Thanks for the information and ordering the materials for us. We realize this is a quick turnaround. I hope it will be alright if I forward this information to the three others on our committee. Currently we are looking to pilot in five classes.

Here are three possible days/times for next week.

May 5<sup>th</sup> 9:00-10:00  
6<sup>th</sup> between 12:00-2:00  
7<sup>th</sup> 12:00-1:00

Hi Vanessa,

Thanks for the quick response. I can possibly set up a virtual presentation and order a sample be sent to you, but I am not sure they would arrive by May 15<sup>th</sup> and you be able to fully dig into them by that time frame. I am providing the below digital access for you to start your review. I will order a set of the complete print materials be sent to you. Let me know a day and time for a live webinar presentation that may work. If you can provide a couple of days for the presentation, I will see what we have available. We are getting lots of request for digital online webinars at this time.

Good morning, Ty.

Our district is wanting to pilot a new PreK curriculum and would like to review sample materials and arrange for a virtual presentation. We are under a tight timeline, as we would like to make a decision for purchase by May 15<sup>th</sup>.

Would you be able to arrange a "meeting" sometime next week?

Thank you for meeting with us today. I have a couple of questions.

Are you able to send us a sequence of how the phonological awareness skills are introduced throughout the units of study?

Also, would you please send us the pricing list of the basic unit and the price of the additional add-ons?

We realize this could change based on different factors, we just need a ballpark for now.

Hi Vanessa,

I wanted to share the World of Wonders packages with you.

I put the package contents below.

Packaging Each World of Wonders package contains:

- 1 set Teacher's Edition (10 volumes) o 9 volumes covering units 1-9 o 1 volume of Teacher's Choice Mini Units "My Favorite Themes"
- 1 set My Word Book student book (20 copies) come first year only
- 1 set Trade Books (42 books)
- 1 Read Aloud Anthology
- 1 set of Retelling Cards
- 1 set Literature Big Books (8 big books + Big Book of Nursery Rhymes and Songs)
- 6 sets of Little Readers (36 books per set)
- 1 set Social-Emotional Mini Big Books (8 books)

- 12 sets of Patterned Books (10 books per set)
- 1 set Flip Charts o Literacy and Language Flip Chart o Social and Emotional Flip Chart o Assessment Mini Flip Chart o 2 digital flip charts: Social Studies and Science
- 1 set Oral Language, Alphabet, Letter, Photo and Concept Cards
- 1 Teacher Workspace (6-year subscription)
- 20 Student Workspaces (6-year subscription)

#### Technology Components

- Digital games for skills acquisition and practice in phonemic awareness, phonics, and early math concepts
- eBooks of all literature
- Digital flip charts (as noted above)
- Assessment handbook (PDF) and progress reporting
- School-to-home letters in multiple languages with suggested home activities
- Visual vocabulary cards of oral and concept vocabulary

#### Suggested Add-Ons

- Manipulatives Kit- Many teachers will already have their own manipulatives in the classroom, so this is not a required part of the bundle
- Classroom Library Set – 14 books- This set contains suggested titles for Teacher’s Choice Mini Units, but teachers are encouraged to use their own favorite books for these weeks/themes, so this is not a required part of the bundle

I hope this helps!

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

I have sent your sequence question to Lisette to answer and I will reply once she gets the answer to me.

I have attached a quote above for 5 World of Wonders kits. The below are the add on options for pricing purposes.

Manipulatives Kit	PK	0021976805	\$426.1
Library Set	PK	0078987903	\$150.9

Let me know if you need anything else.

Thanks

Thank you for meeting with us today. I have a couple of questions.

Are you able to send us a sequence of how the phonological awareness skills are introduced throughout the units of study?

Also, would you please send us the pricing list of the basic unit and the price of the additional add-ons?

We realize this could change based on different factors, we just need a ballpark for now.

Hi Vanessa,

I wanted to share the World of Wonders packages with you.

I put the package contents below.

Packaging Each World of Wonders package contains:

- 1 set Teacher's Edition (10 volumes) o 9 volumes covering units 1-9 o 1 volume of Teacher's Choice Mini Units "My Favorite Themes"
- 1 set My Word Book student book (20 copies) come first year only
- 1 set Trade Books (42 books)
- 1 Read Aloud Anthology
- 1 set of Retelling Cards
- 1 set Literature Big Books (8 big books + Big Book of Nursery Rhymes and Songs)
- 6 sets of Little Readers (36 books per set)
- 1 set Social-Emotional Mini Big Books (8 books)
- 12 sets of Patterned Books (10 books per set)
- 1 set Flip Charts o Literacy and Language Flip Chart o Social and Emotional Flip Chart o Assessment Mini Flip Chart o 2 digital flip charts: Social Studies and Science
- 1 set Oral Language, Alphabet, Letter, Photo and Concept Cards
- 1 Teacher Workspace (6-year subscription)
- 20 Student Workspaces (6-year subscription)

#### Technology Components

- Digital games for skills acquisition and practice in phonemic awareness, phonics, and early math concepts
- eBooks of all literature
- Digital flip charts (as noted above)
- Assessment handbook (PDF) and progress reporting
- School-to-home letters in multiple languages with suggested home activities
- Visual vocabulary cards of oral and concept vocabulary

#### Suggested Add-Ons

- Manipulatives Kit- Many teachers will already have their own manipulatives in the classroom, so this is not a required part of the bundle
- Classroom Library Set – 14 books- This set contains suggested titles for Teacher's Choice Mini Units, but teachers are encouraged to use their own favorite books for these weeks/themes, so this is not a required part of the bundle

I hope this helps!

Thanks for the information and ordering the materials for us. We realize this is a quick turnaround. I hope it will be alright if I forward this information to the three others on our committee. Currently we are looking to pilot in five classes.

Here are three possible days/times for next week.

May 5<sup>th</sup> 9:00-10:00  
6<sup>th</sup> between 12:00-2:00  
7<sup>th</sup> 12:00-1:00

Hi Vanessa,

Thanks for the quick response. I can possibly set up a virtual presentation and order a sample be sent to you, but I am not sure they would arrive by May 15<sup>th</sup> and you be able to fully dig into them by that time frame. I am providing the below digital access for you to start your review. I will order a set of the complete print materials be sent to you. Let me know a day and time for a live webinar presentation that may work. If you can provide a couple of days for the presentation, I will see what we have available. We are getting lots of request for digital online webinars at this time.

Good morning, Ty.

Our district is wanting to pilot a new PreK curriculum and would like to review sample materials and arrange for a virtual presentation. We are under a tight timeline, as we would like to make a decision for purchase by May 15<sup>th</sup>. Would you be able to arrange a "meeting" sometime next week?

Hi Vanessa,

I wanted to share the World of Wonders packages with you.

I put the package contents below.

Packaging Each World of Wonders package contains:

- 1 set Teacher's Edition (10 volumes) o 9 volumes covering units 1-9 o 1 volume of Teacher's Choice Mini Units "My Favorite Themes"
- 1 set My Word Book student book (20 copies) come first year only
- 1 set Trade Books (42 books)
- 1 Read Aloud Anthology
- 1 set of Retelling Cards
- 1 set Literature Big Books (8 big books + Big Book of Nursery Rhymes and Songs)
- 6 sets of Little Readers (36 books per set)
- 1 set Social-Emotional Mini Big Books (8 books)
- 12 sets of Patterned Books (10 books per set)
- 1 set Flip Charts o Literacy and Language Flip Chart o Social and Emotional Flip Chart o Assessment Mini Flip Chart o 2 digital flip charts: Social Studies and Science
- 1 set Oral Language, Alphabet, Letter, Photo and Concept Cards
- 1 Teacher Workspace (6-year subscription)
- 20 Student Workspaces (6-year subscription)

## Technology Components

- Digital games for skills acquisition and practice in phonemic awareness, phonics, and early math concepts
- eBooks of all literature
- Digital flip charts (as noted above)
- Assessment handbook (PDF) and progress reporting
- School-to-home letters in multiple languages with suggested home activities
- Visual vocabulary cards of oral and concept vocabulary

## Suggested Add-Ons

- Manipulatives Kit- Many teachers will already have their own manipulatives in the classroom, so this is not a required part of the bundle
- Classroom Library Set – 14 books- This set contains suggested titles for Teacher’s Choice Mini Units, but teachers are encouraged to use their own favorite books for these weeks/themes, so this is not a required part of the bundle

I hope this helps!

---

**Subject:** (EXT) RE: (EXT) RE: (EXT) McGraw-Hill World of Wonders Pre-K

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

I just ordered one complete set of print. I will see what I can do about a presentation on one of those dates and get back to you. Also, how many kits will the district need to purchase?

Thanks

Thanks for the information and ordering the materials for us. We realize this is a quick turnaround. I hope it will be alright if I forward this information to the three others on our committee. Currently we are looking to pilot in five classes.

Here are three possible days/times for next week.

May 5<sup>th</sup> 9:00-10:00  
6<sup>th</sup> between 12:00-2:00  
7<sup>th</sup> 12:00-1:00

Hi Vanessa,

Thanks for the quick response. I can possibly set up a virtual presentation and order a sample be sent to you, but I am not sure they would arrive by May 15<sup>th</sup> and you be able to fully dig into them by that time frame. I am providing the below digital access for you to start your review. I will order a set of the complete print materials be sent to you. Let me know a day and time for a live webinar presentation that may work. If you can provide a couple of days for the presentation, I will see what we have available. We are getting lots of request for digital online webinars at this time.

Good morning, Ty.

Our district is wanting to pilot a new PreK curriculum and would like to review sample materials and arrange for a virtual presentation. We are under a tight timeline, as we would like to make a decision for purchase by May 15<sup>th</sup>. Would you be able to arrange a "meeting" sometime next week?

**\*\*\* EXTERNAL EMAIL: If sender is unknown, use caution when opening. \*\*\***

One of the participants from our meeting today called and asked if there are identified vocabulary words suggested for instruction with each of the PreK read aloud stories (not high frequency words or sight words)? We saw some of this in the oral language development portion of the presentation but we're unclear if these came from stories or are considered theme words.

We're very anxious to see the materials and do a deeper dive into all of the components. There was a lot of information to take in today.

**Subject:** MHE Roster Clean-Up Request Question- Santa Rosa

Good Afternoon MHE Client Services,

On Option 3: Archive/Delete Classes,. Does this delete any custom lessons that the teacher has built?

---

**Option 2: Clear Class Rosters**

Requested when districts need to remove all students from ALL CURRENT CLASSES DISTRICT WIDE in teachers' accounts (including licenses for both ConnectED and Open Learning products). This does not remove the class and is ideal for teachers who build custom lessons.

**Option 3: Archive/Delete Classes**

Requested when districts need to remove student and teacher enrollment licenses for both ConnectED and Open Learning products. This will archive ALL CURRENT CLASSES DISTRICT WIDE and remove them from the teacher's list of current classes.

Hi Patti,

I know we had talked a week or so ago about SRA and I wanted to invite you to the below. Feel free to share with your teachers.

Dr. Patricia Mathes, author of SRA Early Interventions in Reading is hosting a webinar next Wednesday May 20th at 4 PM (EST). She will talk about rising 2nd and 3rd graders for the next school year. Please invite any prospects or current customers familiar with the lower levels of EIR. This webinar will focus on level 2.

I've included the copy below and an invitation attached as well.

---

We can help you catch up rising 2nd and 3rd graders with SRA Early Interventions in Reading.

REGISTER for a webinar Wednesday May 20th, 2020 from 4 PM - 5 PM (EST) with author Dr. Patricia Mathes to learn more.

As a partner in the learning community dedicated to building responsible citizens and empowering all learners, we look forward to working with you!

Thank you for meeting with us today. I have a couple of questions.

Are you able to send us a sequence of how the phonological awareness skills are introduced throughout the units of study?

Also, would you please send us the pricing list of the basic unit and the price of the additional add-ons?

We realize this could change based on different factors, we just need a ballpark for now.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Vanessa,

I wanted to share the World of Wonders packages with you.

I put the package contents below.

Packaging Each World of Wonders package contains:

- 1 set Teacher's Edition (10 volumes) o 9 volumes covering units 1-9 o 1 volume of Teacher's Choice Mini Units "My Favorite Themes"
- 1 set My Word Book student book (20 copies) come first year only
- 1 set Trade Books (42 books)
- 1 Read Aloud Anthology
- 1 set of Retelling Cards
- 1 set Literature Big Books (8 big books + Big Book of Nursery Rhymes and Songs)
- 6 sets of Little Readers (36 books per set)
- 1 set Social-Emotional Mini Big Books (8 books)
- 12 sets of Patterned Books (10 books per set)
- 1 set Flip Charts o Literacy and Language Flip Chart o Social and Emotional Flip Chart o Assessment Mini Flip Chart o 2 digital flip charts: Social Studies and Science
- 1 set Oral Language, Alphabet, Letter, Photo and Concept Cards
- 1 Teacher Workspace (6-year subscription)
- 20 Student Workspaces (6-year subscription)

## Technology Components

- Digital games for skills acquisition and practice in phonemic awareness, phonics, and early math concepts
- eBooks of all literature
- Digital flip charts (as noted above)
- Assessment handbook (PDF) and progress reporting
- School-to-home letters in multiple languages with suggested home activities
- Visual vocabulary cards of oral and concept vocabulary

## Suggested Add-Ons

- Manipulatives Kit- Many teachers will already have their own manipulatives in the classroom, so this is not a required part of the bundle
- Classroom Library Set – 14 books- This set contains suggested titles for Teacher’s Choice Mini Units, but teachers are encouraged to use their own favorite books for these weeks/themes, so this is not a required part of the bundle

I hope this helps!

---

Thanks for the information and ordering the materials for us. We realize this is a quick turnaround. I hope it will be alright if I forward this information to the three others on our committee. Currently we are looking to pilot in five classes.

Here are three possible days/times for next week.

May 5<sup>th</sup> 9:00-10:00  
6<sup>th</sup> between 12:00-2:00  
7<sup>th</sup> 12:00-1:00

Hi Vanessa,

Thanks for the quick response. I can possibly set up a virtual presentation and order a sample be sent to you, but I am not sure they would arrive by May 15<sup>th</sup> and you be able to fully dig into them by that time frame. I am providing the below digital access for you to start your review. I will order a set of the complete print materials be sent to you. Let me know a day and time for a live webinar presentation that may work. If you can provide a couple of days for the presentation, I will see what we have available. We are getting lots of request for digital online webinars at this time.

Good morning, Ty.

Our district is wanting to pilot a new PreK curriculum and would like to review sample materials and arrange for a virtual presentation. We are under a tight timeline, as we would like to make a decision for purchase by May 15<sup>th</sup>. Would you be able to arrange a "meeting" sometime next week?

Thank you for sharing the information on the Pre-K WOW program. However, our team has elected to go with another company. We appreciate you allowing us to view the entire curriculum and would like to make arrangements for its return.

Thank you for your time and support.

Thank you for meeting with us today. I have a couple of questions.

Are you able to send us a sequence of how the phonological awareness skills are introduced throughout the units of study?

Also, would you please send us the pricing list of the basic unit and the price of the additional add-ons?

We realize this could change based on different factors, we just need a ballpark for now.

Hi Vanessa,

I wanted to share the World of Wonders packages with you.

I put the package contents below.

Packaging Each World of Wonders package contains:

- 1 set Teacher's Edition (10 volumes) o 9 volumes covering units 1-9 o 1 volume of Teacher's Choice Mini Units "My Favorite Themes"
- 1 set My Word Book student book (20 copies) come first year only
- 1 set Trade Books (42 books)
- 1 Read Aloud Anthology
- 1 set of Retelling Cards
- 1 set Literature Big Books (8 big books + Big Book of Nursery Rhymes and Songs)
- 6 sets of Little Readers (36 books per set)
- 1 set Social-Emotional Mini Big Books (8 books)
- 12 sets of Patterned Books (10 books per set)
- 1 set Flip Charts o Literacy and Language Flip Chart o Social and Emotional Flip Chart o Assessment Mini Flip Chart o 2 digital flip charts: Social Studies and Science
- 1 set Oral Language, Alphabet, Letter, Photo and Concept Cards
- 1 Teacher Workspace (6-year subscription)
- 20 Student Workspaces (6-year subscription)

Technology Components

- Digital games for skills acquisition and practice in phonemic awareness, phonics, and early math concepts
- eBooks of all literature
- Digital flip charts (as noted above)
- Assessment handbook (PDF) and progress reporting
- School-to-home letters in multiple languages with suggested home activities
- Visual vocabulary cards of oral and concept vocabulary

Suggested Add-Ons

- Manipulatives Kit- Many teachers will already have their own manipulatives in the classroom, so this is not a required part of the bundle
- Classroom Library Set – 14 books- This set contains suggested titles for Teacher's Choice Mini Units, but teachers are encouraged to use their own favorite books for these weeks/themes, so this is not a required part of the bundle

I hope this helps!

Hi Vanessa,

Thanks for the quick response. I can possibly set up a virtual presentation and order a sample be sent to you, but I am not sure they would arrive by May 15<sup>th</sup> and you be able to fully dig into them by that time frame. I am providing the below digital access for you to start your review. I will order a set of the complete print materials be sent to you. Let me know a day and time for a live webinar presentation that may work. If you can provide a couple of days for the presentation, I will see what we have available. We are getting lots of request for digital online webinars at this time.

Good morning, Ty.

Our district is wanting to pilot a new PreK curriculum and would like to review sample materials and arrange for a virtual presentation. We are under a tight timeline, as we would like to make a decision for purchase by May 15<sup>th</sup>.

Would you be able to arrange a "meeting" sometime next week?

Thank you for meeting with us today. I have a couple of questions.

Are you able to send us a sequence of how the phonological awareness skills are introduced throughout the units of study?

Also, would you please send us the pricing list of the basic unit and the price of the additional add-ons?

We realize this could change based on different factors, we just need a ballpark for now.

Hi Vanessa,

I wanted to share the World of Wonders packages with you.

I put the package contents below.

