS PART OF A KIT, YOU WILL NEED TO USE THE ISBN# TO LIST THE COMPONENTS YOU ARE OVER OR SHORT

These orders are currently being prepared to ship;

Math po # 731996 order # 187315

Science po # 731997 order # 187309

Good Morning,

We apologize for any issues you may have and look forward to helping you resolve them. We will need for the school to fill out a discrepancy form via our website at www.fsbd.com.

Go to Customer Service and click on **Report an Issue with an Order**. From there you will need to log in with a username and password. If you do not currently have one please go ahead and register.

Once you are logged in you will need the Invoice Number/PO Number you were to receive the Materials on.

***DAMAGE OR DEFECTIVE MATERIALS**

Please choose Report DAMAGE OR DEFECTIVE MATERIALS.

***REPORT AN ORDER DISCREPANCY** for short/over (PLEASE PUT OVERAGES AND SHORTAGES ON THE SAME FORM),

****Note**, if you are missing full cartons they must be noted on the Proof of Delivery at the time of delivery (SAIA shipments only, UPS is scanned by each carton and signed for) It's the schools responsibility to report any carton shortage before the driver leaves on the POD so we may hold the shipping company accountable for the missing cartons. (Cartons are sent to us whole from the publisher and we do not break them apart).**** - IF WHAT YOU ARE REPORTING SHORT OR OVER IS PART OF A KIT, YOU WILL NEED TO USE THE ISBN# TO LIST THE COMPONENTS YOU ARE OVER OR SHORT**

***REQUEST A RETURN AUTHORIZATION** for materials ordered but not needed. (Please note that all materials returned for credit must be in perfect condition with no markings as well as any part of a kit that is to be returned must be the entire kit to receive full credit. Also, all requests for full refund returns must be within 120 days of shipped date.)

Once we receive this form we will investigate the issue and will contact you with further instructions on the matter.

Thank you!

Regenia,

Good afternoon. Great question! The Publisher does not require you to reorder any consumable that you do not need. They only ask us to make sure that you do not exceed the number of free materials you are entitled to based on the original adoption. I hope this helps. Take care and have a great weekend!

Hi Patti, I have attached a Sales Report which shows what materials have invoiced. At this time most orders are leaving FSBD within 3 days from date of invoice with the truckline. Our truckline partners are delayed delivering materials around the state of Florida due to the overwhelmingly large orders they are being given. I hope this report helps.

Good afternoon Katrina,

Thank you for filling out the discrepancy form on our website. I apologize for the issues with these materials. Please place a copy of the attached paperwork inside a box with the overage materials. I will make arrangements with SAIA to bring a shipping label for the exterior of the box to pick these up on the next business day. Your shortage materials will be processed and shipped to you as soon as possible. When would be a good date and time for them to come?

Thank you!

Hey Jeff –

Are you able to take a look at this document before I create my PO? I am unsure about the teacher editions that I added as “free” items. Again, I tried scrolling through the catalog but failed. ●

Thank you so much for your help.

I was not here when the order was delivered. When I returned I checked off items with the packing slip. I did not receive the 17 Teacher Editions (ISBN# 9780358516941). I do not show that they should ship later and have reached out to our county chairperson but have not heard if there was an issue with all 4th grade teacher editions. Can you please advise me on what I need to do? Thank you!

Good Afternoon, at this time we will need for the school to file a Report Order Discrepancy Form via our website at www.fsbd.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Afternoon, at this time we will need for the school to file a Report Order Discrepancy Form via our website at www.fsbd.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

Thank you,
Jennifer O'Donnell

I was not here when the order was delivered. When I returned I checked off items with the packing slip. I did not receive the 17 Teacher Editions (ISBN# 9780358516941). I do not show that they should ship later and have reached out to our county chairperson but have not heard if there was an issue with all 4th grade teacher editions. Can you please advise me on what I need to do? Thank you!

Good Afternoon Jada,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Thank you!

I did receive the items listed on the attached packing list EXCEPT for the novels listed at the bottom of the packing list that said "to be shipped separately" – These novels are what I am trying to figure out when they will be here – I have not received an invoice yet for the novels so they may not have shipped yet.

I was not here upon delivery. Chris Cortez is our custodian and he helped the driver unload them. I can't verify if they were or were not here. I noticed they were not when I returned and checked them in. I went through all boxes 2 times and did not see the teacher editions. Each grade level has verified what they have. We do have the 17 leveled readers and the 17 resource kits. Is there a way to see if you all have 17 extra? Are there 4 volumes of the 4th grade teacher edition? I am so sorry about this. I have never had an issue like this with a delivery.

Good morning Paula,

I am working on your discrepancy and what you are reporting is 17 full cartons short. The proof of delivery was not marked short upon delivery therefore it will be difficult for me to get this approved to ship without overages to account for them. Is it possible these were moved to another location in the building or teachers took them?

Thank you!

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Afternoon, we will need the school to fill out a Damage/Defective Form via our website at www.fsbd.com. Go to Customer Service and click on Report an Issue with an Order. From there you will need to log in with a username and password. If you do not currently have one please go ahead and register for one. Once logged in you will need the Invoice Number/PO Number you received the books on. Then you will choose Report Damage/Defective Materials. Once we receive this form we will issue a Return Authorization and set up return shipping to have the materials brought back to FSBD for inspection and replacement.