Packaging Each World of Wonders package contains:

- 1 set Teacher's Edition (10 volumes) o 9 volumes covering units 1-9 o 1 volume of Teacher's Choice Mini Units "My Favorite Themes"
- 1 set My Word Book student book (20 copies) come first year only
- 1 set Trade Books (42 books)
- 1 Read Aloud Anthology
- 1 set of Retelling Cards
- 1 set Literature Big Books (8 big books + Big Book of Nursery Rhymes and Songs)
- 6 sets of Little Readers (36 books per set)
- 1 set Social-Emotional Mini Big Books (8 books)
- 12 sets of Patterned Books (10 books per set)
- 1 set Flip Charts o Literacy and Language Flip Chart o Social and Emotional Flip Chart o Assessment Mini Flip Chart o 2 digital flip charts: Social Studies and Science
- 1 set Oral Language, Alphabet, Letter, Photo and Concept Cards
- 1 Teacher Workspace (6-year subscription)
- 20 Student Workspaces (6-year subscription)

Technology Components

- Digital games for skills acquisition and practice in phonemic awareness, phonics, and early math concepts
- eBooks of all literature
- Digital flip charts (as noted above)
- Assessment handbook (PDF) and progress reporting
- School-to-home letters in multiple languages with suggested home activities
- Visual vocabulary cards of oral and concept vocabulary

Suggested Add-Ons

- Manipulatives Kit- Many teachers will already have their own manipulatives in the classroom, so this is not a required part of the bundle
- Classroom Library Set – 14 books- This set contains suggested titles for Teacher's Choice Mini Units, but teachers are encouraged to use their own favorite books for these weeks/themes, so this is not a required part of the bundle

I hope this helps!

Thank you for sharing the information on the Pre-K WOW program. However, our team has elected to go with another company. We appreciate you allowing us to view the entire curriculum and would like to make arrangements for its return.

Thank you for your time and support.

Thank you for meeting with us today. I have a couple of questions.

Are you able to send us a sequence of how the phonological awareness skills are introduced throughout the units of study?

Also, would you please send us the pricing list of the basic unit and the price of the additional add-ons?

We realize this could change based on different factors, we just need a ballpark for now.

Hi Vanessa,

I wanted to share the World of Wonders packages with you.

I put the package contents below.

Packaging Each World of Wonders package contains:

- 1 set Teacher's Edition (10 volumes) o 9 volumes covering units 1-9 o 1 volume of Teacher's Choice Mini Units "My Favorite Themes"
- 1 set My Word Book student book (20 copies) come first year only
- 1 set Trade Books (42 books)
- 1 Read Aloud Anthology
- 1 set of Retelling Cards
- 1 set Literature Big Books (8 big books + Big Book of Nursery Rhymes and Songs)
- 6 sets of Little Readers (36 books per set)
- 1 set Social-Emotional Mini Big Books (8 books)
- 12 sets of Patterned Books (10 books per set)
- 1 set Flip Charts o Literacy and Language Flip Chart o Social and Emotional Flip Chart o Assessment Mini Flip Chart o 2 digital flip charts: Social Studies and Science
- 1 set Oral Language, Alphabet, Letter, Photo and Concept Cards
- 1 Teacher Workspace (6-year subscription)
- 20 Student Workspaces (6-year subscription)

Technology Components

- Digital games for skills acquisition and practice in phonemic awareness, phonics, and early math concepts
- eBooks of all literature
- Digital flip charts (as noted above)
- Assessment handbook (PDF) and progress reporting
- School-to-home letters in multiple languages with suggested home activities
- Visual vocabulary cards of oral and concept vocabulary

Suggested Add-Ons

- Manipulatives Kit- Many teachers will already have their own manipulatives in the classroom, so this is not a required part of the bundle

- Classroom Library Set – 14 books- This set contains suggested titles for Teacher’s Choice Mini Units, but teachers are encouraged to use their own favorite books for these weeks/themes, so this is not a required part of the bundle

I hope this helps!

Thanks for the information and ordering the materials for us. We realize this is a quick turnaround. I hope it will be alright if I forward this information to the three others on our committee. Currently we are looking to pilot in five classes.

Here are three possible days/times for next week.

May 5<sup>th</sup> 9:00-10:00  
6<sup>th</sup> between 12:00-2:00  
7<sup>th</sup> 12:00-1:00

Hi Vanessa,

Thanks for the quick response. I can possibly set up a virtual presentation and order a sample be sent to you, but I am not sure they would arrive by May 15<sup>th</sup> and you be able to fully dig into them by that time frame. I am providing the below digital access for you to start your review. I will order a set of the complete print materials be sent to you. Let me know a day and time for a live webinar presentation that may work. If you can provide a couple of days for the presentation, I will see what we have available. We are getting lots of request for digital online webinars at this time.

Good morning, Ty.

Our district is wanting to pilot a new PreK curriculum and would like to review sample materials and arrange for a virtual presentation. We are under a tight timeline, as we would like to make a decision for purchase by May 15<sup>th</sup>.

Would you be able to arrange a "meeting" sometime next week?

One more thing... Some of the items were consolidated into one box, so there are not as many boxes as they were shipped, but all items are with the kit.

Thank you again for allowing us to review the full curriculum.

Vanessa

Thank you for sharing the information on the Pre-K WOW program. However, our team has elected to go with another company. We appreciate you allowing us to view the entire curriculum and would like to make arrangements for its return.

Thank you for your time and support.

Thank you for meeting with us today. I have a couple of questions.

Are you able to send us a sequence of how the phonological awareness skills are introduced throughout the units of study?

Also, would you please send us the pricing list of the basic unit and the price of the additional add-ons?

We realize this could change based on different factors, we just need a ballpark for now.

Hi Vanessa,

I wanted to share the World of Wonders packages with you.

I put the package contents below.

Packaging Each World of Wonders package contains:

- 1 set Teacher's Edition (10 volumes) o 9 volumes covering units 1-9 o 1 volume of Teacher's Choice Mini Units "My Favorite Themes"
- 1 set My Word Book student book (20 copies) come first year only
- 1 set Trade Books (42 books)
- 1 Read Aloud Anthology
- 1 set of Retelling Cards
- 1 set Literature Big Books (8 big books + Big Book of Nursery Rhymes and Songs)
- 6 sets of Little Readers (36 books per set)
- 1 set Social-Emotional Mini Big Books (8 books)
- 12 sets of Patterned Books (10 books per set)
- 1 set Flip Charts o Literacy and Language Flip Chart o Social and Emotional Flip Chart o Assessment Mini Flip Chart o 2 digital flip charts: Social Studies and Science
- 1 set Oral Language, Alphabet, Letter, Photo and Concept Cards
- 1 Teacher Workspace (6-year subscription)
- 20 Student Workspaces (6-year subscription)

Technology Components

- Digital games for skills acquisition and practice in phonemic awareness, phonics, and early math concepts
- eBooks of all literature
- Digital flip charts (as noted above)
- Assessment handbook (PDF) and progress reporting

- School-to-home letters in multiple languages with suggested home activities
- Visual vocabulary cards of oral and concept vocabulary

Suggested Add-Ons

- Manipulatives Kit- Many teachers will already have their own manipulatives in the classroom, so this is not a required part of the bundle
- Classroom Library Set – 14 books- This set contains suggested titles for Teacher’s Choice Mini Units, but teachers are encouraged to use their own favorite books for these weeks/themes, so this is not a required part of the bundle

I hope this helps!

Hi Vanessa,

I was able to secure a live webinar with Lissette Reed on May 6<sup>th</sup> 12:00-2:00 CST. We will send out a meeting notice next week for you and your team. Please let us know any specific items w you would like covered in the webinar. I have ordered the complete print set to be sent to you, but I am not sure if it will get to you by May 6<sup>th</sup> due to COVID19 shipping delays.

Thanks and we look forward to presenting!

Thanks for the information and ordering the materials for us. We realize this is a quick turnaround. I hope it will be alright if I forward this information to the three others on our committee. Currently we are looking to pilot in five classes.

Here are three possible days/times for next week.

May 5<sup>th</sup> 9:00-10:00  
6<sup>th</sup> between 12:00-2:00  
7<sup>th</sup> 12:00-1:00

Hi Vanessa,

Thanks for the quick response. I can possibly set up a virtual presentation and order a sample be sent to you, but I am not sure they would arrive by May 15<sup>th</sup> and you be able to fully dig into them by that time frame. I am providing the below digital access for you to start your review. I will order a set of the complete print materials be sent to you. Let me know a day and time for a live webinar presentation that may work. If you can provide a couple of days for the presentation, I will see what we have available. We are getting lots of request for digital online webinars at this time.

Good morning, Ty.

Our district is wanting to pilot a new PreK curriculum and would like to review sample materials and arrange for a virtual presentation. We are under a tight timeline, as we would like to make a decision for purchase by May 15<sup>th</sup>.

Would you be able to arrange a "meeting" sometime next week?

Yes, they will need to ask the FSBD for switching of the books. The FSBD will need to reach out to me for approval.

Absolutely. We'll be posting a new speaker proposal form early next week and would love for you to submit proposals. We're also finalizing sponsorship opportunities for exhibitors as well, if MHE is interested in partnering with us in some capacity.

Once they go live, if you have any questions, please let me know.

Thanks so much for your support!

Hey Jeff,

I wanted to reach out to you and see if there is any possible opportunities to sponsor a speaker or two at FCTM? Are you still accepting speaker proposals? We may have one of our authors to speak on best practices, and a teacher/ALEKS user. Let me know if we can help.

Thanks

Thank you to Vendor-Partner FLINN and Tom Trapp for providing this information about their Professional Learning Webinar Series on safe return-to-schools. I hope the FASS membership finds some use in this information and everyone is well.

See below the hyperlink to view email in your browser. I found this the easiest way to see the information.

Jeremy

Good morning Jeremy & Michelle -

I wanted to get this message to you right away. This is a big undertaking by Flinn to help districts.

As you know in recent weeks, Flinn has been busier than ever helping district leaders with planning for the safe return-to-school of teachers & students.

I wanted to ask if you can help us by sharing this leadership series invitation with FASS members and Florida's science & district leaders that are able to join us?

As before, this is a courtesy from Flinn.

We appreciate your help here. A big thank you!

Tom Trapp

Guidance to Safe School Re-Entry Part B: Join us for part B of this ongoing conversation, where we discuss maintaining healthy operations when schools are open and COVID-19 school modifications as well as continuity in education.

While not required, we recommend attending Guidance to Safe School Re-Entry Part A prior to attending Guidance to Safe School Re-Entry Part B in order to have a comprehensive understanding of the guidelines surrounding opening schools safely.

Tuesday June 23, 12:00-1:00 pm EST

Elementary Science and STEM Safety K-8: We'll take you on a journey through the elementary science and STEM lab discussing increased safety and compliance. We will look at the safe, proper use and storage of science equipment, apparatus, hand tools and more, in addition to reviewing checklists and things to watch for with your students.

Thursday June 25, 12-1 pm EST

The Flinn Scientific family supported the education community during COVID-19 and will continue to work hard to deliver professional learning in support of the safety and instructional requirements for when our children go back to school this Fall. Flinn has been the 'School Safety Authority' since 1977 and is privileged to extend an invitation to your district to learn more. Disclaimer: These materials contain content provided by third parties and are being distributed for your convenience only. We make no representations about the accuracy of these materials and urge you to consult federal, state, and local public health guidelines for the most up-to-date information on reopening.

**Subject:** (EXT) Fwd: FW: You're Invited: Understanding How to Return to School Safely

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Thank you to Vendor-Partner FLINN and Tom Trapp for providing this information about their Professional Learning Webinar Series on safe return-to-schools. I hope the FASS membership finds some use in this information and everyone is well.

See below the hyperlink to view email in your browser. I found this the easiest way to see the information.

Jeremy

Good morning Jeremy & Michelle -

I wanted to get this message to you right away. This is a big undertaking by Flinn to help districts.

As you know in recent weeks, Flinn has been busier than ever helping district leaders with planning for the safe return-to-school of teachers & students.

I wanted to ask if you can help us by sharing this leadership series invitation with FASS members and Florida's science & district leaders that are able to join us?

As before, this is a courtesy from Flinn.

We appreciate your help here. A big thank you!

Tom Trapp

Guidance to Safe School Re-Entry Part B: Join us for part B of this ongoing conversation, where we discuss maintaining healthy operations when schools are open and COVID-19 school modifications as well as continuity in education.

While not required, we recommend attending Guidance to Safe School Re-Entry Part A prior to attending Guidance to Safe School Re-Entry Part B in order to have a comprehensive understanding of the guidelines surrounding opening schools safely.

Tuesday June 23, 12:00-1:00 pm EST

Elementary Science and STEM Safety K-8: We'll take you on a journey through the elementary science and STEM lab discussing increased safety and compliance. We will look at the safe, proper use and storage of science equipment, apparatus, hand tools and more, in addition to reviewing checklists and things to watch for with your students.

Thursday June 25, 12-1 pm EST

The Flinn Scientific family supported the education community during COVID-19 and will continue to work hard to deliver professional learning in support of the safety and instructional requirements for when our children go back to school this Fall. Flinn has been the 'School Safety Authority' since 1977 and is privileged to extend an invitation to your district to learn more. Disclaimer: These materials contain content provided by third parties and are being distributed for your convenience only. We make no representations about the accuracy of these materials and urge you to consult federal, state, and local public health guidelines for the most up-to-date information on reopening.

**Subject:** RE: (EXT) McGraw-Hill Programs

I will be taking over our DCT classes next year and need to update my textbooks. I am looking at either "Entering the World of Work" 9780078701689 & 9780078664991 and "Succeeding in the World of Work" 9780078959448 Of these 2 text, which would you recommend for high school DCT? We have used the Succeeding text in the past. Can you send me a exam copy(ies) please?

I am only interested in the print version of these text along with Teacher Resources. Also, can you send me a quote for purchasing 40 books plus TE and resources

Hi John,

I have been contacted by corporate that you have requested information on some of our content? Please let me know how I can help?

Thanks

### **CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

The Entering the World of Work is a 206 version which is for students in grade 9-12 and only offers print. I would have to see if we still have some in stock as we probably aren't printing any longer.

The Succeeding in the World of Work is a 2013 version grade 9-12 and only comes in a package with print SE and online. The online is different as you have to purchase a single user license (like college options) in a 1 year or six year option. I have included the below link for you to review. I don't think there is any teacher resources. There may be a teacher log in once student bundles are purchased. Since it is an older program, it may not be able to be accessed through district SSO integration.

<https://www.mheducation.com/prek-12/product/succeeding-world-work-student-edition-mcgraw-hill/9780078959448.html?exactIsbn=true>

Basically you have an older print option or a slightly newer print/digital option.

Thanks

**\*\*\* EXTERNAL EMAIL: If sender is unknown, use caution when opening. \*\*\***

I will be taking over our DCT classes next year and need to update my textbooks. I am looking at either "Entering the World of Work" 9780078701689 & 9780078664991 and "Succeeding in the World of Work" 9780078959448 Of these 2 text, which would you recommend for high school DCT? We have used the Succeeding text in the past. Can you send me a exam copy(ies) please?

I am only interested in the print version of these text along with Teacher Resources. Also, can you send me a quote for purchasing 40 books plus TE and resources

Hey Jeff,

Would you have some time next week to talk by phone about the upcoming Math adoption? I want to get a better understanding of how COVID will affect distance learning for the upcoming adoption. Let me know if you have a few minutes to spare sometime and I will work around your schedule.

Thanks

**Subject:** (EXT) News: FALL 2020 FASS (physical) Meeting Canceled and FASS Collaboration Idea

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

On behalf of the board of the Florida Association of Science Supervisors, this is to inform our membership and vendor-partners that we have elected to follow our partners at FAST for the safety concern of all, and cancel the physical meeting of FALL FASS. We will look into hosting a virtual meeting with a date and time to be determined. More details will be released after the start of the school year.

The FASS Board recognizes these are very difficult times in our own districts. We are being tasked to do things and make recommendations on science classroom scenarios that are unprecedented. To assist with this, we have set up a Padlet to post ideas (brainstorms) on how to re-open our science classrooms safely. There many things to consider when teaching in a hands-on lab environment unique to science classrooms. This is a brainstorming environment and not considered any particular endorsement of ideas from a school district.

Please visit the FASS website to view and post your own ideas and questions on how we should proceed with science instruction while keeping student and teacher safety our highest priority.

Florida Association of Science Supervisors

On behalf of the FASS Board I thank you in advance for any contribution of questions and ideas in the spirit of collaboration so that we can continue to be the powerful network of support that FASS has always been. Our members need each other now more than ever.

In science education solidarity,  
Jeremy

Jeremy Blinn, President  
Marilyn Johnson, Secretary

**Subject:** (EXT) MAC 1105 ConnectMath Master Template has been rebuilt

### **CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi PSC College Algebra Math Instructors,

I hope all is well with you and you are enjoying your summer. I wanted to let you know the MAC 1105 Connect Math Master Templates have been rebuilt for Fall 2020. It is the PSC Connect Math shell and can be copied to anyone teaching the course in the fall. It is important to remind any faculty that are scheduled to teach MAC 1105 in the fall that if they are planning to use Connect Math, they will need to either use the Master Template or build a new course using the new edition as the old could have Flash content that will not be supported.

Also, Patrick Havens is the ConnectMath Implementation Consultant for PSC. Anyone needing training on ConnectMath, or would like a refresher on "how to" please have them click on his scheduling link, [HERE](#). If his calendar is full, please refer to his overflow calendar here, <https://mheimplementationteam2.as.me/schedule.php>.

If you have any questions, or need anything else, please let me know.

Many thanks for your support and have a great week!

My best,

Kim

Thank you for the info. I have never used Connect Math - but would it help if we have to teach remote? If so, I will definitely use and sign up for tutorial .

Thank you again,

*Mrs. Cheryl Thacker*

Gulf Breeze High School  
Dual Enrollment Mathematics Teacher

**Subject:** (EXT) COVID - 19 Science Classroom Safety Considerations from OCPS  
**Attachments:** COVID19 - Science Classroom Considerations from Orange County Public Schools.pdf

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Attached is the Orange County Public Schools COVID-19 Science Classroom Safety Considerations shared with their permission. This is a document for their teachers and not meant to be a parents/students document. This has been shared with permission of OCPS to assist FASS members with any work you are doing in this regard.

Thank you Rebecca Ray for sharing this with your FASS colleagues!

**2020-2021  
COVID 19 Science Classroom Safety Considerations**

**General Recommendations**

- Consider spacing and student safety when creating patterns of movement throughout the classroom
- Create a shared ownership of personal hygiene - remind students to maintain a clean and safe workspace and personal environment
- Provide students with guidance on how to safely transition between learning spaces while still maintaining physical distancing. Plan time to practice these transitions with students.
- Encourage students and staff to wash or sanitize hands as they enter and exit the class. Teach students proper hand hygiene, respiratory etiquette, and physical distancing guidelines.
- Inventory equipment at the school to identify which pieces of equipment can be easily and effectively sanitized. Cloth or porous materials are more difficult to sanitize properly than vinyl or plastic materials. Some materials (porous or cloth material) cannot be effectively cleaned and should be removed from instructional areas (e.g., area rugs, pillows, cushions).

**Small Group Instruction**

- Consider using BBB to group students virtually - see [Canvas Teacher Guides](#) for additional support
- Maintain physical distance if grouping students face to face

**Shared Workspace**

- Plan for opportunities for students to sanitize their own workspace
  - Include time for them to wash their hands after sanitizing
- Each student should have their own set of common supplies such as scissors, tape, glue, etc. Do not share these supply items
- Properly clean and disinfect shared workspaces between classes.

**Group Activities/Rotations/Stations**

- Consult the digital tools for instructional strategies document for ideas to shift group activities into a virtual environment
- Implement standards-based lessons by selecting activities that require little or no use of shared equipment by students.
- Modify lessons and activities so they require no physical contact and do not require students to be in close physical proximity to each other.

## Lab Equipment and Activity Supplies

- Limit the use of equipment and eliminate the use of equipment that would be passed between or shared by multiple students throughout a class period.
  - Sanitize all equipment between class periods
  - Lab equipment should not be used unless it can be easily sanitized between each student's use
- Goggles should not be used unless they can be easily sanitized between each student's use
  - If a lab calls for goggles, but proper sanitization cannot occur than the lab should not be conducted
- Follow CDC guidance on equipment sanitation procedures. Equipment that will be touched or handled by students should be cleaned with soap and water and then disinfected with an EPA-approved disinfectant that is effective for COVID-19 and is safe for that piece of equipment. Work with your custodial staff to obtain the appropriate disinfectant - an example is Pine Quat. Disinfectants should only be used on materials that students are not likely to put in their mouths.
- For equipment that will be touched or handled by students, assign each student their own piece of equipment for that class period. Properly clean and disinfect equipment between classes. If there is not equitable access to equipment for all students or if equipment cannot be properly cleaned and disinfected between classes, avoid the use of equipment altogether.
- If using equipment, keep extra materials available in case a piece of equipment being used by a student becomes dirty or unsanitary during a lesson or activity.
- Use disposable items if they can be swapped safely
  - Example - paper cup instead of a beaker or a wooden popsicle stick instead of a glass stir rod
- Turn traditional paper items virtual
  - Example card sorts can move to a digital style
- Consider having students perform the lab or activity individually and then collaborate digitally to analyze and debrief

**Additional Consideration:** Staff should be properly trained on how to apply disinfectant safely and have access to the appropriate personal protective equipment needed. Make sure disinfectants are stored appropriately and out of reach of students.

## Alternative Lab Options

- Gizmos - All OCPS teachers have access
- PhET Simulations
- Teacher Demonstrations - utilize items like Document Cameras
- [Additional Secondary Science Digital Resources](#)

## Goodbred, Tracy R.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

**We at the Florida Association of Science Supervisors (FASS), congratulate Scott Sowell!**

On Friday, August 3, 2020 the 2019 Secondary Math and Science Presidential awardees were named. We would like to congratulate Scott Sowell from Jacksonville, FL for his excellence in science teaching. This is the nation's highest honors for teachers in STEM subjects! His biography is copied below.

**Scott Sowell | Jacksonville, FL | 7-12, Science, 2019**

Scott Sowell is in his 24th year in science education, having taught at the middle school, high school, and college levels. Scott previously taught at Kirby-Smith Middle School, Damascus Community School, Douglas Anderson School of the Arts, Florida State University, Cleveland State University, The Art Institute, and Darnell-Cookman Middle/High School. Now in his 12th year at Darnell-Cookman, Scott is currently teaching 10th-12th grade Advanced Placement Environmental Science and Senior Seminar Capstone Research.

In addition to teaching, Scott is also science Department Chair, College Board consultant, Howard Hughes Medical Institute (HHMI) biointeractive ambassador, and mentor for his school's new teacher induction program.

Scott enthusiastically supports his students' efforts in learning more about the natural history of the North Florida area. He is the sponsor of his school's Envirothon teams, which have won many awards at regional and state competitions over the years.

He is also currently working on a longitudinal water quality project with his Advanced Placement Environmental Science students in which they are monitoring bacteria and nutrient levels of a nearby tributary within the St. Johns River watershed.

Scott received his B.A. in Spanish and a B.S. in biology from the University of North Florida. In addition, he earned his M.S. and Ph.D. in science education from Florida State University, with research focusing on the relationships between gender equity and the nature of science understandings. Scott is currently certified in both middle grades general science and biology.

**We at the Florida Association of Science Supervisors (FASS), congratulate Scott Sowell!**

On Friday, August 3, 2020 the 2019 Secondary Math and Science Presidential awardees were named. We would like to congratulate Scott Sowell from Jacksonville, FL for his excellence in science teaching. This is the nation's highest honors for teachers in STEM subjects! His biography is copied below.

**Scott Sowell | Jacksonville, FL | 7-12, Science, 2019**

Scott Sowell is in his 24th year in science education, having taught at the middle school, high school, and college levels. Scott previously taught at Kirby-Smith Middle School, Damascus Community School, Douglas Anderson School of the Arts, Florida State University, Cleveland State University, The Art Institute, and Darnell-Cookman Middle/High School. Now in his 12th year at Darnell-Cookman, Scott is currently teaching 10th-12th grade Advanced Placement Environmental Science and Senior Seminar Capstone Research.

In addition to teaching, Scott is also science Department Chair, College Board consultant, Howard Hughes Medical Institute (HHMI) biointeractive ambassador, and mentor for his school’s new teacher induction program. Scott enthusiastically supports his students’ efforts in learning more about the natural history of the North Florida area. He is the sponsor of his school’s Envirothon teams, which have won many awards at regional and state competitions over the years.

He is also currently working on a longitudinal water quality project with his Advanced Placement Environmental Science students in which they are monitoring bacteria and nutrient levels of a nearby tributary within the St. Johns River watershed.

Scott received his B.A. in Spanish and a B.S. in biology from the University of North Florida. In addition, he earned his M.S. and Ph.D. in science education from Florida State University, with research focusing on the relationships between gender equity and the nature of science understandings. Scott is currently certified in both middle grades general science and biology.

## **We at the Florida Association of Science Supervisors (FASS), congratulate Scott Sowell!**

On Friday, August 3, 2020 the 2019 Secondary Math and Science Presidential awardees were named. We would like to congratulate Scott Sowell from Jacksonville, FL for his excellence in science teaching. This is the nation's highest honors for teachers in STEM subjects! His biography is copied below.

**Scott Sowell | Jacksonville, FL | 7-12, Science, 2019**

Scott Sowell is in his 24th year in science education, having taught at the middle school, high school, and college levels. Scott previously taught at Kirby-Smith Middle School, Damascus Community School, Douglas Anderson School of the Arts, Florida State University, Cleveland State University, The Art Institute, and Darnell-Cookman Middle/High School. Now in his 12th year at Darnell-Cookman, Scott is currently teaching 10th-12th grade Advanced Placement Environmental Science and Senior Seminar Capstone Research.

In addition to teaching, Scott is also science Department Chair, College Board consultant, Howard Hughes Medical Institute (HHMI) biointeractive ambassador, and mentor for his school's new teacher induction program. Scott enthusiastically supports his students' efforts in learning more about the natural history of the North Florida area. He is the sponsor of his school's Envirothon teams, which have won many awards at regional and state competitions over the years.

He is also currently working on a longitudinal water quality project with his Advanced Placement Environmental Science students in which they are monitoring bacteria and nutrient levels of a nearby tributary within the St. Johns River watershed.

Scott received his B.A. in Spanish and a B.S. in biology from the University of North Florida. In addition, he earned his M.S. and Ph.D. in science education from Florida State University, with research focusing on the relationships between gender equity and the nature of science understandings. Scott is currently certified in both middle grades general science and biology.

## **We at the Florida Association of Science Supervisors (FASS), congratulate Scott Sowell!**

On Friday, August 3, 2020 the 2019 Secondary Math and Science Presidential awardees were named. We would like to congratulate Scott Sowell from Jacksonville, FL for his excellence in science teaching. This is the nation's highest honors for teachers in STEM subjects! His biography is copied below.

**Scott Sowell | Jacksonville, FL | 7-12, Science, 2019**

Scott Sowell is in his 24th year in science education, having taught at the middle school, high school, and college levels. Scott previously taught at Kirby-Smith Middle School, Damascus Community School, Douglas Anderson School of the Arts, Florida State University, Cleveland State University, The Art Institute, and Darnell-Cookman Middle/High School. Now in his 12th year at Darnell-Cookman, Scott is currently teaching 10th-12th grade Advanced Placement Environmental Science and Senior Seminar Capstone Research.

In addition to teaching, Scott is also science Department Chair, College Board consultant, Howard Hughes Medical Institute (HHMI) biointeractive ambassador, and mentor for his school’s new teacher induction program. Scott enthusiastically supports his students’ efforts in learning more about the natural history of the North Florida area. He is the sponsor of his school’s Envirothon teams, which have won many awards at regional and state competitions over the years.

He is also currently working on a longitudinal water quality project with his Advanced Placement Environmental Science students in which they are monitoring bacteria and nutrient levels of a nearby tributary within the St. Johns River watershed.

Scott received his B.A. in Spanish and a B.S. in biology from the University of North Florida. In addition, he earned his M.S. and Ph.D. in science education from Florida State University, with research focusing on the relationships between gender equity and the nature of science understandings. Scott is currently certified in both middle grades general science and biology.

**We at the Florida Association of Science Supervisors (FASS), congratulate Scott Sowell!**

On Friday, August 3, 2020 the 2019 Secondary Math and Science Presidential awardees were named. We would like to congratulate Scott Sowell from Jacksonville, FL for his excellence in science teaching. This is the nation's highest honors for teachers in STEM subjects! His biography is copied below.

**Scott Sowell | Jacksonville, FL | 7-12, Science, 2019**

Scott Sowell is in his 24th year in science education, having taught at the middle school, high school, and college levels. Scott previously taught at Kirby-Smith Middle School, Damascus Community School, Douglas Anderson School of the Arts, Florida State University, Cleveland State University, The Art Institute, and Darnell-Cookman Middle/High School. Now in his 12th year at Darnell-Cookman, Scott is currently teaching 10th-12th grade Advanced Placement Environmental Science and Senior Seminar Capstone Research.

In addition to teaching, Scott is also science Department Chair, College Board consultant, Howard Hughes Medical Institute (HHMI) biointeractive ambassador, and mentor for his school's new teacher induction program.

Scott enthusiastically supports his students' efforts in learning more about the natural history of the North Florida area. He is the sponsor of his school's Envirothon teams, which have won many awards at regional and state competitions over the years.

He is also currently working on a longitudinal water quality project with his Advanced Placement Environmental Science students in which they are monitoring bacteria and nutrient levels of a nearby tributary within the St. Johns River watershed.

Scott received his B.A. in Spanish and a B.S. in biology from the University of North Florida. In addition, he earned his M.S. and Ph.D. in science education from Florida State University, with research focusing on the relationships between gender equity and the nature of science understandings. Scott is currently certified in both middle grades general science and biology.

**We at the Florida Association of Science Supervisors (FASS), congratulate Scott Sowell!**

On Friday, August 3, 2020 the 2019 Secondary Math and Science Presidential awardees were named. We would like to congratulate Scott Sowell from Jacksonville, FL for his excellence in science teaching. This is the nation's highest honors for teachers in STEM subjects! His biography is copied below.

**Scott Sowell | Jacksonville, FL | 7-12, Science, 2019**

Scott Sowell is in his 24th year in science education, having taught at the middle school, high school, and college levels. Scott previously taught at Kirby-Smith Middle School, Damascus Community School, Douglas Anderson School of the Arts, Florida State University, Cleveland State University, The Art Institute, and Darnell-Cookman Middle/High School. Now in his 12th year at Darnell-Cookman, Scott is currently teaching 10th-12th grade Advanced Placement Environmental Science and Senior Seminar Capstone Research.

In addition to teaching, Scott is also science Department Chair, College Board consultant, Howard Hughes Medical Institute (HHMI) biointeractive ambassador, and mentor for his school's new teacher induction program.

Scott enthusiastically supports his students' efforts in learning more about the natural history of the North Florida area. He is the sponsor of his school's Envirothon teams, which have won many awards at regional and state competitions over the years.

He is also currently working on a longitudinal water quality project with his Advanced Placement Environmental Science students in which they are monitoring bacteria and nutrient levels of a nearby tributary within the St. Johns River watershed.

Scott received his B.A. in Spanish and a B.S. in biology from the University of North Florida. In addition, he earned his M.S. and Ph.D. in science education from Florida State University, with research focusing on the relationships between gender equity and the nature of science understandings. Scott is currently certified in both middle grades general science and biology.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Cheryl,

*Thanks for taking the time to chat with me this afternoon about your Connect Math course this Fall. I've attached the Connect Math user guide and some helpful links below. If you would like to schedule an additional session can do so through this link [HERE](#).*

Kim, Cheryl is teaching a dual enrollment section of MAC1105 at the local high school. She is curious about the price of CHBA for her students as she is not allowed to require course materials the students have to pay for. If the students have to buy access, she will not be able to require it for her students. We did walk through how she can access the instructor resources through CHBA, which include printable worksheets and problems.

Hi Cheryl,

The cost of the codes depends on whether the school can buy the codes directly from McGraw or if they have to buy from the Pensacola State Bookstore. Can you confirm where they would be purchased?

Thanks.

Kim

Hi Cheryl,

The cost of the codes depends on whether the school can buy the codes directly from McGraw or if they have to buy from the Pensacola State Bookstore. Can you confirm where they would be purchased?

Thanks.

Kim

Hi Cheryl,

*Thanks for taking the time to chat with me this afternoon about your Connect Math course this Fall. I've attached the Connect Math user guide and some helpful links below. If you would like to schedule an additional session can do so through this link [HERE](#).*

Kim, Cheryl is teaching a dual enrollment section of MAC1105 at the local high school. She is curious about the price of CHBA for her students as she is not allowed to require course materials the students have to pay for. If the students

have to buy access, she will not be able to require it for her students. We did walk through how she can access the instructor resources through CHBA, which include printable worksheets and problems.

**To access Connect Math go to à <https://www.connectmath.com/>**

**Access the Instructor Training Center à <https://www.connectmath.com/training>**

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Cheryl,

*Thanks for taking the time to chat with me this afternoon about your Connect Math course this Fall. I've attached the Connect Math user guide and some helpful links below. If you would like to schedule an additional session can do so through this link [HERE](#).*

Kim, Cheryl is teaching a dual enrollment section of MAC1105 at the local high school. She is curious about the price of CHBA for her students as she is not allowed to require course materials the students have to pay for. If the students have to buy access, she will not be able to require it for her students. We did walk through how she can access the instructor resources through CHBA, which include printable worksheets and problems.

**To access Connect Math go to à <https://www.connectmath.com/>**

**Access the Instructor Training Center à <https://www.connectmath.com/training>**

Best,  
Patrick

**Subject:** Reverse Trade Show opportunity

Hi,  
I received your contact information from Christy Knorr at 1GPA.

I would like to share an opportunity for you to meet numerous government entities' procurement directors/agents/managers in the Florida Panhandle on one day in the same place. I know we all need to save money.

SAVE THE DATE: May 7, 2021  
Gulf Coast State College  
5230 West US Hwy 98  
Student Union East  
Panama City, FL 32401

14th Annual Northwest Florida Reverse Trade Show

How do you do business with colleges/universities, public schools,  
and municipalities?  
Join us and we will give you all the secrets!!

- 
- The governmental entities will have a table and the vendors will be the attendees.
  - You do not have the hassle of setting up the table and bringing/shipping items for your table.
  - Bring lots of business cards and brochures.
  - Included in your registration and/or sponsorship package is admission to the Meet and Greet event held May 6th and lunch immediately following the Reverse Trade Show.
  - You will have the opportunity to visit with purchasing department representatives from over fifteen governmental entities, colleges/universities and municipalities on one day in one location.

Registration will be open soon!!

*For more information, contact:*  
*Cindy Lambeth, Pres. 850 983 5135*  
*Bob Pacenta, V.P. 850.474.262*

Hi,

I received your contact information from Christy Knorr at 1GPA.

I would like to share an opportunity for you to meet numerous government entities' procurement directors/agents/managers in the Florida Panhandle on one day in the same place. I know we all need to save money.

SAVE THE DATE: May 7, 2021

Gulf Coast State College  
5230 West US Hwy 98

Student Union East

Panama City, FL 32401

## 14th Annual Northwest Florida Reverse Trade Show

How do you do business with colleges/universities, public schools,  
and municipalities?

Join us and we will give you all the secrets!!

---

- The governmental entities will have a table and the vendors will be the attendees.
- You do not have the hassle of setting up the table and bringing/shipping items for your table.
- Bring lots of business cards and brochures.
- Included in your registration and/or sponsorship package is admission to the Meet and Greet event held May 6th and lunch immediately following the Reverse Trade Show.
- You will have the opportunity to visit with purchasing department representatives from over fifteen governmental entities, colleges/universities and municipalities on one day in one location.