Good Afternoon Regenia,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Our Goal is to have your order in our Warehouse by the end of this week. If you are pending Online Access please let me know and we can reach out to the Publisher to see if they will Provision your Licenses prior to materials shipping and invoicing. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season

Thank you!

I was not here upon delivery. Chris Cortez is our custodian and he helped the driver unload them. I can't verify if they were or were not here. I noticed they were not when I returned and checked them in. I went through all boxes 2 times and did not see the teacher editions. Each grade level has verified what they have. We do have the 17 leveled readers and the 17 resource kits. Is there a way to see if you all have 17 extra? Are there 4 volumes of the 4th grade teacher edition? I am so sorry about this. I have never had an issue like this with a delivery.

Good morning Paula,

I am working on your discrepancy and what you are reporting is 17 full cartons short. The proof of delivery was not marked short upon delivery therefore it will be difficult for me to get this approved to ship without overages to account for them. Is it possible these were moved to another location in the building or teachers took them?

Thank you!

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Afternoon Lynda,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Our Goal is to have your order in our Warehouse by the end of this week. If you are pending Online Access please let me know and we can reach out to the Publisher to see if they will Provision your Licenses prior to materials shipping and invoicing. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season

Thank you!

Subject: East Milton Elementary /Status of Orders

Good afternoon Keilah,

I am wanting to check on the status of our book orders for our Math, Science and Social Studies Series. These orders were place the second week in July. Our budget open kind of late this year and we got at late start! I have attached a copy of the Purchase Orders for each subject. We would appreciate any information you can provide on the timeline of when these will be received at our school.

Thank you in advance for your time and assistance with this.

Sincerely,

We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. At this time based on when your School's orders were placed our Goal is to have them in our Warehouse ready to ship by mid- August based on when your Schools orders were received at FSBD. We have reached out to Publishers about our current shipping delays and they are willing to Provision Online/Digital Access early prior to physical materials shipping to ensure Schools have content to start the year off. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Bridget,

Good morning. Would you mind sending me the ISBN for each Title that you want to order? I want to make sure that we research the correct title for you. I find that the Title and Author search is very unreliable in determining an exact match. If we find that we do not stock it here, you may want to order it through Mr. Ezell. I'm not sure of their credit card policy, but I'm sure that you know that FSBD is by PO only. I will paste in some programs that could be a match, but I will need those ISBN numbers to confirm. I look forward to hearing from you.

Subject: Item numbers and cost for Premium package components on 3rd Grade Leveled Readers

Importance: High

We are looking into purchasing the additional 3rd Grade Leveled Readers (*additional components found in the "Premium Leveled Readers package" for the new HMH series). Can you please send me a list today with the item numbers, description and costs of each item. Our District only purchased Box #4 of the Leveled Readers for 3rd grade, which has 36 titles, I believe.

Thanks Jeff!

Good Morning..

We have not received that missing shipment. I just watched our cameras and UPS did NOT deliver any textbooks on 07/16/2021 plus Debbie Werner was on vacation that week. The UPS guy picked up two boxes from us on 7/15/2021 to return to you. Please check into this and advise because we need our books.

Thank you..

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Morning Tabatha, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. At this time based on when your School's orders were placed our Goal is to have them in our Warehouse ready to ship by mid- August. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Afternoon Rachelle,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Our Goal is to have your order in our Warehouse by the end of this week. If you are pending Online Access please let me know and we can reach out to the Publisher to see if they will Provision your Licenses prior to materials shipping and invoicing. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season

Thank you!

Subject: Item numbers and cost for Premium package components on 3rd Grade Leveled Readers

Importance: High

We are looking into purchasing the additional 3rd Grade Leveled Readers (*additional components found in the "Premium Leveled Readers package" for the new HMM series). Can you please send me a list today with the item numbers, description and costs of each item. Our District only purchased Box #4 of the Leveled Readers for 3rd grade, which has 36 titles, I believe.

Thanks Jeff!

Good Afternoon Ms. Bourland, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. .. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Thank you,

Bridget,

Good morning. Would you mind sending me the ISBN for each Title that you want to order? I want to make sure that we research the correct title for you. I find that the Title and Author search is very unreliable in determining an exact match. If we find that we do not stock it here, you may want to order it through Mr. Ezell. I'm not sure of their credit card policy, but I'm sure that you know that FSBD is by PO only. I will paste in some programs that could be a match, but I will need those ISBN numbers to confirm. I look forward to hearing from you.

We are looking into purchasing the additional 3rd Grade Leveled Readers (*additional components found in the "Premium Leveled Readers package" for the new HMH series). Can you please send me a list today with the item numbers, description and costs of each item. Our District only purchased Box #4 of the Leveled Readers for 3rd grade, which has 36 titles, I believe.

At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. At this time based on when your School's orders were placed our Goal is to have them in our Warehouse ready to ship by mid- August. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Importance: High

We are looking into purchasing the additional 3rd Grade Leveled Readers (*additional components found in the "Premium Leveled Readers package" for the new HMM series). Can you please send me a list today with the item numbers, description and costs of each item. Our District only purchased Box #4 of the Leveled Readers for 3rd grade, which has 36 titles, I believe.

Good afternoon Jada,

You may find the contact information for the Publisher rep in your area by visiting our website at www.fsbd.com and under the 'Publishers' tab you would select 'Find My Representative'. From here you will select your county and the name of the Publisher and the contact information will show.

The Publisher Rep may need additional information such as a report to validate purchase and/or an invoice. If this is the case, and you do not have that information, please forward an email from them or email us at customerservice@fsbd.com with the specific information you need including PO# of order and who the publisher is and we will be happy to provide that information.

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Afternoon Jada,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Thank you!

Patti,

Good morning. Have you received the invoices that we have been mailing to the District Office? Jennifer was concerned that we may need to adjust the address to ensure that you are getting them. All of your ELA invoices were mailed to:

If you still find that you do not have them, then Jennifer will work on emailing the invoice copies to you. CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Afternoon Ms. Bourland, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. .. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Thank you,
Jennifer O'Donnell

Bridget,

Good morning. Would you mind sending me the ISBN for each Title that you want to order? I want to make sure that we research the correct title for you. I find that the Title and Author search is very unreliable in determining an exact match. If we find that we do not stock it here, you may want to order it through Mr. Ezell. I'm not sure of their credit card policy, but I'm sure that you know that FSBD is by PO only. I will paste in some programs that could be a match, but I will need those ISBN numbers to confirm. I look forward to hearing from you.

Hey, Jeff! I have 2 orders for teacher editions; elem. and middle.

We are a new K - 8 school in the Santa Rosa County School District. Because we are not included any of our current textbook adoptions, I need to purchase some additional Teacher Editions.

I will probably have another order or 2 for additional student editions; but, hopefully not!!!

Thank you.

Hey, Jeff! I have 2 orders for teacher editions; elem. and middle.

We are a new K - 8 school in the Santa Rosa County School District.
Because we are not included any of our current textbook adoptions, I need to purchase some additional Teacher Editions.

I will probably have another order or 2 for additional student editions; but, hopefully not!!!

Thank you.

Jeff,
Good afternoon! I am hopeful that you can help me with something.
My bookkeeper, April Burchett, has taken another position and I am without a bookkeeper currently.
When Mrs. Burchett placed the attached order, she ordered the incorrect Teacher's Edition for Science for grades 3-5. You will notice that the teacher's edition is HMH, but the student editions that were ordered are Pearson. The teacher's editions should be Pearson as well.
Can you reply to this email, or call me at (850)529-1362, to help me correct this?

Good Afternoon Regenia,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Our Goal is to have your order in our Warehouse by the end of this week. If you are pending Online Access please let me know and we can reach out to the Publisher to see if they will Provision your Licenses prior to materials shipping and invoicing. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season

Thank you!

Kathy,

Good afternoon. I am very sorry to hear that. I will paste instructions below. Please be sure to follow up with Customer Service if you have any questions in regards to the below. They handle all matters after the shipment leaves our Warehouse. Take care.

customerservice@fsbd.com

Report Order Discrepancy We will need for the school to file a Report Order Discrepancy Form via our website at www.fsbd.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

*****Please Note** If you are missing full cartons from your order they must be noted on the Proof of Delivery at the time of delivery -SAIA & UPS Freight shipments only, UPS deliveries are scanned by each carton and signed for. It is the schools responsibility to report any carton shortages or damages before the driver leaves on the POD so we may hold the shipping company accountable for the missing cartons.

IF WHAT YOU ARE REPORTING SHORT OR OVER IS PART OF A KIT, YOU WILL NEED TO USE THE ISBN# TO LIST THE COMPONENTS YOU ARE OVER OR SHORT.

Thank you,

Hoping Urban Meyer is what they need!!

Off subject, I've completed the Discrepancy form and wanted to add the packing slip but didn't see a way to do that. Unsure if that would help. There is some writing on it that may mean something to you. The teacher said the one book noted in each of the Loose is what wasn't added.

We have not received that missing shipment. I just watched our cameras and UPS did NOT deliver any textbooks on 07/16/2021 plus Debbie Werner was on vacation that week. The UPS guy picked up two boxes from us on 7/15/2021 to return to you. Please check into this and advise because we need our books.

I will also list the instructions to return the incorrect items. If you have any follow up questions about the return process, please email Customer Service at customerservice@fsbd.com. Take care.

Return Authorization

We will need for the school to fill out a Return Authorization Form via our website at www.fsbd.com. Go to Customer Service and click on Report an Issue with an Order. From there you will need to log in with a username and password. If you do not currently have one please go ahead and register. Once you are logged in you will need the Invoice Number/PO Number you received the Materials on. From there you will choose Return Authorization Request. All materials being returned for credit must be in perfect/new condition with no markings, stamps or barcodes. If you are returning Kits/Bundles all parts must be returned to receive credit. Once we receive this form we will issue a Return Authorization and the school can choose any carrier of their choice to return the materials to FSBD. Please note all Returns for Credit must be done within 120 days of receiving the materials.

Jeff,
Good afternoon! I am hopeful that you can help me with something.
My bookkeeper, April Burchett, has taken another position and I am without a bookkeeper currently.
When Mrs. Burchett placed the attached order, she ordered the incorrect Teacher's Edition for Science for grades 3-5. You will notice that the teacher's edition is HMH, but the student editions that were ordered are Pearson. The teacher's editions should be Pearson as well.
Can you reply to this email, or call me at (850)529-1362, to help me correct this?