Registration will be open soon!!

Hey Tammie,

Yesterday I responded by email to let you know that Savvas didn't have an AP Lang and Comp program for you to review. McGraw-Hill Education does have a good AP Lang and Comp program. Below is the program and I am including Rachel Powers-Scanga from McGraw-Hill in the email as she will be able to help you with sampling and answering your questions. It is a good program and they will take care of you! I am sorry I couldn't help you but I wanted you to have a good program that will fit your needs even though it isn't one of ours.

Thanks and have a great weekend!

First is the chemistry (HMH), which it looks like you know there is a nationwide issue. Hopefully that can be fixed soon. Bio did work but we had to do some searching to find out that Pearson Easy bridge changed to Savvas Easy bridge. So that is resolved.

So now it is the Heath Academy's books with McGraw hill connect.

One is called HealthCare science technology.

Other is Simmers DHO health science.

Erin Mazel is our new Nurse in that Health Academy. I have included her in the email so she can give you some more specifics on that text book

Thank you,

Anthony Hofius

Hello Mr. Baugus,

I did some research and discovered that in March of this year Mrs. Barbara Henriques purchased a set of physical textbooks from McGraw Hill. Mrs. Henriques thought that she had ordered a CD-ROM with the textbooks to give me access to the teacher resources, but McGraw Hill customer service said that they don't even sell CD-ROMs anymore! Everything is in the cloud! So, I think that Mrs. Henriques only purchased physical textbooks, with no accompanying digital resources.

As I am new to the district and to teaching I am open to any guidance as how to proceed. I would love to have a digital copy of the textbook that would facilitate our digital learning days, and students who may have absences, in addition to digital teacher resources, but I have no concept as to what costs would be associated with such a purchase or who funds digital textbook purchases.

I truly appreciate you time and am willing to listen to suggestions.

Thank you,  
Erin

Hello,

Just checking back in to see if you were able to get the access code for the McGraw Hill text called Healthcare Science Technology? I am mainly interested in the McGraw Hill Connect that has the current resources for that textbook. I am using worksheets and test from an old version of the textbook and the materials are not in sync.

Thank you,  
Erin

They should have access. I know we found an issue with Bio Hon this morning we fixed, so that should show tomorrow.

Let me know what's not working and I'll get it looked at.

Also, we've heard HMH is having issues nationwide, so that might explain that part of it.

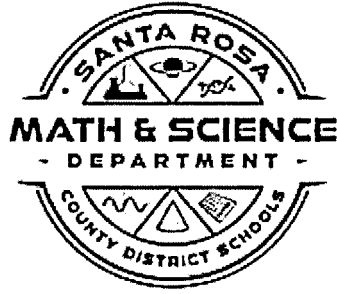

Also, textbook communication has been going through dept chairs to try and save you guys from more e-mails.

Good afternoon,

In our department chair meeting this morning, our science and math chair both mentioned not having access in classlink for online textbooks. Science said they had none and math said it was hit or miss. It is very possible I missed and email about this. Please advise. My understanding is that both remote and B&M teachers are wanting to utilize this resource.

Respectfully,

### **CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Erin and Jeff!

I would like to introduce myself as the new Sales Representative with McGraw Hill for our area. This is my second tenure with McGraw Hill and I am very excited to be back. I am here to help in any way that I can and committed to giving you the kind of service you need and expect.

Please save my contact information for future reference. Feel free to contact me by phone or email and if you like we can always set up a zoom type call 😊

Thank you very much and I look forward to working with you and your colleagues...

Regarding your issue with gaining access to teacher materials for your Exploring Health Sciences text(see thread below), I am happy to help. You do get complimentary access to the teacher materials with the purchase of the Text.

To request teacher access to the online materials please go to link [mheonline.com/connectactivation](https://mheonline.com/connectactivation)

This link will take you to the activation page. Fill out the form there and submit. If you have question please call 800-598-4077 for assistance. Of course you can always reach back out to me for help is needed 😊

**Subject:** Re: Online textbooks

Hello Mr. Baugus,

I did some research and discovered that in March of this year Mrs. Barbara Henriques purchased a set of physical textbooks from McGraw Hill. Mrs. Henriques thought that she had ordered a CD-ROM with the textbooks to give me access to the teacher resources, but McGraw Hill customer service said that they don't even sell CD-ROMs anymore! Everything is in the cloud! So, I think that Mrs. Henriques only purchased physical textbooks, with no accompanying digital resources.

As I am new to the district and to teaching I am open to any guidance as how to proceed. I would love to have a digital copy of the textbook that would facilitate our digital learning days, and students who may have absences, in addition to digital teacher resources, but I have no concept as to what costs would be associated with such a purchase or who funds digital textbook purchases.

I truly appreciate you time and am willing to listen to suggestions.

Thank you,  
Erin

They should have access. I know we found an issue with Bio Hon this morning we fixed, so that should show tomorrow.

Let me know what's not working and I'll get it looked at.

Also, we've heard HMH is having issues nationwide, so that might explain that part of it.

Also, textbook communication has been going through dept chairs to try and save you guys from more e-mails.

Serving Together,

# Jeffery Baugus

Coordinator of Math and Science

**Subject:** Online textbooks

Good afternoon,

In our department chair meeting this morning, our science and math chair both mentioned not having access in classlink for online textbooks. Science said they had none and math said it was hit or miss. It is very possible I missed and email about this. Please advise. My understanding is that both remote and B&M teachers are wanting to utilize this resource.

Respectfully,

**Patrick Keen**

Hello Michael,

I appreciate you sending me the information this morning for the Teacher Resources. Can you please give me a quote on the cost of adding 25-27 licenses for digital textbooks to my physical book purchase? I am looking at adding the digital book to our classroom.

Thank you,  
Erin

**Subject:** (EXT) MothEd - Authentic Science for Elementary and Middle School Students

### **CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi All – I am sharing this information from Michigan State and it is for Elementary and Middle School Teachers.

Michigan State University and The Concord Consortium are partnering on a grant proposal to the National Science Foundation to design and develop a middle and elementary school science where students make their own moth traps, decide what kinds of science questions they would like to explore with them, and use cutting edge software to collaborate in small groups and contribute to a national database. We are looking for teachers who would be interested in co-designing the classroom materials and software with us, to support students in becoming active investigators of their own science projects. The project, if funded, would commence in summer or fall of 2021, and would involve teachers in professional development, co-design of materials, enactment in the classroom, and feedback on implementations. Teachers will receive stipends for their work on the project and for PD, and reimbursement for any travel to project sessions.

With recent simplifications to moth trap construction, moth collecting and displaying is a relatively cost-effective process that can be undertaken by grade-school children. Moths are ideal for student investigations because they are

ecologically important, easy to capture, and there is a paucity of research on them compared to many other taxonomic groups, so the students can potentially add real value to a national database. Through interactions with flowers, many moths provide nocturnal pollination services that are important for plant reproduction, and, at all life stages, moths act as a food source to birds, bats, and other predators, playing a key role in local food webs. Even so, most moth species remain relatively unstudied. There are over 11,000 moth species in North America, yet most moth research to date has focused on a handful of species that are either identified as agricultural pests or have the potential to cause mass defoliation as adults. Given all of this, the potential for conducting student-led research in a wide range of urban and rural habitats is great; traps are discreet and students can easily deploy them at their houses, around school grounds, or at places of interest in local communities.

Over the past four years, we have successfully carried out three pilot versions of the MothEd curricular unit in 2nd, 5th, and 6th grade classes. We will be extensively revising the unit to use the collaborative software environment created by the Concord Consortium and to connect to a national database for moth species. Our research will focus on how students learn to become active investigators when exploring local biodiversity and when they are supported by a curriculum and collaborative software.

If you are interested, please see the template letter on the next page. The letter is not binding, but states your interest in participating in the project as described. It can be signed by a teacher, administrator, or both, must be emailed to Dr. Peter White, [pwhite@msu.edu](mailto:pwhite@msu.edu) by October 1, 2020. Feel free to email with any questions

All the Best,

Frieda Reichsman (The Concord Consortium) and Peter White (Michigan State University)

[Letterhead]

[Date]

Dear Program Officer,

If the proposal submitted by Dr. Peter White entitled *MothEd - Authentic Science for Elementary and Middle School Students* is selected for funding by NSF, it is my intent to collaborate and/or commit resources as detailed in the Project Description or the Facilities, Equipment or Other Resources section of the proposal.

Sincerely,

Mike McKee

**Subject:** Santa Rosa--McGraw Hill issue

Good afternoon,

I was contacted through McGraw that you are our new rep. I look forward to meeting you and working with you, especially since our district in the last social studies adoption implemented McGraw through all grade levels K-12.

We are experiencing an issue that has been brought to my attention from a middle school teacher. I have included her portion of the email below and also CC'd our district DP contact . I would appreciate any help you could offer.

Some are McGraw-hill Connect Ed issues: StudySmart is not showing the bookmark symbol to allow students to access the Ch menu. Some students have access to ConnectEd, but it is telling them they are not registered for LearnSmart and will not receive credit for work they do.

Thanks,

Clark Youngblood  
Coordinator of Social Studies  
Santa Rosa District Schools

Hi Clark!

I hope you are having a great week. I am the new McGraw Sales Rep for our area. See below in yellow. Rachel is the Florida manager and she was filling in until I was hired to fill the vacancy.

Rachel forwarded me your email below. I will look into this issue and report back to you shortly.

Thank you very much...

I would like to introduce myself as the new Sales Representative with McGraw Hill for our area. This is my second tenure with McGraw Hill and I am very excited to be back. I am here to help in any way that I can and committed to giving you the kind of service you need and expect.

Please save my contact information for future reference. Feel free to contact me by phone or email and if you like we can always set up a zoom type call 😊

Hi Clark,

So I can do some troubleshooting and research can you or the teacher please share some information with me?

Is this one teacher and or multiple teachers. We need a teacher name and school so we can look it up in system. More info the better.

Also, What subject and grade of the text so we can look directly into the account.

A Student first and last name that is having trouble not showing in Studysmart.

A student first and last name that is not registered for learnsmart and what device the students are using, ipad, laptop, chromebook etc.

Thank you....

Rachel forwarded me your email below. I will look into this issue and report back to you shortly.

Thank you very much...

I would like to introduce myself as the new Sales Representative with McGraw Hill for our area. This is my second tenure with McGraw Hill and I am very excited to be back. I am here to help in any way that I can and committed to giving you the kind of service you need and expect.

Please save my contact information for future reference. Feel free to contact me by phone or email and if you like we can always set up a zoom type call 😊

Back to School Live Webinars available for supporting in-person and remote learning. Please visit our Training webpage at <https://www.mheducation.com/prek-12/explore/product-trainings.html> to learn more and to register for complimentary, live webinar training.

**Subject:** Santa Rosa--McGraw Hill issue

\*\*\* EXTERNAL EMAIL: If sender is unknown, use caution when opening. \*\*\*

**Good afternoon,**

**I was contacted through McGraw that you are our new rep. I look forward to meeting you and working with you, especially since our district in the last social studies adoption implemented McGraw through all grade levels K-12.**

**We are experiencing an issue that has been brought to my attention from a middle school teacher. I have included her portion of the email below and also CC'd our district DP contact . I would appreciate any help you could offer.**

Some are McGraw-hill Connect Ed issues: StudySmart is not showing the bookmark symbol to allow students to access the Ch menu. Some students have access to ConnectEd, but it is telling them they are not registered for LearnSmart and will not receive credit for work they do.

**Thanks,**

**Clark Youngblood  
Coordinator of Social Studies  
Santa Rosa District Schools**

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Mrs. Robbins,

I hope all is well with you and you were spared from the storm. I'm reaching out today to let you know that FLASH is no longer going to be available after December 2020. Therefore, the two sections that you are currently teaching will need to be rebuilt in the ENHANCED version of Connect Math for College Algebra by Miller for spring.

Were your Connect Math sections copied to you or did you build your assignments? When you have a chance, please let me know and we will proceed accordingly.

My best,

Kim

Because learning changes everything.™

**Sent:** Friday, October 2, 2020 4:36 PM  
**To:** michael.gallagher@mheducation.com  
**Subject:** 6th grade online textbook

Hi. Mr. Youngblood sent me your information. Some of the previous questions I had have been worked out. Here are some new ones. 😊

1. Some of my students are showing up in the wrong class. How can I move them to the correct class?
2. I have a lot of classes listed that I'm not teaching this year. Some are from previous years. How can I delete them?
3. Is there a way to change the name of a class? The names are very long, including in the student version and include my full name.
4. I tried to assign the kids a chapter in LearnSmart. I couldn't get that assignment to show on their assignment list, but it was the chapter that showed when they pulled up LearnSmart. How do I get it to show on the main page where assignments are listed?

Thank you,

Heather Owens, M.Ed.

**Sent:** Tuesday, October 6, 2020 10:26 AM  
**To:** Michael.Gallagher@mheducation.com  
**Subject:** Earth Space Teacher's Editions

Good morning!

I have a couple of questions for you this morning. In my demo account (FL612SCIDEMO), I don't currently have the Teacher's Edition for the Earth/Space Textbook ISBN: 978-0-07-904390-0. I use that demo account to make videos to help my teachers out with issues that they find. Second question: for the Science notebook that goes along with that text, is there a teacher's edition for that? My teachers aren't seeing answer keys to those workbooks and I also don't have a hard copy of that.

Thank you in advance for any help you can provide! Have a wonderful week!

**To:** Schmitt, Jennifer <SchmittJ@santarosa.k12.fl.us>  
**Subject:** (EXT) RE: Earth Space Teacher's Editions

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Jennifer!

Happy Friday! Below is what I was able to find out.

The FL612SCIDEMO has been corrected. All Teacher Editions are now available.

We don't have a teacher version of the Science Notebook available in print, but the answers are found in ConnectED.

Click on menu and then Resources. Then click on Keyword Search and from the options at the left choose Science Notebook. Then click on Teacher Resources.

I hope this information is helpful and have a great weekend.

Thank you...

**Subject:** Earth Space Teacher's Editions

\*\*\* EXTERNAL EMAIL: If sender is unknown, use caution when opening. \*\*\*

Good morning!

I have a couple of questions for you this morning. In my demo account (FL612SCIDEMO), I don't currently have the Teacher's Edition for the Earth/Space Textbook ISBN: 978-0-07-904390-0. I use that demo account to make videos to help my teachers out with issues that they find. Second question: for the Science notebook that goes along with that text, is there a teacher's edition for that? My teachers aren't seeing answer keys to those workbooks and I also don't have a hard copy of that.

Thank you in advance for any help you can provide! Have a wonderful week!

Serving together,

*Jennifer Schmitt*

We hope this email finds you well. The FASS Board wanted to give you some detail about a virtual meeting. This will be a business meeting and unfortunately, there will not be any sessions for vendors.

- Friday, November 13th (Yes, Friday the 13th)
- 4pm - 5pm
- platform TBD

We have decided to just organize a business meeting so we can present and discuss through some topics for our professional organization.

Preliminary agenda:

- Treasurer's report
- Nominations for President-Elect to success Michelle Ferro - Please nominations to: [Ferro.Michelle@Brevardschools.org](mailto:Ferro.Michelle@Brevardschools.org)
- The transition of FASS President to Michelle Ferro
- Spring 2021 FASS meeting/conference being virtual - due to travel limitations.

Hi Charlotte! Congrats on your new position!

I hope you are doing well and having a great start to the school year.

I would like to introduce myself as the new Sales Representative with McGraw Hill for our area. This is my second tenure with McGraw Hill and I am very excited to be back. I am here to help in any way that I can and committed to giving you the kind of service you need and expect.

Please save my contact information for future reference. Feel free to contact me by phone or email and if you like we can always set up a zoom type call 😊

Thank you very much and I look forward to working with you and your colleagues...

Good Morning Sonya,

I can do 4:00pm today if that works for you. If not please give me some dates and times within the hours of 8:30 and 5:00 that work best for you. I cover k-12 for 8 states so I need to have a set time on the schedule to ensure I don't forget. Let me know what works. Also, are other teachers in Santa Rosa in your grade band experiencing this same issue?

*Kind Regards,*

**Subject:** (EXT) It FASS PSA Time!

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Greetings FASS Family!

1. Is this your **first FASS meeting**? If so, please send me your name, title (w/grade levels you support), county and who you are replacing.
2. Are you looking to become more involved with the FASS organization? The nominations committee is seeking out nominations for the below vacant position:
  - President-Elect

**Please consider nominating a fellow FASS member or yourself!**

3. Also, I am looking for Public Service Announcements (PSAs) to be shared during our meeting. **As a reminder, our PSA Goals include:**
  - To welcome all to the meeting and organization!
  - To connect and support our science “family”
  - Acknowledge retirements and welcome new members
  - Acknowledge other important aspects of our lives

**If you have any information that you would like to be included in the PSA portion of our meeting, or you would like to nominate an individual for President-Elect, please email Michelle at [ferro.michelle@brevardschools.org](mailto:ferro.michelle@brevardschools.org) by Wednesday, November 11<sup>th</sup>.**

I am looking forward to “seeing” everyone at our meeting next Friday! 😊

**Subject:** (EXT) FASS Fall 2019 minutes for your review  
**Attachments:** 2019 FASS Fall Meeting Minutes Oct 22- 24.docx

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Attached is a copy of the FASS Fall 2019 Minutes for your review prior to tomorrow's virtual meeting on Microsoft Teams.

This is for Science Supervisors of school districts. Our Vendor-Partners are included as a courtesy and may also join us in the meeting (no fee).

If you are no longer part of this group, we are going to update the email list based on the prior Teams meeting responses and bounce-back email.

NO NEED TO REPLY TO THIS EMAIL that your position has changed if you have done so already.