The box that UPS delivered was small as it only had 3 books in it. The Discrepancy that you filed was for 3 of ITEM 069191 and they only way 1.53lbs a book. Were you missing 3 full cartons and not just 3 books?

We have not received that missing shipment. I just watched our cameras and UPS did NOT deliver any textbooks on 07/16/2021 plus Debbie Werner was on vacation that week. The UPS guy picked up two boxes from us on 7/15/2021 to return to you. Please check into this and advise because we need our books.

Thank you. I apologize for my part in this confusion. I was working from the packing slip when I entered it and we received 8 cartons of volume 2 instead of the 5 we ordered and only received 2 cartons of the volume 1 instead of the 5 ordered. I should have realized it was book quantity not box. I rarely have a discrepancy. That explains why Keilah had to do two extra pick-up labels when they originally only picked up one. I can send you a picture of that if needed. Thank you so much for expediting this. I appreciate it greatly.

Have a great day and let me know if you need anything further from me.

Good Afternoon Ms. Bourland, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. .. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Good Afternoon Ms. Bourland, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are

working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. .. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Thank you,

Good Morning Ms. Adams, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. At this time based on when your School's orders were placed our Goal is to have them in our Warehouse ready later in August based on when these orders were placed with FSBD. We have reached out to Publishers about our current

shipping delays and they are willing to Provision Online/Digital Access early prior to physical materials shipping to ensure Schools have content to start the year off. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Thank you,

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Morning Ms. Cobb, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. At this time our goal is to have your orders processing in our Warehouse by the end of August. Publishers are away of our delays in shipping and we encourage you to reach out to see if they can provision digital licenses early. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Thank you,

Good Afternoon Regenia,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Our Goal is to have your order in our Warehouse by the end of this week. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. Subject: order discrepancy

Good afternoon,

I am Katrina Roberts the new bookkeeper at W. H. Rhodes Elementary and I needed to check with you concerning a discrepancy on a book order to see if we can still get the books replaced?

When our 4th grade teachers opened 2 boxes of math books there was actually 3rd grade math books inside the 4th grade boxes.

Here is the original information:

PO # 732000

Ordered 154 of #9780134910710 math books and received 110 of 4th grade math book and rec'd 44 of # 9780134910703 3rd grade math books

I can fill out the discrepancy form on FSBD if it is still possible to get these books switched out.

Thank you for your help,

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Morning Ms. Godwin, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

The districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

At this time the current estimate and goal time to have your order in our warehouse is the end of August based on when your order was received at FSBD (7/26).

If your order entails Digital Access you can reach out to your Publisher Rep to see if they will provision Digital Access early. Unfortunately, we do not keep the licenses for online access. You would need to contact the publisher rep in your area and notify them that you need access. You may find the contact information for the Publisher rep in your area by visiting our website at www.fsbd.com and under the 'Publishers' tab you would select 'Find My Representative'. From here you will select your county and the name of the Publisher and the contact information will show.

The Publisher Rep may need additional information such as a report to validate purchase and/or an invoice. If this is the case, and you do not have that information, please forward an email from them or email us at customerservice@fsbd.com with the specific information you need including PO# of order and who the publisher is and we will be happy to provide that information.

I should have ordered 212 "Where the Red Fern Grows" instead of 424 "Charlie & the Chocolate Factory". So, Sims Middle School should have 212 Charlie & the Chocolate Factory and 212 Where the Red Fern Grows.

This was a mistake on my part.

How can this be corrected?

Once we receive this form we will issue a Return Authorization and the school can choose any carrier of their choice to return the materials to FSBD. Please note all Returns for Credit must be done within 120 days of receiving the materials.

As per our conversation, please go ahead and order 212 copies of "Where the Red Fern Grows" to be shipped to Sims Middle School. All other information can be found on Order Doc # 187132 and Invoice 272575. This will be an "even swap" with our return of 212 copies of "Charlie & the Chocolate Factory" books, not including shipping.

Thank you very much.

Good Afternoon:

Please reference Order Document 187123, Invoice 272575.

I should have ordered 212 "Where the Red Fern Grows" instead of 424 "Charlie & the Chocolate Factory". So, Sims Middle School should have 212 Charlie & the Chocolate Factory and 212 Where the Red Fern Grows.

This was a mistake on my part.

How can this be corrected?

Thanks so much!

Report Order Discrepancy We will need for the school to file a Report Order Discrepancy Form via our website at www.fsbd.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

***Please Note If you are missing full cartons from your order they must be noted on the Proof of Delivery at the time of delivery -SAIA & UPS Freight shipments only, UPS deliveries are scanned by each carton and signed for. It is the schools responsibility to report any carton shortages or damages before the driver leaves on the POD so we may hold the shipping company accountable for the missing cartons.

IF WHAT YOU ARE REPORTING SHORT OR OVER IS PART OF A KIT, YOU WILL NEED TO USE THE ISBN# TO LIST THE COMPONENTS YOU ARE OVER OR SHORT.

Good Afternoon Lynda,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Our Goal is to have your order in our Warehouse by the end of this week. If you are pending Online Access please let me know and we can reach out to the Publisher to see if they will Provision your Licenses prior to materials shipping and invoicing. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season

Thank you!