Have a great Thursday and stay dry!  
Jeremy

Kaizen 改善,

**Jeremy R. Blinn**

*President – Florida Association of Science Supervisors*

*Secondary Science Curriculum Specialist -Volusia County Schools*

*Phone: 386.734.7190 ext. 20553*

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

**Day 1 Tuesday October 22, 2019**

**11:30 – 12:30PM – New Supervisor Support Session**

In attendance, Beth Lazar (Marion), Amanda Strickland (Clay), Cyndi Long (Osceola), Sally VanDereedt (St. Lucie), Kelly Lunt (St. Lucie), Chrissy Brouwer (St. Lucie). Michelle and Chris opened the session with introductions of the new supervisors. Then they spent some time explaining the structure, vision, and mission of FASS, introducing the FASS Board Members, and briefly talking about the collaborations/support that we as Supervisors provide to each other and giving helpful tips. Marilyn joined the group and shared ideas about identifying and addressing Problems of Practice to improve Science Teaching and Learning in their districts. Each participant used the template to develop their problem of practice for their district. During this process, we emphasized the importance of collaborating with our Supervisor's group on tasks and assignments for which they may have expertise. Next Step is to research best practices and develop the theory of action to address the problem of practice.

**12:30 – 1:00PM – Open Business Meeting**

12:33PM Meeting was called to order by Jeremy Blinn, President. 66 members (no vendors included) in attendance on day 1. 14 registered but did not show. President Jeremy welcomed everyone. 12:41. Motion to close business meeting and reopen on Thursday was made by Michelle Ferro and seconded by Jennifer Borges.

Jeremy explained our Theme “Navigating Our Support for Their Success” and its alignment to the 8 Science Practices. Showed the results from survey and found that Professional Development was the greatest response. Provided a form for reference (pink sheet- see FASS website). Briefly discussed effective Strategies for PD. Spoke about the importance of NORMS. Then modeled a thought problem of how riding a bike is like an investigation. Watched a short video and led the discussion of how the 8 Science practices were evident.

**1:00 – 2:00 PM Best Practices in Supporting Science Teachers – Lauren King**

Described what her job descriptions are and defined her roles. Spoke about the dos and don'ts of coaching a science teacher. Used Poll Everywhere to survey the audience: [PollEv.com/laurenking745](https://www.poll-ev.com/poll/laurenking745). Suggested Coaching resources for Learning forward. Sent teachers to chart paper to write tasks that are done day to day that align to the categories written on poster paper. Each rotation given 1 minute. Group brought together and presenter described the process of how the collaboration is done.

**2:00 – 2:30 PM Creating Connections: The True Impact of FASS – Rebecca Mott**

Non-Profit Environmental programs. Presented FASS Impact which added 3 school districts to their programs. Trunks have been purchased and placed in district. 17 partner organizations, 19 school districts. Need a partner organization, and funding to help purchase the trunks. Rebecca has all the metrics to assist with writing the grants. Built a turtles-to-go program to let scientists go into classrooms to present to young students. Has a new campaign called #AskaScientist. It is a social media campaign to provide answers to questions about Sea Turtles.

**2:15 – 3:00 PM Education and the Ocean Economy – Fred Garth**

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

Spoke about the Guy Harvey. Offered everyone a free subscription to the Guy Harvey Magazine. Supervisors will need to email Fred. Talked about the Guy Harvey Enterprise including the Guy Harvey foundation and .

**3:00 – 3:30 PM Break** (*Sponsored by Edmentum*) and Vendor Visit

**3:30-4:00PM Citizen Science Superheroes – Dr. Tracy Fanara**

UF Researcher. Shared some of her research. Started with the why. Her story of why she became interested in environmental engineering. Her passion to solve problems. Shared her lessons learned on combatting chaos. Presented the Beach Conditions Reporting System BCRS-VisitBeaches.org. Described her correlation study of Respiratory Irritation vs. Toxin Levels. Developed Citizen Science CSIC an app to report information about environmental conditions that lead to scientific investigations. HABScope – a microscope camera that calculates the concentration of red tide organisms. Biofiltration. Allow citizens to take samples. Dr. Tracy Fanara’s contact information is in our program. Please contact if you are willing to help with getting those Citizen Science Volunteers.

**4:00 – 5:00 PM Building a Strong Leaf from a STEM: Student Performance and Data Collection – Eric Gardner**

2 parts. Activity to teach the kids how to sustain inquiry. Gave a copper pipe and a neodymium magnet to determine what impacts the rate at which the magnet falls down the tube. Focus on Nature of Science and Phenomena.

*5:30 – 6:30 PM Networking – Sponsored by PASCO Jeremy Provided the link for feedback:  
<http://bit.ly/Day1FASS19>*

**Day 2 Wednesday October 23, 2019**

*Breakfast 7:15 – 8:00AM Sponsored by EIE – Museum of Science*

President Jeremy kicked us off at 8am with a reminder of the norms for the meeting. Introduced our breakfast sponsor who spoke about their Engineering is Elementary curriculum. Described the Unit structure (Prep Lesson, Engineering Story, Broader view of Engineering Field, and Decisions for Engineering design). Provided a demo of the What is Technology unit.

**8:00 -8:30AM – Welcome/Introductions/PSAs – Loren Kingsley**

Began with recognizing mole day. Recognized the facilitators from all 3 districts. Introduced new members and shared some news about current members.

**8:30 – 9:00AM - Designing Today for Tomorrow’s Engineers: Creating Equitable Pathways in STEM – Amanda Glover**

Focused on Justice in Education. Went through the process of how to identify our diversity. Gave a minute for discuss diversity and Breaking the cycle of Inequitable Education in Florida. Discussed what are the needs in education today that are most sought after. Presented the angle of empowering open-mindedness. Sample presented of different demographic. Compared Equality vs. Equity from lens of educational justice.

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

**9:00 – 10:00AM – STEM?! When Do I Have Time For That? – Discovery Education (Dan Gammage, Desiree Sujoy, Arlene Weisberg, and Dacia Jones)**

Presented how to make STEM opportunities available to students through partnerships. Featured STEM Connect. Explained how important it was to curate resources from others that can be used to teach the standards. Shared many stories of their partnerships like theirs with MLB sustainability challenge. Is on Discovery Education Experience. Districts that have streaming has access to the experiences. Encouraged to talk to students and faculty about Entrepreneurialship. Professional development is really important. Connect to 4Cs, real-world, and put up a career board. Make sure that kids understand that college is not a prerequisite for being successful. Expressed the importance of Relationships, Relevance, and Rigor. Dacia92@discoveryed

**10:00 – 10:30AM -** *AM Break sponsored by Texas Instruments (Focus on TI Inspire CX II) Described the features and potential uses for the device. Showed free resources available on the internet. Have TI inspire lessons. Beth Smith*

**10:30 – 12:00PM - Generating Student Ideas and Questions Around Anchoring Phenomena – Ellen Granger and Todd Bevis**

How do you facilitate generating student ideas and questions around phenomena? Focus on a shift from activities designed for students to “learn about” to activities for students to “figure out”. How do we create opportunities for kids to talk about their ideas in science? (1) Set up the phenomenon and ask the students to make a prediction and share their ideas of why they made the prediction. (2) Ask How might we collect data to support our ideas? What other evidence could we do to support our ideas. What tools did we use to do this?

**12:00 – 1:00PM** *Lunch by Lego*

**1:00 – 1:15PM –** Studying Teacher Professional Development. They are conducting a research study to identify effective PD for sense making in science. Teachers will engage in yearlong support. The PD is learning to talk biology to learn biology. Looking for districts to participate either this summer or next summer. Teacher must be willing to be a part of the research project as well as the PD study. Dr. Sheri Sutherland is the principal investigator. Will get paid.

**1:15 – 1:30PM - Lego Education and Volusia County – Amy Monahan**

Provided an activity of build the duck. Focuses on the Power of Imagination. Shared what Volusia county has done with Legos in the past year. See the presentation on the website.

**1:30 – 1:45PM – FLDOE Science State Updates**

Video by Jennifer Infinger. Share 2 updates for upcoming events. PJ sends apologies for not being here as she is involved in Weekly listening tours for Standard revision. Sunshine state scholar Nov 1- dec 31. Identify scholars. Due on January 6. All on Sunstatescholars.com for updates and more information.

Florida STEMposium – Shared mission and objectives. 13 Science Supervisors involved 43 facilitators, 561 attendees in 64 districts.

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

**1:45 – 2:15PM – Science Assessment Updates – Leah Glass**

Explained the duties of the Test Development Center. TCC is the fiscal agent for the grant. Work with contractors to develop assessments. She works on grade 5 and 8 science assessment. In search for a biology content specialist, must move to Tallahassee. Will send an email with link to position.

Described the procedure for constructing a test. 1. Item writing training. 2. Item ReviewWent through the process of Item review for test items. Next step is Test construction and described the process of how the test is constructed in terms of scope and sequence. Last step is administration.

Looking for people who have never participated. The statewide assessment committee database allows us to update our profile. If you are interested, email leah.glass to be on the committee.

Can find the results packet on the FLDOE website. Average Achievement 5<sup>th</sup> = 53%. Areas of improvement. Grade 8 Average achievement = 51% combination of both bio and grade 8.

Biology Average 67%. Will be releasing assessments in 3year cycles. For example: If grade 5 released in 2021, grade 8 will be 2022, and bio will be released in 2023 and cycle will begin again with grade 5.

Executive order 19-32 Suggest innovative ways to streamline assessment. Had a content advisory committee meeting and looked at recommendations for benchmark clarification, assessment limits, stimulus and response attributes and sample items.

**2:15 – 3:15PM – Targeted Intervention – Loren Marie Kingsley**

Shared a strategy that appears to be working for SSA and EOC in Brevard County. Used data, compared demographics of achievement at similar school. Explained the intervention of Skills Day. Worked with literacy coach, avid coordinator and did small group instruction. Saw increase in all groups of students that they worked with. Check out the lessons at <https://tinyurl.com/yyyyx6ve>.

*3:15 – 3:45PM – Vendor time and PM break (Break sponsored by Legends of Learning)*

**3:45 – 5:00PM – Argument-Driven Inquiry in Grades 3-12 – Leeanne Gleim**

What does science look like in an elementary classroom? Leeanne described the process of ADI and reviewed the stages before having the group engage in a lesson activity. Modeled with the group, the process of how to implement an ADI with anecdotal information on keeping students engaged.

**5:00 – 5:15PM - PD Wrap Up and Tomorrows Expectation**

*Day 2 Feedback <http://bit.ly/Day2FASS19>*

Had the group reflect on the presentations identifying effective PD strategies and the 8 Science Practices. From Todd and Ellen's presentation, wanted to know which of the practices were evident. Explained the schedule for tomorrow. Starting at 7:15 am.

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

**Day 3 Thursday October 24, 2019**

*7:15 – 8:00AM Breakfast Sponsored by Penda Learning*

**8:00-8:15AM - Penda Learning – Corey Peloquin**

President Jeremy began the day with a message from his bot. He reminded us of the norms and to email the Mr. Garth from the Guy Harvey Institute. Introduced Penda Learning. Corey from Penda thanked everyone for the facetime with the vendors. Provided updates and what has been done across Florida with Penda to increase SSA & Bio EOC Performance.

**8:15 – 9:00 AM Preparing Florida High School Students for Bachelor’s Degree – Level STEM Majors – Paul Cottle**

Importance of having students take physics, chemistry, and calculus in high school. Shared his experience with working with Bay county to increase the number of students taking chemistry, physics, and calculus. Worked with school board member Ginger. He teaches the Physics course at Florida State and sees how students are impacted when not having taken the courses in high school. Students seeking STEM Majors are at a particular disadvantage. Take home message: All Stakeholders must be on board with the idea that it is important to get more students prepared for STEM careers by taking chemistry, physics, and biology. Need to educate the counselor, Paul Hewett (Next time Physics)

**9:00 – 9:30AM SECME: STEAM Champions – Dane Jaber, Michele Williams**

Talked about how SECME relate to the curriculum. Had participants engage in a how slow can you go challenge and then related it to how SECME activities can be used to engage students in the standards.

**9:30 – 10:00AM Scientist in Every Florida School – Bruce MacFadden**

4 year project to reach every school. Doing projects that align to Earth Systems Science. Moonshot pilot. 5 Pilot Schools. Doing teacher PD, Web based Events, FAST Workshops, etc that our members are invited to be a part of. To get your teacher involved speak to Stephanie. Will have a Summit on January 25, 2020. Will have the Nature of Science Summit in July.

*10:00 – 10:30AM Break sponsored by EduSmart – End of break giveaways.*

**10:30 – 11:30AM What’s Engagement Got to do With It? – Tia Brown**

Created experience strategies that can be used to improve engagement. Modeled strategy called Jot Thoughts. (say it, write it, place it, .... NO Repeats). Double Entry Diary (read a piece of text, identify what is important to you- unknown vocabulary, unfamiliar phrases, etc). Modeled how you should be thinking while you are reading. Demonstrated Numbered Heads which is a strategy to ensure that everyone participates. Coupled it with giving points to award prizes. Used a Kagan map at the beginning that contained the color on Uno cards. Last Strategy was Quick Talk. See presentation on website for more details of each strategy.

Business Meeting reopened at 11:50AM

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

- Minutes reviewed for 2019 Spring FASS Meeting. Motion to approve by Lee from Lee seconded by Loren Kingsley from Brevard.

*Old Business*

- Approval of Spring FASS minutes
- Spring Location (Lake Mary Marriott is contracted to May 2021) Same rate goes up after 2021.
- FASS District supervisor's contact information is available on the website. Asked for Feedback. No Feedback. Lee found it helpful to reach out to get information on improvement of Science Learning.
- Ask Vendor Partners that this is not abused
- FASS collaboration on website is this still desired. A place to share resources. Survey Interest. Amy will create a form to solicit ideas that will be compiled.

***New business***

***End of New Business***

**Treasurer's Report (Amy Monahan)**

- See print out
- Last year paid loan, on track sitting with 12000 as of 19th not including Paypal 5000.
- We don't want to have a large bill for adoption year. Saving 6000/year to cover that cost when we don't have access to vendor funding.
- FAST gave us a loan to get us out of our bad fiscal situation which we welcome but would not want to repeat.

***Other Business***

- Science and engineering book study
- Monday May 4-6, 202 for Meeting
- Last day to book hotel Monday April 13, 2020
- Hotel offering a special group rate. Orlando Marriott Lake Mary for 125 USD per night.
- Fall FASS 2019 Feedback [http:// bit.ly/FallFASS2019](http://bit.ly/FallFASS2019)

Business meeting closed at 12:10PM

**Executive Board Meeting**

*Open meeting at 12:27PM*

- Debriefed the meeting. Got feedback. Liked the turn and talk rather than talk at me. Need to try not to put professors back to back. Everybody really connected with the presentations.
- Vendor Training to help them understand our standards. Suggested an academy to help them know our standards and how to distinguish the two.
- Suggested to add to call for presenters what standards they are.
- Will be here again next year for FAST.
- Need to clearly distinguish vendor registration and supervisor registration. Table includes 3 registration.
- Networking is a half-priced table. If sponsor
- Will Vendor eat food sponsored by other Vendor. If the sponsor didn't cover it

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

- Need to use the terminology Vendor Partner. If they want to sponsor, send to Jeremy.
- Missing 9 counties including Alachua, Bay, Charlotte, Pinellas, and Leon
- Will call our session Collaboration facilitated by \_\_\_\_\_!!! (Networking)
- Second day will be a long day.
- Need to develop create our Theme for next meeting.
- Action Items – Jeremy will set up a meeting for a phone conference
- Will have call for presenters: Idea is to keep the theme for this year and add language for standard alignment.
- People who were declined last time will be considered for next meeting.
- Paige Keeley has penciled us in. Jeremy has Smithsonian TED Talk person who is willing to present.
- Will disseminate information to

*Closed meeting 1:35PM*

**To:** Gallagher, Michael  
**Subject:** Re: (EXT) FW: Santa Rosa FL ELA K-12 Call due 11/16

Hi Michael,

Thank you for the questions.

The payment is for the publishers who will be presenting to our Textbook Adoption Teams on Dec 14 and 16. Since we are a little late getting started, we wanted everyone to know our schedule and due dates in preparation. We realize the turn-around is tight. I've asked our finance people your questions about payment and will let you know asap.

Our intent is to use EdCredible as much as possible for the initial review.

Thanks again for your questions.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Charlotte!

Happy Thursday and I hope you are having a great week.

I am looking for some clarification and had a couple of quick questions about the adoption process below. Are you and or Cindie available for a quick call to discuss? Is the 1500 dollar payment for publishers that are invited to the presentation event or for all publishers submitting. And since it is a rather large amount, what are the payment options. Do you take American Express? Can we do a debit transfer? But that is net 60 days out on our end. Will samples be requested for the initial review process?

Thank you for your consideration and I look forward to hearing from you...

Instructional Materials Review Title

Santa Rosa County District Schools K-12 ELA Adoption

Introduction to Vendors

**PLEASE READ: The district form that was originally posted with this Request for Materials is currently being revised by district staff. A message will be sent out via Chatter when the revised form is available and you will find the form in the District Document section. Publishers should continue to work on their individual course responses as the district timeline has not changed. If you have any questions, please submit them through Chatter.**

Dear  
Publishers,

Santa Rosa County District Schools will adopt new instructional materials for K-12 English/Language Arts during the 2020-2021 school year for implementation in the 2021-2022 school year. Our District will adopt curriculum from the short bid list released by the Florida Commissioner of Education and we formally

invite you to present your curriculum to our teachers. We will adopt curriculum from one publisher for each grade band: K-5 and 6-12.

There is an additional form that the district will need you to submit. It is currently being revised by district and is not currently available. A message will be sent out via Chatter when the revised form is available and you will find the form in the District Document section.

Our adoption committee will begin reviewing materials via EdCredible **November 18**. In a closed meeting on **November 30**, the committee will select 4-6 publishers to move forward in our adoption process.

Invited publishers will present materials to our textbook adoption committee on the following dates.

- December 14 (6-12)
- December 16 (K-5)

Using a rotation model and following safety protocol, each publisher will present their materials in 1-hour time blocks. A suggested allocation of time is a 45-minute presentation with 15-minute Q/A period.

Committee members will rotate to all publishers on their assigned day. Presentations will be at the Douglas Dillion Administrative Center, located at 6032 Hwy 90, Milton, FL. 32570.

Invited publishers will pay \$1500 to participate in the Santa Rosa County District Schools K-12 textbook adoption. These funds are used to defray the expenses of our adoption process.

- Please make checks payable to the Santa Rosa Educational Foundation and be sure to include ELA ADOPTION on the check.
- Mail to Cindie Lipe at the Douglas Dillan Administrative Center, 6032 Hwy 90, Milton, FL 32570 by December 7.

Following the Publisher Presentations in December, a second closed meeting will occur on January 13. At this meeting, textbook adoption committee members will select 3-4 publishers who will be invited to submit samples of materials to each school in the Santa Rosa County School District. Teachers will preview materials during February. A final school vote will be submitted to the Literacy Department on February 25th.

**Timeline:**

A review of the Santa Rosa County School District timeline for the English Language Arts adoption is posted below.

**Invitation to Publishers**

Vendor Presentations for Committee Members

Committees select publishers for school review

Teachers preview instructional samples

School Principals submit vote to Literacy Department

Final recommendations to Mr. Smith

Notify all parties concerning the final decision

We thank you for participating in the Santa Rosa County Schools K-12 ELA Textbook Adoption.

Charlotte Boling  
Literacy Coordinator  
Santa Rosa County School District

Mike,

Customer care. Every year I have to reach out for a quote and send several emails to get this started. Ty Ezell was wonderful and had to get things kick started. I've never worked with a program that I had to work so hard to make a purchase. No blame, just an awareness that I have to seek this program out if I want to use it.

Patti

### **CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Kim,  
I provided the attached code (pulled from a brand-new MAC1105 bundle) to GBHS for a DE student. He claims the system is notifying him that the code has already been used. Could you please take a look and see what you can find out? Or, possibly email the student directly to find out if he's doing something incorrectly? I know he was using the free trial, but it ran out.  
I'm copying James because I'm leaving early today to begin my vacation.  
Thanks!  
Beth

Hi Mrs. Beth, please see the attached email from the student that we sent the code to the other day.

- Content developed to precisely match the author's content
- Integrated ALEKS Assessment to diagnose student gaps in prerequisite knowledge
- Integrated SmartBook provides a personalized, interactive reading experience
- Seamless print and digital integration with 99.97% uptime

The following steps are for new users registering with Connect Math for the first time. (If you already have a Connect Math account, simply go to [www.connectmath.com](http://www.connectmath.com). Enter your login name and password and click on "LOGIN.") To register you will need the access code printed on the inside back cover of your book.

**IMPORTANT:** You will also need to obtain a 10-character course code from your instructor.

1. Go to [www.connectmath.com](http://www.connectmath.com).
2. Click on the link marked "NEW USER? Sign up now!"
3. Enter the 10-character course code and click on "Continue."
4. Verify the course information and click on "Continue."
5. Enter the access code located on either the back cover of your Create printed textbook or located on the user's Create eBookshelf and click on "Continue."
6. Answer the questions to complete your registration.
7. During the registration process, you will be given a login name. WRITE IT DOWN; you will need it to access your account in the future.

Once you have completed your registration, click on "Continue" to automatically log into your Connect Math account.

Visit: <http://support.connectmath.com> or Call: (949) 390-2095

Monday – Thursday | 7:00 A.M. – 1:00 A.M.

Friday: 7:00 AM – 9:00 P.M.

Sunday: 4:00 PM – 1:00 A.M.  
(All times Eastern)

Kim,  
I provided the attached code (pulled from a brand-new MAC1105 bundle) to GBHS for a DE student. He claims the system is notifying him that the code has already been used. Could you please take a look and see what you can find out? Or, possibly email the student directly to find out if he's doing something incorrectly? I know he was using the free trial, but it ran out.  
I'm copying James because I'm leaving early today to begin my vacation.  
Thanks!  
Beth

Hi Mrs. Beth, please see the attached email from the student that we sent the code to the other day.  
Thanks,

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Charlotte!

I looked over my notes again and regarding my email below, I was referencing if we make the narrow. So, I realize you don't make the narrow decisions until the end of the month so you don't have scheduling done yet 😊 So below is the main question I have at this time so I can secure the best consultants for Santa Rosa.

Thank you

- Publishers have one hour, for the MS HS 6-12 segment presentation, will that be two 1 hr presentations (1 for ms and 1 of hs) or just one 1hr 6-12 presentation?

**Sent:** Friday, November 20, 2020 10:03 AM  
**To:** Bolingcj@santarosa.k12.fl.us  
**Subject:** Adoption questions:)

Hi Charlotte! Happy Friday and I hope you are having a great week.

Can you clarify some specifics for me about the 14<sup>th</sup> and 16<sup>th</sup>? I am in the process of securing consultants for those dates and making materials preparations as well.

- Do you have specific times/schedules that the publishers will present?
- Publishers have one hour, for the MS HS 6-12 segment presentation, will that be two 1 hr presentations (1 for ms and 1 of hs) or just one 1hr 6-12 presentation?
- How many committee members will be in each presentation and what grade levels? This helps with preparing the materials for the committee during the presentation.

Thank you for the help 😊

Mike,

Customer care. Every year I have to reach out for a quote and send several emails to get this started. Ty Ezell was wonderful and had to get things kick started. I've never worked with a program that I had to work so hard to make a purchase. No blame, just an awareness that I have to seek this program out if I want to use it.

Patti

Hi Patti. I will take care of the quote. Can you please clarify, What do you mean by an inconsistent connection with McGraw on this? Are you referring to customer care/rep issues or tech issues or both? Just want to make sure I can get this straightened out for you. Thanks.

Hi Mike,

My ESOL department utilizes ALEK with our students. I would like an update/quote to continue to utilize the program this year. We've had an inconsistent connection with McGraw-Hill for this. I know it's a small section in what the company offers, but we would really like to move forward.

Dear Patti McKnight,

Thank you for your inquiry regarding your McGraw Hill representative.

Your Sales Representative is trained on the product content and is best qualified to answer your questions and make recommendations. They can provide samples for your review for future adoptions.

Your Sales Representative is Michael Gallagher, their phone number is (800)338-3987, and their email address is [Michael.Gallagher@mheducation.com](mailto:Michael.Gallagher@mheducation.com). For your convenience I have copied them on this email correspondence.

Thank you for your interest in our educational products and we look forward to your business.

Kind Regards,

Hi Patti,

It looks like the district currently has 50 active licenses that you can distribute for the students to use. Do you need a quote for additional licenses? Please call me at your convenience if you want to chat about this situation.

Thanks!

Hi Patti,

Here is the link to our ALEKS padlet [https://mheducation.padlet.org/aleks\\_info/resources](https://mheducation.padlet.org/aleks_info/resources) which contains links to training resources. We do offer paid virtual PD, 2 hrs \$1000 and up to 5 hrs \$1500, but most teachers find the electronic resources are sufficient to help them use ALEKS. We also have ALEKS Customer Support available at 800.258.2374 to whom they can reach out with any questions. Let me know if there is anything else I can do to help!

Stay safe and healthy!

Kind regards,  
Judy

Good Morning,

We have a new org that isn't populating into MHE. 1421-Camelot

We also have a teacher Leah Burch at Bagdad Elementary that is being sent over in One Roster, Showing on the MHE Access page, however she can't log into MHE. Below is the error message she is receiving.

**Your user account could not be located. Please contact support**

Sorry, we seem to be having some difficulty finding this page.  
If the problem persists, please contact **Support**.

Could you please add org 1421-camelot so I will roster our teacher and check on why Ms. Burch can't log into MHE?

Thanks

Hi Patti,

It looks like the district currently has 50 active licenses that you can distribute for the students to use. Do you need a quote for additional licenses? Please call me at your convenience if you want to chat about this situation.

Thanks!

Mike,

Customer care. Every year I have to reach out for a quote and send several emails to get this started. Ty Ezell was wonderful and had to get things kick started. I've never worked with a program that I had to work so hard to make a purchase. No blame, just an awareness that I have to seek this program out if I want to use it.

Patti

Hi Patti. I will take care of the quote. Can you please clarify, What do you mean by an inconsistent connection with McGraw on this? Are you referring to customer care/rep issues or tech issues or both? Just want to make sure I can get this straightened out for you. Thanks.

Hi Mike,

My ESOL department utilizes ALEK with our students. I would like an update/quote to continue to utilize the program this year. We've had an inconsistent connection with McGraw-Hill for this. I know it's a small section in what the company offers, but we would really like to move forward.

Dear Patti McKnight,

Thank you for your inquiry regarding your McGraw Hill representative.

Your Sales Representative is trained on the product content and is best qualified to answer your questions and make recommendations. They can provide samples for your review for future adoptions.

Your Sales Representative is Michael Gallagher, their phone number is (800)338-3987, and their email address is [Michael.Gallagher@mheducation.com](mailto:Michael.Gallagher@mheducation.com). For your convenience I have copied them on this email correspondence.

Thank you for your interest in our educational products and we look forward to your business.

Kind Regards,

Christian C

Hi Charlotte!

I looked over my notes again and regarding my email below, I was referencing if we make the narrow. So, I realize you don't make the narrow decisions until the end of the month so you don't have scheduling done yet 😊 So below is the main question I have at this time so I can secure the best consultants for Santa Rosa.

Thank you

- Publishers have one hour, for the MS HS 6-12 segment presentation, will that be two 1 hr presentations (1 for ms and 1 of hs) or just one 1hr 6-12 presentation?

**To:** Bolingcj@santarosa.k12.fl.us  
**Subject:** Adoption questions:)

Hi Charlotte! Happy Friday and I hope you are having a great week.

Can you clarify some specifics for me about the 14<sup>th</sup> and 16<sup>th</sup>? I am in the process of securing consultants for those dates and making materials preparations as well.

- Do you have specific times/schedules that the publishers will present?
- Publishers have one hour, for the MS HS 6-12 segment presentation, will that be two 1 hr presentations (1 for ms and 1 of hs) or just one 1hr 6-12 presentation?
- How many committee members will be in each presentation and what grade levels? This helps with preparing the materials for the committee during the presentation.

Thank you for the help 😊

Kim,

I provided the attached code (pulled from a brand-new MAC1105 bundle) to GBHS for a DE student. He claims the system is notifying him that the code has already been used. Could you please take a look and see what you can find out? Or, possibly email the student directly to find out if he's doing something incorrectly? I know he was using the free trial, but it ran out. I'm copying James because I'm leaving early today to begin my vacation.

Thanks!

Beth

Hi Mrs. Beth, please see the attached email from the student that we sent the code to the other day.

**\*\*\* EXTERNAL EMAIL: If sender is unknown, use caution when opening. \*\*\***

Kim,  
I provided the attached code (pulled from a brand-new MAC1105 bundle) to GBHS for a DE student. He claims the system is notifying him that the code has already been used. Could you please take a look and see what you can find out? Or, possibly email the student directly to find out if he's doing something incorrectly? I know he was using the free trial, but it ran out.  
I'm copying James because I'm leaving early today to begin my vacation.  
Thanks!  
Beth

Hi Mrs. Beth, please see the attached email from the student that we sent the code to the other day.

Hi, Tracy. Hmm... I don't understand. That code came from a brand-new package wrapped in plastic, recently received directly from the publisher.

Would you please ask the student to contact McGraw Hill (contact info should be on the paperwork we emailed to him).

In the meantime, I'll reach out to the publisher rep to see if she can help him.

Thank you,  
Beth

Mike,

Customer care. Every year I have to reach out for a quote and send several emails to get this started. Ty Ezell was wonderful and had to get things kick started. I've never worked with a program that I had to work so hard to make a purchase. No blame, just an awareness that I have to seek this program out if I want to use it.

Patti

Hi Patti. I will take care of the quote. Can you please clarify, What do you mean by an inconsistent connection with McGraw on this? Are you referring to customer care/rep issues or tech issues or both? Just want to make sure I can get this straightened out for you. Thanks.

Hi Mike,

My ESOL department utilizes ALEK with our students. I would like an update/quote to continue to utilize the program this year. We've had an inconsistent connection with McGraw-Hill for this. I know it's a small section in what the company offers, but we would really like to move forward.

**Subject:** Re: (EXT) FW: Santa Rosa FL ELA K-12 Call due 11/16

Hi Michael,

Thank you for the questions.

The payment is for the publishers who will be presenting to our Textbook Adoption Teams on Dec 14 and 16. Since we are a little late getting started, we wanted everyone to know our schedule and due dates in preparation. We realize the turn-around is tight. I've asked our finance people your questions about payment and will let you know asap.

Our intent is to use EdCredible as much as possible for the initial review.

Thanks again for your questions.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Charlotte!

Happy Thursday and I hope you are having a great week.

I am looking for some clarification and had a couple of quick questions about the adoption process below. Are you and or Cindie available for a quick call to discuss? Is the 1500 dollar payment for publishers that are invited to the presentation event or for all publishers submitting. And since it is a rather large amount, what are the payment options. Do you take American Express? Can we do a debit transfer? But that is net 60 days out on our end. Will samples be requested for the initial review process?

Thank you for your consideration and I look forward to hearing from you...

Instructional Materials Review Title

Santa Rosa County District Schools K-12 ELA Adoption

Introduction to Vendors

**PLEASE READ:** The district form that was originally posted with this Request for Materials is currently being revised by district staff. A message will be sent out via Chatter when the revised form is available and you will find the form in the District Document section. Publishers should continue to work on their individual course responses as the district timeline has not changed. If you have any questions, please submit them through Chatter.

Dear  
Publishers,

Santa Rosa County District Schools will adopt new instructional materials for K-12 English/Language Arts during the 2020-2021 school year for implementation in the 2021-2022 school year. Our District will adopt curriculum from the short bid list released by the Florida Commissioner of Education and we formally

invite you to present your curriculum to our teachers. We will adopt curriculum from one publisher for each grade band: K-5 and 6-12.

There is an additional form that the district will need you to submit. It is currently being revised by district and is not currently available. A message will be sent out via Chatter when the revised form is available and you will find the form in the District Document section.

Our adoption committee will begin reviewing materials via EdCredible **November 18**. In a closed meeting on **November 30**, the committee will select 4-6 publishers to move forward in our adoption process.

Invited publishers will present materials to our textbook adoption committee on the following dates.

- December 14 (6-12)
- December 16 (K-5)

Using a rotation model and following safety protocol, each publisher will present their materials in 1-hour time blocks. A suggested allocation of time is a 45-minute presentation with 15-minute Q/A period.

Committee members will rotate to all publishers on their assigned day. Presentations will be at the Douglas Dillion Administrative Center, located at 6032 Hwy 90, Milton, FL. 32570.

Invited publishers will pay \$1500 to participate in the Santa Rosa County District Schools K-12 textbook adoption. These funds are used to defray the expenses of our adoption process.

- Please make checks payable to the Santa Rosa Educational Foundation and be sure to include ELA ADOPTION on the check.
- Mail to Cindie Lipe at the Douglas Dillan Administrative Center, 6032 Hwy 90, Milton, FL 32570 by December 7.

Following the Publisher Presentations in December, a second closed meeting will occur on January 13. At this meeting, textbook adoption committee members will select 3-4 publishers who will be invited to submit samples of materials to each school in the Santa Rosa County School District. Teachers will preview materials during February. A final school vote will be submitted to the Literacy Department on February 25th.

#### **Timeline:**

A review of the Santa Rosa County School District timeline for the English Language Arts adoption is posted below.

#### **Invitation to Publishers**

Vendor Presentations for Committee Members

Committees select publishers for school review

Teachers preview instructional samples

School Principals submit vote to Literacy Department

Final recommendations to Mr. Smith

Notify all parties concerning the final decision

We thank you for participating in the Santa Rosa County Schools K-12 ELA Textbook Adoption.

Charlotte Boling  
Literacy Coordinator  
Santa Rosa County School District

**Subject:** (EXT) FASS Fall 2019 minutes for your review

**Attachments:** 2019 FASS Fall Meeting Minutes Oct 22- 24.docx

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Attached is a copy of the FASS Fall 2019 Minutes for your review prior to tomorrow's virtual meeting on Microsoft Teams.

This is for Science Supervisors of school districts. Our Vendor-Partners are included as a courtesy and may also join us in the meeting (no fee).

If you are no longer part of this group, we are going to update the email list based on the prior Teams meeting responses and bounce-back email.

NO NEED TO REPLY TO THIS EMAIL that your position has changed if you have done so already.

Have a great Thursday and stay dry!  
Jeremy

Kaizen 改善,

**Jeremy R. Blinn**

Instead, contact this office by phone or in writing.

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

**Day 1 Tuesday October 22, 2019**

**11:30 – 12:30PM – New Supervisor Support Session**

In attendance, Beth Lazar (Marion), Amanda Strickland (Clay), Cyndi Long (Osceola), Sally VanDereedt (St. Lucie), Kelly Lunt (St. Lucie), Chrissy Brouwer (St. Lucie). Michelle and Chris opened the session with introductions of the new supervisors. Then they spent some time explaining the structure, vision, and mission of FASS, introducing the FASS Board Members, and briefly talking about the collaborations/support that we as Supervisors provide to each other and giving helpful tips. Marilyn joined the group and shared ideas about identifying and addressing Problems of Practice to improve Science Teaching and Learning in their districts. Each participant used the template to develop their problem of practice for their district. During this process, we emphasized the importance of collaborating with our Supervisor's group on tasks and assignments for which they may have expertise. Next Step is to research best practices and develop the theory of action to address the problem of practice.

**12:30 – 1:00PM – Open Business Meeting**

12:33PM Meeting was called to order by Jeremy Blinn, President. 66 members (no vendors included) in attendance on day 1. 14 registered but did not show. President Jeremy welcomed everyone. 12:41. Motion to close business meeting and reopen on Thursday was made by Michelle Ferro and seconded by Jennifer Borges.