Good afternoon,

Considering the extensive shipping delay, would it be possible for Mr. Thorpe and myself to pick up our schools' shipments from FSBD and deliver them to our schools personally? We're willing to rent U-Hauls and drive that way asap to get these materials in the hands of our teachers in a timely manner.

I understand that direct pickups from FSBD have not been possible in the past and I understand the security considerations behind them, but we ask for you to consider an exception given this situation.

Please let us know if we can make this work. Thanks so much for your time and consideration!

Good Morning Mr. Baugus, at this time the availability of trucks and trailers is not what the delay in getting the materials to your schools. Our Warehouse is currently working on orders that were received before these Santa Rosa orders. At this time the Santa Rosa orders have not yet been picked and staged to be ready for our trucklines to be picked up. We are fully confident in our Trucklines at this time to make timely deliveries once the orders have been picked by our Warehouse and staged to be shipped. Again, we are extremely sorry for the delays our Warehouse is experiencing this year due to the Volume and Size of the new ELA Adoption along with other lingering Covid effects that we all have encountered this year.

Good Afternoon Ms. Bourland, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. .. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Good Morning Summer, as I'm sure you are aware FSBD is facing fulfillment delays in processing our orders in our Warehouse due to the size of the orders and the lingering effects Covid has left behind. Our Warehouse is diligently working towards your orders placed in mid-July. At this time I do not show that we have shipped these as of yet. At this time our Goal is to start shipping these orders by the end of next week into the week of August 30th. We understand this is not an ideal situation and that you have Teachers and Students at the end of the line waiting for materials. Please know that our warehouse is working 6-7 days a week to get as many orders out as quickly as possible at this time.

Thank you!

Subject: SIMS Middle School Savvas Order

Good Afternoon Mr. Cregor:

Rather than make several phone calls, please read the below email:

424 Charlie & the Chocolate Factory novels were ordered
212 Charlie & the Chocolate Factory Novels & 212 Where the Red Fern Grows Novels SHOULD have been ordered. This was a mistake on my (Patti Frost) part.

Invoice numbers 272575, 270528, 275728 Order Document No 187123 PO No: 732001

Only 212 Charlie & the Chocolate Factories were delivered (even through 424 were mistakenly ordered)

What do we need to do to correct this?

Thank you so much for your help. (Please hit "reply all").

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Morning Ms. Adams, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. At this time based on when your School's orders were placed our Goal is to have them in our Warehouse ready later in August based on when these orders were placed with FSBD. We have reached out to Publishers about our current shipping delays and they are willing to Provision Online/Digital Access early prior to physical materials shipping to ensure Schools have content to start the year off. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Thank you,

Report Order Discrepancy We will need for the school to file a Report Order Discrepancy Form via our website at www.fsbd.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

***Please Note If you are missing full cartons from your order they must be noted on the Proof of Delivery at the time of delivery -SAIA & UPS Freight shipments only, UPS deliveries are scanned by each carton and signed for. It is the schools responsibility to report any carton shortages or damages before the driver leaves on the POD so we may hold the shipping company accountable for the missing cartons.

IF WHAT YOU ARE REPORTING SHORT OR OVER IS PART OF A KIT, YOU WILL NEED TO USE THE ISBN# TO LIST THE COMPONENTS YOU ARE OVER OR SHORT.

Hopefully this will be the last time I ask. I am trying to prevent a stray invoice coming in for shipping backordered novels after the PO is paid.

Good Morning Judy,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

The districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Unfortunately, we do not keep the licenses for online access. You would need to contact the publisher rep in your area and notify them that you need access. You may find the contact information for the Publisher rep in your area by visiting our website at www.fsbd.com and under the 'Publishers' tab you would select 'Find My Representative'. From here you will select your county and the name of the Publisher and the contact information will show.

The Publisher Rep may need additional information such as a report to validate purchase and/or an invoice. If this is the case, and you do not have that information, please forward an email from them or email us at customerservice@fsbd.com with the specific information you need including PO# of order and who the publisher is and we will be happy to provide that information.

Thank you!

Good Afternoon Judy,

Based on submission date, how large this adoption year has been, paired with unforeseen issues due to Covid, we are looking at estimated mid-late September for these to come in the que to be picked and sent to you. We are still working 6-7 days a week to get these out however and I'm happy to check to see if that timeline should change as it gets closer to that range.

Thank you!

Good Morning and Happy Friday:

Will you please put in writing why these were increased? I know that we have talked about it, but I need it in writing for the file.

I am processing and requesting payment of this PO this morning.

The elementary PO was processed and paid on the 19th.

Middle School should be processed next week. I know Sims Middle School is ordering the novels "Where the Red Fern Grows" to replace the incorrectly ordered "Charlie & the Chocolate Factory", so I will go ahead and pay that invoice less the shipping for those novels.

Thank you so much for your assistance and have a great weekend!!

Patti,

Good morning. The reason for the increase was the quote that you had received from Mr. Ezell did not match the orders after they were all processed. That was a contract that you entered in to with the Publisher. On my side, I am to track your orders as they arrive and make sure that the actual orders balance with the quote given by the Publisher. Here are the results after comparing the orders with Savvas quote 048302-3 dated 5/26/21.

Grade 9

Quote States that you were to buy 2,152 of the 9th Grade Student Bundle and you were to get 380 Free

You actually bought 2,103 9th Grade Student Bundles and asked for 429 for free

You were 49 under on your purchase and 49 over on your free.

You and I agreed to add 7 charge per School and take away 7 free.

I have our call as documented at 8:00 A.M. on 6/3/21

Grade 10

Quote States that you were to buy 2,218 of the 10th Grade Student Bundle and you were to get 391 Free

You actually bought 2,168 10th Grade Student Bundles and asked for 441 for free

You were 50 under on your purchase and 50 over on your free.

You and I agreed to add 7 charge per School and take away 7 free.

I have our call as documented at 8:00 A.M. on 6/3/21

Grade 11

Quote States that you were to buy 1,791 of the 11th Grade Student Bundle and you were to get 316 Free

You actually bought 1,750 11th Grade Student Bundles and asked for 356 for free

You were 41 under on your purchase and 40 over on your free.

You and I agreed to add 6 charge per School and take away 6 free.

I have our call as documented at 8:00 A.M. on 6/3/21

Grade 12

Quote States that you were to buy 1,599 of the 12th Grade Student Bundle and you were to get 282 Free

You actually bought 1,564 12th Grade Student Bundles and asked for 318 for free

You were 35 under on your purchase and 36 over on your free.

You and I agreed to add 5 charge per School and take away 5 free.

I have our call as documented at 8:00 A.M. on 6/3/21

I hope this helps. Please let me know if I can be of further assistance or support. Have a great weekend.

Good afternoon Jada,

You may find the contact information for the Publisher rep in your area by visiting our website at www.fsbd.com and under the 'Publishers' tab you would select 'Find My Representative'. From here you will select your county and the name of the Publisher and the contact information will show.

The Publisher Rep may need additional information such as a report to validate purchase and/or an invoice. If this is the case, and you do not have that information, please forward an email from them or email us at customerservice@fsbd.com with the specific information you need including PO# of order and who the publisher is and we will be happy to provide that information.

I got a discrepancy stating 4th and 5th grade Know it show it's as missing (534911 & 434911). I see where 4th grade is on the order but not 5th. You may need to reach out to them to confirm but I'll let her know it's not filled yet. s/o 547379

This is a confusing one, because the county ordered our material and then I ordered our additional material and even more recently.

The discrepancy is on Invoice # 269811 PO# 79155

Th 4th Grade material has been found. The 5th grade "Know It, Show It" is still uncounted for and nowhere to be found.

Good Morning Donita,

Based on submission date, how large this adoption year has been, paired with unforeseen issues due to Covid, we are looking at estimated mid-September for these to come in the que to be picked and sent to you. We are still working 6-7 days a week to get these out however and I'm happy to check to see if that timeline should change as it gets closer to that range.

Thank you!

Jada,

Good morning. I'm so sorry to hear that. Please see the instructions below. Please contact Customer Service directly if you have any questions. They will be handling this for you once the discrepancy is submitted. Take care.

customerservice@fsbd.com

Report Order Discrepancy We will need for the school to file a Report Order Discrepancy Form via our website at www.fsbd.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

*****Please Note** If you are missing full cartons from your order they must be noted on the Proof of Delivery at the time of delivery -SAIA & UPS Freight shipments only, UPS deliveries are scanned by each carton and signed for. It is the schools responsibility to report any carton shortages or damages before the driver leaves on the POD so we may hold the shipping company accountable for the missing cartons.

IF WHAT YOU ARE REPORTING SHORT OR OVER IS PART OF A KIT, YOU WILL NEED TO USE THE ISBN# TO LIST THE COMPONENTS YOU ARE OVER OR SHORT.

Kathy,

Good afternoon. I am very sorry to hear that. I will paste instructions below. Please be sure to follow up with Customer Service if you have any questions in regards to the below. They handle all matters after the shipment leaves our Warehouse. Take care.

customerservice@fsbd.com

Report Order Discrepancy We will need for the school to file a Report Order Discrepancy Form via our website at www.fsbd.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

***Please Note If you are missing full cartons from your order they must be noted on the Proof of Delivery at the time of delivery -SAIA & UPS Freight shipments only, UPS deliveries are scanned by each carton and signed for. It is the schools responsibility to report any carton shortages or damages before the driver leaves on the POD so we may hold the shipping company accountable for the missing cartons.

IF WHAT YOU ARE REPORTING SHORT OR OVER IS PART OF A KIT, YOU WILL NEED TO USE THE ISBN# TO LIST THE COMPONENTS YOU ARE OVER OR SHORT.

Good morning Keilah,

Will you give me a status update on the textbook order for East Milton Elementary? We ordered Math, Social Studies, and Science consumables for our students. The last we were told was the beginning of September. I know that your warehouse has been working every day, however; we really need these materials to properly teach our students. Can we please have a ship date and/or a delivery date for these items? Thank you in advance for your assistance.

Good Afternoon Lynda,

First let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. Our Goal is to have your order in our Warehouse by the end of this week. If you are pending Online Access please let me know and we can reach out to the Publisher to see if they will Provision your Licenses prior to materials shipping and invoicing. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms well before the new school year. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season

Thank you!