Jeremy explained our Theme “Navigating Our Support for Their Success” and its alignment to the 8 Science Practices. Showed the results from survey and found that Professional Development was the greatest response. Provided a form for reference (pink sheet- see FASS website). Briefly discussed effective Strategies for PD. Spoke about the importance of NORMS. Then modeled a thought problem of how riding a bike is like an investigation. Watched a short video and led the discussion of how the 8 Science practices were evident.

**1:00 – 2:00 PM Best Practices in Supporting Science Teachers – Lauren King**

Described what her job descriptions are and defined her roles. Spoke about the dos and don'ts of coaching a science teacher. Used Poll Everywhere to survey the audience: [PollEv.com/laurenking745](https://www.poll Everywhere.com/poll/laurenking745). Suggested Coaching resources for Learning forward. Sent teachers to chart paper to write tasks that are done day to day that align to the categories written on poster paper. Each rotation given 1 minute. Group brought together and presenter described the process of how the collaboration is done.

**2:00 – 2:30 PM Creating Connections: The True Impact of FASS – Rebecca Mott**

Non-Profit Environmental programs. Presented FASS Impact which added 3 school districts to their programs. Trunks have been purchased and placed in district. 17 partner organizations, 19 school districts. Need a partner organization, and funding to help purchase the trunks. Rebecca has all the metrics to assist with writing the grants. Built a turtles-to-go program to let scientists go into classrooms to present to young students. Has a new campaign called #AskaScientist. It is a social media campaign to provide answers to questions about Sea Turtles.

**2:15 – 3:00 PM Education and the Ocean Economy – Fred Garth**

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

Spoke about the Guy Harvey. Offered everyone a free subscription to the Guy Harvey Magazine. Supervisors will need to email Fred. Talked about the Guy Harvey Enterprise including the Guy Harvey foundation and .

**3:00 – 3:30 PM Break** (*Sponsored by Edmentum*) and Vendor Visit

**3:30-4:00PM Citizen Science Superheroes – Dr. Tracy Fanara**

UF Researcher. Shared some of her research. Started with the why. Her story of why she became interested in environmental engineering. Her passion to solve problems. Shared her lessons learned on combatting chaos. Presented the Beach Conditions Reporting System BCRS-VisitBeaches.org. Described her correlation study of Respiratory Irritation vs. Toxin Levels. Developed Citizen Science CSIC an app to report information about environmental conditions that lead to scientific investigations. HABScope – a microscope camera that calculates the concentration of red tide organisms. Biofiltration. Allow citizens to take samples. Dr. Tracy Fanara’s contact information is in our program. Please contact if you are willing to help with getting those Citizen Science Volunteers.

**4:00 – 5:00 PM Building a Strong Leaf from a STEM: Student Performance and Data Collection – Eric Gardner**

2 parts. Activity to teach the kids how to sustain inquiry. Gave a copper pipe and a neodymium magnet to determine what impacts the rate at which the magnet falls down the tube. Focus on Nature of Science and Phenomena.

*5:30 – 6:30 PM Networking – Sponsored by PASCO Jeremy Provided the link for feedback:  
<http://bit.ly/Day1FASS19>*

**Day 2 Wednesday October 23, 2019**

*Breakfast 7:15 – 8:00AM Sponsored by EIE – Museum of Science*

President Jeremy kicked us off at 8am with a reminder of the norms for the meeting. Introduced our breakfast sponsor who spoke about their Engineering is Elementary curriculum. Described the Unit structure (Prep Lesson, Engineering Story, Broader view of Engineering Field, and Decisions for Engineering design). Provided a demo of the What is Technology unit.

**8:00 -8:30AM – Welcome/Introductions/PSAs – Loren Kingsley**

Began with recognizing mole day. Recognized the facilitators from all 3 districts. Introduced new members and shared some news about current members.

**8:30 – 9:00AM - Designing Today for Tomorrow’s Engineers: Creating Equitable Pathways in STEM – Amanda Glover**

Focused on Justice in Education. Went through the process of how to identify our diversity. Gave a minute for discuss diversity and Breaking the cycle of Inequitable Education in Florida. Discussed what are the needs in education today that are most sought after. Presented the angle of empowering open-mindedness. Sample presented of different demographic. Compared Equality vs. Equity from lens of educational justice.

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

**9:00 – 10:00AM – STEM?! When Do I Have Time For That? – Discovery Education (Dan Gammage, Desiree Sujoy, Arlene Weisberg, and Dacia Jones)**

Presented how to make STEM opportunities available to students through partnerships. Featured STEM Connect. Explained how important it was to curate resources from others that can be used to teach the standards. Shared many stories of their partnerships like theirs with MLB sustainability challenge. Is on Discovery Education Experience. Districts that have streaming has access to the experiences. Encouraged to talk to students and faculty about Entrepreneurialship. Professional development is really important. Connect to 4Cs, real-world, and put up a career board. Make sure that kids understand that college is not a prerequisite for being successful. Expressed the importance of Relationships, Relevance, and Rigor. Dacia92@discoveryed

**10:00 – 10:30AM - AM Break sponsored by Texas Instruments (Focus on TI Inspire CX II) Described the features and potential uses for the device. Showed free resources available on the internet. Have TI inspire lessons. Beth Smith**

**10:30 – 12:00PM - Generating Student Ideas and Questions Around Anchoring Phenomena – Ellen Granger and Todd Bevis**

How do you facilitate generating student ideas and questions around phenomena? Focus on a shift from activities designed for students to “learn about” to activities for students to “figure out”. How do we create opportunities for kids to talk about their ideas in science? (1) Set up the phenomenon and ask the students to make a prediction and share their ideas of why they made the prediction. (2) Ask How might we collect data to support our ideas? What other evidence could we do to support our ideas. What tools did we use to do this?

**12:00 – 1:00PM Lunch by Lego**

**1:00 – 1:15PM – Studying Teacher Professional Development.** They are conducting a research study to identify effective PD for sense making in science. Teachers will engage in yearlong support. The PD is learning to talk biology to learn biology. Looking for districts to participate either this summer or next summer. Teacher must be willing to be a part of the research project as well as the PD study. Dr. Sheri Sutherland is the principal investigator. Will get paid.

**1:15 – 1:30PM - Lego Education and Volusia County – Amy Monahan**

Provided an activity of build the duck. Focuses on the Power of Imagination. Shared what Volusia county has done with Legos in the past year. See the presentation on the website.

**1:30 – 1:45PM – FLDOE Science State Updates**

Video by Jennifer Infinger. Share 2 updates for upcoming events. PJ sends apologies for not being here as she is involved in Weekly listening tours for Standard revision. Sunshine state scholar Nov 1- dec 31. Identify scholars. Due on January 6. All on Sunstatescholars.com for updates and more information.

Florida STEMposium – Shared mission and objectives. 13 Science Supervisors involved 43 facilitators, 561 attendees in 64 districts.

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

**1:45 – 2:15PM – Science Assessment Updates – Leah Glass**

Explained the duties of the Test Development Center. TCC is the fiscal agent for the grant. Work with contractors to develop assessments. She works on grade 5 and 8 science assessment. In search for a biology content specialist, must move to Tallahassee. Will send an email with link to position.

Described the procedure for constructing a test. 1. Item writing training. 2. Item Review Went through the process of Item review for test items. Next step is Test construction and described the process of how the test is constructed in terms of scope and sequence. Last step is administration.

Looking for people who have never participated. The statewide assessment committee database allows us to update our profile. If you are interested, email leah.glass to be on the committee.

Can find the results packet on the FLDOE website. Average Achievement 5<sup>th</sup> = 53%. Areas of improvement. Grade 8 Average achievement = 51% combination of both bio and grade 8.

Biology Average 67%. Will be releasing assessments in 3year cycles. For example: If grade 5 released in 2021, grade 8 will be 2022, and bio will be released in 2023 and cycle will begin again with grade 5.

Executive order 19-32 Suggest innovative ways to streamline assessment. Had a content advisory committee meeting and looked at recommendations for benchmark clarification, assessment limits, stimulus and response attributes and sample items.

**2:15 – 3:15PM – Targeted Intervention – Loren Marie Kingsley**

Shared a strategy that appears to be working for SSA and EOC in Brevard County. Used data, compared demographics of achievement at similar school. Explained the intervention of Skills Day. Worked with literacy coach, avid coordinator and did small group instruction. Saw increase in all groups of students that they worked with. Check out the lessons at <https://tinyurl.com/yyyyx6ve>.

*3:15 – 3:45PM – Vendor time and PM break (Break sponsored by Legends of Learning)*

**3:45 – 5:00PM – Argument-Driven Inquiry in Grades 3-12 – Leeanne Gleim**

What does science look like in an elementary classroom? Leeanne described the process of ADI and reviewed the stages before having the group engage in a lesson activity. Modeled with the group, the process of how to implement an ADI with anecdotal information on keeping students engaged.

**5:00 – 5:15PM - PD Wrap Up and Tomorrows Expectation**

*Day 2 Feedback <http://bit.ly/Day2FASS19>*

Had the group reflect on the presentations identifying effective PD strategies and the 8 Science Practices. From Todd and Ellen's presentation, wanted to know which of the practices were evident. Explained the schedule for tomorrow. Starting at 7:15 am.

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

**Day 3 Thursday October 24, 2019**

*7:15 – 8:00AM Breakfast Sponsored by Penda Learning*

**8:00-8:15AM - Penda Learning – Corey Peloquin**

President Jeremy began the day with a message from his bot. He reminded us of the norms and to email the Mr. Garth from the Guy Harvey Institute. Introduced Penda Learning. Corey from Penda thanked everyone for the facetime with the vendors. Provided updates and what has been done across Florida with Penda to increase SSA & Bio EOC Performance.

**8:15 – 9:00 AM Preparing Florida High School Students for Bachelor’s Degree – Level STEM Majors – Paul Cottle**

Importance of having students take physics, chemistry, and calculus in high school. Shared his experience with working with Bay county to increase the number of students taking chemistry, physics, and calculus. Worked with school board member Ginger. He teaches the Physics course at Florida State and sees how students are impacted when not having taken the courses in high school. Students seeking STEM Majors are at a particular disadvantage. Take home message: All Stakeholders must be on board with the idea that it is important to get more students prepared for STEM careers by taking chemistry, physics, and biology. Need to educate the counselor, Paul Hewett (Next time Physics)

**9:00 – 9:30AM SECME: STEAM Champions – Dane Jaber, Michele Williams**

Talked about how SECME relate to the curriculum. Had participants engage in a how slow can you go challenge and then related it to how SECME activities can be used to engage students in the standards.

**9:30 – 10:00AM Scientist in Every Florida School – Bruce MacFadden**

4 year project to reach every school. Doing projects that align to Earth Systems Science. Moonshot pilot. 5 Pilot Schools. Doing teacher PD, Web based Events, FAST Workshops, etc that our members are invited to be a part of. To get your teacher involved speak to Stephanie. Will have a Summit on January 25, 2020. Will have the Nature of Science Summit in July.

*10:00 – 10:30AM Break sponsored by EduSmart – End of break giveaways.*

**10:30 – 11:30AM What’s Engagement Got to do With It? – Tia Brown**

Created experience strategies that can be used to improve engagement. Modeled strategy called Jot Thoughts. (say it, write it, place it, .... NO Repeats). Double Entry Diary (read a piece of text, identify what is important to you- unknown vocabulary, unfamiliar phrases, etc). Modeled how you should be thinking while you are reading. Demonstrated Numbered Heads which is a strategy to ensure that everyone participates. Coupled it with giving points to award prizes. Used a Kagan map at the beginning that contained the color on Uno cards. Last Strategy was Quick Talk. See presentation on website for more details of each strategy.

Business Meeting reopened at 11:50AM

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

- Minutes reviewed for 2019 Spring FASS Meeting. Motion to approve by Lee from Lee seconded by Loren Kingsley from Brevard.

*Old Business*

- Approval of Spring FASS minutes
- Spring Location (Lake Mary Marriott is contracted to May 2021) Same rate goes up after 2021.
- FASS District supervisor's contact information is available on the website. Asked for Feedback. No Feedback. Lee found it helpful to reach out to get information on improvement of Science Learning.
- Ask Vendor Partners that this is not abused
- FASS collaboration on website is this still desired. A place to share resources. Survey Interest. Amy will create a form to solicit ideas that will be compiled.

*New business*

*End of New Business*

**Treasurer's Report (Amy Monahan)**

- See print out
- Last year paid loan, on track sitting with 12000 as of 19th not including Paypal 5000.
- We don't want to have a large bill for adoption year. Saving 6000/year to cover that cost when we don't have access to vendor funding.
- FAST gave us a loan to get us out of our bad fiscal situation which we welcome but would not want to repeat.

*Other Business*

- Science and engineering book study
- Monday May 4-6, 202 for Meeting
- Last day to book hotel Monday April 13, 2020
- Hotel offering a special group rate. Orlando Marriott Lake Mary for 125 USD per night.
- Fall FASS 2019 Feedback [http:// bit.ly/FallFASS2019](http://bit.ly/FallFASS2019)

Business meeting closed at 12:10PM

**Executive Board Meeting**

*Open meeting at 12:27PM*

- Debriefed the meeting. Got feedback. Liked the turn and talk rather than talk at me. Need to try not to put professors back to back. Everybody really connected with the presentations.
- Vendor Training to help them understand our standards. Suggested an academy to help them know our standards and how to distinguish the two.
- Suggested to add to call for presenters what standards they are.
- Will be here again next year for FAST.
- Need to clearly distinguish vendor registration and supervisor registration. Table includes 3 registration.
- Networking is a half-priced table. If sponsor
- Will Vendor eat food sponsored by other Vendor. If the sponsor didn't cover it

Florida Association of Science Supervisors  
FALL 2019 Meeting – World Golf Renaissance Resort, St. Augustine  
Draft Minutes – October 22-24, 2019

- Need to use the terminology Vendor Partner. If they want to sponsor, send to Jeremy.
- Missing 9 counties including Alachua, Bay, Charlotte, Pinellas, and Leon
- Will call our session Collaboration facilitated by \_\_\_\_\_ !!! (Networking)
- Second day will be a long day.
- Need to develop create our Theme for next meeting.
- Action Items – Jeremy will set up a meeting for a phone conference
- Will have call for presenters: Idea is to keep the theme for this year and add language for standard alignment.
- People who were declined last time will be considered for next meeting.
- Paige Keeley has penciled us in. Jeremy has Smithsonian TED Talk person who is willing to present.
- Will disseminate information to

*Closed meeting 1:35PM*

**Subject:** (EXT) It FASS PSA Time!

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Greetings FASS Family!

1. Is this your **first FASS meeting**? If so, please send me your name, title (w/grade levels you support), county and who you are replacing.
2. Are you looking to become more involved with the FASS organization? The nominations committee is seeking out nominations for the below vacant position:
  - President-Elect

**Please consider nominating a fellow FASS member or yourself!**

3. Also, I am looking for Public Service Announcements (PSAs) to be shared during our meeting.  
**As a reminder, our PSA Goals include:**
  - To welcome all to the meeting and organization!
  - To connect and support our science “family”
  - Acknowledge retirements and welcome new members
  - Acknowledge other important aspects of our lives

**If you have any information that you would like to be included in the PSA portion of our meeting, or you would like to nominate an individual for President-Elect, please email Michelle at [ferro.michelle@brevardschools.org](mailto:ferro.michelle@brevardschools.org) by Wednesday, November 11<sup>th</sup>.**

I am looking forward to “seeing” everyone at our meeting next Friday! 😊

**Subject:** Re: (EXT) FW: Santa Rosa FL ELA K-12 Call due 11/16

Hi Michael,

Thank you for the questions.

The payment is for the publishers who will be presenting to our Textbook Adoption Teams on Dec 14 and 16. Since we are a little late getting started, we wanted everyone to know our schedule and due dates in preparation. We realize the turn-around is tight. I've asked our finance people your questions about payment and will let you know asap.

Our intent is to use EdCredible as much as possible for the initial review.

Thanks again for your questions.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Charlotte!

Happy Thursday and I hope you are having a great week.

I am looking for some clarification and had a couple of quick questions about the adoption process below. Are you and or Cindie available for a quick call to discuss? Is the 1500 dollar payment for publishers that are invited to the presentation event or for all publishers submitting. And since it is a rather large amount, what are the payment options. Do you take American Express? Can we do a debit transfer? But that is net 60 days out on our end. Will samples be requested for the initial review process?

Thank you for your consideration and I look forward to hearing from you...

Instructional Materials Review Title

Santa Rosa County District Schools K-12 ELA Adoption

Introduction to Vendors

**PLEASE READ: The district form that was originally posted with this Request for Materials is currently being revised by district staff. A message will be sent out via Chatter when the revised form is available and you will find the form in the District Document section. Publishers should continue to work on their individual course responses as the district timeline has not changed. If you have any questions, please submit them through Chatter.**

Dear  
Publishers,

Santa Rosa County District Schools will adopt new instructional materials for K-12 English/Language Arts during the 2020-2021 school year for implementation in the 2021-2022 school year. Our District will adopt curriculum from the short bid list released by the Florida Commissioner of Education and we formally

invite you to present your curriculum to our teachers. We will adopt curriculum from one publisher for each grade band: K-5 and 6-12.

There is an additional form that the district will need you to submit. It is currently being revised by district and is not currently available. A message will be sent out via Chatter when the revised form is available and you will find the form in the District Document section.

Our adoption committee will begin reviewing materials via EdCredible **November 18**. In a closed meeting on **November 30**, the committee will select 4-6 publishers to move forward in our adoption process.

Invited publishers will present materials to our textbook adoption committee on the following dates.

- December 14 (6-12)
- December 16 (K-5)

Using a rotation model and following safety protocol, each publisher will present their materials in 1-hour time blocks. A suggested allocation of time is a 45-minute presentation with 15-minute Q/A period.