Good Morning Kathy,

Based on submission date, how large this adoption year has been, paired with unforeseen issues due to Covid, we are looking at estimated mid-September for these to come in the que to be picked and sent to you. We are still working 6-7 days a week to get these out however and I'm happy to check to see if that timeline should change as it gets closer to that range.

Thank you!

Good Morning Summer, as I'm sure you are aware FSBD is facing fulfillment delays in processing our orders in our Warehouse due to the size of the orders and the lingering effects Covid has left behind. Our Warehouse is diligently working towards your orders placed in mid-July. At this time I do not show that we have shipped these as of yet. At this time our Goal is to start shipping these orders by the end of next week into the week of August 30th. We understand this is not an ideal situation and that you have Teachers and Students at the end of the line waiting for materials. Please know that our warehouse is working 6-7 days a week to get as many orders out as quickly as possible at this time.

Thank you!

Good Afternoon Ms. Bourland, first let me take a moment to apologize for our delay in getting your order(s) out to you and thank you for your extreme patience as we navigate this busy season. At this time your order has not yet shipped from FSBD. We are working hard to catch up to the delays and working 6-7 days to get all orders out the door. We are working as quickly as possible to process orders in the order they were received at FSBD as we work first in and first out. .. Please feel free to check back in a few days for an updated status of your order. Again, we thank you for your patience and we understand the frustration this may be causing. We are doing everything possible to process as many orders as possible daily with the Volume we are receiving and shipping.

Our Warehouse is currently working 7 days a week to catch up to the demand. The Districts have done an amazing job of ordering their new ELA early this year with that the Publishers and FSBD are working diligently to get these materials not only into our warehouse quickly but out of the warehouse to ensure books are in the classrooms. We have also seen a lot of challenges in the Trucking/Rail industry and really all throughout the logistics chain in 2021. We are meeting these challenges with solutions, but those solutions have cost some time. FSBD will continue to face all challenges to get your materials to you and we thank you for patience as we navigate this busy season.

Thank you,

Hello Brian,

We will be shipping the SS Dixon orders Monday to deliver Wednesday. We are working to get the delivery Tuesday, but I would suggest telling the school Wednesday and if we can get the orders there on Tuesday, they can have a nice surprise.

I apologize for the delay in shipping but we want you to know this is purely a shipping issue and not an lack of inventory.

I will update you Monday afternoon, but you have my cell number so please reach out to me earlier if you have any questions.

I hope your weekend is restful.

Subject: FSBD shipments to Santa Rosa school

Hello Brian,

We will be shipping the SS Dixon orders Monday to deliver Wednesday. We are working to get the delivery Tuesday, but I would suggest telling the school Wednesday and if we can get the orders there on Tuesday, they can have a nice surprise.

I apologize for the delay in shipping but we want you to know this is purely a shipping issue and not an lack of inventory.

I will update you Monday afternoon, but you have my cell number so please reach out to me earlier if you have any questions.

I hope your weekend is restful.

Thank you for your kind patience,
Judy

Hi Jennifer!

We received the books Friday (YAAAAAY) however we are missing some books from both PO's (732080 and 732081). I will fill out the Order Discrepancy on PO 732080 later today once the teacher brings me the packing slip. However, it appears one of the boxes we're missing from PO 732081, must also have the packing slip which has the Invoice # that's required on the Order Discrepancy form? What do I do?

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Morning Donita,

Based on submission date, how large this adoption year has been, paired with unforeseen issues due to Covid, we are looking at estimated mid-September for these to come in the que to be picked and sent to you. We are still working 6-7 days a week to get these out however and I'm happy to check to see if that timeline should change as it gets closer to that range.

Thank you!

Good Morning Donita,

Based on submission date, how large this adoption year has been, paired with unforeseen issues due to Covid, we are looking at estimated mid-September for these to come in the que to be picked and sent to you. We are still working 6-7 days a week to get these out however and I'm happy to check to see if that timeline should change as it gets closer to that range.

Good Morning Donita,

Based on submission date, how large this adoption year has been, paired with unforeseen issues due to Covid, we are looking at estimated mid-September for these to come in the que to be picked and sent to you. We are still working 6-7 days a week to get these out however and I'm happy to check to see if that timeline should change as it gets closer to that range.

Thank you!

We received our Math material yesterday (PO #732115) and as I was counting the material this morning I found an issue with one of the boxes...

#812311 FL Envision Math Vol 1 6 – 6th grade: the box showed a Qty of 28 but there were only 27 books in the box. As I was taking the books out to count I noticed one of the books was folded in half which caused the box to look filled up.

Hi Keilah,

The teacher just confirmed there were no overages on this order. And yes, it was the full 3pt title that was missing. It was on the order form but not on the packing slip, and of course we didn't receive it.
Thanks!

Good afternoon Kathy,

Thank you for filling out a discrepancy form on our website.

Were there any overages to account for the shortage materials and if so what is the ISBN's?

Also, you reported a 3pt overage title 812332. Are you missing a full three part or just a part of the three part?

Thank you!

Subject: ELA/Rigby Lev. Readers

Hi, Jeff, the print copies of the Rigby Leveled Readers per grade, or those \$3250/each? I can't find where I could purchase just one additional book of each Rigby Reader/grade level.

This is what my teacher is asking, I thought leveled readers came w/ multiple levels already – she is asking for one set per grade level:

Would it be possible to order 1 whole set (all grades K-5) of the Rigby readers from HMH to place in the literacy closet for teacher checkout? I am finding that the levels given for third have are too high for some of my students (and I also need lower ones for IEP tracking), but I don't want to continuously inconvenience another teacher/grade level borrowing their books. If there was a complete set to checkout from, we could pull from all levels needed.

Thanks for your help!

Subject: ELA/Rigby Lev. Readers

Hi, Jeff, the print copies of the Rigby Leveled Readers per grade, or those \$3250/each? I can't find where I could purchase just one additional book of each Rigby Reader/grade level.

This is what my teacher is asking, I thought leveled readers came w/ multiple levels already – she is asking for one set per grade level:

Would it be possible to order 1 whole set (all grades K-5) of the Rigby readers from HMH to place in the literacy closet for teacher checkout? I am finding that the levels given for third have are too high for some of my students (and I also need lower ones for IEP tracking), but I don't want to continuously inconvenience another teacher/grade level borrowing their books. If there was a complete set to checkout from, we could pull from all levels needed.

Thanks for your help!

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Afternoon Summer, I am so sorry for the no response. It appears the email address below is incorrect and would not have reached Kristine. I do show on the packing slip attached that we did ship the requested materials to your school. At this time we will need for the school to file a Report Order Discrepancy Form via our website at www.fsbd.com. Once you get there you will click on Customer Service and then Report an Issue with an Order. Once you are logged in you will need the Invoice number off of the Packing Slip you have the Discrepancy on to file the Report. Please make sure to report both overages and shortages from your order on the same form. Once we have received this report, one of our Customer Service Reps will begin the needed research for your Discrepancy and will contact you directly with any additional questions they may have.

***Please Note If you are missing full cartons from your order they must be noted on the Proof of Delivery at the time of delivery -SAIA & UPS Freight shipments only, UPS deliveries are scanned by each carton and signed for. It is the schools responsibility to report any carton shortages or damages before the driver leaves on the POD so we may hold the shipping company accountable for the missing cartons.

IF WHAT YOU ARE REPORTING SHORT OR OVER IS PART OF A KIT, YOU WILL NEED TO USE THE ISBN# TO LIST THE COMPONENTS YOU ARE OVER OR SHORT.

Oh, no. They've been lost by UPS then. This is the first I've heard from FSBD that they didn't come back. It's been so long now, it will make it harder for them and us to track. I'll have to dig for any paperwork they would have given us or can you simply track it with UPS through this as you would have made the pickup arrangement with them to come here?

**Good morning Superintendents –
Just reaching out regarding dinner tonight.**

The group will meet at 6:15 p.m. tonight in the lobby area outside of the Audubon Ballroom (where the reception is being held) and walk over to OysterCatchers via the boardwalk for the 6:30 p.m. reservation.

Unfortunately, due to a last-minute change Sen. Montford will not be attending the conference. However, I am certain you all will still have a wonderful dinner and evening enjoying each other's company. And thank you to Bill Purtell with the FSD for hosting this dinner.

See you later today for the Superintendent of the Year announcement and our superintendent meetings!

*Sincerely,
diana*

Just to follow up.....I forgot to mention that we post 898609 with a price on our website in case a Student or School needs to buy a replacement copy due to damage or loss. The Publisher restricts the sale of this product at FSBD for implementation in the classroom.

Bridget,

Good morning. Unfortunately, the Publisher does not sell just the Hardcover Book 898609 at FSBD. I am pasting in the 3 alternate options from our Catalog (P. 451 Online 6-12 Catalog) to order the Student Edition. This is not an adopted book so we understand if you want to explore other options to order the Hardcover Book only. There may be other vendors that are not restricted to sell it that way. I apologize for the inconvenience. I will discard your PO.

FSBD SURVEY TO DISTRICTS

2022 K-12 MATH ADOPTION

The Florida Department of Education has called for the adoption of K-12 Math.

- Does your district plan to adopt and purchase new Math materials in 2022?

If so, have you made cuts in your selection process? Can you share your results?

If not, when do you anticipate making cuts or announcing your selections?

- Do you plan to implement all of the grade levels in the first year of adoption?

If not, which grades will you purchase this year and which might you purchase next year?

ELA AND OTHER SUBJECT AREAS

- If your district did not complete your K-12 ELA adoption and purchases in 2021, do you plan to do so in 2022?

If so, have you made cuts in your selection process? Can you share your results?

If not, when do you anticipate making cuts or announcing your selections?

Please note these materials can be purchased before April 1, 2022 as state ELA adoption contracts began April 1, 2021. Contact FSBD to discuss the details of making that work.

- Do you plan to make any significant purchases of other backlist subject areas in 2022 and can you share this information?

AP AND NON-ADOPTED PROGRAMS

FSBD carries many non-adopted and AP programs. We also have a separate AP catalog on our website which is continually updated.

- Are there any AP and/or non-adopted materials you would like us to add to our inventory?

GAP PROGRAMS

- Does your district plan to purchase any Gap materials for K-12 Social Studies in 2022?

If so, please share with us the quantities and programs you plan to purchase.

Any preliminary information you can share would be greatly appreciated. Your feedback is very important to us and the publishers as we plan for your needs in 2022.

Thank you,
The FSBD Team