Committee members will rotate to all publishers on their assigned day. Presentations will be at the Douglas Dillion Administrative Center, located at 6032 Hwy 90, Milton, FL. 32570.

Invited publishers will pay \$1500 to participate in the Santa Rosa County District Schools K-12 textbook adoption. These funds are used to defray the expenses of our adoption process.

- Please make checks payable to the Santa Rosa Educational Foundation and be sure to include ELA ADOPTION on the check.
- Mail to Cindie Lipe at the Douglas Dillan Administrative Center, 6032 Hwy 90, Milton, FL 32570 by December 7.

Following the Publisher Presentations in December, a second closed meeting will occur on January 13. At this meeting, textbook adoption committee members will select 3-4 publishers who will be invited to submit samples of materials to each school in the Santa Rosa County School District. Teachers will preview materials during February. A final school vote will be submitted to the Literacy Department on February 25th.

#### **Timeline:**

A review of the Santa Rosa County School District timeline for the English Language Arts adoption is posted below.

#### **Invitation to Publishers**

Vendor Presentations for Committee Members

Committees select publishers for school review

Teachers preview instructional samples

School Principals submit vote to Literacy Department

Final recommendations to Mr. Smith

Notify all parties concerning the final decision

We thank you for participating in the Santa Rosa County Schools K-12 ELA Textbook Adoption.

Charlotte Boling  
Literacy Coordinator  
Santa Rosa County School District

Mike,

Customer care. Every year I have to reach out for a quote and send several emails to get this started. Ty Ezell was wonderful and had to get things kick started. I've never worked with a program that I had to work so hard to make a purchase. No blame, just an awareness that I have to seek this program out if I want to use it.

Patti

Hi Patti. I will take care of the quote. Can you please clarify, What do you mean by an inconsistent connection with McGraw on this? Are you referring to customer care/rep issues or tech issues or both? Just want to make sure I can get this straightened out for you. Thanks.

Dear Patti McKnight,

Thank you for your inquiry regarding your McGraw Hill representative.

Your Sales Representative is trained on the product content and is best qualified to answer your questions and make recommendations. They can provide samples for your review for future adoptions.

Your Sales Representative is Michael Gallagher, their phone number is (800)338-3987, and their email address is

[Michael.Gallagher@mheducation.com](mailto:Michael.Gallagher@mheducation.com). For your convenience I have copied them on this email correspondence.

Thank you for your interest in our educational products and we look forward to your business.

Kind Regards,  
Christian C  
Customer Success Advocate

**Attachments:** GBHS web order 3250000031804.pdf

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Kim,  
I provided the attached code (pulled from a brand-new MAC1105 bundle) to GBHS for a DE student. He claims the system is notifying him that the code has already been used. Could you please take a look and see what you can find out? Or, possibly email the student directly to find out if he's doing something incorrectly? I know he was using the free trial, but it ran out.  
I'm copying James because I'm leaving early today to begin my vacation.  
Thanks!  
Beth

Hi Mrs. Beth, please see the attached email from the student that we sent the code to the other day.  
Thanks,

Tracy Payton

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi Charlotte!

I looked over my notes again and regarding my email below, I was referencing if we make the narrow. So, I realize you don't make the narrow decisions until the end of the month so you don't have scheduling done yet 😊 So below is the main question I have at this time so I can secure the best consultants for Santa Rosa.

Thank you

- Publishers have one hour, for the MS HS 6-12 segment presentation, will that be two 1 hr presentations (1 for ms and 1 of hs) or just one 1hr 6-12 presentation?

**To:** Bolingcj@santarosa.k12.fl.us  
**Subject:** Adoption questions:)

Hi Charlotte! Happy Friday and I hope you are having a great week.

Can you clarify some specifics for me about the 14<sup>th</sup> and 16<sup>th</sup>? I am in the process of securing consultants for those dates and making materials preparations as well.

- Do you have specific times/schedules that the publishers will present?
- Publishers have one hour, for the MS HS 6-12 segment presentation, will that be two 1 hr presentations (1 for ms and 1 of hs) or just one 1hr 6-12 presentation?
- How many committee members will be in each presentation and what grade levels? This helps with preparing the materials for the committee during the presentation.

Thank you for the help 😊

Mike,

Customer care. Every year I have to reach out for a quote and send several emails to get this started. Ty Ezell was wonderful and had to get things kick started. I've never worked with a program that I had to work so hard to make a purchase. No blame, just an awareness that I have to seek this program out if I want to use it.

Patti

Good Morning,

We have a new org that isn't populating into MHE. 1421-Camelot

We also have a teacher Leah Burch at Bagdad Elementary that is being sent over in One Roster, Showing on the MHE Access page, however she can't log into MHE. Below is the error message she is receiving.

**Your user account could not be located. Please contact support**

Sorry, we seem to be having some difficulty finding this page.  
If the problem persists, please contact **Support**.

Could you please add org 1421-camelot so I will roster our teacher and check on why Ms. Burch can't log into MHE?

Thanks

Hi Patti,

Here is the link to our ALEKS padlet [https://mheducation.padlet.org/aleks\\_info/resources](https://mheducation.padlet.org/aleks_info/resources) which contains links to training resources. We do offer paid virtual PD, 2 hrs \$1000 and up to 5 hrs \$1500, but most teachers find the electronic resources are sufficient to help them use ALEKS. We also have ALEKS Customer Support available at 800.258.2374 to whom they can reach out with any questions. Let me know if there is anything else I can do to help!

Stay safe and healthy!

Kind regards,  
Judy

Hi Patti,

Here is the link to our ALEKS padlet [https://mheducation.padlet.org/aleks\\_info/resources](https://mheducation.padlet.org/aleks_info/resources) which contains links to training resources. We do offer paid virtual PD, 2 hrs \$1000 and up to 5 hrs \$1500, but most teachers find the electronic resources are sufficient to help them use ALEKS. We also have ALEKS Customer Support available at 800.258.2374 to whom they can reach out with any questions. Let me know if there is anything else I can do to help!

Stay safe and healthy!

Kind regards,  
Judy

**Subject:** ELA Presentation in Santa Rosa County on Monday, Dec 14

Hi!  
We are excited to have you present your ELA instructional materials for our SECONDARY teachers on Monday, December 14th.

To prepare for your presentations, we are asking you to respond to the following tasks:

1. Provide the name of the person(s) who will be providing the presentation.
2. Let me know if you need any specific equipment or space.
3. Bring at least one sample of instructional materials to remain in the building for district-level review.
4. Pay \$1500 to defray cost of substitutes (The cost is \$1500 per grade band: K-5 and 6-12). (We received payment for most of you.)

Let me know if you have additional questions.  
I will be providing an agenda/schedule for Monday's presentation in the next day or so.

*Note: This email is going to all vendors listed on FDOE's short bid list for CORE materials to ensure you have pertinent information.*

Thank you,

*Charlotte*

**Cc:** Erik Salna

**Subject:** (EXT) Introducing Erik Salna - Free resources and opportunities.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hello FASS Folks;

Firstly – just hello, and I hope all of my friends and colleagues are doing well. I remain sequestered in California – locked down, locked up, and locked in with a mask. It is certainly crazy times.

And in these times, its nice to find free resources and the reason why I wish to introduce you to Erik Salna. Some of you know Erik – as a channel 4 (or 6 ? mind slip... not sure) meteorologist and should know he has been inducted as a Hurricane expert in the

Punxsutawney Weather Hall of Fame. Erik has worked with the Museum of Discovery and Science to produce FREE weather and career-path-related videos for you to use. My understanding is that Miami-Dade and Broward have already published this information to their teachers – its open to everyone. Erik will provide more information to you in his reply with additional links and information to share.

Additionally, with his work at FIU and the National Hurricane Center and the Wall of Wind, Erik is restructuring his Wall of Wind Hurricane Grant and Challenge (at no charge to schools) and considering the development of immersive fieldtrips with severe weather. Erik has been doing field trips locally with “Storm Zone”. He is looking to build immersive experiences with hurricanes – a better way to experience them than ignoring evacuation orders (purely my opinion here). Erik will be working nationally with the Council of Science Supervisors to provide resources to other states as well.

Erik has been a good friend of science and schools for many years. If you are interested in knowing more or wish to be involved in a higher level, please reach out to him. I know he will follow up with more information and important links for you shortly. It is my pleasure to introduce Erik Salna to the group. We are lucky to have him as a South Florida resident.

JP Keener

You may contact Erik directly at: [esalna123@gmail.com](mailto:esalna123@gmail.com)

**Cc:** Erik Salna

**Subject:** (EXT) Introducing Erik Salna - Free resources and opportunities.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hello FASS Folks;

Firstly – just hello, and I hope all of my friends and colleagues are doing well. I remain sequestered in California – locked down, locked up, and locked in with a mask. It is certainly crazy times.

And in these times, its nice to find free resources and the reason why I wish to introduce you to Erik Salna. Some of you know Erik – as a channel 4 (or 6 ? mind slip... not sure) meteorologist and should know he has been inducted as a Hurricane expert in the

Punxsutawney Weather Hall of Fame. Erik has worked with the Museum of Discovery and Science to produce FREE weather and career-path-related videos for you to use. My understanding is that Miami-Dade and Broward have already published this information to their teachers – its open to everyone. Erik will provide more information to you in his reply with additional links and information to share.

Additionally, with his work at FIU and the National Hurricane Center and the Wall of Wind, Erik is restructuring his Wall of Wind Hurricane Grant and Challenge (at no charge to schools) and considering the development of immersive fieldtrips with severe weather. Erik has been doing field trips locally with “Storm Zone”. He is looking to build immersive experiences with hurricanes – a better way to experience them than ignoring evacuation orders (purely my opinion here). Erik will be working nationally with the Council of Science Supervisors to provide resources to other states as well.

Erik has been a good friend of science and schools for many years. If you are interested in knowing more or wish to be involved in a higher level, please reach out to him. I know he will follow up with more information and important links for you shortly. It is my pleasure to introduce Erik Salna to the group. We are lucky to have him as a South Florida resident.

**Subject:** Santa Rosa ELA presentations - set up

Greetings!

We are excited about your upcoming ELA instructional materials presentation on **Monday, December 14.**

IF you want to store materials in the building (Dillon Center) before the presentation, you may. I am happy to open the building from **3:00-4:30 pm on Sunday** afternoon.

Let me know if you will need access to the building.

Hi Charlotte!

Happy Friday! Yes, I will bring my materials on Sunday and leave them onsite. I will probably be there at about 4CST.

Thank you...

**Subject:** (EXT) Re: Introducing Erik Salna - Free resources and opportunities.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Greetings All!

JP, thank you for that wonderful introduction.

I am a meteorologist with the Extreme Events Institute and the International Hurricane Research Center at Florida International University in Miami.

I would like to make you all aware of a free educational resource. We partnered with the Florida Division of Emergency Management and the Museum of Discovery and Science in Fort Lauderdale on a very successful video project called *Eye of the Storm*. It is a free 12-part series on hurricane science, mitigation, and preparedness. Each video is also unique with science experts talking about their STEM careers in addition to creative science demos at the museum.

Here is the link to all 12 videos: [Virtual Eye of the Storm | MODS](#)

We are also planning a virtual Wall of Wind Challenge high school competition this spring. The Wall of Wind can replicate Category 5 hurricane conditions with wind and water: <https://fiu.designsafe-ci.org/>  
If you would like to have additional information, just let me know.

I wish everyone a wonderful and safe holiday season.  
Erik

Hello FASS Folks;

Firstly – just hello, and I hope all of my friends and colleagues are doing well. I remain sequestered in California – locked down, locked up, and locked in with a mask. It is certainly crazy times.

And in these times, its nice to find free resources and the reason why I wish to introduce you to Erik Salna. Some of you know Erik – as a channel 4 (or 6 ? mind slip... not sure) meteorologist and should know he has been inducted as a Hurricane expert in the Punxsutawney Weather Hall of Fame. Erik has worked with the Museum of Discovery and Science to produce FREE weather and career-path-related videos for you to use. My understanding is that Miami-Dade and Broward have already published this information to their teachers – its open to everyone. Erik will provide more information to you in his reply with additional links and information to share.

Additionally, with his work at FIU and the National Hurricane Center and the Wall of Wind, Erik is restructuring his Wall of Wind Hurricane Grant and Challenge (at no charge to schools) and considering the development of immersive fieldtrips with severe weather. Erik has been doing field trips locally with "Storm Zone". He is looking to build immersive experiences with hurricanes – a better way to experience them than ignoring evacuation orders (purely my opinion here). Erik will be working nationally with the Council of Science Supervisors to provide resources to other states as well.

Erik has been a good friend of science and schools for many years. If you are interested in knowing more or wish to be involved in a higher level, please reach out to him. I know he will follow up with more information and important links for you shortly. It is my pleasure to introduce Erik Salna to the group. We are lucky to have him as a South Florida resident.

**Subject:** (EXT) Re: Introducing Erik Salna - Free resources and opportunities.

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Greetings All!

JP, thank you for that wonderful introduction.

I am a meteorologist with the Extreme Events Institute and the International Hurricane Research Center at Florida International University in Miami.

I would like to make you all aware of a free educational resource. We partnered with the Florida Division of Emergency Management and the Museum of Discovery and Science in Fort Lauderdale on a very successful video project called *Eye of the Storm*. It is a free 12-part series on hurricane science, mitigation, and preparedness. Each video is also unique with science experts talking about their STEM careers in addition to creative science demos at the museum.

Here is the link to all 12 videos: [Virtual Eye of the Storm | MODS](#)

We are also planning a virtual Wall of Wind Challenge high school competition this spring. The Wall of Wind can replicate Category 5 hurricane conditions with wind and water: <https://fiu.designsafe-ci.org/>  
If you would like to have additional information, just let me know.

I wish everyone a wonderful and safe holiday season.  
Erik

On Mon, Dec 7, 2020 at 4:36 PM JP Keener <[jkeener@pasco.com](mailto:jkeener@pasco.com)> wrote:

Hello FASS Folks;

Firstly – just hello, and I hope all of my friends and colleagues are doing well. I remain sequestered in California – locked down, locked up, and locked in with a mask. It is certainly crazy times.

And in these times, its nice to find free resources and the reason why I wish to introduce you to Erik Salna. Some of you know Erik – as a channel 4 (or 6 ? mind slip... not sure) meteorologist and should know he has been inducted as a Hurricane expert in the Punxsutawney Weather Hall of Fame. Erik has worked with the Museum of Discovery and Science to produce FREE weather and career-path-related videos for you to use. My understanding is that Miami-Dade and Broward have already published this information to their teachers – its open to everyone. Erik will provide more information to you in his reply with additional links and information to share.

Additionally, with his work at FIU and the National Hurricane Center and the Wall of Wind, Erik is restructuring his Wall of Wind Hurricane Grant and Challenge (at no charge to schools) and considering the development of immersive fieldtrips with severe weather. Erik has been doing field trips locally with "Storm Zone". He is looking to build immersive experiences with hurricanes – a better way to experience them than ignoring evacuation orders (purely my opinion here). Erik will be working nationally with the Council of Science Supervisors to provide resources to other states as well.

Erik has been a good friend of science and schools for many years. If you are interested in knowing more or wish to be involved in a higher level, please reach out to him. I know he will follow up with more information and important links for you shortly. It is my pleasure to introduce Erik Salna to the group. We are lucky to have him as a South Florida resident.

Subject: McGraw Hill Integration Support Case #19119131 [ ]

Dear Christina Cole,

Thank you for contacting McGraw Hill Integration Support. It looks like this user has some additional records that is causing a conflict. We can remove this by running your file in replace mode. Replace mode will remove all your old data and only the data from the next upload. The only concern is if you have users that aren't included in your data for the next upload (an example of this is an user that is accessing material manually outside of auto-rostering) their account will be disabled and we will have to re-activate it. If would prefer not have your file ran in replace we can submit a ticket to our engineering team to have the old records removed in the back-end. Please let me know how you would like to proceed or if you have any additional questions or

| concerns. | Name                                                                       | Role        | Username                                                                   | SourcedID   | Email                                                                                |

## **CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Dear Christina Cole,

Not a problem. If we run your file in replace mode it will remove the historical record that is causing the conflict for David so the new account can process. The concern is if we run in replace all historical data will be removed. If that isn't a concern then I can run your file in replace to move the old record and get Mr. David access to his material.

Thank you for contacting McGraw Hill Integration Support. It looks like this user has some additional records that is causing a conflict. We can remove this by running your file in replace mode. Replace mode will remove all your old data and only the data from the next upload. The only concern is if you have users that aren't included in your data for the next upload (an example of this is an user that is accessing material manually outside of auto-rostering) their account will be disabled and we will have to re-activate it. If would prefer not have your file ran in replace we can submit a ticket to our engineering team to have the old records removed in the back-end. Please let me know how you would like to proceed or if you have any additional questions or concerns. **CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Dear Christina Cole,

The old accounts for David are empty - he doesn't have any data. All classes are content are attached to the new account. Running your file in replace will do exactly what we need to for him. The reason I want to confirm before making any changes is running in replace will remove old accounts across the district.

For example, if we have a teacher that isn't currently being sent as a part of your district's data but they still login manually and access material, the teacher's account would be disabled. We could easily re-enable it, but it something we do ask for prior to running a file in replace mode. If you'd prefer I can call to go over the detailed on what running your file in replace mode would entail.

If responding to this issue, please use the "Reply" button to ensure prompt processing of your question. If you prefer to call our team, please refer to case number 19119131.

Can we not merge the two accounts?  
I do not want to lose all the historical data.

CAUTION!!!! This Message originated OUTSIDE the district. CAUTION!!!  
Dear Christina Cole,

Not a problem. If we run your file in replace mode it will remove the historical record that is causing the conflict for David so the new account can process. The concern is if we run in replace all historical data will be removed. If that isn't a concern then I can run your file in replace to move the old record and get Mr. David access to his material.

Good Morning,  
Sorry I was out for Christmas break.  
If we remove the old account for David, will this update the record?  
Can I put a purge request for the old account to be delete or merged into his new account?

Christi Cole
